ANNUAL TOWN MEETING

Randolph, Mass., March 6, 1944

VOTED: To adopt the following By-Law. There shall be an annual audit of the town's accounts under the supervision of the Director of Accounts of the Department

ONE HUNDRED AND NINTH ANNUAL REPORT

of Corporations and Taxation, in accordance with the provisions of Section 35, Chapter 44, General Laws.

A true copy, Attest:

MARION L. BAILEY,
Town Clerk.

Boston, Mass., March 31, 1944

The foregoing by-law is hereby approved.

ROBERT T. BUSHNELL,
Attorney General.

Randolph, Mass., April 28, 1944

I hereby certify that the foregoing by-law was published in the Tri-Town Weekly on April 13, April 20 and April 27, 1944.

MARION L. BAILEY,
Town Clerk.

ADJOURNED SPECIAL TOWN MEETING 1944

May 22, 1944

ARTICLE 1—VOTED: That \$110.00 be raised and appropriated for expenses of the Women's Defense Corps up to March 1, 1945.

ARTICLE 2—VOTED: That the town accept a gift of \$500.00 to be used toward general expenses, or any worthy cause, disbursement to be made by the official in charge of Welfare Administration, and that the Town Clerk be instructed to send to the donor, a letter of appreciation and thanks.

VOTED: To take up Article 11.

TOWN OF RANDOLPH, MASS.

ARTICLE 11—VOTED: That the town accept this gift of a certain parcel of land on the northerly side of Adams Street and no further action be taken until the next Annual Town Meeting.

ARTICLE 3—No action taken.

ARTICLE 4—No action taken.

ARTICLE 5—No action taken.

ARTICLE 6—VOTED: That \$22.50 be raised and appropriated to install one street light on Hills Street.

ARTICLE 7—VOTED: That \$22.50 be raised and appropriated to install one street light on Soren Street.

ARTICLE 8—VOTED: That the town raise and appropriate \$100.00 for Memorial Day expenses to be expended under the direction of the Lieutenant Thomas W. Desmond Post No. 169, American Legion; this being in addition to the \$300.00 raised and appropriated at the Annual Town Meeting of March 6, 1944.

ARTICLE 9—VOTED: That \$650.00 be raised and appropriated for rental of Headquarters and expenses of the Randolph Unit of the Massachusetts State Guard.

ARTICLE 10—VOTED: Indefinite postponement, 115 affirmative, 89 negative.

ARTICLE 12—VOTED: That the Town instruct the Selectmen to lay out Adams Street.

ARTICLE 13—VOTED: Indefinite postponement.

ARTICLE 14—VOTED: That the Moderator appoint a Committee of seven together with the Planning Board, to study the building laws of the Town and report back at the Annual Town Meeting or a Special Town Meeting called for the purpose.

A true copy, Attest:

MARION L. BAILEY,

TOWN OF RANDOLPH, MASS.

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

Respectfully submitted,
WILLIAM J. McLAUGHLIN,

Town Accountant

Report of the Selectmen and Overseers of Public Welfare

During the year we have extended every cooperation possible to the various home-front organizations such as the Rationing Board, Civilian Defense Units, Red Cross, State Guard Randolph Unit, Victory Committee, War Savings Committee, Veterans' Rehabilitation Committee, Salvage Committee, Emergency War Board, Boy and Girl Scouts, Community Chest and War Fund Committee who have given their time and efforts to the war effort. We extend our appreciation to the members of these organizations for their support.

The Veterans' Rehabilitation Committee are holding office hours in the Turner Library building Monday evenings so as to assist all veterans and their relatives and dependents who seek information and assistance.

Your Board of Selectmen have endeavored to conduct the affairs of the Town in an economical and just manner and take this opportunity to thank all town committees and department heads for their cooperation during the year.

CHARLES F. BLAKELY,
RALPH H. HUTCHINSON,
THEODORE S. LUDDINGTON,
Board of Selectmen.

Report of Historian

WORLD WAR II

To the Members of the Board of Selectmen:

For the third consecutive year, we submit for publication the HONOR ROLL of the men and women of Randolph who have dedicated themselves to fight for their country in this terrible global war.

The deeds and sacrifices made by these men and women must remain an inspiration for all time.

On February 1, 1945, we had recorded the names of 943 men and women of Randolph who have entered the armed services.

It may be enlightening and of interest to the townspeople to learn of the methods we use to obtain the information we need to keep our Honor Roll complete and up-to-date. We shall also explain the necessity of co-operation from the parents or relatives of persons entering the services. When a young man enters into the service through induction by the local Draft Board, we obtain his or their names from Mr. Roland Marden, member of that Board. However, if a young man who has not reached his eighteenth birthday enlists in the service we must obtain that information either from his parents, relatives or from notices that may appear in the local newspapers.

These same facts hold true in the cases where women enter the services. Despite the fact that we have repeatedly requested that information of any Randolph person entering the armed services be sent to us, we regret to admit that our requests have not been met in full. It is our sincere desire not to neglect including any individual of Ran-

TOWN OF RANDOLPH, MASS.

dolph who has answered the call of his or her country. Therefore, the completeness of the Honor Roll and the many factors attending it, cannot be warranted.

Since the publication of the last Annual Town Report, we gravely recorded the names of nine of our gallant sons who have given their last full measure of devotion. The tragic, fearful and shocking messages of death have been received by twenty bereaved families of Randolph during this war. Our heartfelt sympathy is extended to these families. The deeds and sacrifices of the twenty gallant heroes of Randolph, who have given their lives in keeping with the highest traditions of the United States Armed Forces, shall be remembered forever by a grateful people.

There are two recommendations that we shall include in this report. First, that documentation and chronicling of the services given by our men and women should exist in the permanent records of the Town of Randolph. Secondly, that consideration should be given, now, to the establishment of a "Living Memorial" to our World War II heroes. To quote from a letter written by a Marine sergeant "that any man in the service would be prouder to have one small swing in a playground given in his name than all the marble-columned temples that ever wasted good space, time and money."

We wish to express our appreciation to the many, many families who under trying conditions furnished us the information requested, their spirit of co-operation is truly and sincerely appreciated.

To inject a light note into this report, we wish to include the information that Sullivan is still the "fightinest" name on our list. We may have to explain a lot to the Andersons, who will tell us that nine persons with the name of "Anderson" have entered the service from Randolph, while nine "Sullivans" entered the service. But

ONE HUNDRED AND NINTH ANNUAL REPORT

without trying to create any animosity we'll have to hand the Sullivans the laurel, as they lay claim to one David O'Sullivan to send their total to ten. We expect to hear more from this report.

We continue to pray that the continuous task of compiling the information necessary to keep our Honor Roll complete, terminates in the very near future . . . that day means Victory is ours.

Sincerely,

MURRAY LEWIS,
Historian World War II Activities.

In Grateful Memory of

ROBERT ALMOND

★ RANDOLPH ROLL OF HONOR ★

To these Men and Women of Randolph, who have answered the call of duty to serve in the Armed Forces of Our Country during World War II, we, the members of your Board of Selectmen, pay signal honor.

We pray for a speedy and safe return to HOME and VICTORY.

PUBLIC LIBRARY

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-laws of the Turner Free Library, this report, for the calendar year 1944, and being the sixty-ninth annual report, is submitted showing the condition of the Trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of reports submitted to the Trustees by the various committees as seem to be of general interest.

The Library Committee reports that the books, charts, and furnishings are in good condition and that all books owned by the library are accounted for by the Librarian.

The Building Committee reports that the Massachusetts Women's Defense Corps and the Service Men's Rehabilitation are utilizing the first floor premises on the south side, the State Guard vacated their quarters on the third floor late last summer, they having secured larger facilities at the Grange Hall. No change has taken place in the rental

TOWN OF RANDOLPH, MASS.

condition of the Dentist Office since last year. Certain general repairs have been made during the year including the laying of a linoleum in the Reading Room. The contemplated redecorating of the front entry and corridor was postponed to some future date, owing to the excessive cost quoted to the committee. The Committee also advises that in the near future the entire heating system will need overhauling as during extreme cold weather it is not possible to maintain the required heat in the library. The Trustees are again requesting the Town for \$1,500 for general repairs and expenses for the year 1945.

The Librarian reports that the continued drop in circulation which has been in evidence during recent years has been halted and the circulation for 1944 shows an increase of 685 over that of 1943. The Trustees join with the Librarian in adding their thanks to the donors of books given to the Library as well as those given in connection with the Victory Book Campaign.

We wish also to extend our thanks to the Boy Scouts for the services rendered in connection with the waste paper drive and in moving the books and magazines, the latter two items having been subsequently delivered to Servicemen and the Merchant Marine.

The Trustees express their appreciation for the loyal services of the Librarian, Mrs. Eunice B. Martin and of the co-operation and generous assistance of Miss Pearl Massie, Miss Nancy Dow and Miss Jean Lynch.

Copy of each of the following reports is hereunto subjoined: Report of the Librarian, Report of the Treasurer showing receipts and expenditures of the Library and Report of the Finance Committee.

Respectfully submitted,

FREDERICK E. KNEBEL,

President, Board of Trustees.

January 18, 1945

Randolph, Massachusetts.

ONE HUNDRED AND NINTH ANNUAL REPORT

REPORT OF THE LIBRARIAN OF TURNER
FREE LIBRARY

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1944.

The Library has been open to the public each Monday, Wednesday, and Saturday afternoon from 2:00 to 4:30 P. M., and every week-day evening from 7:00 to 9:00 P. M. with the exception of holidays and afternoon sessions during July and August.

The circulation shows an increase over last year.

Total for 1943.....	13,781	Total for 1944.....	14,466
Fiction for 1943	9,797	Fiction for 1944.....	9,409
Juvenile for 1943....	1,814	Juvenile for 1944....	2,407
General for 1943	2,170	General for 1944	2,650

Books added during the year were 321 making the accession number 36,257. Of this number 255 books were purchased and 66 were gifts. Among the gifts were a set of Balzac's works, some of Dickens, Kipling, Emerson, and books of poetry, fiction, and a series of boys' books. We greatly appreciate the gifts and I am sure they will be used to advantage by the public.

Magazines loaned, 621 against 399 for 1943. Borrowers' cards issued 416, new applicants 267, renewals 149.

In June Miss Jean Lynch joined our staff to help in our Children's Corner. Miss Dow has charge of the evening sessions, and Miss Lynch the afternoon. The first Children's Story Hour was held July 15th, with Miss Alice Haley in charge. Miss Marion Madan had charge of the next two sessions, on July 22d and July 29th. Interesting stories were told, and songs and games played.

TOWN OF RANDOLPH, MASS.

On August 5th Mrs. Isabel Randall told the story of "Alice Thru the Looking Glass," which was illustrated with colored slides. Miss Haley told the stories on August 12th, 19th, and 26th. At the last Story Hour, stories were told about children and customs of many lands, which proved of great interest to the children. All the stories told or read were from books which we have in our Children's Corner. Practically all the children attending borrowed these books. The average attendance was 16 with which we were much pleased. We hope to continue the Children's Hour next year and to increase the attendance.

The reference room has been used to good advantage by the public during the year. There seems to be a growing interest among the young people regarding the history of Randolph, and in their genealogy.

Our Alden Collection of books and manuscripts on genealogy, beside our bound newspapers, are proving a great help concerning these subjects.

I greatly appreciate the services of the Boy Scouts in helping us with the Waste Paper Drive, and moving the books and magazines for the Servicemen from the Library to the entrance below. Books and magazines are still needed by the Merchant Marine, who send them to the Army and Navy.

We wish to thank all who have so kindly contributed to this cause.

The Librarian takes this opportunity to thank Miss Massie, Miss Dow, and Miss Lynch, for their faithful service and the Trustees for their advice and cooperation.

Respectfully submitted,

EUNICE B. MARTIN, Librarian

January 5, 1945

ONE HUNDRED AND NINTH ANNUAL REPORT

REPORT OF THE FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your committee on finances submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1944 and found them to be correct. All moneys have been accounted for as received, and no moneys have been paid out except upon vouchers properly approved. The Committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

Philadelphia Co. 5% bonds were called for payment this year and funds were re-invested in securities of the First National Bank of Boston, Chemical Bank & Trust of N. Y., and Randolph Co-operative Bank shares.

Respectfully submitted,

RAYMOND L. MASON, Chairman

January 15, 1945

Report of the Board of Health

To the Citizens of the Town of Randolph:

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1944.

During the year the Board of Health have inspected all places where food and other goods were sold and found most of them clean and safe for the sale of such goods.

The Board would like to thank our School Physician, Dr. Higgins and our School Nurse, Miss Helen Conlon for the way our Diptheria Clinic was conducted. We also would like to thank our district nurses, Miss Scannell and Mrs. Health for their co-operation the many times during the year we called on them.

The Dental Clinic was conducted by Dr. Smith and Dr. Maguire, assisted by our School Nurse, Miss Helen Conlon. Examinations were made in the various schools, and a report sent to the parents of children needing attention.

We also would like to thank our Garbage Collector, Mr. Louis Kmito for the manner in which he responded to every call from the Board. As you know this was our first year and it was new to the citizens of the town. Many were without proper garbage containers and we hope that any homes not having these containers will get them as soon as possible. The Board feels that this was money well spent.

The Board wishes to call attention to the number of Scarlet Fever Cases this past year. Most of these cases were Scarletina and were very mild, but we feel that in some cases parents did not even have a doctor for the chil-

TOWN OF RANDOLPH, MASS.

dren and the result was the Board did not know it until the child was sent to the School Physician to return to school and he would send them back home. We ask the parents of children that contract this disease to co-operate with your Board of Health as we have had to order children to stay in their yard while the sign is on the door which is to remain there for 21 days from date of posting.

In closing, the Board would like to thank the Honorable Board of Selectmen and all the other town officials for the assistance and courtesy given this Board during the past year.

Communicable diseases for the year 1944 were as follows:

Chicken pox 7, Scarlet Fever 46, Mumps 4, Whooping Cough 5, Dog Bites 12, Measles 7, Pulmonary Tuberculosis 10, Tuberculosis (all others) 2, Meningitis 1, Lobar Pneumonia 1.

GEORGE H. HENEY, Chairman.
FRED A. DIAUTO,
FREDERICK DRISCOLL.

ONE HUNDRED AND NINTH ANNUAL REPORT
REPORT OF PLUMBING INSPECTOR

Randolph, Mass., Jan. 15, 1945.

To the Board of Health of the Town of Randolph :

Gentlemen :

I hereby submit my report as Plumbing Inspector for the year ending Dec. 31, 1944.

Owing to the shortage of materials for plumbing purposes only 15 permits for plumbing were issued in 1944. Most of the plumbing installed were replacements. No greater outlook can be expected until after the duration.

Respectfully submitted,

THOMAS O'RILEY,
Plumbing Inspector.

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF MILK

BOARD OF HEALTH

Licenses issued:

Pasteurization, 2	\$20.00
Milk and Cream, 15	15.00
Store License, 19	19.00
Oleomargerine, 10	5.00
Milk Permits, 9
<hr/>	
Total	\$59.00

Milk Tests:

Bacteria, 20—19 with low count, 1 re-checked and corrected.

Butterfat, 60—all above average.

HENRY MERRILL,
Inspector of Milk.

ONE HUNDRED AND NINTH ANNUAL REPORT
REPORT OF INSPECTOR OF ANIMALS

Randolph, Mass., January 15, 1945.

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Animals for the year ending 1944.

It has been customary for many years to have such inspections ordered and conducted during the late fall. This year, I regret to inform you, that due to "war conditions," which include the rationing of gasoline and tires, for that reason the Director of Animals called off such inspection for this year.

There have been 13 dogs quarantined by this department.

Respectfully submitted,

CHARLES H. TRUELSON,
Inspector of Animals.

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF SLAUGHTERING

Randolph January, 1945.

To the Board of Health of Randolph:

Dear Sirs:

I hereby submit my report for the official year of 1944,
as Inspector of Slaughtering to be as follows:

Total number inspected—299 animals in all.

Number condemned—4 animals in all.

Classified as follows:

Hogs	284
Cattle	10
Sheep	2
Goats	3

Total 299

WESTON L. MANN,
Inspecting of Slaughtering.

Report of Water Commissioners

To the Citizens of the Town of Randolph:

The fifty-ninth annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1944.

Organization of the Board was as follows:

Frederick D. Driscoll	Chairman
Dr. Wm. F. Maguire	Clerk
Richard F. Smith	Associate

APPOINTMENTS BY BOARD

Marion L. Bailey	Collector
Dr. Wm. F. Maguire	Meter Reader (Resigned)
Frederick D. Driscoll	Meter Reader (Appointed)
Richard F. Smith	Superintendent

DEPARTMENT MAINTENANCE

During the year 1944 the Water Department received applications for ten new services which have been installed. There were fifty-two service leaks of which the greater part have been renewed from main to property line, the rest being repaired. There were five main leaks, twelve broken service boxes and two main gate boxes, all of which have been repaired and replaced. Of thirty-three meters found to be out of order, seven of these were frozen and broken. These have been replaced, together with two broken hydrants.

JOINT ACCOUNT

Through the co-operation of the Holbrook and Randolph Joint Water Board we have been able to put in a new

TOWN OF RANDOLPH, MASS.

asphalt driveway and a cement retaining wall at the Pumping Station. One of our local contractors was awarded the contract for this work.

Through our Engineer, Mr. Fogo, and Joint Superintendent, Mr. McLaughlin, there has been considerable work done on the pumps and machinery. The Auxiliary Pump has been completely overhauled and placed in very good running condition.

Respectfully submitted,

RICHARD F. SMITH,
Associate and Superintendent.

December	26,602,500	858,145	76,715	2,477

Largest day's pumping:

August 11, 1944 — 1,800,900 gallons.

Largest week's pumping:

Week ending August 13, 1944 — 9,641,200 gallons.

Respectfully submitted,

THOMAS G. FOGO, Engineer.

RULES AND REGULATIONS

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water :

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until

TOWN OF RANDOLPH, MASS.

waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense, the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the

ONE HUNDRED AND NINTH ANNUAL REPORT

Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

TOWN OF RANDOLPH, MASS.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than	\$6.00
---	--------

DWELLING HOUSES

Occupied by one family, for the first faucet	6.00
Each additional faucet to be used by the same family	2.00
Two or more families occupying one house, one faucet for all, each family	5.00
One faucet for each family	6.00
For first bathtub	5.00
If used by more than one family in same house, each family	4.00
Each additional bathtub	2.00
For first pan or self-acting water-closet	5.00
If used by more than one family in same house, each family	4.00
Each additional pan or self-acting water-closet	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub	3.00

HOSE

For sprinkling streets, washing windows and sim- ilar uses, ¼-inch nozzle, to be used only on prem- ises and street opposite, not exceeding two hours per day for six months in the year	5.00
For any use not herein enumerated, special rates will be made.	
Meter Rates payable at Time of Reading.	
For not over 133 cubic feet average per day, per 100 cubic feet	.23

ONE HUNDRED AND NINTH ANNUAL REPORT

For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet	.19
For over 266 cubic feet average per day	.15
Provided that in no case where a meter is used shall the annual charge be less than	7.00

Meters maye be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch	\$1.00 per year
Size $\frac{3}{4}$ -inch	\$1.00 per year
Size 1-inch	\$4.00 per year
Size 2-inch	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

FREDERICK D. DRISCOLL,
RICHARD F. SMITH,
DR. WM. F. MAGUIRE,
Water Commissioners.

Purchase of Equipment	12.55
Postage and Supplies	7.50

Appropriation	\$310.00
---------------	----------

Respectfully submitted,

DANIEL P. LYONS,
Sealer of Weights and Measures.

Report of Highway Surveyor

To the Citizens of the Town of Randolph:

I respectfully submit the following report as Highway Surveyor for the year ending December 31, 1944.

GENERAL

The usual repair work caused by storms and frost was completed with very little delay. This type of work included patching, grading and graveling, cleaning brooks, catch basins and manholes. Also resurface work and tarring was completed in some sections.

CHAPTER 90

The following work was accomplished under Chapter 90 appropriation.

Drainage systems were cleaned and repaired, patching, sweeping, brush cutting and also the tarring of Canton Street from High Street to the Canton Line.

SNOW REMOVAL

With our Nation still at war, the Highway Surveyor's duty to keep our highways open for travel becomes more difficult, due to the shortage of help and light equipment we are forced to use. Everything goes well until heavy storms force us to our very limits.

So far this year it has been about the severest winter that I have seen during my terms in office. Let us hope that the snow fall will let up the rest of the winter, and thereby relieve some of the hardship that is caused by heavy snows.

I would like to take this opportunity to thank the Citizens and Town Officials for their fine co-operation and assistance during the past year.

JOHN A. FREDERICKSON,
Highway Surveyor.

TOWN OF RANDOLPH, MASS.

Report of the Committee on Public Safety

January 20, 1945

To the Citizens of the Town of Randolph:

I respectfully submit herewith an account of receipts and expenditures, together with a statement of the activities of your Committee on Public Safety

Movies	10.00
Postage	1.00
	<hr/>
Total Expenses	\$665.08

ONE HUNDRED AND NINTH ANNUAL REPORT

During the year 1944 the members of Civilian Defense have "stood by" ready for an emergency. From time to time, after consultation with the Board of Selectmen, the telephone facilities have been curtailed. Other expenses have been carefully watchd.

Air Raid Warden Service

Personnel Inactive

Air Raid Sirens have been kept in working order and tested.

Canteen

Personnel Inactive

Headquarters

The Report Center stands ready to be activated if necessary. The First Aid Stations have been maintained ready for use.

Auxiliary Police

This is the most active group in Civilian Defense.

Members total forty-nine men. Meetings are held every third Tuesday of the month. Lectures by State officials on Police Work, Rifle Practice, or Movies on Police Work constitute the activities of this group.

Under the direction of Mr. Perley Evans these men have assisted the Chief of Police on Halloween and Fourth of July, and stand ready and trained for emergency police work at any time.

Medical Section

Inactive but ready to function if necessary.

TOWN OF RANDOLPH, MASS.

Auxiliary Firemen

This group numbers twelve men, trained under the direction of the Chief of the Fire Department and his Deputy Chief. They have assisted the regular firemen at house fires and forest fires. According to the Chief they have been a great help during this acute manpower shortage.

The Federal Government has loaned a Skid Pump and a large number of Gas Masks to this department.

I wish to thank the Board of Selectmen, the Chief of Police, the Chief of the Fire Department, and all members of Civilian Defense for the wholehearted cooperation and support.

Respectfully submitted,

C. LLOYD CLAFF, Chairman,
Randolph Committee on Public Safety.

Report of Rationing Board

January 20, 1945

Board of Selectmen
Town Hall
Randolph, Mass.

I wish to submit herewith for incorporation in the forthcoming Town Report, the report of the activities of the War Price and Rationing Board for this town during the past year.

Rationing and Price Control are still with us, and because of conditions incident to the war the rationing program has been enlarged so that at the present time it is stricter than it has been heretofore. Our price control program has also become increasingly active.

We members of the local War Price and Rationing Board, most of whom have served on the board for more than three years, wish to express our appreciation and gratitude for the co-operation and assistance which has been rendered to us and to the employees of the board in the performance of our duties.

It is anticipated that rationing and price control will continue probably for sometime after the termination of the war.

The members of this board, all of whom serve without any remuneration, are required by regulation to have rations which are issued to them supervised by the State Board.

TOWN OF RANDOLPH, MASS.

It has been our earnest endeavor to so administer the affairs of the board, in this town, that all persons who are required to come before the board for assistance of any nature are treated alike. We believe we have succeeded substantially in this respect.

May I not, for the members of the board, express my appreciation for the co-operation which has been rendered to us by the townspeople; and may I not, also, express the hope that we will continue to receive the financial assistance from the town, which has thus far been so liberally given, in order that the board may continue to render the efficient service to the town which is now being rendered.

Respectfully submitted,

GEORGE N. WELCH, Chairman,
EDGAR B. COLE,
WILLIAM S. COLE, ,
BENJAMIN CROWELL,
EDMUND R. FLAHERTY,
WALTER J. GOOD,
WALTER C. KANE,
WILLIAM J. LEAHY,
TIMOTHY LYONS, JR.,
ERNEST C. MARTIN,
EUGENE McAULIFFE,
JAMES D. MacKINNON,
WILLIAM J. McLAUGHLIN,
ALBERT C. WILDE,
MARTIN E. YOUNG.

Veterans Rehabilitation

At the request of His Excellency, Governor Leverett Saltonstall, Chairman Charles F. Blakely, of the Board of Selectmen, called a meeting, January 31, 1944, of a group of citizens representing many of the patriotic, fraternal and civic organizations of the Town, for the purpose of forming the Randolph Veterans Rehabilitation Committee.

After due deliberation, the Committee organized as follows:

Chairman	William S. Cole
Vice Chairman	William L. Hurley
Vice Chairman	Murray Lewis
Vice Chairman	Martin Young
Secretary	Ellsworth Randall
Treasurer	Mrs. Elizabeth Merriken

It was further decided to follow the plan outlined in the Governor's letter and appoint various sub-committees to handle separate angles of the committee work.

The Committee also voted to add to this Committee from time to time, other citizens who would be interested in this Rehabilitation work.

Throughout the past year, meetings have been held at Grand Army Hall and are now being held at new Headquarters in the Turner Library Building.

Finances for necessary committee expenditures were obtained through a fund established under the control of the Board of Selectmen. On March 17, 1944, through the courtesy of Mr. Hubert Gilgan, Mr. Arthur Brennan, and pupils of the Stetson High School, a repeat Minstrel Show was given at the Town Hall which netted a sizeable profit for work of the Committee.

TOWN OF RANDOLPH, MASS.

During the summer months, the Service Committee distributed to the home of every serviceman and woman in Randolph, a two-page Summary, giving information for Veterans, Servicemen and Dependents, a copy of which is included in this report.

This Summary, which was the first one made up and distributed by any City or Town in the State, has been approved so highly that the State Committee has seen fit to print and send a copy of it to the Rehabilitation Committee of every City and Town.

The Committee, although following the Governor's outline, has found that some changes in set-up have been necessary. As in any new work, progress is slow. Many cases have been brought to the attention of the Committee and its members. Proper information and assistance, if necessary, has been given to the end that the Servicemen, Veterans and Dependents would not be given the so-called "run-around" but be sent to the proper person to assist them.

The Committee has been fortunate in having as members of the Committee, Mr. George N. Welch, Chief Attorney of the Veterans Administration in this Area, and Ellsworth Randall of the State Veterans Aid and Pension Department. They have made the work as a whole, much easier for your Chairman and the Committee.

Besides the officers mentioned above, Committee members are as follows: Selectmen Charles F. Blakely, Theodore S. Luddington, Ralph H. Hutchinson, Mrs. Bertha Soule, Mrs. Elizabeth Merriken, Mrs. Mae V. Scott, Mrs. Alice Randall, Frank Downes, Ernest Martin, Walter J. Good, George N. Welch, Herman Heim, William S. Condon, Edmund R. Flaherty, William L. Hurley, Arthur McKenna, John E. Kelley, Frank Gaffney, Arthur Doody, John Collins, Lawrence Chatfield, Roland Marden, Albert Wilde, Francis Hicks, Walter Stephens, Edgar B. Cole, Dr. William E. Buck, Dr.

ONE HUNDRED AND NINTH ANNUAL REPORT

George Higgins, Perley Evans, Herbert Mixer, Richard Smith, Girard Essembriere, Eugene McAuliffe, John Hurry, Carroll Paine, Harry Williamson, Russell Bennett.

Respectfully submitted,

WILLIAM S. COLE,
Chairman.

E. Randall, Secretary.

**How Massachusetts Cares for War Veterans, Servicemen,
And Their Dependents, Together With Notes On
Benefits From The United States Government.**

WAR ALLOWANCE: Can be applied towards ordinary needs of food, shelter and clothing, as well as for medical or hospital care for ordinary illnesses, and for maternity care for wives of men while they are in service and for the many other emergency cases that may arise. Can provide for dependents until Federal Allowance and Allotment has been received. It extends financial support to wives, children, mothers, fathers, and minor brothers and sisters who were dependent upon the man before he went into service. The State contributes \$50. a month towards this dependency, and if more is needed to live up to the suggested budget, it is paid in the form of Soldiers' Relief by the city or town of settlement.

MILITARY AID: Is granted to sick or disabled Veterans, regardless of whether their illness or disability was service connected—and can be granted to the Veteran to supplement his Federal compensation. The Veterans' service must have been credited to the State of Massachusetts. The amount paid is shared equally by the Commonwealth and the city or town of settlement of the veteran concerned. Any amount needed in addition for the family is given from Soldiers' Relief.

STATE AID: Is given to the Veteran to supplement his Federal Compensation. The Veteran's service must have

TOWN OF RANDOLPH, MASS.

been credited to the State of Massachusetts. Under certain conditions, State Aid may be paid also to widows and children. Any money needed in addition to State Aid is paid by the City or Town of settlement in the form of Soldiers' Relief.

SOLDIERS' RELIEF: Is paid by local communities and is not restricted as to what it may be spent for, as long as the Veteran has an Honorable Discharge from the United States Army, Navy, Marine Corps or Coast Guard. He does not have to have enlisted to the credit of Massachusetts, but he must have a settlement in some city or Town of the State. It can be paid during unemployment or for hospitalization, doctors' bills, etc., where the income of the family is below the suggested budget. It is paid solely at the discretion of Soldiers' Relief Agents of cities and towns. However, Veterans or their dependents, feeling they are not getting a square deal, may appeal in writing to the Commissioner, Veterans Aid and Pension Department, Room 123, State House, Boston.

BURIAL ALLOWANCE: For Veteran and needy dependents (wives, children, mothers, fathers), World War No. 2 cases eligible now also. Death or burial must have taken place in this State. If burial expense does not exceed \$250. and there is no property or insurance, claim can be made to the Burial Agent of the Town or City in the case of a Soldier, Sailor, Wife, Widow, needy Father or Mother. In the case of a child up to age of 13, burial expense cannot exceed \$150; in case of a child from 13 to 18 years, burial expense cannot exceed \$250. Application must be made to the Burial Agent of Town or City within thirty days of death or burial; \$100. for grown-up; \$50. for dependent child up to age of 13 years.

SOLDIERS' HOME AND HOSPITAL: The State maintains a Grade A-1 Home and Hospital on Crest Ave., Chelsea, for Veterans of all wars. To be eligible a Veteran must be hon-

orably discharged from all enlistments and show service to the credit of Massachusetts during time of War. However, if a Veteran is legally settled in some city or town of this State, he will not be refused admission. A Veteran must be physically disabled and in need of medical care to be eligible for admission. Have your Doctor call or you may call Commandant Lawrence Quigley, or Adjutant Joseph Martin, at the Home—Chelsea 0115. Out-patient Department open between 9 and 11 A.M., any morning, EXCEPT SUNDAY.

Notes On Federal Benefits

1. Allotments of pay and Family Allowances—For information write to:

ARMY—Office Dependency Benefits, War Dept., Newark, 2, New Jersey.

NAVY—Bureau, Naval Personnel Casualties and Allotment Section, Navy, Department, Washington. D. C.

MARINES—Commandant, USMC, Washington, D. C.
COAST GUARD—Commandant, USCG, 13th and EE Sts., NW., Washington, D. C.

When writing any Government Agency, always mention man's name, service number, rank, Company, Regiment, Ship or Station, also give place of birth and date.

2. INSURANCE INFORMATION, write:

H. L. McCoy, Director, Insurance Section, Veterans Administration, Washington, D. C.

3. Compensation, information—write George E. Brown, Director of Compensation, Veterans Administration, Washington, D. C.

TOWN OF RANDOLPH, MASS.

4. Maternity and Infant Care— Assistance given only to wives and infants of men in 4th, 5th, 6th and 7th pay grades of Armed Forces and of Aviation Cadets. For further information, write or contact Dr. Florence L. McKay, Director—Division of Child Hygiene, 73 Tremont St., Boston, Mass., or ask your own Doctor about it.

After Honorable Discharge

1. WHO ARE CLASSED AS "VETERANS" OF WORLD WAR NO. 2?

Any person who served in the ACTIVE military or naval service of the United States ON OR AFTER DECEMBER 7, 1941, and before ending of hostilities as determined by Proclamation of the President, or joint resolution of Congress. (For benefits under G. I. Bill, date is Sept. 16, 1940.)

2. DOES THE GOVERNMENT PROVIDE VETERANS' BENEFITS?

YES ! ! ! (a) DISABILITY COMPENSATION

(b) GOVERNMENT INSURANCE

(c) HOSPITALIZATION, and OUT-PATIENT TREATMENT

(d) BURIAL AND FUNERAL EXPENSE (\$100.)

(e) VOCATIONAL TRAINING (At present, given service-connected cases only).

WILLIAM S. COLE, Chairman.

ELLSWORTH RANDALL, Secretary.

Report of the School Committee

To the Citizens of Randolph:

The School Committee herewith submits its report for the year 1944.

Matters pertaining to school work are treated in detail in the report of the Superintendent of Schools and in the reports of the various departments of the school system, which are a part of this report and which are printed immediately following the report of the School Committee. We earnestly recommend that you read them that you may the better know what is being done for the school children of Randolph.

Early in the year 1944, a serious fire in the Belcher School required that the children of the seven grades in that district be immediately transferred to other quarters. Without the loss of any school time these seven grades were placed in the Prescott School building on a two platoon system alternating with the first seven grades of the Prescott Building.

Within one week rooms had been prepared, furniture salvaged from the fire had been repaired, cleaned and installed in the Tower Hill School to accommodate the first four grades and within two weeks thereafter portable blackboard partitions had been provided, desks and chairs salvaged from the fire had been mounted on portable runners and were installed in the Congregational Church ready to receive the next three grades.

Were it not for the patience of the great majority of the parents and the unselfish co-operation of the teachers, many difficulties might have been encountered. The Com-

ONE HUNDRED AND NINTH ANNUAL REPORT

mittee wishes most sincerely to thank each one for his help and understanding patience.

This Committee is deeply grateful to the pastor of the Congregational Church and his congregation for their generosity in permitting the School Department the use of their Sunday School rooms, assembly hall, and recreation room for the children of the 5th, 6th and 7th grades of the Belcher School. These rooms were made available to the School Department without thought of remuneration except for the knowledge of having done a kind and generous act. Without their help it is difficult to see how we could have arrived at a solution of the problem without cost to the Town and inconvenience to the parents. For the Town of Randolph we sincerely thank them.

The children being housed moderately comfortable, the Committee requested the Board of Selectmen to call a special town meeting for the purpose of appointing a committee to act with the School Committee to report its findings and recommendations to the Town at a later meeting called for the purpose.

This committee, however, was not appointed; instead, a committee was appointed to reconstruct the Belcher School. This committee acted quickly, intelligently, and with a determination to have the building ready to receive the school children after the Christmas vacation. This purpose was accomplished. The building was completed with many additional improvements and is now a modern school building in every respect.

The School Committee in their report for the year 1932 and again in 1933 recommended that School Lane, so-called, be closed to public traffic within the bounds of the school property. This recommendation we wish to renew again this year.

TOWN OF RANDOLPH, MASS.

School Lane, so-called, originally extended from North Main Street to the school property. Only in later years has this Lane become a through way between North Main Street and Belcher Street.

With the closing of this Lane, the school property on the northerly side of the Lane might be used as a school play yard without the necessity of crossing the Lane and would permit of an orderly development of the whole school property.

The Belcher School Building Committee is sponsoring an article in the Town Warrant calling for the closing of this Lane and an article also for the appropriation of a sum of money for the surfacing and grading of the school yard. We sincerely hope these articles will meet with favorable consideration.

The School Committee wishes to call the attention of the citizens of the Town to the dangerous and unsatisfactory condition of the Prescott School buildings. During the year 1935 conditions at these buildings required the expenditure of a sum of money from the School Department expense account, the Town having refused an appropriation for the purpose, before the sanitary conditions could be made satisfactory to the State Department of Public Safety. The School Department was compelled to install modern sanitary toilet accommodations with proper ventilation for these toilets.

In the year 1940, your committee was refused an appropriation for the installation of fireproof stairways and other necessary improvements. The committee had hoped by these appropriations, in easy stages, to modernize the buildings.

This Committee feels deeply the responsibility of being compelled to house the children of the Prescott district in

ONE HUNDRED AND NINTH ANNUAL REPORT

buildings that are not in conformity with the state laws and which are not certified by the State Safety authorities.

This year the School Committee is inserting an article in the Town Warrant asking for the appointment of a committee to investigate housing conditions at these schools. We ask that this committee be instructed to present a detailed report with recommendations at the next annual town meeting or, if war emergency conditions permit, at a special meeting called for the purpose. Your committee hopes that the modernization of these buildings or some sound program of improvement for the housing conditions in the Prescott School district will be an immediate after the war project.

For a number of years the high school roof has been in a very bad condition. Some few years ago this Committee requested an appropriation to rebuild and flash the parapet walls which were leaking badly. One-half of the appropriation requested was granted, and the Committee was able to effect a permanent repair on the south and east sides of the building. Conditions have become so bad that it is necessary to continue the work on the parapet to the north side and to re-coat the entire roof, repair all flashings, ventilator hoods, skylights, etc. The School Committee received tentative bids and are asking for an appropriation of \$4,000.00 to complete the work. Each year the Committee is compelled to spend sums of money for temporary repair work which is never permanent and seldom effective.

The heating conditions at the high school are bad. Many times in the past attempts have been made to remedy these conditions without success. Improvements have been made insofar as the school budget would permit, but the boilers are not of sufficient size to carry the load imposed and a complete job would require a considerable appropriation of money. At the present time the Committee is endeavoring

TOWN OF RANDOLPH, MASS.

to have installed in the Science Room a gas-fired unit heater to relieve conditions there.

The regrettable death of Mr. Sullivan, Custodian of the Gabriel Devine School, was a severe blow to the school population of that district and a great loss to the Town of Randolph. Mr. Sullivan was a tireless worker, reliable and conscientious. The Committee sincerely mourns the loss of a friend and an employee whose every thought was to serve the interests of his building and the children in the Devine School district.

For years it has been the job of the janitor of the Devine School to fire two large coal burning boilers in addition to his other duties. This work is more than one man can rightfully do, a fact that had never been driven home to the Committee because of the uncomplaining attitude of Mr. Sullivan.

This year the School Committee is asking for an appropriation in the school budget to cover the cost of oil burner equipment.

It has been the policy of the school department for many years to furnish free transportation for all children in the first six grades living one mile or more from the school. For the children in the next two grades, the junior high grades, free transportation to all pupils living one and one-half miles or more from the school, and free transportation for high school pupils living two miles or more from the school.

Because of this necessity of conserving gas, rubber, etc., it has been necessary to modify this program for the duration. Your committee is compelled to restrict transportation in obedience to an O. D. T. ruling on the matter.

The new schedule offers free transportation to all children of the first eight grades living one and one-half miles

ONE HUNDRED AND NINTH ANNUAL REPORT

or more from their schools, and for all high school pupils living two miles or more from the high school.

It is the duty of the attendance officer to see to it that all children over seven and under sixteen years of age are at school. It is the solemn responsibility of the parents to be assured that their children are attending school regularly. Transportation difficulties may not be used as an excuse for laxness in this respect. The Committee cannot, even if it should feel so inclined, favor one person or section of the town above another in respect to free transportation.

Respectfully submitted,

JOHN E. KELLEY, Chairman
RALPH H. HUTCHINSON,
FRANK H. LINFIELD,
SIDNEY G. FLETCHER,
PHILIP L. BOYLE,

Randolph School Committee.

Report of the Superintendent of Schools

Mr. Chairman and Members of the School Committee, Randolph:

I submit herewith for your approval my annual report of the Randolph public schools for the year 1944. Included herein are the reports of the high school principal, supervisors, school physician, nurse and the necessary statistical tables.

It is most gratifying to state that we have passed through another test year, testing whether this town under war conditions could actually maintain its public schools by the employment of a teacher for every classroom and permitting each child to attend and pursue the normal work of his grade. This accomplishment was made possible by your co-operation.

Despite the teacher shortage and the wage competition in and out of the profession, every class had a teacher when schools resumed sessions last September. Ninety-five per cent of our teachers stood by and returned to their classes. Here was an example of loyalty and devotion so often overlooked today. Without compulsion and without military obligations, these teachers, in the truest sense of the word, enlisted and took their battle stations in the class room where the great American way of life and its ideals first took root and where they will be maintained and defended through the power of education for the common good.

To the thinking public and they who support the schools it will be of interest to note that the war statistics and information now being released are being interpreted in terms of educational service. Although not free from criticism and possible corrective measures, these reports, nevertheless, admit that our schools have rendered indispensable

ONE HUNDRED AND NINTH ANNUAL REPORT

contributions to our nation's welfare. The speed with which ten million men conformed to intricate and technical specialties demanded of them in modern war could not have been accomplished had it not been for the fundamental preparation given them in our schools today. Likewise it is conceded that the gigantic undertaking of training another ten million, men and women, for war jobs and millions of others in pre-induction courses must have had some very close relationship to the effective and intellectual training found in the American schools. These interpretations must be comforting thoughts to teachers and school people in general who, long ago, learned to work without noise nor glamour but who always believed, and still believe, that the schools, in the last analysis, are the real citadels of democracy.

It is not amiss in recognizing the negative aspects of this training, namely, that some three million men were found to be physically unfit for war service and some six hundred thousand were classified as illiterates. Although the former group, "unfit for war service," is specific, in general most of these men in life would prove to be self supporting and useful citizens, while the latter is definitely an educational defect possible of correction.

Physical education in Massachusetts is a requirement. It is a wise and well-balanced part of the educational program in the building of health for ALL the children. It should be integrated with courses in science, economics, athletic, games, dancing and the applied arts of home making, cooking, nursing, personal appearance and job getting.

Our two instructors in physical education are doing commendable work. The high school, however, demands most of their time, with the result that much of the training in the grades is left to regular classroom teachers who have neither the specialized training nor the time for this instruction within their allotted programs.

TOWN OF RANDOLPH, MASS.

The summer playground activities were conducted under the supervision of Mr. Zapustus and three assistants. Three centers were established for a period of eight weeks: one on the high school field under the care of Mrs. Julia Mar-tus; one at the Devine school with Miss Stella Krupka as instructor and the third at the Belcher Park district under the supervision of Miss Ethel Powers. The playgrounds were open shortly after the close of school and closed the latter part of August. Average daily attendance was 145. Programs included such activities as games, sports, hand craft, singing and field trips. Special days were set aside for pet shows, exhibitions and sports and a final exhibition of all the children and their work on the high school grounds, Sunday, August 27th.

I wish to call your attention to the progress made and the method of scoring results in the handwriting program under the direction of Mr. Rinehart and his supervisors. Here is a picture of the year's results with interpretations and values in terms of the individual and the class as a whole. If this is possible in penmanship, it is also possible to obtain similar graphs of the progress and achievement in any or all subjects through the twelve grades. Although tests are not the final answers to a child's progress or to the rating of a school dealing with human beings, they do have values and results which teachers want to know.

We hope to complete the introduction of new text books in English, history, reading and arithmetic this coming year. This will include work-books in the various subjects so badly needed in the grades, particularly where there are two grades in a room.

The teaching staff is loyal and doing excellent work. They are well trained. Their educational preparations are high. Teachers are generally required to complete four years of training in certified schools before they are ready for public school work. In some school systems a Master's degree in education is required in the high school. To meet

ONE HUNDRED AND NINTH ANNUAL REPORT

the growing requirements today, many of our older teachers have voluntarily taken extension or summer school courses to obtain their degrees. This is an example of true professional progress which should always have its equivalent in the teacher's pay envelope. This, we know, has been your policy within the limits of your budget.

I wish to acknowledge the sincere and faithful efforts of teachers and pupils in all the various war activities which our schools have faced. In the total amount of bonds and stamps purchased within the period from September, 1943, to June, 1944, it appears that the honors will go to the Devine School. The grand total for all schools was \$58,576.60.

I am justly proud of the speed and efficiency which the School Committee showed in the redistribution and housing of the Belcher school pupils after the destruction of that school by fire March 11th. On the third day after the fire, two hundred thirty-nine pupils were back to school; some in the Prescott school, some in the Congregational church, while others were transported to the Tower Hill school. I wish to express my thanks to the Standing Committee of the First Congregational Parish and to their pastor, Rev. Harry Butman, for the use of their pleasant classrooms and to Mr. Dillon and his teachers for revamping their schedule to meet this emergency and to the Tower Hill teachers for their timely assistance.

It was a pleasure to work with the Belcher School Re-Building Committee appointed at the last town meeting. Here was a group of efficient men and women contributing their best to a common cause. In this connection, as strange as it may seem, even to superintendents in general, I had the single honor, and the first in my school career, to be appointed to an official board for the purpose of building or reconstructing a school building with power to vote. I have on some occasions been invited to serve in an advisory capacity but never to sit in and to register an opinion scored by a vote. No superintendent can hope to know all the answers

TOWN OF RANDOLPH, MASS.

to school problems but having been trained for educational work he should be able to contribute a little to the sum total of experiences and intelligence of other members on a board. I have not been alone, however, in this strange situation for school committees in the past have been wholly denied this service, much less vote. I, therefore, appreciate the trust placed in me.

Two scholarships were again presented by the Stetson High School Scholarship Fund Committee to worthy graduates. These and the awards by the American Legion and the Daughters of the American Revolution are academic gifts of achievement, not alone to our pupils but to teachers who work with them.

Three recommendations are submitted for your study:

1. The appointment of a reading supervisor to serve the three towns in this district.
2. Repairs to the high school building, purchase of chairs for the auditorium and the installation of new clocks.
3. To continue the study begun some years ago of schoolhouse planning, locations and types of schools for this growing town.

This year just closed has been a busy one. Whatever we may boast of as achievements have been the results of inspiration given us through your assistance and co-operation for a common good.

Respectfully submitted,

A. O. CHRISTIANSEN,
Superintendent of Schools.

REPORT OF PRINCIPAL OF STETSON HIGH SCHOOL

Hubert F. Gilgan, Principal

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph:

An unusual circumstance accompanied the opening of school in September of this year and that was the fact that there was not a single change in the faculty of the school. We opened with the same teachers that we had when school was closed in June. This was particularly gratifying and, we believe, as it should be. We have always maintained that it is good business to keep worthwhile teachers in Randolph, if possible, because if what they have to offer is advantageous to children of other communities, the same is true for the children of Randolph. Of course it would not be possible to compete with the salary schedules of some communities but we feel that it should be made worth while for good teachers to remain in Randolph.

While the teacher shortage problem has not affected Randolph in any serious proportions, there is one angle which is affecting the efficiency of school and that is the impossibility of securing substitutes. If a teacher is absent for a day or a week, it means that the classes of that teacher are without an instructor unless one of the regular teachers is free and can teach the particular subject. The regular teachers willingly and cheerfully pitch in to help carry the load brought about by the absence of a fellow teacher but we hope for the sake of the pupils that the days of normalcy will soon return and our schools will be adequately staffed at all times.

In last year's report we suggested that consideration be given to the possibility of earning secondary-school credit towards a diploma by boys now in the armed forces. A large number of boys now in the service did not graduate from high school. We have had many requests from them

TOWN OF RANDOLPH, MASS.

about what Stetson would do toward granting of credits towards diplomas for work done while in the service. As yet no formal request has been made for granting such credit but we know that such requests will come in, and soon. We advise that a system be worked out whereby the service record of each applicant can be studied and a determination made as to what subjects can be honored and how much credit be allowed for each subject. Space does not permit a detailed outline but we would recommend the following plan, approved by the National Association of Secondary-School Principals. Credit should be granted for

A. The basic or recruit training program. (Maximum credit of four credits [two units].)

B. Specialist or Technical Training programs. (Maximum credit of four credits [two units] for the successful completion of a specialist training course of 12 weeks.)

C. The off-Duty Program, i. e., correspondence courses taken under the supervision of the Armed Forces Institute. (The amount of credit be allowed to be comparable to the amount of credit we would grant for the successful completion of the same or equivalent subjects taken in the school.)

As we have said, this is but the basic outline, a starting point from which to proceed. But may we recommend a quick disposition of this matter so that we may be ready for immediate action when the time arrives.

We were fortunate, during the past year, to be able to purchase a 16-mm. Victor sound moving picture machine. This purchase was made possible by the class gifts of the classes of 1943 and 1944 as well as a contribution from the Activities Association. Visual Education is a factor in modern education which has been proven and we believe the post-war use of the film in the classroom will be startling;

military instructors have shown what movies can do that a straight lecture can't, that films register on the head as well as on the heart. We have begun using this machine but so far in a limited way. We are handicapped in the use of the films by two factors: (1) Lack of money to rent films and (2) a suitable place in which to show these films. We have not a single classroom which has an electric outlet to plug in to. Our auditorium is out of the question at present because it cannot be darkened because of the large skylight. We are at present showing the films in the lunch room which is not adequate for the purpose. Perhaps both drawbacks could be remedied in the near future.

Two years ago we recommended that a Vocational Aptitude Test, prepared by Boston University, be given to our pupils. We are happy to say that by the time this report is made public this will have been done. The test is scheduled for the Junior Class for January 22 and will be done at the cost of 80 cents per pupil. If this test were done for private individuals, it would cost ten dollars per individual. We believe the facts and information gained about the pupils by both the school authorities and the parents will prove the merits of this expenditure.

We wish to say a word in passing about the matter of obtaining a medical certificate from the school doctor by any pupil who has been absent from school three days or more. This may seem to some to be an inconvenience, but it does help to cut down the spread of contagious diseases in the schools. At least we do not hear of Randolph schools being closed because of a raging epidemic; rather it seems to be a safeguard to the health of our youngsters.

The last two years we recommended that the leaks in the building be tended to so that whenever it rains, water would not come through into the building. There is one leak in the skylight which allows water to fall on the playing surface of the Gym. Another pool of water forms on the

TOWN OF RANDOLPH, MASS.

floor of the Sewing Room. Both conditions can be dangerous and should be fixed. The Assembly Hall chairs still need attention, either repair or replacement. We further recommend that an auxiliary heating unit be placed in the Science Laboratory similar to those placed in the Lunchroom and Sewing Room. Since the heating pipes in the laboratory are placed at the ceiling, the heat from them does not reach the spots where it is needed.

We wonder if anything can be done to put the auxiliary clocks into condition? There are twenty-one of these clocks around the building in the various rooms and no two of them keep the same time. This condition is most unbusinesslike and the clock system should be fixed so that the master clock and the auxiliary clocks all synchronize.

REPORT OF THE ART SUPERVISOR

Marguerite Williams

Mr. A. O. Christiansen,
Superintendent of Schools, Randolph:

Our art program throughout the grades is planned to give the students normal experiences, so that they will develop the habit of using art to enrich their activities and surroundings, both in and outside of school.

We have tried to guide each student to grow in free expression as well as appreciation. Recognition is given to those whose work shows honesty of expression as well as skill. When we realize the artist designs almost everything man uses, including all the means of war and, more important, all the constructive designs of peace, then our art education takes on new meaning.

In the elementary grades, drawing is a required subject. In High school, drawing becomes an elective subject and students may choose to study either mechanical or freehand drawing. I am pleased to report an increase in my High school classes during the past year.

Last Spring, we accepted the responsibility of creating ten background scenes for the Spring Music Festival. The older elementary and High school students, working in small groups, successfully completed these scenes, thus helping to provide the appropriate atmosphere for this very enjoyable festival.

In May, the schools of Randolph held an exhibition of all school work in Stetson Hall. At this time, the parents and friends of all the students were given the opportunity to leisurely enjoy the results of our art program from the first grade through High school. This exhibition represented a great amount of work on the part of teachers as well as students.

May I, again, take this opportunity to sincerely thank all those throughout the school system who have been so co-operative and helpful during the past year.

REPORT OF THE SUPERVISOR OF HANDWRITING

William L. Rinehart, Director

Rinehart Functional Handwriting System

Mr. Adolph O. Christiansen, Superintendent,

Randolph Public Schools:

I am pleased to submit the following report on the operation of the Handwriting program in the Randolph schools for the school term of 1943-44.

In the initial handwriting tests administered in September, 1940, 21 % of the pupils made a score of "A" (Excellent); 22 % made a grade of "B" (Good); and 56 % made grades below "B". In the tests administered in June, 1944, 87 % of the pupils made grades of "A" (Excellent); 7 % made grades of "B" (Good); and five made grades below "B". These scores indicate that excellent progress was made and I wish to compliment the pupils and teachers for their achievement.

During the school term, we graded approximately 12,-260 formal and 36,780 informal samples of handwriting. A test was administered at monthly intervals; a detailed report was sent to each teacher monthly giving a diagnosis of the handwriting of each pupil. This report was made the basis for remedial instruction. Our supervisors visited each classroom monthly for the purpose of placing master copies of the assignment on the blackboard; also, to give general help.

We furnished the following materials: Monthly teacher outlines, pupil folder outlines, monthly diagnostic charts, term testing paper, monthly and yearly envelopes, room motivation certificates, individual handwriting certificates for ninth grade pupils who qualified, seals, etc.

I appreciate the fine co-operation we have received from your pupils and teachers.

REPORT OF DIRECTOR OF VOCATIONAL GUIDANCE

Joseph W. Daly

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph:

Our guidance program during the past year was specifically aimed at the guidance of three groups: (a) Pupils who leave school before the completion of the secondary school period. (b) Pupils who will not continue their schooling beyond the senior high school. (c) Pupils who are looking forward to entering college or some other type of higher institution. We have tried to give the pupils an opportunity to discover their interests, aptitudes, and abilities and to guide them in the wise choice of career and in making such decision about their future training or occupation as have to be made from time to time.

Toward this goal every member of the Freshman and Senior Classes was interviewed and as many members of the Sophomore and Junior Classes as possible. I also have given several Stanford-Binet Intelligence Tests. A complete guidance record of all students (Pupil War Inventory Blank) is now on file. Conferences have been held with various groups on the qualifications, opportunities, etc. of various occupations.

The Boston University Testing Service, with us for the first time this year, is of inestimable value in guidance. These tests will help us to discover the various aptitudes, interests, etc., of the pupils.

I am now taking two courses in order to learn more fully the meaning and interpretation of these types of tests.

In general the guidance program, due in no small measure to the Boston University Testing program and the individual intelligence tests now being administered, has reached a satisfactory point of development.

In closing my report I wish to express my sincere appreciation to all who have aided me during the past year.

REPORT OF THE MUSIC SUPERVISOR

Bernice D. Burdick

Mr. Christiansen,
Superintendent of Schools:

The music in the public schools for the past year included more student participation in musical programs than class room teaching. This method correlated with other school subjects, making it a comprehensive whole rather than independent courses with little or no relation.

Last spring the students of the Randolph schools presented a festival, "The History of United States in Dance and Song." This required a knowledge of history of the American Indians, the Pilgrims, Revolutionary Days, Building of the West and the periods during the Civil and World Wars. History classes co-operated by furnishing historical background, life, customs, manner of dress of the people of these periods and the rich cultural influence contributed by them to the American way of life. The Art Department through its Supervisor, Miss Williams, designed and set up appropriate stage effects. Over 300 children took part in this Festival.

This fall, for the purpose of variation, programs were presented by several schools.

The McNeill School presented a Thanksgiving program of the Pilgrims and the first Thanksgiving. At Christmas time the Prescott School had a program which included a musicale of "Christmas Shopping" and the "Eve Before Christmas." The intermediate grades presented the "Nativity of Christ" and the Junior High School Chorus sang classic songs.

The Devine School at a later period will present a patriotic program while the Belcher School will hold a spring or May Day Festival.

I wish to take this opportunity to express my thanks for the support and co-operation which I have received throughout the school system this past year.

ONE HUNDRED AND NINTH ANNUAL REPORT
**REPORT OF THE DIRECTOR OF INSTRUMENTAL
MUSIC**

Myron B. Thomas

Mr. Adolph O. Christiansen,
Superintendent of Schools:

I herewith submit my annual report as Director of Instrumental Music and High school chorus.

On April 14, we presented to the people of Randolph a most enjoyable evening of concert music by the Stetson High school and Prescott Junior High School bands. The bands' program was augmented by solo, duet, and trio numbers by selected band members. The twirling corps of both bands added their talents to the program, the leaders of each corps giving solo exhibitions. The occasion was a memorable one for the Prescott Junior Band, since it was their initial appearance in their new uniforms. It was decided that the proceeds of the concert be used to defray the expenses of the uniforms. During Art Week, both bands participated at the exhibition on respective nights.

Each band held its prominent place in the Memorial Day parade which added greatly to the exercises of the commemorative occasion. Stetson High school band formed the musical background for the high school graduation, while the Junior band commendably provided the music for the Junior High school graduation.

The annual instrumental survey was conducted this Fall in the usual manner, for the purpose of discovering and developing any prospective players.

The high school band holds its weekly rehearsals on Fridays in the Town Hall. Membership of the band, including the twirling corps, numbers 40.

TOWN OF RANDOLPH, MASS.

Prescott Junior band meets regularly on Thursdays. Its membership, including twirlers, is 45.

Plans are now underway in both bands for the annual concert. A varied and interesting program is being prepared.

The school chorus rehearses weekly on Tuesdays. The work is on general school choral selections. The chorus and Stetson High school band were well received when they presented numbers at a meeting of the Ladies' Library Association last Spring.

The extra half day granted me for preparatory work in the grades is greatly appreciated, as it enables me to discover and develop talent among the younger children so that they will be thoroughly competent when they take their places in the Junior or Senior band.

REPORT OF SCHOOL PHYSICIAN

George V. Higgins, M.D.

The year 1944 has not been a good one in regard to illness among our school children. There are several reasons for this. During war time there is always a let-down in home conditions. In many cases both parents are working in war plants, the children are not being cared for, and are not having proper meals at home as they should. In others there is no excuse for absence from school. Many children have lost the desire to go to school because of seeing a child only a year or two older working and making large sums of money.

Due to carelessness of many parents we have had a large number of cases of whooping cough, chicken pox, scarlet fever, ring worm and mumps. All five are highly contagious, and while no serious condition has followed, the number of cases was more than usual because parents and physicians attending these children were very lax in reporting to the Board of Health. There are cases where a diagnosis of contagion can not be made at once and it is no disgrace for a doctor not being able to make one, but when a diagnosis is worked out, a report should be made to proper authorities.

The Massachusetts Department of Public Health has issued in late 1944 changes in quarantine laws. Changes have been made in quarantine periods in measles, mumps, and chicken pox. In these three there are no restrictions. If a child at home has one of these, other children in the family can go to school. In cases of scarlet fever it will be better to call the local board of health or call my office if it is a school child case.

It is rather too bad that war has made so many changes in children's lives. Poor shoes are being made, some not lasting two weeks. These children have to be absent from

ONE HUNDRED AND NINTH ANNUAL REPORT

school until new ones are obtained. This condition causes a child to be negligent about going to school after being out several times a year.

I feel that teachers and the school committee are doing good work under adverse conditions and our superintendent must have many headaches in trying to carry on. Our school nurse has done wonderful work in trying to get absent children back into school in conjunction with our efficient truant officer. I wish to thank them all for their loyal support.

ONE HUNDRED AND NINTH ANNUAL REPORT

REPORT OF THE SCHOOL NURSE

Helen F. Conlon

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph.

I submit herewith a report for the year 1944:

Schools visited	549
Classrooms visited	1335
Weighed and measured by grades	191
Individuals weighed and measured	470
Inspection by grades	227
Individual inspections	982
Excluded	240
Pediculosis	106
Skin infections	58
Symptoms of Communicable disease	76
Referred to School Physician	59
Referred to School Dentists	156
Office nursing calls	333
Home calls	207
Number of children given Psychiatric ex- aminations by the Taunton Traveling Clinic	9
Number of children immunized at the Diphtheria Prevention Clinic	143
Number of children X-rayed at the Nor- folk County Chest Clinic	23
Clinics attended	12
Meetings attended	6

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

*Three blows repeated at

7.15 A.M. No session for Senior and Junior High Schools.

8.15 A.M. No morning session for the first six grades.

12.30 P.M. No afternoon session for the first six grades.

By courtesy of the WEEI and WNAC Broadcasting Stations, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such day, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parents so wishes. Consideration will be given pupils striving for perfect attendance.

It is essential that we keep in mind that State Law requires that the High school shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

* By courtesy of the local Fire Dept.

ONE HUNDRED AND NINTH ANNUAL REPORT
REPORT OF THE BELCHER SCHOOLHOUSE
RE-BUILDING COMMITTEE

At a special town meeting held May 22, 1944, this Committee composed of the following members was appointed.

Florence Russell	John E. Kelley
Olga C. Howard	Murray Lewis
Martin E. Young	Albert H. Crompton
H. Franklin Porter	Eugene L. McAuliffe
George Taylor	George N. Welch
Carl S. Gove	Frank M. Downes
Joseph Piotti	Adolpho Christiansen
James Pemberton	Elmer J. Delorey
Charles F. Blakely	Joseph Shay

The Committee organized on May 29, 1944 with Mr. H. Franklin Porter as Chairman and Mrs. Olga C. Howard as Secretary.

The Committee unanimously appointed Mr. John E. Kelley as Architect and Mr. George N. Welch as attorney for the Committee.

Sketches, plans and specifications were prepared and bids were advertised on June 23, 1944. Thirteen bidders submitted estimates, and on July 6, 1944 in the G. A. R. room at the Town Hall the bids were opened and read in the presence of the bidders and the Committee.

The bids for work to be done exceeded by a considerable sum the amount of money available to the Committee. After considerable effort on the part of the Committee to reduce the cost of the work without injury to the completed project, a joint meeting of the Building Committee, the Board of Selectmen, and the School Committee was called. It was

TOWN OF RANDOLPH, MASS.

decided at that meeting to proceed with the work at once, so that the building would be ready for occupancy immediately after the Christmas vacation.

Contracts were closed on July 27, 1944 with the following contractors.

General work	S. J. Sullivan
Heating and ventilating	McLean-Cousens & Barton
Plumbing	Thomas F. Duke
Electric wiring and Fixtures	Ernest C. Martin

The beginning time of all contracts was dated from the receipt of approval by the WPB to proceed with the work. On August 7, 1944 the Committee received an AA-3 priority from the WPB with permission to proceed at once with the work.

The work progressed rapidly without any difficulties, and the building was ready for occupancy by the children of the Belcher School District after the Christmas vacation, as planned.

On Sunday, January 21, 1945, the Committee met at the school for a final inspection and acceptance of the building for the Town. All contracts were declared satisfactorily completed.

Following is the financial statement of the project.

Money paid by insurance companies \$19,583.77

Money transferred by the Town at a
special meeting held October 30,
1944 to this Committee

11,030.00

\$30,613.77

S. J. Sullivan, No. 83 Newberg St.,
Roslindale contract for general
work July 27, 1944

\$17,598.00

Change order No. 1

1,445.00

Change order No. 2

487.29

ONE HUNDRED AND NINTH ANNUAL REPORT

McLean-Cousens & Barton, heating and ventilating contract dated July 27, 1944	5,270.00
Thomas F. Duke, plumbing contract dated July 27, 1944	1,283.00
Ernest C. Martin, electric wiring and fixtures contract dated July 27, 1944	2,438.00
Bond and insurance	389.47
Secretary's expenses	19.97
Architect's commission	1,683.04
	<hr/> \$30,613.77

It was decided by the Committee at the outset to modernize the building during the re-construction, not merely to replace the building as it was before the fire. While the Committee concluded that this procedure was proper, it was somewhat forced to that conclusion by the requirements and ruling of the Massachusetts Department of Public Safety as to ventilation, safety, etc.

Your Committee felt that the classrooms should be comfortable, and should be provided with proper bookcases, closets and wardrobes, and that the whole building when completed should be modern in every respect.

Some of the items which were incorporated into the completed building which were not in the building before the fire, and which contributed greatly to the difference between the money paid by the insurance companies and the total cost of the completed building were—

- new direct radiation throughout
- new ventilating system with univents and exhausts
vents in each classroom
- new slate blackboards and new cork tackboards throughout
- new wardrobes with vanishing doors
- insulation over the entire ceiling of the second floor

TOWN OF RANDOLPH, MASS.

magnasite cement base under asphalt tile floor in corridors and hallways
new system of wiring and additional lighting fixtures throughout
new fire-alarm system
additional windows and skylights

Your Committee feels that it has done a satisfactory job, and that the money appropriated by the Town has been well spent.

The Committee accepted the building on January 21, 1945, in the name of the Town, and hereby ask that the Town accept the building and relieve the Committee of any further duties.

Very respectfully yours,,

Belcher Schoolhouse Re-Building Committee

1945 Town Meeting Warrant

Commonwealth of Massachusetts.

Norfolk, ss.

To either of the Constables of the Town of Randolph, in
said County, Greetings:

In the name of the Commonwealth of Massachusetts,
you are hereby directed to notify and warn the inhabitants
of the Town of Randolph, qualified to vote in elections there-
in, to meet at the

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

Report of the Selectmen and Overseers of Public Welfare

Your Board of Selectmen have continued to conduct the affairs of their department in an economical and just manner. We extend our appreciation to the members of all civic and patriotic organizations who gave of their time and efforts during the past year.

Believing that consideration should be given to the erection of a memorial to the veterans, we have appointed a committee who are studying plans to be presented at some future Town Meeting.

So that the Town of Randolph may give official recognition to the men and women who left their Home Town to serve in the Armed Forces, we are sponsoring the appointment of a committee to be appointed at the Annual Town Meeting to make arrangements for a Welcome Home Celebration.

To assist all veterans and their relatives who seek information and advice, the Veterans' Rehabilitation Committee, appointed by this Board, are available at the Turner Library building each Monday evening.

We take this opportunity to thank all department heads for their co-operation during the past year.

CHARLES F. BLAKELY, Chairman,
RALPH H. HUTCHINSON, Clerk,
THEODORE S. LUDDINGTON,

Board of Selectmen

Report of the Historian of World War II

To the Members of the Board of Selectmen:

We submit for publication the Honor Roll of the men and women of Randolph who had successfully dedicated themselves to stop the march of enemies intent on despoiling the world.

In this, our fourth consecutive report, we cannot stress too greatly, our humble appreciation to all who have aided in the compilation of the Randolph Honor Roll.

We again recommend that documentation and chronicling of the services given by our men and women during World War II should exist in the permanent records of the Town of Randolph.

We are pleased to report that our recommendation of consideration to the establishment of a Memorial to our World War II heroes, has bestirred action from your Board and we trust that the Committee appointed by your Board will successfully serve toward that goal.

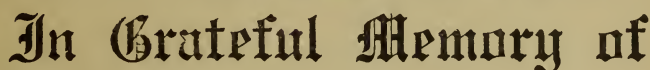

The many circumstances out of our control, in gathering the data necessary for the compiling of this Honor Roll, makes it necessary to report that the completeness of the Honor Roll and the many factors attending it, cannot be warranted.

The year . . . nineteen hundred and forty-five . . . shall ever be unforgettable. VICTORY IS OURS . . .

Respectfully submitted,

MURRAY LEWIS, Historian

World War II Activities

EDWARD LEROY YOUNG

"time will not dim the glory of their deeds"

★ RANDOLPH ROLL OF HONOR ★

To these men and women of Randolph, who answered the call of duty to serve in the Armed Forces of our country during World War II, we, the members of your Board of Selectmen, pay signal honor.

We shall be ever grateful for their job . . . well done.

Veterans Rehabilitation

To the Honorable Board of Selectmen,
Town of Randolph, Massachusetts.

Gentlemen:

The Veterans Rehabilitation Committee of Randolph, very respectfully present the report for the year ending December 31, 1945.

Your Committee has kept the Information Center at the Turner Library open for the past year on Monday evenings, from eight o'clock until ten o'clock. Members of the Committee have been on hand to interview all Veterans and Dependents seeking information and have provided them with the proper information and contacts.

During this past year, an average of least ten applicants, either in person or by phone, during the evening the Information Center has been open, has proven the value of the service your Committee is and has been able to render. Committee members report calls at other times at their homes while the Service Committee has cared for numerous worthy and urgent transportation requests during the year.

Your Committee at this time does not feel that any additional finances should be requested of the Town for continued work of this Committee, as we feel we have budgeted our funds in such a manner that our ordinary expenses for the coming year will be taken care of without impairing the efficiency of our endeavor. It may be necessary to open the Information Center another evening through the week to care for those unable to contact us on Monday evening. This will be done for the best interest of the Veteran, Serviceman and their Dependents if it appears advisable.

TOWN OF RANDOLPH, MASS.

Once again thanks are due to the following Committee members for their continued unflagging interest on behalf of the Veteran and the serviceman and their dependents: George N. Welch of the Veterans Administration, Martin Young, Theodore S. Luddington, Mrs. Bertha Soule, Mrs. Mae V. Scott, Mrs. Alice Randall, Frank Gaffney, Eugene McAuliffe, Walter Good, William R. Hurley, Perley Evans, Mark Gaffey, Edgar B. Cole, Herbert L. Mixer, William McLeer, William Rudderham.

Similar to last year's report, we are enclosing a brief summary which will be of value to the Veteran, serviceman and their dependents.

Respectfully submitted,

WILLIAM S. COLE,

ELLSWORTH RANDALL,

Chairman

Secretary

How Massachusetts cares for War Veterans, Servicemen, and their Dependents, together with notes on benefits from the United States Government.

WAR ALLOWANCE: Can be applied towards ordinary needs of food, shelter and clothing, as well as for medical or hospital care for ordinary illnesses, and for maternity care for wives of men while they are in service and for many other emergency cases that may arise. Can provide for dependents until Federal Allowance and Allotment has been received. It extends financial support to wives, children, mothers, fathers, and minor brothers and sisters who were dependent upon the man before he went into service. The State contributes \$50.00 a month towards this dependency, and if more is needed to live up to the suggested budget, it is paid in the form of Soldiers' Relief by the city or town of settlement.

ONE HUNDRED AND TENTH ANNUAL REPORT

MILITARY AID: Is granted to sick or disabled Veterans, regardless of whether their illness or disability was service connected — and can be granted to the Veteran to supplement his Federal compensation. The Veterans' service must have been credited to the State of Massachusetts. The amount paid is shared equally by the Commonwealth and the city or town of settlement of the veteran concerned. Any amount needed in addition for the family is given from Soldiers' Relief.

STATE AID: Is given to the Veteran to supplement his Federal Compensation. The Veteran's service must have been credited to the State of Massachusetts. Under certain conditions, State Aid may be paid also to widows and children. Any money needed in addition to State Aid is paid by the City or Town of settlement in the form of Soldiers' Relief.

SOLDIERS' RELIEF: Is paid by local communities and is not restricted as to what it may be spent for, as long as the Veteran has an Honorable Discharge from the United States Army, Navy, Marine Corps or Coast Guard. He does not have to have enlisted to the credit of Massachusetts, but he **must have** a settlement in some city or town of the State. It can be paid during unemployment or for hospitalization, doctor's bills, etc., where the income of the family is below the suggested budget. It is paid solely at the discretion of **Soldiers' Relief Agents** of cities and towns. However, Veterans or their dependents, feeling they are not getting a square deal, may appeal in writing to the Commissioner, Veterans Aid and Pension Department, Room 123, State House, Boston.

BURIAL ALLOWANCE: For Veteran and needy dependents (wives, children, mothers, fathers), World War No. 2 cases eligible now also. Death or burial must have taken place in this State. If burial expense does not exceed \$250.00, and there is no property or insurance, claim can

TOWN OF RANDOLPH, MASS.

be made to the Burial Agent of the Town or City in the case of a Soldier, Sailor, Wife, Widow, needy Father or Mother. In the case of a child up to age of 13, burial expense cannot exceed \$150.00, in case of a child from 13 to 18 years, burial expense cannot exceed \$250.00. Application must be made to the **Burial Agent of Town or City** within **thirty days of death or burial**; \$100.00, for Adults, \$50.00 for dependent Children up to age of 13 years of age. **SOLDIERS' HOME AND HOSPITAL:** The State maintains a Grade A-1 Home and Hospital on Creast Ave., Chelsea, for Veterans of all wars. To be eligible a Veteran must be honorably discharged from all enlistments and show service to the credit of Massachusetts during time of War. However, if a Veteran is legally settled in some city or town of this State, he will not be refused admission. A Veteran must be physically disabled and in need of medical care to be eligible for admission. Have **your Doctor call** or you may call Commandant Lawrence Quigley, or Adjutant Joseph Martin, at the Home — Chelsea 0115. Out-patient Department open between 9 and 11 A. M. any morning **EXCEPT SUNDAY**.

Notes on Federal Benefits

1. Allotment of pay and Family Allowances—For information Write to:

ARMY—Office Dependency Benefits, War Dept. Newark, 2, New Jersey.

NAVY — Bureau, Naval Personnel, Casualties and Allotment Section, Navy Department, Washington, D. C.

MARINES—Commandant, USMC, Washington, D. C.

COAST GUARD—Commandant, USCG, 13th and EE Sts, NW., Washington, D. C.

When writing any government Agency, always mention man's name, service number, rank, Company, Regiment, Ship or Station, also give place of birth and date.

ONE HUNDRED AND TENTH ANNUAL REPORT

2. INSURANCE INFORMATION, write:
H. L. McCoy, Director, Insurance Section, Veterans Administration, Washington, D. C.
3. Compensation, information—write George E. Brown, Director of Compensation, Veterans Administration, Washington, D. C.
4. Maternity and Infant Care—Assistance given only to wives and infants of men in 4th, 5th, 6th and 7th pay grades of Armed Forces and of Aviation Cadets. For further information, write or contact **Dr. Florence L. McKay**, Director—Division of Child Hygiene, 73 Tremont St., Boston, Mass., Tel. CAP 4600, or ask **your own** Doctor about it.

After Honorable Discharge

1. WHO ARE CLASSED AS “VETERANS” OF WORLD WAR NO. 2?

Any person who served in the ACTIVE military or naval service of the United States ON OR AFTER Sept. 16, 1940, and before ending of hostilities as determined by Proclamation of the President, or joint resolution of Congress.

2. DOES THE GOVERNMENT PROVIDE VETERANS' BENEFITS?

YES ! ! ! (a) DISABILITY COMPENSATION

(b) GOVERNMENT INSURANCE

(c) HOSPITALIZATION, and OUT-PA-TIENT TREATMENT

(d) BURIAL AND FUNERAL EXPENSE (\$100.00)

(e) VOCATIONAL TRAINING (At present, given service-connected cases only).

(f) EDUCATION

ONE HUNDRED AND TENTH ANNUAL REPORT

Sealer of Weights and Measures

To the Board of Selectmen of Randolph, Mass.

Gentlemen:

During the year of 1945, I have sealed:

Scales	114
Weights	102
Liquid Measures	62
Gasoline Pumps	48
Oil Measuring Pumps	70
Grease Pumps	16
Kerosene Pumps	2
Yard Sticks	13
Gasoline Meter Inlets	9
Resealed and Tested Gasoline Pumps	14
Resealed and Tested Scales	24

Inspections made:

Pedlar's licenses	7
Pedlar's Scales	7

Fees collected and turned over to the Town

Treasurer		\$75.77
Salary of Sealer	\$250.00	
Transportation of Weights	52.17	
Purchase of Equipment	5.98	
Postage and supplies	1.85	
Appropriation	<hr/>	\$310.00

Respectfully submitted,

DANIEL P. LYONS,

Sealer of Weights and Measures

Report of the Tree Warden

February 10, 1946

To the Citizens of the Town of Randolph

Greeting:

The Gypsy and Brown Tail Moth in the Town for 1945, was held under control.

Very few fall webworms were found this year.

The Lint caterpillar was bad, also the Elm Beetle.

Spraying was done all over the town.

Some repairs will have to be done to the spraying machine this spring, also some new hose will have to be purchased.

Five trees will have to be removed this year.

A number of bad corners were trimmed last year and a lot of trimming will have to be done this year as some of our streets are badly grown in.

We must try and preserve our shade trees as they are an asset and beauty to any town.

Six new trees were planted last year, and our motto should be "plan to plant another tree."

Respectfully yours,

JOHN T. MOORE,

Tree Warden

Local Moth Supt.

Report of the Board of Health

To the Citizens of the Town of Randolph:

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1945.

During the year the Board have inspected all places where food and other goods were sold and found them to be clean and safe for the sale of such goods.

The Dental Clinic was conducted by Dr. Smith and Dr. Maguire, assisted by our School Nurse, Miss Helen Conlon. Examinations were made in the various schools and a report was sent to the parents of children needing attention.

Our Diphtheria Clinic was conducted by Dr. Higgins and Miss Helen Conlon, School Nurse, and proved very successful.

The Board would like to call attention to the citizens of the Town regarding the success we have had with a certain liquid solvenizer for cesspools. This solvenizer kills all contagion and renews the pool. After using soap and soap powders over a period of years, the pool stones become coated and when chemically treated, the pools are restored, allowing sufficient drainage and eliminates frequent pumping.

In closing, the Board wishes to thank the Honorable Board of Selectmen and all other Town Officials for the assistance and courtesy given them during the past year.

TOWN OF RANDOLPH, MASS.

Communicable diseases for the year 1945 were as follows :

Scarlet Fever 59; Whooping Cough 3; Chicken Pox 8; Mumps 7; Dog Bites 31; Pulmonary Tuberculosis 9; Diphtheria 1; Meningitis 3; Measles 3.

GEORGE H. HENEY, Chairman,
FRED A. DIAUTO,
FREDERICK DRISCOLL.

ONE HUNDRED AND TENTH ANNUAL REPORT
REPORT OF INSPECTOR OF PLUMBING

Randolph, Mass., Jan. 16, 1946.

To the Board of Selectmen of the Town of Randolph:

I hereby submit my report as Plumbing Inspector for the year ending Dec. 31, 1945.

Sixteen water closets, three sinks, nine wash bowls, four bathtubs, two urinals and three pressure boilers were installed and inspected.

Respectfully submitted,

THOMAS O'RILEY,

Plumbing Inspector.

TOWN OF RANDOLPH, MASS.
REPORT OF INSPECTOR OF MILK

Report for the year ending December 31, 1945:

Licenses Issued:

Vehicle License for Milk and Cream	15
Store License for Milk and Cream	22
Permits to sell Milk and Cream	8
Pasteurization License	2
Registration as Dealers in Oleomargarine	10
Inspections made	2
Butterfat tests made	38
Bacteria tests made	18

HENRY MERRILL,
Inspector of Milk

ONE HUNDRED AND TENTH ANNUAL REPORT
REPORT OF INSPECTOR OF ANIMALS

Randolph, Mass.

Honorable Selectmen of Randolph:

I herewith submit my report as Inspector of Animals for the year ending 1945.

Due to no word from the Division of Livestock Disease Control I have made no inspection.

There have been 20 dogs quarantined during the year of 1945.

Respectfully submitted

CHARLES H. TRUELSON,

Inspector of Animals

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF SLAUGHTERING

To the Board of Health of the Town of Randolph:

Dear Sirs.

I hereby submit my report for the official year of 1945
as Inspector of Slaughtering to be as follows:

Total inspected	201 in all
Number condemned	2 in all

WESTON L. MANN,

Inspector of Slaughtering

Report of Highway Surveyor

To the Citizens of the Town of Randolph:

I respectfully submit the following report as Highway Surveyor for the year ending December 31, 1945.

GENERAL

The usual repair work caused by storms and frost was completed early in the spring. This work consisted of sweeping, patching, grading, graveling dirt roads, cleaning brooks, catch basins and manholes. Streets that needed tar treatment were taken care of as far as possible.

CHAPTER 90 REPAIRS

The following work was completed under Chapter 90. Drainage systems were all cleaned and repaired, one new basin being constructed on Warren Street. Patching, brush cutting, sweeping and fence repairing was completed on Canton, Warren, Union, Pond and North Streets. North Street was treated with colprovia from Crawford Square to Braintree Line.

SILVER STREET

Drainage project was completed on Silver and West Streets, thereby helping conditions at the end of Silver Street, near West Street.

SNOW REMOVAL

The fall of snow during the year of 1945 was one of the heaviest on record. Storms are listed as follows:

Date of Storm 1945	Type	Work	Fall Inches	Time of Fall Hours
Jan. 7	Snow & Sleet	Plowing & Sanding	8	23
14	Snow	Plowing & Sanding	8	23

TOWN OF RANDOLPH, MASS.

This type of winter requires a great deal of work and I want to thank the Town Officials and Citizens for the fine co-operation during the past year.

Respectfully yours,

JOHN A. FREDERICKSON,

Highway Surveyor.

Report of Mass. Women's Corps

To the Board of Selectmen,
Randolph, Massachusetts.

I hereby submit the annual report for the Massachusetts Women's Corps, Company 25, Randolph:

This organization is the only trained group in Randolph that stands ready twenty-four hours a day to serve its community in time of emergency. It can, within an hour's notice, organize its personnel and start preparation of food to take care of one hundred people. It maintains a fully equipped canteen in the basement of the Turner Library Building.

This company is trained and equipped to render emergency first aid, all members holding Red Cross First Aid certificates. They have taken courses in Home Nursing and Nurses' Aid and have regular assignments at the John Adams Soldiers Hospital in Chelsea, the Veterans' Hospital, West Roxbury, and the Salvation Army Canteen in the Boston Common.

This Company is also prepared to drive local and state motor vehicles and has fulfilled assignments from Regional Headquarters for transportation. It has also served in the Boston Garden and various theatres in the yearly collection of the March of Dimes, and renders an average of twenty hours weekly on its various assignments.

The Massachusetts Women's Corps enjoys the same status in the state as the Massachusetts State Guard under Adjutant General William J. Keville. It is the desire and aim of this Company to stand ready at all times to serve its local community, living up to its motto, PARATUS ET FIDELIS.

LT. EDITH L. CHRISTIANSEN,
Commanding, 25th Co., M. W. C.

STATE AUDIT

March 22, 1945

To the Board of Selectmen
Mr. Charles F. Blakely, Chairman
Randolph, Massachusetts

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the period from September 28, 1943 to December 31, 1944, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston

Sir :

As directed by you, I have made an audit of the books and accounts of the town of Randolph for the period from September 28, 1943, the date of the previous examination, to December 31, 1944, and submit the following report thereon :

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the records of the town accountant.

ONE HUNDRED AND TENTH ANNUAL REPORT

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were checked with the treasurer's records and with the records of other departments of the town collecting money or committing bills for collection, while the recorded payments were compared with the selectmen's warrants to the treasurer. The appropriations as listed from the town clerk's record of financial votes by the town were checked with the ledger accounts.

The ledger accounts were analyzed, the necessary adjusting entries were made, a trial balance was taken off proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1944.

Overlay deficits aggregating \$970.91, as shown on the balance sheet, should be raised by the assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were examined and checked. The cash book footings were proved and the recorded receipts were analyzed and compared with the town accountant's books, with the records of the departments making payments to the treasurer, and with other sources from which money was paid to the town. The payments as recorded were checked with the warrants issued by the selectmen authorizing the treasurer to disburse town funds.

The cash balance on January 27, 1945, was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by verification of the cash in the office.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due, being checked with the cancelled securities and coupons on file.

TOWN OF RANDOLPH, MASS.

The securities and savings bank books representing the investment of the trust funds in custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer of the trustees of the Turner Library Funds, were examined and listed, the income being proved and the disbursements verified.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the reported redemptions, foreclosures, and disclaimers were verified, and the tax titles on hand were listed, reconciled to the accountant's ledger, checked to the records of the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The taxes outstanding at the time of the previous examination, and all subsequent commitments were audited and compared with the assessors' warrants issued for their collection. The recorded collections were checked with the payments to the treasurer as recorded in the treasurer's cash book, the abatements were checked with the assessors' records of abatement granted, the taxes transferred to the tax title account were checked to the treasurer's records, and the outstanding accounts were listed and reconciled with the accountant's books.

The records of departmental accounts receivable were examined and checked in detail. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and proved.

The books and accounts of the water department were examined and checked. The commitments were proved and compared with the water commissioners' warrants issued for their collection, the collections were compared with the payments to the treasurer, and recorded abatements were checked to the water commissioners' record of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's books.

ONE HUNDRED AND TENTH ANNUAL REPORT

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen and the health department were examined and the payments to the treasurer were verified.

Th town clerk's records of dog licenses issued for the county and of sporting licenses for the State, were examined, and the recorded payments to the State and to the town treasurer were verified.

The surety bonds for the faithful performance of their duties filed by the officials required by law to furnish them were examined and found to be in proper form.

In addition to the departments and accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined, checked, and verified, being reconciled with the treasurer's and the accountant's books.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the transactions and condition of the trust funds.

For the co-operation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

Report of Water Commissioners

To the Citizens of the Town of Randolph:

The sixtieth annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1945.

Organization of the Board was as follows:

Frederick D. Driscoll.....	Chairman
Richard F. Smith.....	Clerk
Dr. William F. Maguire.....	Associate

APPOINTMENTS BY BOARD

Marion L. Bailey.....	Collector
Frederick D. Driscoll.....	Meter Reader
Richard F. Smith.....	Superintendent (Resigned)
William J. Almond.....	Superintendent (Reinstated After Leave of Absence)

DEPARTMENT MAINTENANCE

During the calendar year 1945 this department received applications for and installed fifteen new services, nine of which were in conjunction with the new main installation on Eugenia Street.

Thirty-six service leaks were repaired, fifteen being renewed throughout with 3/4" copper tubing. Two services were discontinued. Ten services were pumped out and cleaned, and nine were thawed out.

During the year two hydrants were broken by automobiles. All hydrants were checked for operating faults and only one was found to be in need of repairs.

ONE HUNDRED AND TENTH ANNUAL REPORT

In the meter department one hundred eight meters were removed from services. Of these fifty-three were not registering, nineteen needed repairs and thirty-six were found frozen and burst. Most of these have been repaired and reset.

A new 6" "Johns-Manville" main was installed on Eugenia Street and the old 1¼" main on Soren Street was replaced with a 6" "Johns-Manville" main.

The department repaired two major breaks on the mains and also two blown joints.

Some new meters were installed on services heretofore not metered. The department aims to eventually have the Town Water System 100% metered.

JOINT ACCOUNT

At the Pumping Station the walls and floor of filter room were painted. The Venturi meters were overhauled and placed in good operating condition.

The grading, on the right hand side of driveway, which was started in 1944, was completed and about 1000 yds. of black top was used. A flag pole was erected on the pond side of the station. The wash water tank was treated on both the inside and outside.

Extensive repairs were made on the house and garage.

Respectfully submitted,

WILLIAM J. ALMOND,

Superintendent.

December	24,730,800	797,767	89,755	2,895

Largest day's pumping:

September 7, 1945—1,336,900 gallons.

Largest week's pumping:

Week ending May 20, 1945—7,541,100 gallons.

Respectfully submitted,

THOMAS G. FOGO, Engineer.

ONE HUNDRED AND TENTH ANNUAL REPORT

RULES AND REGULATIONS

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water :

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an addi-

TOWN OF RANDOLPH, MASS.

tional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense, the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

ONE HUNDRED AND TENTH ANNUAL REPORT

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than	\$6.00
---	--------

TOWN OF RANDOLPH, MASS.

DWELLING HOUSES

At this time I wish to take the opportunity to thank the Town Officials, the Finance Committee and citizens of the town for their assistance and cooperation during the past year. I wish to express my appreciation to the members of the regular police department and the Auxiliary Police Force for their fine work and cooperation in the affairs of the department.

Very truly yours,

PATRICK T. McDONNELL,

Chief of Police

Report of the Trustees of Turner Free Library

TRUSTEES

Frederick E. Knebel	President
Benjamin P. Crowell	Vice President
Joseph D. Wales	Secretary-Treasurer
Charles F. Blakely	Ralph H. Hutchinson
Theodore S. Luddington	
(Selectmen of Randolph, Ex-Officio)	
Mrs. Sallie W. Crawford	Mrs. Mollie F. Howard
Herman W. French	Arthur H. Holbrook
Carl S. Gove	Roland H. Marden
John M. Pero	Raymond L. Mason
Albert C. Wilde	

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1945, and being the seventieth annual report, is submitted showing the condition of the trust consisting of the building, library and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seem to be of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books owned by the library are accounted for by the Librarian.

The Building Committee reports no change in the occupancy of the premises on the first floor, namely the Servicemen's Rehabilitation and the Massachusetts Women's De-

ONE HUNDRED AND TENTH ANNUAL REPORT

fense Corps on the south side and Dr. Hickey's office on the north side. Repairs were held to a minimum during the year, and consisted mainly of those in connection with the heating system. This resulted in a number of instances in a forced shut-down of the library facilities until heat could be restored. The Trustees are convinced that a complete renovation of the heating system, with the installation of an oil-burner, in place of the present coal-burning unit, would be desirable and far more efficient.

The Trustees, realizing the existing shortage in equipment of this nature, do not urge this improvement at this time, but feel it cannot be delayed much longer. The painting and redecorating of walls and ceilings and varnishing of the woodwork in the hall-way, referred to in the report of 1944, is deemed necessary to have done in the near future. From estimates received so far, the Committee believes it will cost between \$600 and \$700 for this work.

The Trustees requested \$1,500 from the Town for necessary repairs and maintenance during the year. All but \$.34 of the appropriation was used. The Trustees again request a similar appropriation of \$1,500 to meet the need of general repairs of the building and to the furnishings and fixtures, as such repairs may from time to time be necessary and for the general purposes of the library. In addition to the \$1,500 the Trustees request consideration of an added appropriation of \$700 to defray expense of repainting and redecorating of the hallway previously referred to herein.

The Librarian reports an increase in circulation which is pleasing to the Trustees as indicating a greater use of the library facilities by the townspeople. In order to avoid repetition, as to statistics, a thorough reading of the attached excellent report of the Librarian is urged.

The Trustees express their thanks to the donors of books and magazines given to the library. In like manner, they express their thanks for the loyal service of the Libra-

TOWN OF RANDOLPH, MASS.

rian, Mrs. Eunice B. Martin, of the cooperation and generous assistance of Miss Pearl Massie, Miss Jean Lynch, Miss Alice Haley and Miss Anna Ginnetty.

A copy of each of the following reports is hereunto subjoined: Report of the Librarian, Report of the Treasurer showing receipts and expenditures of the library, and Report of the Finance Committee.

Respectfully submitted,

FREDERICK E. KNEBEL,

President, Board of Trustees

Randolph, Massachusetts
January 21, 1946

**REPORT OF THE LIBRARIAN OF TURNER
FREE LIBRARY**

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1945.

The Library hours are: Monday, Wednesday and Saturday afternoons from 2:00 to 4:30. Every evening from 7:00 to 9:00 P. M., except Sundays and holidays. During July and August we are open evenings only.

Number of books added the past year, 308. 290 were purchased and 18 were gifts. The accession number is 36,565. Borrowers cards issued: Total 519. New applicants 259; renewals 260.

The circulation of books is slowly increasing due to the approach of normal times, of which we are greatly pleased.

ONE HUNDRED AND TENTH ANNUAL REPORT

Books loaned 15,825.

Total for 1944	14,466	Total for 1945	15,825

Miss Anna Ginnetty, teacher of the sixth grade at the Prescott School has started a State Certificate Reading course. Over twenty children have joined so far in her grade.

The books are selected from a list compiled by the Children's Librarians of Massachusetts Library Association for the Division of Public Libraries.

We have some books for each grade and add more as we can.

The certificates are signed by the teacher and the librarian.

TOWN OF RANDOLPH, MASS.

We hope other teachers will follow Miss Ginnetty's plan for children's interest in good reading.

The average attendance of children at the Story Hour was 17.

Miss Alice Haley had charge of all but one session which was August 18, when Miss Anna Ginnetty told the stories. There were seven sessions, July 14 to August 25.

The children were interested in the stories and games and many borrowed books at that time and have continued to do so through the year.

In the spring Miss Dow resigned and Miss Lynch was appointed for full time duty. Miss Lynch has a pleasing manner with children and is very dependable and helpful.

Through the Inter-Library Loan we have borrowed books for students and teachers taking advanced courses in various subjects.

The Library Staff are glad and willing to help everyone in their reference work including answering Quiz program questions.

The Librarian thanks Miss Massie and Miss Lynch for their loyalty and the Trustees for their cooperation.

EUNICE B. MARTIN,

Librarian

Jan. 7, 1946.

ONE HUNDRED AND TENTH ANNUAL REPORT

REPORT OF THE TREASURER

To the Trustees of the Turner Free Library :

Report of the Finance Committee

To the Trustees of the Turner Free Library:

Your Committee on finances submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1945 and found them to be correct. All moneys have been accounted for as received, and no money has been paid out except on vouchers properly approved. The Committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

The following bonds were called for payment this year: Pere Marquette 'A' 5%, Pere Marquette 'B' 4%, and Atlantic Coast Line 4%. Funds were reinvested in securities of the Boston Edison Co., Chase National Bank of N. Y., National City Bank of N. Y., and Western Massachusetts Co.'s.

Respectfully submitted,

RAYMOND L. MASON, Chairman

January 17, 1946.

Report of the School Committee

To the Citizens of Randolph:

The School Committee submits herewith its annual report for the year 1945.

Our schools have functioned well despite the unavoidable stress and necessary activities due to the war. The sudden peace which came the latter part of this year had its effect too. With peace will come new hopes, ideals and accomplishments.

The physical condition of our schools is on the whole good except for the Prescott School where considerable repairs and improvements are needed. The constructional plan here will depend largely upon the recommendations of the town committee.

The entire Stetson High School roof has been relaid and a new parapet wall built. During the Christmas vacation two new oil burners and a vacuum pump were installed. Two floors were refinished and new furniture added to the teachers' room. To complete the heating system in this building we propose to install next year several hot-air blowers, or boosters, to assist in the proper distribution of warm air in rooms which are generally hard to heat. Another step in the right direction was the employment of an assistant janitor in the building. It was found that the amount of work required to keep this type of building clean, heated and operating, not only during regular school hours but also during non-school hours in the afternoons and evenings, was too much work for one man.

On the advice of an oil-heating expert relative to heating three types of school buildings and number of rooms, a

ONE HUNDRED AND TENTH ANNUAL REPORT

new burner was installed in the Belcher School and the one there was set up in the Tower Hill School. The old burner in this building will be installed in the McNeill School this coming year.

We have recommended in our 1946 budget the purchase and installation of two oil burners for the Devine School.

Due to the overcrowded rooms in the Devine School we were obliged to transfer one whole class to the Tower Hill School. We regretted this move but it was the only thing to do inasmuch as we had a good spare room in that building.

We have sponsored two articles in the Town Warrant which we trust will be accepted: One for \$1000.00 to begin the grading of the Tower Hill playground and the other for \$1800.00 to build new High School bleachers to seat 1250.

We trust that the report of the Survey Committee appointed at the last Town Meeting will do much to enlighten the town's people with regards to crowded conditions of our schools and to recommend to them, some plan of procedure which will correct this long standing problem.

Realizing the extra burdens which our school personnel has had to carry this year, as well as for the last few years, we wish to compliment our Superintendent of Schools and his staff of Principals, Supervisors, Teachers and Custodians for their outstanding service, loyalty and cooperation.

Respectfully submitted,

FRANK H. LINFIELD, Chairman,
RALPH H. HUTCHINSON, Secretary,
PHILIP L. BOYLE,
WILLIAM J. FOLEY,
ALICE M. MARTIN,

Randolph School Committee

Superintendent of Schools

Mr. Chairman and Members,
School Committee, Randolph:

I submit herewith for your approval, my annual report of the Randolph public schools, for the year 1945. This report includes also the reports of the high school principal, supervisors, school physician, nurse and the necessary school statistics. Each report endeavors to give a short account of school activities with some outstanding achievements and suggestions worthy of study.

Although this year marked the end of a very destructive war, our schools, as well as other institutions in society, will feel the effects of that long period of confusion and abnormal living. We are proud of what we did during the war, justly proud of our boys and girls who served in the armed forces and deeply in respect and reverence for those who will never come home. These have been lasting and impressive experiences for our school children. There have been other experiences, however, which have seriously conflicted with and undermined the influence and power of the home and school. These will be new challenges for our schools, now and in the future, but we are unafraid. We have that faith in our children.

We have been fortunate in retaining most of our teachers and in the appointment of new ones. This year, the worst in my experience during two world wars, has been and will be for some time to come, a "regime of substitute teachers." Had it not been for former teachers, now married, many a classroom would have had to close or had their pupils merged elsewhere throughout the system.

To serve as an educational inventory, the Iowa Test of Educational Development was given to the high school pu-

ONE HUNDRED AND TENTH ANNUAL REPORT

pils last November. Although the reports of the examination have not been returned to us at this date, we are anxious to know the results and the general index of achievements.

Our school enrolment of 1697 shows a slight increase over last year. The trend is upwards. One class in the Devine School had to be transferred to the spare room in the Tower Hill School. Transportation for these pupils was provided. The extra room in the Belcher School was opened and now accommodates the sixth grade pupils in that district.

It is our hope that the Survey Committee appointed at the last town meeting will find some solution for the pressing needs facing the high school, Devine and Prescott schools. The task is not a simple one from a financial point of view. Although the greatest need centers around the high school, each school has specific conditions which must sooner or later be corrected. In this program of construction some thought might well be given to a possible Memorial to our veterans of World War II. A building, gymnasium or swimming pool would serve as living, useful memorials.

The summer playground centers were opened again this year. Three teachers and a director were employed. The enrolment was good, despite the fact that we lacked playground materials, unobtainable on the market. We extend our thanks to Mrs. Merriken for the use of the Girl Scout house.

Evening vocational classes were introduced for the first time under the helpful guidance of the State Department of Vocational Education. One class in cooking was opened but the enrolment became so large that at present we are offering two classes in foods, taught by Mrs. Lucille Coite; one in sewing under the supervision of Miss Eleanor Fordham and one in antique design taught by Mrs. Edith Gray.

TOWN OF RANDOLPH, MASS.

Considerable improvements and repairs were done this year. They were greatly needed. The practise of deferring necessary repairs and upkeep of school building always proves wasteful; increasing the cost at each and every postponement.

In this all important responsibility of training the youth of today we are proud to play our part as school people but we recognize, too, the power for good rendered by individuals and organizations in town. We compliment highly the tireless work and genuine leadership for health and character made possible by the leaders of the Boy and Girl Scouts, church groups, hobby clubs, crafts, camping and hiking and the sponsors of the Stetson High School Scholarships, American Legion and Daughters of American Revolution awards. They are truly a part in this program of education.

Your cooperation has been genuine and greatly appreciated by me. I speak also of the whole teaching staff for it is they who are in contact with our children, they do the work.

Respectfully submitted,

A. O. CHRISTIANSEN

STETSON HIGH SCHOOL

Hubert F. Gilgan, Principal

During 1945, Stetson lost the services of three of its teachers—Mr. Theodore McElroy, who left us for employment elsewhere; Mrs. Genevieve R. Donaldson and Mrs. Viola J. Holbrook, who have withdrawn from active teaching service. Mrs. Donaldson was a veteran of fourteen years duration at Stetson and was an excellent teacher of French and Spanish. She did fine work here and her departure has been keenly felt. Her place has been filled by Miss Marguerite O'Neil. Mrs. Holbrook was appointed in 1938 and was very helpful in the organization of the Household Arts Department. Much of the success of the work of this department was due to her untiring and conscientious efforts. It is regrettable that the services of these fine teachers are lost to the young people of Stetson. Mrs. Holbrook's position is being filled by Miss Ruth Thompson. Mr. McElroy has not been replaced and therefore it was necessary to drop the subjects taught by him.

A principal of any school should have charge of the overall administration and supervision of his school under whatever policies, rules and regulations are laid down by the school committee and superintendent of schools. All of his efforts should be directed in a constructive and cooperative manner for the coordination of all policies initiated by the school board and he should try to carry out these policies both in spirit and in letter. However, the actual functioning of a principal in his school cannot wholly nor adequately be interpreted by reference to rules or regulations. There should be an understanding and professional relationship between the principal and those who determine policy. If, for example, a set of rules and regulations is to be formed and put into operation it should not be the work of one individual nor one element in a school system—rather

TOWN OF RANDOLPH, MASS.

should it be a cooperative affair, a study made by representatives of all groups concerned. In this way everyone has a responsibility in any attempt to better the situation. Most certainly such cooperation builds up good will and good morale among those to be held responsible for putting such regulations into effect. The principal should be recognized as the responsible head of his particular unit of the system and should be allowed wide freedom of judgment and action as long as he does not work in opposition to general policies. We believe that all matters pertaining to his school, his teachers and his pupils, should be acted upon only with the knowledge of the principal involved. Such things as appointments, discharges, transfers, promotions, salary increases should be made only after consultation with the principal or at least with his knowledge. To illustrate this point we cite an actual case. An assistant principal was appointed to Stetson High School in July 1945. The principal of the high school was told of it by a third party on January 8, 1946. The principal received no word of this from any official source. His position is insufferable if such matters are acted upon without his knowledge either before or after such action is taken. Since the principal is held responsible for the well-being of his school and the progress made by his school he should be consulted about the appointment or advancement, either in position or salary, of any teacher under his supervision. As the principal is judged by results, (and these results come largely from his teaching force) his recommendations should be sought, given careful consideration and his wishes complied with whenever it will not militate against the best services for the school system as a whole. Teachers are no different from any other group of professional people and therefore are quite human. A hard working, conscientious, ambitious, high-minded school employee likes to have his efforts recognized and wants to compete for reward or honor on an equitable basis. The teacher wants to feel that promotions are awarded on the basis of merit rather than on political influence. It is difficult for a teacher to sit by and see increases given out

ONE HUNDRED AND TENTH ANNUAL REPORT

year after year to some and not to others. It is difficult for a principal to maintain a healthy morale among his teachers when he realizes that he is not ever consulted about the merits of any case under advisement. This sort of thing does more to hurt morale than it does to help it and makes for a discontented and disgruntled teacher. The feeling that "pull" is in any way more important than professional merit creates a teaching group which becomes tainted with cynicism. A healthy school system has a teaching force with a high and spirited morale, therefore, all aspects which go into the formation and continuation of high morale must be observed at all times by all parties concerned. The ideal situation, of course, is a well thought-out salary schedule, strictly adhered to, and made public each year in the annual town report. This schedule would thereby eliminate all but professional reasons for granting increases or promotions.

One of the important teaching methods is that of repetition and applies equally to primary or adult education. We have on various occasions referred to the success we have had in sending our graduates to college. Stetson High, when we came here in 1932 was not on the approved list of the College Entrance Board; nor was it approved by the State Department of Education as a Class A school. Two years later, in 1934, we were successful in making Stetson a Grade A school, so listed by the State Department, and we were placed on the approved list of the College Entrance Board, where we have been ever since. This gives us the same privileges of sending our pupils to college without examination as any high school, large or small, private school or public. To indicate whether Stetson graduates can go directly to college after graduation, without examination we wish to list the colleges to which our graduates have gone, directly, and without further training. We could have gone back to earlier years but started arbitrarily with 1937. The record is as follows:

TOWN OF RANDOLPH, MASS.

1937

Boston University
Springfield College
Boston College
Northeastern University

1938

Northeastern University (3)
Holy Cross College
Tufts College

1939

Norwich University
Boston College
St. Anselm's College

University of New Hampshire
University of Pennsylvania

1944

Emmanuel College (2)
Boston University

1945

Bates College
Gordon Theological School
Providence Bible Institute
Boston College
Northeastern University (3)
Simmons College

We would like to point out that this list does not include pupils who entered Teachers Colleges, Schools of Nursing, Junior Colleges or other institutions of higher learning. Nor is mention made of many boys and girls of high scholastic standing who could have gone to college but did not, for one reason or another. Give us the type of student who can benefit by college training and Stetson can ready him for college, all things being equal, as well as any other school.

In connection with this scholarship angle it might be interesting to note in passing, that the Turner Chapter of the National Honor Society has been established at Stetson during the past year. Chapters of this society are permitted to be established in schools which can maintain the required high scholastic achievement and membership in this society

ONE HUNDRED AND TENTH ANNUAL REPORT

may be conferred on individual students who can maintain a high rating in character, scholarship, leadership and service. Since these are cardinal qualities worthy of encouragement, the National Honor Society of Secondary Schools has commissioned the Turner Chapter of N. H. S. to carry on this work in Stetson High School under the direction of a teacher committee.

The end of World War II during 1945 has seen the winding up of the last cooperative effort of Stetson pupils in rendering some sort of morale building for the boys in the service. The "Mail for Morale" Club had as its purpose the issuing and mailing of a monthly news letter, "The Home Front," to all boys and girls in the service. Fifteen editions of the letter were issued, starting in 1943 and on an average of 300 copies were mailed each time. Copies were sent to camps in all sections of the United States, to the African, French, Italian, Pacific theaters of war, to England, Alaska, Iceland. Letters of appreciation were received from all sections: China, India, Germany, English hospitals, Iran, Tunisia and France. Letters were also received from boys whose work it was to publish similar papers in their companies or bases. Sample papers were received from them as they had been given our paper by home town boys. Thanks are due to Miss Foley for editing the paper and Miss Brennan for printing it, and all students who were in any way connected with the Home Front, which went out of existence in May 1945.

Our athletic situation took a decided upswing during the past year. We had a good season in basketball and baseball, but as everyone knows by now, our big season was in football. Stetson had the first undefeated season in the history of the school. As a reward it is our hope to send the squad on an educational trip to New York City when sufficient funds are raised and when the hotel accommodation situation has eased up. A public subscription fund has been started and it is hoped to secure a minimum of one thousand

TOWN OF RANDOLPH, MASS.

dollars to take care of all expenses of the trip for the coach, players and managers.

Speaking of sports brings to mind a difficult situation in basketball. We were dropped from the schedules of some schools because the school basketball floor was far too small and in no way approached standard size. It was then necessary, if we were to play basketball, to move our games to the Town Hall. But to practice on a small floor, and then play on a large floor was undesirable, so we held some, not all, of our practice sessions in the Town Hall. This made and still does make it difficult for the town officials who are working on the floor below, for the noise is quite bad. We at the high school realize all this and sympathize with the town officials; we wish things could be different. We do not want to go there for practice but we have found no substitute plan as yet and so we do not know just what we can do about it. It might be that some thought could be given to enlarging high school facilities and to do it in such a way that it could become a community affair as well.

On December 3 and 4, a diagnostic test was given to the entering class of freshmen by Boston University. The results have just been received. The testing was made in six sections: Mental maturity, Reading Comprehension, English Fundamentals, Mathematical Reasoning, Mathematical Fundamentals, and Mechanical Comprehension. The results are so recently arrived that we are able to come to no conclusion at the present time. This much is apparent, however, we deem it necessary to organize immediately remedial classes in reading, fundamentals of English and Arithmetic. Plans for this work are now under way.

We are glad to report that two projects we have asked for so repeatedly are now completed. All our auxiliary clocks are running properly and the leaking roof seems to be satisfactorily repaired so as to be water tight.

Respectfully submitted,

HUBERT F. GILGAN

ONE HUNDRED AND TENTH ANNUAL REPORT

REPORT OF THE ART SUPERVISOR

Marguerite Williams, Supervisor

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph:

It is with some satisfaction that I submit this annual report of our art program in the schools of Randolph for the past year.

Art appeals to almost all children. We have tried to encourage and develop this natural instinct in our art program. Students are taught to use their eyes and their minds, as well as their hands to interpret what they see through the medium of art. We try to encourage active participation of the less gifted as well as the talented student.

In the year just ended the war consciously and unconsciously formed the background of much of our subject matter.

Throughout the schools our art work is keyed to grade levels, being a resume of art found best for each grade. Most successful art programs take into consideration correlation with other school subjects, such as language, science, geography and history. This we have done with rewarding pleasure for all. Every class enjoys creating designs and illustrations inspired by our various holidays. These offer a variation of art activity during our school year while developing a mastery of the basic art principles.

In high school, students electing drawing may choose either mechanical or freehand. Students in these courses do more individual rather than class work. In freehand drawing, they are encouraged to express their own ideas and learn to experiment in new techniques and media.

TOWN OF RANDOLPH, MASS.

We have, during the past year, created background scenery for several musical programs in the school including the Junior Class play.

Final results are the best measure of achievement. In May, the annual exhibition of all school work was held in Stetson Hall. This annual exhibition should be of genuine interest to all parents and friends of every student. It represents all subjects including art, from every grade throughout the schools. This was not accomplished without a great amount of work on the part of teachers as well as students.

I wish to sincerely thank all those throughout the school system who have so willingly co-operated and worked with me during the past year.

ONE HUNDRED AND TENTH ANNUAL REPORT
REPORT OF THE SUPERVISOR OF HANDWRITING

W. L. Rinehart, Director

Mr. Adolph O. Christiansen, Supt.
Randolph Public Schools
Randolph, Mass.

My dear Mr. Christiansen:

I am pleased to submit the following report on the operation of the Handwriting program in the Randolph schools for the school term of 1944-45.

In the initial handwriting tests administered in September, 1940, 21% of the pupils made a score of "A" (Excellent); 22% made a grade of "B" (Good); and 56% made grades below "B". In the tests administered in June, 1945, 85.9% of the pupils made grades of "A" (Excellent); 10.1% made grades of "B" (Good); and 3.9% made grades below "B". Handwriting Certificates were awarded to 85% of your graduates. These scores indicate that excellent progress was made and I wish to compliment the pupils and teachers for their achievement.

During the school term, we graded approximately 10,500 formal and 31,500 informal samples of handwriting. A test was administered at monthly intervals; a detailed report was sent to each teacher monthly giving a diagnosis of the handwriting of each pupil. This report was made the basis for remedial instruction. Our supervisors visited each classroom monthly for the purpose of placing master copies of the assignment on the black-board; also, to give general help.

We furnished the following materials: monthly teacher outlines, pupil folder outlines, monthly diagnostic charts, term testing paper, monthly and yearly envelopes, room motivation certificates, individual handwriting certificates for ninth grade pupils who qualified, seals, etc.

In general, I am pleased with the results obtained and wish to take this opportunity to thank you and your teachers for the fine cooperation I have received.

TOWN OF RANDOLPH, MASS.

REPORT OF THE MUSIC SUPERVISOR

Doris M. Johnson

Mr. A. O. Christiansen,
Superintendent of Schools:

Our aim since September 1945 in the public schools has been to try to create a love of good music on the part of the child. The following three essentials which have entered into this have been 1, voice culture; 2, interpretation; 3, music reading.

Many of the students of the Randolph schools will also have the opportunity of appearing in various musical programs such as the Christmas program presented by the Belcher and Tower Hill schools. Members of the Belcher school presented a very enjoyable operetta, in costume, entitled "The Magi's Gift." Over one hundred students participated. Art Supervisor, Miss Williams, designed very effective stage scenery for this operetta. Tower Hill school presented "The Night Before Christmas" on this same program. These students sang and played on toy band instruments.

A new high school Girls' Choir has been organized, which rehearses every Tuesday afternoon from 2:00 to 2:30 P. M. There are about twenty-six members at present who are working on Choral selections with hopes of appearing at some future performance.

May I take this opportunity to thank all in the school system for their outstanding friendliness and cooperation.

ONE HUNDRED AND TENTH ANNUAL REPORT

REPORT OF BAND MASTER

Myron B. Thomas

Mr. A. O. Christiansen,
Superintendent of Schools:

I submit herewith, my fourth annual report as Director of Instrumental Music.

The instrumental department conducts each year a survey in all grades from the fourth through the twelfth. This makes possible the discovery and development of any talent. The student chooses an instrument and obtains immediate instruction if he so desires. This year, at the present time, there are thirty-five new instrumental students from all schools.

The Junior High school band is composed of students from the fourth grade through the eighth. Rehearsals are held each Thursday afternoon. Music appropriate to the ability and tastes of young players is selected by the instructor and a program is arranged and prepared for the spring concert and such other school activities as may require its participation.

Last year the Junior Band presented numbers at the Senior Band concert, the Art Day and also participated in the Memorial Day exercises.

The Senior High School Band rehearses during the seventh period on Fridays. A small section of the band having a free sixth period devotes that period on Fridays to rehearsing difficult passages that are troublesome to the player.

The Band has mastered many standard concert numbers and are doing creditable work on the numbers to be presented at the Spring Concert.

TOWN OF RANDOLPH, MASS.

Since adult musical tastes depend largely on early training in appreciation I have devoted some time to the analysis and explanation of various types of classical music. This serves also to interest the player and inspire him to a more intelligent performance.

I am pleased to report the splendid performance of the High school band held last Spring which was one of the most difficult engagements in its history. Their excellent playing and marching skill was displayed to good advantage last Memorial Day and was greatly approved and enjoyed by the public.

Preparations for this year's concert and other activities are well under way.

The Twirling Corps is headed by the two selected high school leaders and rehearses weekly in preparation for the Spring concert and parades.

The high school choral group is rehearsed on Tuesdays. Their repertoire consists of standard choral material arranged for high school mixed vocal groups.

The chorus sang two numbers at the graduation exercises last season.

This year tryouts were held for a high school chorus-choir. This includes any student with extreme vocal talent. While this project is still in the first stage of development, it is hoped that sufficient interest and cooperation will be shown to continue since a vastly different type of musical presentation is possible with a selected group of this nature. Tentatively, the choir is rehearsing after school on Tuesdays at 2:30 P. M.

As in the past, I am greatly indebted to Mr. Christensen and the School Department for their fine cooperation. I wish to express my thanks at this time.

ONE HUNDRED AND TENTH ANNUAL REPORT
REPORT OF THE VOCATIONAL GUIDANCE

Joseph W. Daly, Director

Mr. A. O. Christiansen,
Superintendent of Schools, Randolph.

Our guidance program this year is following the pattern of trying to aid all students who leave school and both those who are and are not going to higher institutions of learning. Our efforts in this direction were greatly aided by the different batteries of tests given by Boston University, and the Iowa tests of Educational Development.

The Boston University Tests of Achievement helped us discover the mental maturity, reading comprehension, English fundamentals, and mathematical fundamentals possessed by the students. The vocational battery shows us the mechanical aptitudes, clerical aptitudes, and interests of the students. The Iowa tests covered understanding of basic social concepts, general vocabulary, ability to interpret reading materials, etc.

Every member of the Freshman and Senior Class will be interviewed during the year and as many Sophomores and Juniors as possible. Complete guidance records of all students following the State Department of Education outline are on file. Numerous pamphlets and bulletins are available covering nearly every known occupation.

We also are administering many Stanford Binet Intelligence Tests now that we have both the certificate and the equipment.

I wish to take this opportunity to express my sincere thanks for the support and cooperation which I have received during the past year.

TOWN OF RANDOLPH, MASS.

REPORT OF SCHOOL PHYSICIAN

George V. Higgins, M.D.

The year 1945 brought our world war to a close. After four years of disruptive living it will take a year or two for normal conditions to be resumed. Our school system suffered along with our home life. Older boys and girls in high school were anxious to get into defense industry to make large amounts of money. This was not good as their health was bound to be affected, and now after the war those same boys and girls can not get back to attending and finishing high school even though for only one year.

The health of our pupils in 1945 was an average one with usual contagious diseases and in winter months acute respiratory infections. At this point I am injecting a note about sulfa drugs and penicillin. Too much of both is being used on children when type of infection is not known, so that now the government of the United States has had to take over and regulate the use of penicillin for the time being.

There are several families in Randolph who seem to disregard all school and health laws. Contagious diseases are not reported by them and the family as a whole is unclean in regard to body and clothes. They may go to extreme lengths in keeping a child out of school and in my opinion the school authorities are too lenient in these cases. Children stretch the truth when applying for a permit to return to school and certain parents back them up in such falsehoods.

After going over the physical records of thousands of young men in Selective Service, I find that the health of Randolph boys was just as good as that of Milton boys. Milton is a very wealthy town and can afford to spend more money than we can on physical examinations and care of those found with defects.

ONE HUNDRED AND TENTH ANNUAL REPORT

Several children were x-rayed at Norfolk County Hospital for possible tuberculosis but very few positive cases were found. A few minor injuries were sustained during the year and these were taken care of. In case of bad stormy weather I would advise parents to keep their children home from school. Schooling can be had anytime but health if broken can not always be repaired. Another custom which is not well to follow is boys going without hats and girls going bareheaded and without stockings during snowy or rainy weather. Small children seem to take pleasure in walking in the deepest water in the streets well over rubbers and shoes with resulting colds and pneumonia. I am hoping that in the not too distant future we can have improved school houses with better air conditioning. To my mind this should receive first consideration over any new proposals of war memorials.

It seems strange to me that a certain number of parents cannot grasp the meaning of certificates for children to return to school after being absent three days. The hours for issuing these certificates are from 10:30 a.m. to 7:30 p.m. on week days and from 10:30 a.m. to 1:00 p.m. on Sundays. Some children will not procure a certificate on Saturday or Sunday but wait until Monday thus losing one more day of school. A careful checkup would soon expose the chronic offenders and if an example was made of them, school attendance might be improved.

To reassure parents of school children during an epidemic in our town it has always been the opinion of members of our State Board of Health and especially of the Department of Communicable Diseases that keeping schools open during regular sessions is the wisest plan.

I wish to thank the superintendent of schools, members of the school committee, the school nurse, truant officer, and teachers for their loyal support.

GEORGE V. HIGGINS, M.D.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SCHOOL NURSE

Helen F. Conlon, R. N., School Nurse

Mr. A. O. Christiansen,
Superintendent of Schools:

I submit herewith my annual report for the year 1945:

Schools visited	557
Classrooms visited	1306
Grades inspected	195
Grades weighed and measured	138
Children recommended for exclusion with symptoms of communicable diseases or with evidence of pediculosis	247
Referred to School Physician	58
Referred to School Dentists	164
Office nursing calls including First Aid treatments for minor injuries, and individual inspections	752
Meetings attended	8
Clinics attended	12

In October the annual census of Physically Handicapped children was taken. This census includes the names of children with vision, hearing and speech defects, all crippled children and those with heart disease, rheumatic fever and other chronic diseases that definitely limit their normal activities. Nine new names were added to the list this year. Two of these children are unable to attend school and are receiving instructions in their homes from a visiting teacher.

Due to an exposure to tuberculosis, arrangements were made with the Norfolk County Chest Clinic to X-ray a group of children and teachers. The mobile unit from the Norfolk County Hospital came to our High School on November 8, and X-rayed 39 children and 27 teachers. A negative report was returned on all X-rays.

ONE HUNDRED AND TENTH ANNUAL REPORT

During the year 29 children were taken to the Norfolk County Hospital for X-rays and skin tests.

Appointments were made for two children to attend the speech clinic conducted by the Child Guidance Clinic in the Brockton High School each week.

The Taunton Traveling Clinic came to Randolph June 18. Three children were given mental hygiene tests by Dr. Olga Steinecke, Psychiatrist. Recommendations were made according to each child's needs.

The Diphtheria Prevention Clinic under the direction of the Board of Health was held on May 1-15-29 at the office of Dr. Higgins, School Physician. 25 Pre-school and 50 School children were immunized against Diphtheria by Dr. Higgins.

In closing my report, I would like to thank all throughout the school system for their fine cooperation and support.

TOWN OF RANDOLPH, MASS.

SCHOOL STATISTICS

State Report, June, 1945

Population, Randolph, 1940 Census	7,606
Valuation	\$7,561,018
School enrolment	1,717

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

*Three blows repeated at

7:15 A.M. No session for Senior and Junior High Schools.

8:15 A.M. No morning session for the first six grades.

12:30 P.M. No afternoon session for the first six grades.

By courtesy of the WEEI and WNAC Broadcasting Stations, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall report to school. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

It is essential that we keep in mind that State Law requires that the High School shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

* By courtesy of the Randolph Fire Department.

CERTIFICATE OF HEALTH

Children absent from school five or more days are required to present a certificate of health issued by the School Doctor before they may return to their classes.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

THEODORE S. LUDDINGTON,
 PHILIP L. BOYLE,
 CHARLES F. BLAKELY,
 Selectmen of Randolph

Report of the Selectmen and Overseers of Public Welfare

On March 12th the Board unanimously approved a Franchise to Edward S. Frazier of Braintree for the operation of a bus between Randolph and the South Braintree line, which has proven of great convenience to the Town's people.

On March 18th the New England Telephone and Telegraph Company were requested to cause an immediate investigation of the service rendered the Citizens of Randolph, to the end that Randolph customers might receive improved service.

On April 1st representatives of the company reported an increase in the supervision and advised the Board that new equipment would be added as soon as available to take care of the heavily increased load.

On June 10th as authorized by the vote at the Annual Town Meeting, a ten year lease was given the Housing Corporation of the Allied Veterans of World War Two of Randolph of the premises known as the Almshouse Property.

During the year \$5,013.01 was realized from the sale of foreclosed land. There are many parcels of land available for purchase and we urge those interested, to contact the Town Treasurer.

Your Board of Selectmen have endeavored to conduct the affairs of the Town in an economical and just manner and take this opportunity to thank all town committees and department heads for their cooperation during the year.

THEODORE S. LUDDINGTON, Chairman,
PHILIP L. BOYLE, Clerk,
CHARLES F. BLAKELY,
Board of Selectmen

Report of Building Laws Committee

The Building Laws Committee, which was appointed under Article No. 7 of the Warrant for the regular town meeting held in March 1946, respectively submit the following recommended By-Laws:

These proposed By-Laws were submitted to a joint meeting of the Building By-Laws Committee and the Town Planning Board at the final reading, and were approved by that joint meeting. A copy of the By-Laws have been filed with the Planning Board.

Your committee wishes to thank the number of interested citizens of the Town, who by their friendly and intelligent suggestions, have helped immeasurably.

Extract from Chapter 143 of the General Laws of
the Commonwealth.

INSPECTION OF BUILDINGS

Section 3. Every city, except Boston, and every town which accepts this section or has accepted corresponding provisions of earlier laws may, for the prevention of fire and the preservation of life, health and morals, by ordinances or by-laws consistent with law and applicable throughout the whole or any defined part of its territory, regulate the inspection, materials, construction, alteration, repair, height, area, location and use of buildings and other structures within its limits, ~~except~~ such as are owned or occupied by the United States or by the commonwealth, and except bridges, quays and wharves, and may prescribe penalties not exceeding one hundred dollars for every violation of such ordinances or by-laws.

Section 4. In a town which accepts this and the following section or has accepted corresponding provisions of earlier laws, no dwelling house or other structure more than

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

eight feet in length or breadth and seven feet in height, except detached houses or structures situated more than one hundred feet from any other building and wooden structures erected on wooden wharves, shall be built within such limits as the town may from time to time prescribe, unless made of and covered with an incombustible material or unless a license is granted therefor by the selectmen for public good or necessity and recorded in the town records.

Section 5. A building or structure erected in violation of the preceding section shall be deemed a common nuisance without other proof thereof than proof of its unlawful construction and use; and the selectmen may abate and remove it in the same manner in which boards of healths may remove nuisances under sections one hundred and twenty-three to one hundred and twenty-five, inclusive, of chapter one hundred and eleven.

Section 6. In a city or town which accepts this and the six following sections or has accepted corresponding provisions of earlier laws, the superintendent of public buildings or such other person as the mayor of such city or the selectmen of such town may designate shall be inspector of buildings, and, immediately upon being informed by report or otherwise that a building or other structure or anything attached to or connected there with in that city or town is dangerous to life and limb, shall inspect the same; and if it appears to him to be dangerous he shall forthwith in writing notify the owner, agent or any person having an interest therein to remove it or make it safe. If it appears that such structure would be specially unsafe in case of fire, it shall be deemed dangerous within the meaning hereof, and the inspector of buildings may affix in a conspicuous place upon its exterior walls a notice of its dangerous condition, which shall not be removed or defaced without authority from him.

Section 7. Any person so notified shall be allowed until twelve o'clock noon of the day following the service of the notice in which to begin to remove such structure or make it

TOWN OF RANDOLPH, MASS.

safe, and he shall employ sufficient labor speedily to make it safe or remove it; but if the public safety so requires and if the alderman or selectmen so order, the inspector of buildings may immediately enter upon the premises with the necessary workmen and assistants and cause such unsafe structure to be made safe or taken down without delay, and a proper fence put up for the protection of passers-by.

Section 8. If an owner, agent or person interested in such unsafe structure refuses or neglects to comply with the requirements of such notice within the time limited, and such structure is not made safe or taken down as therein ordered, a careful survey of the premises shall be made by a board consisting in a city of the city engineer, the chief engineer of the fire department and one disinterested person to be appointed by the inspector of buildings and in a town of a surveyor, the chief engineer of the fire department and one disinterested person to be appointed by the inspector of buildings. If there is no city engineer in such city or no chief engineer of the fire department in such city or town, the mayor or selectmen shall designate one or more officers or other suitable persons in place of the officer so named as members of said board. A written report of such survey shall be made, and a copy thereof served on such owner, agent or interested person.

Section 9. If such report declares such structure to be dangerous, and if the owner, agent or person interested continues such refusal or neglect, the inspector of buildings shall cause it to be safe or taken down, and costs and charges incurred shall constitute a lien upon the land upon which the building is located and shall be enforced within the time and in the manner provided for the collection of taxes on land; and such owner or interested person shall, for every day's continuance of such refusal or neglect after being so notified, forfeit to the city or town in which the structure is located not less than ten or more than fifty dollars.

Section 10. An owner or interested person aggrieved

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

by such order may have the remedy prescribed by section two of chapter one hundred and thirty-nine; but this section shall not prevent the city or town from recovering the forfeiture provided in the preceding section from the date of the service of the original notice, unless the order is annulled by the jury.

Section 11. If an owner or interested person lives out of the commonwealth, the notice required by section six may be served upon him by a notary public, whose certificate of service under his notarial seal shall be sufficient evidence thereof.

Section 12. The supreme judicial or superior court may restrain the construction, alteration, repair, maintenance or use of a building or structure in violation of any ordinance or by-law of a city or town and order its removal or abatement as a nuisance; and may restrain the further construction, alteration or repair of a building or structure reported to be dangerous, under a survey authorized by section eight, until the determination of the matter, as provided in section ten.

ARTICLE 1

ORGANIZATION-PERMITS AND PLANS

Section 1. There shall be in the Town of Randolph a department for the Inspection of Buildings.

Section 2. The officer of said department shall be called the Inspector of Buildings, who shall be an experienced builder, engineer or architect. He shall be appointed by the Selectmen, in March of each year and shall hold office for one year beginning with the first day of April following his appointment and until his successor is appointed. His compensation shall be regulated by the Selectmen subject to the approval of the Town at an annual or special town meeting.

Section 3. Whenever the word "Inspector" without further addition occurs in these regulations, it means the Inspector of Buildings.

TOWN OF RANDOLPH, MASS.

Section 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

Section 5. The Inspector may, so far as it is necessary for the performance of his duties, enter any building or premises within said town at any reasonable hour.

Section 6. The Inspector of Buildings in his capacity as inspector of buildings, or his assistants, shall examine all buildings in the course of erection, alteration or repair, as often as practicable.

Section 7. No building shall be erected, enlarged, altered, raised, moved or 'torn down, nor shall any work of like nature be done upon any structure, except ordinary repairs, until written application for a permit therefor shall have been filed with the Inspector of Buildings, accompanied by a true copy of the plans and specifications, nor until the Inspector of Buildings shall have had opportunity to inspect the plans and specifications and the premises in question. If upon such inspection the plans and specifications conform to the building laws, the Inspector of Buildings shall thereupon issue a written permit for the work. If upon inspection it is found that the plans and specifications are not in conformity with the requirements of the building laws, or if the proposed work does not appear safe and free from danger from fire, the Inspector shall withhold such permit.

Section 8. Applications for permits shall be in writing upon blanks furnished by the town, and shall be directed to the Inspector, who shall keep a record of the same.

Section 9. All plans and specifications deposited under Section 7 shall be dated and signed by the Inspector immediately upon being received by him.

Section 10. It shall be the duty of the Police Department to ascertain if the required permit has been granted for all work in progress and said department is to notify the

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

owner or builder to obtain such permit at once, before proceeding further with the work.

Section 11. The Inspector of Buildings shall not give a permit for the erection or alteration of any building or other structure until he has carefully examined the plans, specifications or description thereof, and ascertained that the building or structure will be of sufficient strength and have sufficient means of ingress and egress, and that its proposed location does not encroach upon any street, square or other public place, and that the building or structure will conform to law and to the by-laws of the town.

Section 12. The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions, or for a steel frame or reinforced concrete or of any type of construction not particularly described in these by-laws.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

Section 13. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event and no work shall be commenced until a permit is issued.

Section 14. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within six (6) months from the date thereof.

Section 15. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

Section 16. Every permit by the Inspector shall state

TOWN OF RANDOLPH, MASS.

the purpose for which the building is to be used, and the conditions, if any, under which it is granted. A copy of each permit issued shall be recorded and said records shall be preserved.

ARTICLE 2.

DEFINITIONS OF WORDS AND TERMS

APARTMENT HOUSE. A building divided into suites of rooms, each suite intended for the residence of one family and containing the conveniences of a modern dwelling, including facilities for cooking.

BASEMENT. A lower story partly under ground, but which in average is at least one-half above the main grade of the adjoining ground.

CELLAR. A lower story either wholly under ground or in the average more than one-half below the main grade of the adjoining ground.

DWELLING. A building used, or constructed, or adapted to be used, wholly, or principally, for human habitation.

FIRST-CLASS BUILDING. A building of fireproof construction throughout.

SECOND-CLASS BUILDING. A building not of the first class, the external and party walls of which are of brick, stone, iron, concrete or other equally substantial and non-combustible material.

THIRD-CLASS BUILDING. A building not of the first or second-class.

FOUNDATION. That part of a wall below the level of the street curb; or, where the wall is not on the street, that portion of the wall below the level of the highest ground next to the wall; but foundations of party or partition walls may be construed by the Inspector to mean that portion below the cellar floor.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

HOTEL. A building or part thereof intended, designed or used for supplying food and shelter to transients or guests, and having a general public dining room or cafe or both.

HEIGHTS OF A BUILDING. The vertical distance of the highest point of the roof above the average grade of the curbs of all the adjoining street, or the average grade of the natural ground adjoining the building (if not below the grade of the curb.)

HALF STORY. A story included in the roof of which the floor area of the rooms is not more than seventy-five per cent of the area of the ground floor.

BLOCK GRANITE. A block uniform in size, one dimension of which shall not be less than the thickness of the wall in which it is to be laid.

ALTERATION. Any change in or addition to any building or any change in or addition to any other structure which converts the same into a building within the meaning of this article.

BUILDING. Any structure of which any portion is designed or used for human habitations, for a garage, barn or stable, for any manufacturing, industrial or mercantile purpose for a place of public resort or assembly or which is used in connection with the storage or sale of petroleum or any of its derivatives of any other structure not herein before described which is more than eight feet in length or breadth or more than seven feet in height measuring to the extremities of all parts.

PUBLIC BUILDING. A building used or constructed, or adapted to be used in whole or in part as a church, school, hospital, theatre, hotel, or place in public assemblage, or public resort.

EXTERNAL WALL. Every outer wall or vertical enclosure of any building other than a party wall, and shall

TOWN OF RANDOLPH, MASS.

include piazzas, bay windows, covered porches and other ordinary and usual projection.

PARTY WALL. A wall that separates two or more buildings and is used or adapted for the use of more than one building.

UNDERPINNING. The brick, stone, or concrete wall above the foundation to the under side of the sill.

SOLID WALL. A wall without openings of any kind therein.

WOODEN BUILDING. Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal shall be deemed to be wood structures.

ARTICLE 3.

FOUNDATIONS.

Section 1. Every wooden building shall have a foundation of stone, concrete or brick carried up to the surface of the ground, and the foundation, if of concrete, shall be not less than ten inches thick; if of stone, it shall be not less than sixteen inches thick and laid in cement mortar, in which the amount of sand shall not exceed three times the aggregate amount of cement and lime. The sand used shall be clean sharp sand. If of block stone the foundation shall be not less than sixteen inches thick and laid in equally good mortar with headers extending through the wall every four feet in each direction.

Section 2. The underpinning above ground of a wooden building, if of brick or approved concrete masonry shall be not less than eight inches thick.

Section 3. Such part of the foundation wall of a wooden building as may be below the grade of the cellar bottom may be laid of large stones without mortar, provided the wall is at least two feet thick.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

Section 4. Such buildings or structures as the Inspector shall approve may rest on trench walls carried four feet below grade, on foundation walls laid without mortar or on brick or concrete piers. Such piers shall rest on a solid footing extending four feet below grade.

Section 5. In all buildings having masonry walls, foundation walls, if of brick, shall be at least **four inches thicker** than the wall directly above, and shall rest on a concrete footing at least twelve inches wider than the wall and one foot thick. Where rubble is used the wall shall be thoroughly bonded. Foundation walls shall be thick enough to resist lateral pressure and the Inspector may order an increase of thickness for that purpose. They shall be laid solid in cement mortar, as described in Section 1. Such walls if of rubble stone, shall be at least twenty inches thick, and at least eight inches thicker than the wall above. If of block stone, they shall be at least eighteen inches thick and at least four inches thicker than the wall above.

Section 6. In no case shall the bearing on the earth exceed the following unit pressure:

	Tons per sq. ft.
Solid ledge rock	75
Shale, and hard pan	6
Gravel, compact sand and yellow clay, dry or wet sand, of coarse or medium size grains	4
Hard blue clay mixed or unmixed with sand, disinte- grated ledge rock	4
Medium stiff or plastic clay mixed or unmixed with sand, or fine dry sand	3
Fine grained wet sand (confined)	2
Soft clay protected against lateral displacement	1

Section 7. Any building hereafter constructed with a timber floor but without a cellar, shall have a space of at least 30 inches, properly drained and ventilated and free from rubbish and organic matter, between the ground, within the wall of the building, and the under side of floor beams.

TOWN OF RANDOLPH, MASS.

Section 8. All buildings without a cellar but with a central heating plant shall have a room for this purpose of sufficient size to allow 18 inches of clear space around the heating plant. All heater rooms shall be separated from other rooms in the building, walls, floors and ceilings, having a fire resistance rating of not less than one hour. All heater rooms must be properly vented to the outside air.

Section 9. If any portion of any building used in whole or in part for human habitation, is used or adapted for a garage or for the storage of any motor vehicle, the ceiling of the room or rooms so used and the partitions between such room or rooms and the other portions of the building shall be made of metal lath and three coats of cement plaster or of such other construction as would be permissible in a first class building.

ARTICLE 4.

CHIMNEYS, FLUES AND FIRE STOPPING

Section 1. No chimneys shall be cobbled from a wall more than the thickness of the wall, nor be hung from a wall less than twelve inches thick nor rest upon or be supported in any way by wood.

Section 2. All chimneys shall be built of brick or stone laid solid in best lime mortar, or Portland Cement mortar, as described in Article 3, Section 1.

Section 3. All brick flues shall be smoothly plastered with mortar on the outside from the cellar ceiling to the under side of the roof, after having been examined and approved by the Inspector of Buildings, except that walls of flues eight inches in thickness need not be plastered on the outside.

Section 4. The walls of boiler, oven, furnace and range flues must be at least eight inches thick to under side of the roof, or lined with terra cotta flue linings extending full height of chimney, in which case the brick walls may be four inches thick, if approved by the Inspector of Buildings.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

Section 5. The sectional area of every flue must be at least equal to the combined area of all smoke flues entering it.

Section 6. All chimneys shall be topped out with brick, stone, terra cotta or concrete at least three feet above the highest point of contact with roof and at least two feet above any roof surface within ten feet in a horizontal direction.

Section 7. No woodwork of any kind shall be placed at less distance than one inch from the outside wall of any flue; and no nail shall be driven into the masonry wall of any flue which is less than eight inches thick.

Section 8. The jambs and back of all fireplaces, range or grate openings shall be at least eight inches thick.

Section 9. Brickwork over such openings shall be supported by proper iron bars or brick or stone arches.

Section 10. All hearths shall be laid on brick or stone trimmer arches or on bars of iron supporting a proper bed of brickwork, and shall be at least eight inches longer than the fireplace opening, at least eighteen inches wide in front of the chimney breast.

Section 11. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one foot.

Section 12. Hot air pipes in floor between joists shall be covered with incombustible materials. Hot air pipes in partitions of new buildings or in such alterations as require new lath and plastering shall be covered with incombustible materials.

Section 13. No wood shall be placed within one inch of any smoke flue. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve inches to any woodwork unless it is properly guarded

TOWN OF RANDOLPH, MASS.

by metal shields; if so guarded smoke pipes shall be not less than six inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Section 14. Steam or hot water heating pipe shall not be placed within one inch of any timber or woodwork, unless the timber or woodwork is protected by a metal or other fireproof shield; then the distance shall be not less than one-half inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one inch larger in diameter than the pipe—having a metal cap at the top—or by a suitable fireproof wrapper.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof material only.

Section 15. If any chimney flue or heating apparatus shall, in the opinion of the Inspector of Buildings, be unsafe, he shall at once notify in writing the owner, agent or any other party having an interest in the premises, who upon receiving said notice, shall make the same safe to the satisfaction of the Inspector.

Section 16. All buildings used for dwellings, apartments, hotels or offices and all public buildings hereafter erected shall have firestops in the interior composed of cement, plaster, mortar, or some incombustible material set solid in mortar, in the following manner: In brick and stone buildings the space between all furring on the walls and between the studding of all bearings partitions shall be filled

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

solid and flush to a height of four inches above the floor joists in each story.

The spaces between such parts of floor joists as rest upon partition head shall also be filled with the firestopping, above referred to, to the same width as studding above.

In wooden buildings the space between the floor joists under partitions and between joists resting on sill and girders shall be stopped sufficiently with incombustible materials to a height four inches above floor joists to check effectively any draught from one story to another or from the horizontal space between floor joists to the vertical spaces in walls and partitions.

In all buildings the spaces between stringers of stairs, and joists of landings, unless unceiled, shall be firestopped with suitable, incombustible material sufficient to prevent the passage of air.

The spaces around chimneys inside of studding or furring making air ducts are to be thoroughly firestopped with suitable incombustible materials.

ARTICLE 5.

CONSTRUCTION

Section 1. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the superstructure; shall be built with sills halved at all intersections. Posts, sills and girts shall not be less than four by six inches, the plates four by four inches, or its equivalent, and the studs two by four inches, not more than sixteen inches on centers, and resting upon sills, girders, or plates. Floor-bearing partitions will have studs two by four inches, the bottom resting on girders of not less than six by eight inches, the stud to have a suitable cap, and the studs in the intermediate stories to have a footing on the cap. All door openings will be trussed over the same, as also all self-supporting walls and partitions above

TOWN OF RANDOLPH, MASS.

the first floor. The attic floor may be supported by a ledger board, not less than 1x6, cut in the wall studs, but between the studs a two-inch plank; by the width of the studs shall be cut in, to prevent the passage of air. No ceiling timbers above the top floor shall be less than two by six. All timbers resting on brick walls shall be cut on a splay, and will have suitable anchor irons on the ends of timbers every four feet and a continuous tie made across the wall where the timbers meet, and the opposite end spiked to the outside studs. All headers and trimmers of all openings over four feet square, and all timbers under cross partitions shall be doubled.

Section 2. Minimum sizes of structural members of wood specified in this Article refer to net sizes, for which the American Lumber Standard pressed sizes shall be accepted as minimum. In all dwelling houses the allowable span of fir and spruce timbers shall not be more than the following:

<i>Distance between Bearings Span of</i>	<i>Size of Joist</i>	<i>Distance on Centres</i>
Up to 8 feet	2 x 6 inches	16 inches
Over 8 " to 12	2 x 8 "	16 "
" 12 " to 16	2 x 10 "	16 "
" 16 " to 20	2 x 12 "	16 "

Or of sizes giving their equivalent in strength of floor.

The attic floor joist in dwellings can be one inch less in depth than is given in the above table, and any attic whether finished or unfinished, that can be used for storage purposes, shall have the same strength.

Floor joist for buildings other than dwellings shall be designed to support the liveload as listed in Section 13.

Section 3. Maximum span for wood roof rafters shall not be greater than the following:

<i>Size of rafters</i>	<i>Spacing</i>	<i>Maximum clear span</i>
2 x 4	20"	Up to 6'

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

2 x 6	20"	6' to 12'
2 x 8	20"	12' to 16'
2 x 10	20"	16' to 20'

Clear span shall mean the distance measured horizontally from outside of plate to point beneath the ridge.

Section 4. There shall be a ridge board two inches or its equivalent in thickness at all ridges and a valley rafter at all valleys. The depth of the ridge board and valley rafter shall be not less than the cut end of the abutting rafter.

Section 5. All openings in roof construction for dormer windows shall be framed with double rafters and headers.

Section 6. Partitions shall be bridged at least once in every 8 feet. When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest of the header of partition below.

Section 7. Headers of carrying partitions shall be at least two inches by four inches in size, doubled and of hard pine, fir or equal.

Section 8. All wooden header beams more than four feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

Section 9. All wooden beams of floors or flat-roofs shall be properly bridged with cross bridging at least one inch by 3 inches in size, and the distance between bridging shall not exceed eight feet.

Section 10. Every wooden beam, except header beams, shall rest four inches in the wall at each end, or upon a girder or column unless the wall is properly corbeled out four

TOWN OF RANDOLPH, MASS.

inches, in which case the brickwork or corbeling shall extend to the top of the floor beams.

Section 11. Second-hand structural materials shall not be used without the approval of the Inspector of Buildings. All timbers shall be of good sound material and free from imperfections whereby the strength may be impaired.

Section 12. Dead loads shall consist of the weight of walls, floors, roofs and permanent partitions. The weights of various materials shall be assumed as follows:

	<i>Pounds per cu. ft.</i>
Beech	42
Birch	42
Brickwork	120
Concrete, cinder, structural	108
Concrete, cinder, floor filling	96
Concrete, stone	144
Douglas, fir	36
Granite	168
Granolithic surface	144
Limestone	150
Maple	42
Marble	168
Oak	48
Pine, southern yellow	42
Sandstone	144
Spruce	30
Terra Cotta, architectural, voids, unfilled	72
Terra Cotta, architectural, voids filled	120

	<i>Pounds per sq. ft.</i>
Gravel or slag and felt roofing	6
Plastering on metal lath, exclusive of furring	8

Section 13. Live loads shall include all loads except dead loads. All floors and stairs shall be of sufficient strength to bear safely the weight to be imposed thereon in

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

addition to the dead load, and in any event shall safely support a minimum uniformly distributed live load per square foot as specified in the following table:

	<i>Pounds per sq. ft.</i>
Apartment Hotels	50
Apartment Houses	50
Assembly Halls	100
Dwellings	40
Factories	125
Garages (passenger vehicles only)	125
Grand Stands	125
Hotels and Hospitals	50
Machine Shops	200
Office buildings, first floor	100
Office buildings, above first floor	50
School buildings	50
Heavy Storage buildings	250
Light storage buildings	100
Stores	100
Flat Roofs to 15° pitch	40

Section 14. Brick must be of hard-burned clay, sand-lime or cement, and, except for nogging, fire-stopping and non-bearing or cutrain walls not exposed to the weather shall be hard and strong. Second-hand bricks shall be thoroughly cleaned before using.

Section 15. All brickwork shall be well laid and bedded with joints filled and flushed with mortar at every course.

Section 16. In brick walls every seventh course shall be a header course except where walls are faced with brick in Flemish bond, in which case the headers of every seventh course shall be full brick and bonded into the backing.

Face brick shall be laid at the same time as the backing and shall in no case be laid after the backing is in place.

Section 17. Brick veneer on wood frame buildings shall

TOWN OF RANDOLPH, MASS.

be bonded by proper galvanized metal or other approved ties at least 12" vertically and 2'-0" horizontally. This shall also apply to veneer of stone, concrete or terra cotta with each course bonded vertically.

Section 18. Eight inch hollow concrete building blocks may be used in dwellings not more than two stories in height and in other buildings, one story in height, with floor area of not over 1200 sq. ft.

Section 19. All walls, partitions, joists, rafters, beams, and girders of hollow concrete block buildings shall be anchored, tied or strapped as required for brick buildings.

Section 20. Concrete lintels and sills shall be reinforced by iron or steel rods in a manner satisfactory to the Inspector of Buildings and any lintels spanning over four feet six inches in the clear shall rest on solid filled concrete blocks. Whenever walls of hollow concrete block buildings are decreased in thickness, the top course of the thicker wall shall be made solid.

Section 21. Wherever a girder or joist in a hollow concrete blocks building transmits a load of two to five tons, the supporting block shall be filled with cement, where such transmitted load exceeds five tons, the blocks for at least two courses below and for a distance extending at least eighteen inches on either side of said girder or joist shall be solidly filled with cement.

Section 22. Hollow concrete building blocks shall be equal to standard tested concrete blocks.

Section 23. For first and second class buildings of the dwelling house type the minimum thickness of every party, external, bearing and dividing brick wall, except when framed of steel or reinforced concrete, shall be in accordance with the following table:

	B	1	2	3	4	5
One Story	12	8				
Two Stories	12	12	8

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

Three Stories	16	12	12	12
Four Stories	16	16	12	12	12
Five Stories	20	16	16	12	12	12

Section 24. For first and second class buildings of all other types the minimum thickness of every external, party, bearing and dividing brick wall, except when framed of steel or reinforced concrete, shall be in accordance with the following table:

	STORIES					
	B	1	2	3	4	5
One Story	12	12
Two Stories	16	12	12
Three Stories	16	12	12	12
Four Stories	20	16	16	12	12
Five Stories	24	20	16	16	12	12

Section 25. Every non-bearing wall of brick shall have a minimum thickness of one-fifteenth of its height per story.

Section 26. Every wall constructed of hollow concrete blocks or terra cotta shall be as thick as is required for a brick wall.

Section 27. Every wall constructed of rubble masonry shall be at least six inches thicker than is required for a brick wall.

Section 28. Every building or structure hereafter erected and all new construction in the alteration of any existing building or structure shall be so designed and constructed that the working stresses fixed in this section are not exceeded. In using these stresses, the effects of all loads and conditions of loading and the influence of all forces affecting the design and strength of the several parts shall be taken into account.

Section 29. Higher stresses than herein specified may be used, but only if it is clearly established, by test or other satisfactory evidence, that material of a higher grade or

TOWN OF RANDOLPH, MASS.

a superior workmanship than is generally provided in accepted good practice is to be employed. The use of higher stresses, however, shall not be allowed until a statement the facts and circumstances on which it is based, is made a part of the plans on file.

Section 30. The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Yellow Pine Dense Grade	Yellow Pine Sound Grade	Douglas Fir Dense Grade	Spruce	White Pine	White Oak
Bearing across grain	350	250	200	200	200	500
Bearing with grain	1200	900	1000	750	700	900
Bending	1600	1200	1100	1000	1000	1400
Shear with grain	120	100	100	80	80	120

Section 31. Timber compression members shall not be used in greater unstayed length than thirty times the least dimension for isolated columns for forty times their least dimensions for columns in partitions or truss members.

For centrally loaded timber compression members the safe load per square inch shall be as follows:

Length divided by least dimension	Yellow Pine Dense Grade	Yellow Pine Sound Grade	Douglas Fir Dense Grade	Spruce	White Pine	White Oak
10 or less	1000	750	840	620	585	750
15	900	675	750	560	525	675
20	800	600	660	500	465	600
25	700	525	580	440	405	525
30	600	450	500	380	350	450
35	500	375	420	320	290	375
40	400	300	330	250	230	300

Section 32. Any body of masonry less than four feet long in its greatest horizontal dimension shall be called a pier. The height of a pier between openings having a continuous wall above or below them shall be assumed equal to the height of the opening. The height of a pier or wall supporting floors or roofs shall be assumed as the distance from top of footing or floor to under side of floor or roof beams.

The stresses in materials used in the construction of all buildings, produced by their own weight and the loads here-

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

in specified, shall not exceed the limits assigned in this article.

Section 33. The working stresses, in pounds per square inch, in steel shall be taken as follows:

Tension	18,000
Compression in short lengths when the lateral direction is prevented	18,000
Compression in columns, maximum	15,000
Extreme fiber stress in flexure, in tension and in compression when unsupported length is not more than fifteen times the breadth	18,000

Section 34. The working stresses, in pounds per square inch of cross-section, for steel columns and struts, shall vary with the ratio of unsupported length to least radius of gyration of the section, as follows:

For a ratio of:

200	5,588	130	9,284	90	12,414
190	5,989	120	10,000	85	12,844
180	6,429	115	10,376	80	13,279
170	6,908	110	10,764	75	13,714
160	7,431	105	11,163	70	14,148
150	8,000	100	11,571	65	14,578
140	8,617	95	11,989	60	15,000

For intermediate ratios the working stresses shall be proportioned to those given. For structural members subjected to stress due to dead-loads or live loads, the ratio of one hundred and twenty shall not be exceeded. For members subjected to stresses due only to wind or vibration the ratio of two hundred shall not be exceeded.

Natural Stone. The working stresses in pounds per square inch, on natural stones in compression, shall be taken as follows:

Sandstone	400
Marble	600
Limestone	600

TOWN OF RANDOLPH, MASS.

Slate	600
Granite	600

Section 21. The working stresses, in pounds per square inch, in masonry in compression shall be taken as follows:

	Portland Cement Mortar	WHEN LAID IN Cement Lime Mortar	Lime Mortar
Brickwork, common	175	140	75
Hollow walls of brick	125	100
Ashlar Masonry, dressed granite	600	500	400
Ashlar Masonry, dressed limestone	500	400	250
Ashlar Masonry, dressed marble	500	400	250
Ashlar Masonry, dressed sandstone	400	320	160
Rubble Stone	140	100
Hollow-block, gross area	80	70
Solid-block, gross area	125	100
Concrete, when Portland Cement is used (1-2-4-Mix)	500
Grout, neat Portland Cement, in thin layers under bases only	1000		

In walls faced with stone, architectural terra cotta or other approved facing material, only the backing shall be assumed to take the load and the working stress in such backing shall be taken as that prescribed for the type of masonry used as backing; provided that when such facing is stone ashlar bonded with the backing to the extent of twenty per cent, the wall for its entire thickness may be assumed to carry load and the working stress shall be taken as that prescribed herein for the type of masonry used as backing.

Section 22. The working stresses in pounds per square inch, in reinforced concrete construction (not less than 1-2-4 mix) shall be taken as follows:

Extreme fiber of concrete, in compression	800
Plain concrete in direct compression (over 1/3 area)	750
Concrete in shear	40
Concrete in shear, when diagonal tension is resisted by steel	120

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

Bond between concrete and steel	80
Bond between concrete and approved de- formed bars	100
Steel reinforcement, in tension	18,000
Cold drawn steel wire, in tension	20,000

Section 23. No plain concrete bearing pier shall have a greater height unsupported laterally than six times, and no brick pier greater than nine times, its least dimension. No brick or plain concrete bearing wall, unless it is properly braced by cross walls, piers or other means, shall have a greater height unsupported than sixteen times its least dimension.

Section 24. All materials shall be of such quality for the purposes for which they are to be used as to insure, in the judgment of the Inspector, ample safety and security to life, limb and neighboring property. The Inspector shall have the power to reject all materials which in his opinion are unsuitable, and may require test to be made by the architect, engineer, builder or owner to determine the strength of the structural materials before or after they are incorporated in a building, and may require certified copies of results of tests made elsewhere from the architect, engineer, builder, owner or other interested persons.

Section 25. Hollow cast iron columns, if used, shall be shown by measurements and tests satisfactory to the Inspector to be of practically uniform thickness and free from blow holes.

Section 26. All mortars shall be made with such proportion of sand as will insure a proper degree of cohesion and tenacity, and secure thorough adhesion to the material with which they are used and the Inspector shall condemn all mortars not so made.

Mortar below level of water shall be no poorer than one part Portland Cement and three parts sand.

TOWN OF RANDOLPH, MASS.

All masonry shall be laid in cement mortar, or equally suitable material satisfactory to the Inspector.

The Inspector may allow lime mortar in setting stone where cement will stain. Cement shall conform to the specifications of the American Association for Testing Materials, as modified from time to time by the association.

Section 27. Concrete shall be used immediately after mixing; it shall not be placed in the work after it has begun to harden, and it shall be deposited in such manner and under such regulations as to secure a compact mass of the best quality for the proportions used. Forms shall remain until the concrete has hardened, so as to be able to carry a load safely, and shall be removed without jar.

Section 28. Under the prescribed loads, beams shall be so proportioned that the deflection shall not exceed one three-hundred-and-sixtieth ($1/360$) of the span.

Provisions for wind bracing shall be made where necessary and all buildings shall be constructed of sufficient strength to bear with safety the load intended to be placed thereon, in addition to the weight of materials used in construction.

Section 29. No cutting for piping of any other purpose shall be done which would reduce the strength of any part of the structure below what it required by the provisions of these by-laws.

Section 30. The roof of every building hereafter built, or when 25 % or more of the surface of any existing roof is renewed, shall be covered with slate, tar and gravel, suitable asphalt shingles or other incombustible or fire resistive material where slate or asphalt shingle roof is made to replace an existing wood shingle roof the existing wood shingles shall be removed.

ARTICLE 6.

ELECTRIC WORK

Section 1. There shall be in the town of Randolph an Inspector of Electric wiring. The inspector, who shall be an experienced licensed electrician, shall be appointed by the selectmen, in March of each year and shall hold office for one year beginning the first day of April following his appointment and until his successor is appointed. His compensation shall be regulated by the Selectmen subject to the approval of the town at an annual or Special Town Meeting.

Section 2. *Application for Permit.*

A. Shall be in writing on printed application furnished by this office. Applicant shall be licensed in Accordance with the Laws of the Commonwealth of Massachusetts, State Examiners of Electricians.

B. Permit must be obtained before starting work.

C. Fees shall accompany the application and shall be refunded if permit is not granted.

Section 3. *Fees.*

A. Original installations \$3.00

B. Repairs or additional installations equal to or greater in extent than fifty per cent of the installations already approved. \$2.00

C. Repairs or additional installations not greater in extent than fifty per cent of the installation already approved. \$1.00

Section 4. *Service.*

A. The top of service pipe or cable must be at least 18 feet above the ground unless the eaves at this point of service entrance are less than 18 feet, in which case the pipe or cable must be to the eaves, within at least 2 feet of the corner of house and 2 feet of wire for service connection.

TOWN OF RANDOLPH, MASS.

B. All services must be three wire with not less than 60 ampere switch.

C. All meters to be located outside of building whenever possible, except in the case of underground service.

D. Service switches on load side of service will be not allowed in coal bins or inaccessible places.

E. All meter loops (where more than one is installed) must be marked showing part of the service to be registered.

Section 5. *Grounding or Service Bonding.*

A. The ground wire from the service switch to street side of water meter shutoff shall be run in $\frac{1}{2}$ inch conduit, bonded at both ends using not less than No. 8 ground wire or Bare No. 6 wire may be used if protected against mechanical injury.

Section 6. *Wiring.*

A. Special attention must be given to the mechanical execution of work, and all wiring must be securely fastened.

B. Outlet boxes, switch boxes, junction boxes and cutout cabinets must be of galvanized or other non-corrosive material, and shall be securely fastened with screws unless otherwise permitted by the inspector.

C. Four inch outlet boxes with fixture studs shall be used in ceiling outlets in concealed work in new buildings.

D. In private residences and apartments not more than ten butlets shall be allowed on one circuit.

E. Bathroom toilet and lavatory lights must be controlled by switch.

F. All fixtures must be grounded, and all sockets must be polarized.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

G. Receptacle outlets in kitchen, dining room and laundry must be installed on 20 ampere circuit with No. 12 wire.

H. All B x or open wiring in garages, basements, cellars or other buildings must be run parallel with timbers or, when run crosswise with timbers, be fastened to back boards, unless otherwise permitted by the Inspector.

I. All splices must be made, soldered, compounded and taped, or by other approved methods, leaving exposed only the ends of the proper wires for connection to fixtures, switches, receptacles, etc., before rough wiring shall be approved.

J. Bell transformers must be enclosed in fireproof cabinets on separate circuit, properly fused.

K. Bell wire must be rubber covered.

L. Ranges must be wired with not smaller than No. 6 wires and each range must be grounded.

M. Oil burners electrically driven or operated shall have externally operated switch located at the head of cellar stairs, unless otherwise permitted by inspector.

N. Electric Signs must be wired on separate circuit in conduit.

O. In all business blocks, stores, office buildings, public buildings, etc., all wiring shall be No. 12 or larger.

P. Window lights shall be on separate circuits and controlled by wall switches.

Q. In blocks of three stores or less the sub-mains must be at least 3 No. 6 conductors run continuous to each store, with a pull box not smaller than 6" x 9" x 4" installed at each meter location.

TOWN OF RANDOLPH, MASS.

R. In blocks of more than 3 stores the sizes of mains shall be determined by the Inspector.

S. 3 Phase wiring must be in rigid conduit.

T. All underground wiring shall be in galvanized conduit unless otherwise approved by the Inspector.

U. All conduit, boxes and fittings shall be galvanized, no black conduit shall be used except by permission of Inspector.

Section 7. The inspector shall be the sole judge of what constitutes the proper and safe installation of electrical conductors, appliances, or devices, and is authorized to make such rules and regulations as he may deem necessary to insure the safety of such installations.

Whenever, in the opinion of the Inspector, any electrical conductors, appliances or devices are in a dangerous condition, he is authorized to cause the electric current to be shut off, unless the condition is remedied within a reasonable time after notice is given or sent to the owner or user of the defective conductors, appliances or devices.

Twenty-four (24) hours notice shall be given to the Inspector when work is ready for inspection, and no wiring or conduits shall be covered until approved by the Inspector.

Except where inconsistent with the foregoing rules the National Electric Code will govern, and hereby made a part of these rules and regulations.

ARTICLE 7.

Section 1. There shall be established in the town a board to be known as the Board of Appeal, consisting of five members, two of whom shall be the Inspector of Buildings and the Chief of the Fire Department and three shall be ap-

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

pointed by the Selectmen. Upon the acceptance of this Article by the Town of Randolph, the Selectmen shall appoint one member to serve for one year, one member to serve for two years, and one member to serve for three years and each year thereafter shall appoint one member to serve for three years.

One of the members appointed by the Selectmen shall be a practical builder or architect. The term of office of the members shall be three years. The Selectmen shall fill all vacancies.

The members of said board shall be residents of the town. No member shall act in any case in which he is interested and in case any member is so disqualified or is absent from illness or other cause, the remaining members shall designate a substitute. Every decision of the Board shall be in writing and shall require the assent of at least three members. The Inspector of Buildings shall be chairman of the board and shall not vote except in case of a tie.

Section 2. An applicant for a building permit whose application has been refused by the Inspector of Buildings may appeal therefrom within thirty days to the Board of Appeal. A person who has been ordered by said Inspector to incur any expense may, within ten days after being notified of such order, appeal therefrom by giving notice in writing of his appeal to the said Inspector. The notice or a certified copy thereof, shall at once be transmitted by the Inspector to the Board of Appeal. After notice given to such persons as the board shall order, a hearing shall be held, and the board shall affirm, annul or modify said refusal or order. The board may dispense with and vary the application or enforcement of the building regulations of said town in cases which do not appear to them to be within the intent of said regulations, or in cases where a literal interpretation thereof would result in manifest injustice, provided that the dis-

TOWN OF RANDOLPH, MASS.

pending decision shall have the approval of at least four members of the board and shall not conflict with the spirit of the building laws, or said regulations. Such a decision shall specify the variations allowed and the reasons therefor, and shall be filed in the office of the said Inspector within ten days after the hearing. A certified copy thereof shall be sent by mail or otherwise to the applicant and a copy kept publicly posted in the office of said Inspector for two weeks hereafter. If the order or refusal of the Inspector is affirmed, such order or refusal shall have full force and effect. If the order or refusal is modified or annulled, the said Inspector shall issue a permit in accordance with such decision. The provisions of this section shall also apply to the refusal of a permit or to a similar order of the Inspector of Plumbing of said town.

Section 3. Methods of construction or maintenance equivalent to those required by the provisions of said building regulations may be allowed with the written consent of the Inspector of Buildings and of the Board of Appeal, and the same shall in all cases be specified. A record of the required method and of the equivalent method allowed shall be kept in the office of said Inspector. It shall be the duty of the Board of Appeal to submit to the Selectmen on or before the first day of February of each year a report giving a summary of all its decisions, together with such recommendations for revision of the building regulations as may seem to it advisable.

Any requirement necessary for the strength or stability of any proposed structure or for the safety of the occupants thereof, not specifically covered by said building regulations, shall be determined by the Inspector of Buildings, subject to appeal.

Section 4. Nothing in these regulations contained shall be construed to require the alteration of any existing structure.

ARTICLE 8.

Section 1. Willful violations of any section of these building by-laws shall be punishable by a fine of not more than one hundred (\$100.) dollars for each offence, but the enforcement of any penalty shall not affect any right of the town to proceed civilly either at law or in equity against the property constituting a violation or against the owners or occupants thereof.

FEES

Section 2. There shall be payable to the Town of Randolph the following fees for building permits for the erection or alteration of buildings within the limits of the town or such repairs as require a permit:

Erection of first class buildings and second class buildings as herein defined	\$15.00
Erection of third class buildings as herein defined	5.00
Permits for alterations, substantial repairs, tearing down of buildings, which requires a permit, the erection of sheds, poultry-houses and like small buildings valued at not exceeding one thousand dollars and not intended or used for human habitation	2.00

ARTICLE 9.

SEPARABILITY

Section 1. If any section of this By-Law or the application thereof to any person or circumstance is held invalid, the remainder of the By-Law, and the application of such

TOWN OF RANDOLPH, MASS.

provision to other persons or circumstances shall not be affected thereby.

Report of the Historian of World War II

January 10, 1947

To the Board of Selectmen:

We submit our fifth annual report as Historian of World War II Activities.

We are omitting the Honor Roll list of the men and women of Randolph who served their country in World War II. However, the omission of this Honor Roll from our report does not minimize the great importance that it will serve in the future history of the town.

Since the cessation of active hostilities in August of 1945, numbers of our young men and women have actively served in the armed forces. It is the purpose of your historian that the Honor Roll of World War II of the Town of Randolph, be complete in all details. To the goal we will strive.

We again urge that the names, records and deeds be documented in the permanent records of the Town.

Respectfully submitted,

MURRAY LEWIS, Historian
World War II Activities

Veterans Rehabilitation

January 14, 1947

To the Honorable Board of Selectmen

Randolph, Massachusetts

Gentlemen:

The Veterans Rehabilitation Committee of Randolph, in existence and functioning from January 31, 1944 until the present time, respectfully present its report for the year ending December 31, 1946.

Your Committee has kept the Information Center at the Turner Library open for the past year on Monday evenings from eight o'clock until ten o'clock. Members of the Committee have been on hand to interview all veterans, their dependents, and servicemen and women seeking information, and have provided them with the proper answers and contacts.

With the rapid discharge of many men and women from the Armed Forces, an increasing number of applicants have kept the Center busy on Monday evenings, while telephones of Committee members have been ringing continuously throughout the week. Then, too, through arrangements for the photostating of discharges, much expense has been saved the Town.

Due to the passage of Chapter 599 of the Acts of 1946 by the Legislature, this Committee ceases to function and proper steps will be taken to wind up final affairs as soon as possible.

To the new Director of Veterans' Services, his Assistant, and Advisory Committee, we sincerely extend our good

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

wishes for continued success in the work we have endeavored, under handicaps, to perform.

Once again, thanks are due to the following committee members for their continued unflagging interest on behalf of the veterans, servicemen and their dependents:—Atty. George N. Welch of the Veterans Administration; Selectman Theodore S. Luddington; Mrs. Alice Randall; Martin Young; Frank Gaffney; Eugene McAuliffe; William R. Hurley; Perley Evans; Herbert Mixer, and Edward Clark.

Respectfully submitted,

WILLIAM S. COLE, Chairman

ELLSWORTH RANDALL, Secretary

TOWN OF RANDOLPH, MASS.

Sealer of Weights and Measures

Dec. 10, 1946

To the Board of Selectmen of Randolph, Mass.

Gentlemen:

During the year of 1946, I have sealed:

Scales	107
Weights	79
Liquid Measures	60
Gasoline Pumps	47
Oil Measuring Pumps	61
Grease Pumps	12
Kerosene Pumps	3
Yard Sticks	13
Gasoline Meter 1" inlet	1
Gasoline Meter over 1" inlet	7
Resealed and tested Gasoline Pumps	16
Resealed and tested Scales	26

Inspections made:

Pedlar's licenses	4
Pedlar's scales	10

Fees collected and turned over to the Town

Treasurer		\$69.05
Salary of Sealer	\$250.00	
Transportation of Weights	44.34	
Purchase of Equipment	13.19	
Postage and supplies	2.47	
Appropriation		\$310.00

Respectfully submitted,

DANIEL P. LYONS,
Sealer of Weights and Measures

Report of Tree Warden

Randolph, January 15, 1947

To the Citizens of the Town of Randolph:

The year 1946 was a bad year for the trees of the town.

The hurricane in the early summer destroyed a number of trees and badly damaged others. Five trees will have to be removed this year as a result of the storm.

No emergency appropriation was raised to finish the work last year and it will have to be done this year.

Brush will have to be cut on a number of corners this year as some of the intersections are in bad condition.

There were no new trees planted last year and a few new trees should be set out this year.

Very truly yours,

JOHN F. MOORE,
Tree Warden.

Report of Moth Superintendent

January 15, 1947

To the Board of Selectmen,

The Moth situation was not so good last year as the east side of the town was infested with moths and badly stripped of foliage.

Spraying was done in most parts of the town.

The sprayer will need some repairs and material will have to be purchased also.

The Tent Caterpillar and Elm Beetle were very bad.

I hope the town will be able to do more spraying this year as no creosoting has been done.

Very truly yours,

JOHN T. MOORE,
Moth Superintendent.

Report of the Board of Health

To the Citizens of the Town of Randolph:

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1946.

During the year all places where food and other goods were sold were inspected by the Board and most of them were found to be clean and safe for the sale of such goods.

The Dental Clinic was conducted by Dr. Smith and Dr. Maguire, assisted by our School Nurse, Miss Helen Conlon. Examinations were made in the various schools and children needing attention were reported to the parents.

The Diphtheria Clinic was conducted by Dr. Higgins and Miss Helen Conlon, School Nurse and this was very successful. In addition to our regular Diphtheria Clinic, a Diphtheria Booster Shot was held and 1025 children were immunized. We wish to thank the parents of these children for taking advantage of this Booster Shot. We would like to thank our School Physician, Dr. Higgins and our School Nurse, Miss Helen Conlon, for the manner in which this Clinic was conducted. Also would like to thank Miss Scannell and Mrs. Health for their co-operation the many times during the year we called on them.

Communicable diseases for the year 1946 were as follows:

Chicken Pox 3; Diphtheria 3; Scarlet Fever 20; Dog Bites 49; Measles 34; Whooping Cough 1; Pulmonary Tuberculosis 3; Poliomyelitis 1.

In closing the Board wish to thank the Honorable Board of Selectmen and all other Town Officials for the assistance and courtesy given them during the past year.

GEORGE H. HENEY, Chairman
FRED A. DIAUTO
EUGENE PIGNATELLI

Report of the Planning Board

To the Citizens of Randolph:

The Town Planning Board respectfully submits its report for the year 1946.

The new board was organized at its first meeting on the third Monday in April.

It was voted that the Planning Board recommend to the Selectmen that all petitions for street lay-out and acceptance in the future, be submitted to the Planning Board for their recommendation, before being acted on by the town.

It is recognized that a serious bottle-neck to the smooth flow of traffic now exists through the center of the town and consideration is now being given to this problem. It appears at this time as though a larger public parking area in, or near the center, with roadside parking prohibited, is the answer to this problem.

Through the Planning Board the Federal Government has been petitioned to supply funds for preliminary work on a sewer system, new roads and sidewalks, public works department building, and school additions in the town.

The Board has worked amicably with the Town Building Laws Committee and finds that their proposed building laws are an excellent code, reflecting much research and work. We strongly recommend their adoption by the townspeople at the next Town Meeting.

We are aware that, to date, the town has done very little to provide recreation centers for the children of the town. We recommend that suitable lands be acquired by tax-title sales, or otherwise, to provide two new playgrounds; one in the South section and one in the North section of the town.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

We wish to thank those civic minded organizations who were so kind as to provide skating-rinks for the children during the current winter.

We thank the town officials for the help which they have given us and suggest that the facilities of the Planning Board be used to a greater degree in the coming year.

JOHN T. HANNON, Chairman

JAMES HARKINS, Secretary

Report of Inspector of Milk

To the Town of Randolph:

Report of the Milk Inspector for the year ending December, 1946.

Licenses Issued:

2 Pasteurization Permits	\$20.00
32 Store Licenses	16.00
18 Vehicle Licenses	9.00
10 Oleomargarine Registrations	5.00
9 Permits to Produce and Sell Milk	

Total	\$50.00
-------	---------

Number of Butterfat Tests made	134
--------------------------------	-----

Number of Bacteria Tests made	19
-------------------------------	----

HENRY MERRILL,
Milk Inspector

Report of Inspector of Animals

Honorable Selectmen of Randolph:

I herewith submit my report as Inspector of Animals for the year ending 1946.

Having heard from the Division of Livestock Disease Control I have inspected all barns and have found them in satisfactory condition.

There have been 18 dogs quarantined by me and also 2 heads sent to the laboratory.

There are 104 cows, 78 horses, 4 sheep, 7 goats, and 2,506 pigs.

- Respectfully submitted,

CHARLES H. TRUELSON,
Inspector of Animals

Report of Inspector of Plumbing

January 16, 1947

To the Board of Selectmen of the Town of Randolph:

I hereby submit my report as Plumbing Inspector for the year 1946.

Fifty-seven permits have been issued and the following fixtures installed:

Sixty-three water closets, fifty-one sinks, sixty wash bowls, forty-one bath tubs, six shower baths, nine wash trays, one urinal, four floor drainers, one roof leader and seventeen pressure boilers.

Due to the fact that material has been easier to obtain since the close of the war the building in Randolph has increased during nineteen forty-six and the following year has even brighter prospects.

Respectfully submitted,

THOMAS O'RILEY,
Plumbing Inspector

Report of Inspector of Slaughtering

Randolph, January 15, 1947

To the Board of Health of Randolph,
Dear Sirs:

I hereby submit my report for the official year of 1946
as follows, as Inspector of Slaughtering.

Total number inspected	471
Number of Hogs	320
Number of Cattle	116
Number of Calves	24
Number of Sheep	11
<hr/>	
Total	471

Number condemned, 4.

WESTON L. MANN,
Inspector of Slaughtering

Report of Highway Surveyor

To the Citizens of the Town of Randolph:

GENERAL

The spring of 1946 brought a serious condition to our highways, due to the amount of water in the ground, damage was caused by the freezing and thawing conditions. This same condition prevailed in all Towns and Cities in New England.

Work was started as soon as weather would permit, and in a short space of time Highways were back to normal.

The usual type of work was completed during 1946, such as sweeping, patching, grading, graveling dirt roads, cleaning brooks, catch basins and manholes. Some streets had to be rebuilt and tarred, others were patched and a new treatment of tar or asphalt was applied. Due to work completed on our Highways, they are at present in good condition. I don't believe there will be such great damage due to frost this spring.

CHAPTER 90

The following work has been completed under Chapter 90:

Drainage systems were cleaned, patching, brush cutting, cleaning gutters. Canton Street was resurfaced from North Main Street to the Canton Line, asphalt with sand covering from North Main Street to Irving Road and from Irving Road to Canton Line, crushed stone cover. A short section of Pond Street was treated with asphalt and sand, this work was approved by the State Department of Public Works.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

DRAINAGE AND CONSTRUCTION

The old culvert on Wilmarth Road was removed and was replaced by a large concrete pipe drain, which will stop the wash-out, such as existed last spring.

West and Silver Streets were rebuilt where drainage was constructed in 1945. State Street was widened and the hill was cut down as far as the street was accepted.

SPECIAL ARTICLES

Augusta-Rockerfeller Street was vastly improved as far as money permitted.

Castelton Avenue was graded, graveled, and stones were blasted and removed.

Oliver Street—brush cutting, grading, graveling and tarring was completed.

Belcher Street—a manhole was constructed in the drainage line to help clean any obstacle that may enter the system.

COLE TERRACE AND LIBERTY STREET

Cole Terrace had an appropriation of 500 dollars and Liberty Street 400 dollars for drainage.

I am very sorry to disappoint the Citizens in both these sections, and the reason they were not started is, I was promised a gas-shovel, whereby the cost would have been only an operator, but due to no fault of mine the shovel was not available before the bad weather set in, but as soon as weather permits, the two projects will be started.

SNOW REMOVAL

Th fall of snow during 1946 was fairly heavy, plus a great many freezing rain and sleet storms that required sanding and ploughing:

TOWN OF RANDOLPH, MASS.

Date of Storm 1946	Type	Work	Depth Inches	Time of Storm Hours
Jan. 12	Snow	Sanding	2	4
14	Snow	Sanding	2	3
19	Snow	Sanding	2	2
20	Snow, sleet rain	Plowing and Sanding	5	24
24	Snow, sleet, rain	Plowing and Sanding	11	24
30	Snow, sleet, rain	Plowing and Sanding	4	17
Feb. 6	Snow, sleet, rain	Sanding		11
15	Snow, sleet, rain	Sanding	1	1
19	Snow	Plowing and Sanding	13	15
26	Snow, sleet, rain	Plowing and Sanding	4	25
Mar. 11	Snow	Sanding	2	6
Dec. 2	Snow	Sanding	1½	7
20	Snow, sleet, rain	Plowing and Sanding	4	27
27	Snow, sleet, rain	Plowing and Sanding	5	37½
29	Snow, sleet, rain	Sanding		10½
<hr/> 15 storms			<hr/> 56½	<hr/> 214

This type of winter requires a great deal of plowing and sanding.

I wish to thank the Town Officials and Citizens for the fine co-operation during the past year.

Respectfully yours,

JOHN A. FREDERICKSON,
Highway Surveyor.

Report of Mass. Women's Corps

To the Board of Selectmen,
Randolph, Mass.

I herewith respectfully submit the annual, and final report for Company 25, Massachusetts Women's Corps of Randolph.

The passing of 1946 saw the end of the Massachusetts Women's Corps, as it saw the passing of the State Guard, into the annals of the history of the Commonwealth. At appropriate and stirring ceremonies the Massachusetts Women's Corps was disbanded in September of 1946 with the special honor and commendation of the Commonwealth, State-wide, and locally during the crucial years since its inception in 1941.

Up to the time of its inactivation, Company 25 continued to serve the Commonwealth and its community, participating during the year in the old clothes drives, March of Dimes collections, the Veterans' hospitals; and locally, answering to the call for blood donors, transportation for the sick from Randolph to Boston hospitals, and rendering other local community services when called upon. It was unanimously agreed among those still with the Corps upon its inactivation that the group would maintain a skeleton force ever in readiness to serve our local community in any emergency that might arise. To this end we still maintain at our old Headquarters our canteen and food staples for emergency feeding, emergency hospital supplies and minimum office equipment.

The group wishes to express its sincere thanks to the officials and citizens of the town who have so loyally and generously given of their support and cooperation during these past years to all our endeavors.

Respectfully submitted,

GRACE M. HOUSTON, Ex. Off.

For: Lt. Edith M. Christiansen,
Commanding

Report of Water Commissioners

To the Citizens of the Town of Randolph:

The sixty-first annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1946.

Organization of the Board was as follows:

Dr. William F. Maguire.....	Chairman
Frederick D. Driscoll	Clerk
William J. Almond	Associate

APPOINTMENTS BY BOARD

Marion L. Bailey	Collector
William J. Almond	Superintendent

DEPARTMENT MAINTENANCE

During the calendar year 1946 this department received applications for and installed fifty (50) new services, twenty-five services were renewed from main to line with $\frac{3}{4}$ " type K tubing. Sixty-seven service leaks were repaired—of these, thirty were renewed throughout. Four additional services were renewed and relocated and four others were discontinued.

The department had five hydrants broken during the year — three of these by autos. The Town has been fully reimbursed for cost of repairs, etc., on all three. One new hydrant was installed and two new $1\frac{1}{2}$ " road services were added to the system.

Thirty-eight service boxes, found broken, were replaced. Four services were thawed out by electricity and six services were pumped out and cleaned.

In the meter department, eighty-seven meters were removed—seventy for repairs (not registering), nine found

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

frozen and eight to be junked. Also, thirty-three new meters were placed in service.

The scarcity of materials has seriously hampered the department this year on new construction. The two main extensions approved by the Town for this year's installation, have, of necessity been placed on the 1947 calendar. This is due to the fact that pipe manufacturers could offer nothing better than a twelve month delivery. The delivery date for stock on these two projects is for May 1947 and the department expects to start work as soon as delivery is made.

JOINT ACCOUNT

At the Pumping Station, the department met with serious difficulties late in the fall. The main pump broke down and extensive repairs had to be made that were not anticipated in the Annual Budget. The department has the assurance of the repairing contractor that the pump is now in very good condition and should operate at top efficiency for several years. In view of this the department has decided to table action on the previously requested pumping unit.

Several minor repairs and changes were made at the Pumping Station this year. Also, in furtherance of a long range beautification program some new shrubbery was planted about the Pumping Station ground.

In an effort to modernize and to improve the operations of the filtration plant, the Joint Board of Water Commissioners procured the services of a chemist to make a "twice-a-day" analysis of the water and chemicals used at the plant. An accurate daily record is now kept of our water conditioning and a monthly report is forwarded to the Department of Public Health. The action taken by your Board in this matter has been highly complimented by the State Department. A breakdown of the water analysis may be seen in the ensuing charts.

Respectfully submitted,

WILLIAM J. ALMOND,

Superintendent.

TOWN OF RANDOLPH, MASS.

RULES AND REGULATIONS

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an addi-

tional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense, the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

TOWN OF RANDOLPH, MASS.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water, in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

No connection made with the main for any purpose for less than	\$6.00
---	--------

DWELLING HOUSES

Occupied by one family, for the first faucet	6.00
Each additional faucet to be used by the same family	2.00
Two or more families occupying one house, one faucet for all, each family	5.00
One faucet for each family	6.00
For first bathtub	5.00
If used by more than one family in same house, each family	4.00
Each additional bathtub	2.00
For first pan or self-acting water-closet	5.00
If used by more than one family in same house, each family	4.00
Each additional pan or self-acting water-closet	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub	3.00

HOSE

For sprinkling streets, washing windows and sim- ilar uses, $\frac{1}{4}$ -inch nozzle, to be used only on prem- ises and street opposite, not exceeding two hours per day for six months in the year	5.00
For any use not herein enumerated, special rates will be made.	
Meter Rates payable at Time of Reading.	
For not over 133 cubic feet average per day, per 100 cubic feet	.23
For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet	.19
For over 266 cubic feet average per day	.15

TOWN OF RANDOLPH, MASS.

Provided that in no case where a meter is used shall
the annual charge be less than **7.00**

Meters may be supplied by the Water Commissioners for
which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch	\$1.00 per year
Size $\frac{3}{4}$ -inch	\$1.00 per year
Size 1-inch	\$4.00 per year
Size 2-inch	\$6.00 per year

All needed repairs, damages by frost and heat excepted,
will be made at the expense of the town.

FREDERICK D. DRISCOLL,
WILLIAM J. ALMOND,
DR. WM. F. MAGUIRE,
Water Commissioners.

Report of Fire Department

January 8, 1947

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1946.

The department responded to 377 calls classified as follows:

Number of calls	377
Building Fires	63

Total number of miles covered by motorcycles	7,434
* Some arrests and summonses were served for out of town police.	

Of the 25 cases dismissed for want of prosecution, the police were complainant on 14.

***Of the 20 cases released 14 were released under Chap. 272, Sect. 45 G. L.

At this time I wish to take the opportunity to thank the Town Officials, the Finance Committee and citizens of the town for their assistance and cooperation during the past year. I wish to express my appreciation to the members of the regular police department and the Auxiliary Police Force for their fine work and cooperation in the affairs of the department.

Very truly yours,

PATRICK T. McDONNELL,
Chief of Police

TOWN OF RANDOLPH, MASS.

REPORT OF THE
Trustees of Turner Free Library

TRUSTEES

Frederick E. Knebel President
Benjamin P. Crowell Vice-President
Joseph D. Wales Secretary-Treasurer
Charles F. Blakely Philip Boyle, Theodore S. Luddington
(Selectmen of Randolph, Ex-Officii)

Mrs. Sallie W. Crawford	Arthur H. Holbrook
*Herman W. French	Mrs. Mollie F. Howard
Carl S. Gove	Roland H. Marden
John M. Pero	Raymond L. Mason
Albert C. Wilde	†Frank P. Yundt

* Resigned March 11, 1946

† Elected June 3, 1946

TO THE CITIZENS OF RANDOLPH:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1946, and being the seventy-first annual report is submitted showing the condition of the Trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seem to be of general interest.

The Library Committee reports that the books, charts, and furnishings are in good condition and that all books owned by the Library are accounted for by the Librarian.

The Building Committee reports no change in the occupancy of the premises. Repairs and renovations consisted principally of the installation of a new oil-burner and accessories, together with required changes in plumbing. The additional \$700.00 voted by the Town for this purpose was all utilized with the exception of \$4.60. The result of

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

this facility has been most satisfactory and the premises should at all times be comfortably warm hereafter. The \$1,500 appropriation for general purposes was all used during the year.

The Trustees this year request an appropriation of \$1,700 to meet the need of general repairs of the building and to the furnishings and fixtures, as such repairs may from time to time be necessary and for the general purposes of the Library. The painting of the walls, and ceilings of the hallway referred to in previous reports while most desirable and quite necessary, is being deferred for another year due to the shortage of materials and high cost of labor.

The Librarian again reports an increase in circulation, which is gratifying to the Trustees, and indicates a growing use of the library facilities by the Townspeople. The Trustees express their thanks to the donors of books and magazines given to the Library. The Trustees also thank the Librarian Mrs. Eunice B. Martin, Miss Pearl Massie, Assistant Librarian, and Miss Jean Lynch for their loyal services. The Children's Story Hour on Saturdays, in July and August was most successful due in a great measure to the good work of Miss Anna Ginnetty and Miss Stella Krupka.

It was with sincere regret that the Trustees accepted the resignation of Mr. Herman W. French, who has served on the Board of Trustees for a good many years. His cooperation and wise counsel has been much appreciated by his associates.

Mr. Frank P. Yundt of Old Street was elected a trustee to fill the vacancy caused by the resignation of Mr. French.

A copy of each of the following reports is hereunto subjoined: Report of the Librarian, Report of the Treasurer, showing receipts and expenditures of the Library, and Report of the Finance Committee.

Respectfully submitted,

FREDERICK E. KNEBEL,

President Board of Trustees

Randolph, Massachusetts,
January 15, 1947.

TOWN OF RANDOLPH, MASS.

REPORT OF THE LIBRARIAN OF TURNER
FREE LIBRARY

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1946.

The Library has been open to the Public Monday, Wednesday and Saturday afternoons from 2:00 to 4:30 and every week day, evenings from 7:00 to 9:00 with the exception of holidays.

During July and August the Library was open evenings only.

Number of books added the past year 320 making the accession number 36,885. Books purchased 300, gifts 20.

Total number of borrowers' cards issued 472; renewals, 213; new applicants, 259. Books loaned, 15,913.

Fiction for 1945	9,977	Fiction for 1946	9,910
Juvenile for 1945	3,224	Juvenile for 1946	3,577
General for 1945	2,624	General for 1946	2,426
Total for 1945	15,825	Total for 1946	15,913

Magazines loaned 340—1946

The children's story hour started July 20 with an attendance of 24. July 27, 33; August 3, 44; August 10, 35; August 17, 41; August 24, 33. Average attendance 35.

We were greatly pleased with the enthusiasm the children showed this year. Miss Anna Ginnetty had charge of all but one session when Miss Stella Krupka kindly took charge.

The reference and reading rooms are open for the use of the public and have been in greater use this year than in the past.

We are glad to help every one with their reference work and through the Inter-Library Loan will borrow books which we do not have.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

The Library Staff are still willing to answer Quiz program questions.

The Librarian takes this opportunity to thank Miss Ginetty and Miss Krupka for their help at the Story Hour, also Miss Massie and Miss Lynch for their faithful service and the Trustees for their cooperation and suggestions.

EUNICE B. MARTIN,
Librarian

REPORT OF THE TREASURER

To the Trustees of the Turner Free Library:

In compliance with the requirements of the By-Laws, I hereby submit the annual report of the Treasurer of the Turner Free Library :

Report of the Finance Committee

To the Trustees of the Turner Free Library :

Your committee on finances submits the following report:

The committee has audited the accounts of the Treasurer for the year 1946 and found them to be correct. All moneys have been accounted for as received, and no money has been paid out except on vouchers properly approved. The committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

There have been no changes in our investment portfolio this year.

Respectfully submitted,

RAYMOND L. MASON, Chairman

January 18, 1947.

Report of the School Committee

To the Citizens of the Town of Randolph:

The Randolph School Committee submits herewith the annual report of the year 1946.

Prior to the annual town meeting in March 1946, the committee met with the members of the Town Finance Committee and presented their annual budget. The budget was reduced in order that taxes could be held to a minimum through the cooperation of both committees. The school committee has done its best to keep within the appropriation but due to unforeseen repairs and increases in cost of materials and wages it is impossible to operate the school system at such a low cost without hampering the education of our children or the upkeep of the buildings.

The past year saw an overcrowded condition continuing to exist in most of our school rooms, forcing us to utilize a small room that was vacant in the Prescott school, and to continue to use the Tower Hill School to house pupils which rightfully should attend the Devine School, and the setting into operation of a two platoon system at the McNeill School. The system at the McNeill School meant that we had to employ two additional teachers for the afternoon session and had to cut the hours of attendance, thereby reducing the opportunity for the pupils to learn. These conditions are not going to improve during the next few years, but will be reproduced in every grade school building in this town, in our opinion.

School Committee members Boyle, Martin and Foley, with Superintendent Christiansen and Principal Gilgan sat in at a meeting with Gregory Cooper of the Frank Irving Cooper Associates (School architects) recently. It was commonly agreed that in order to relieve the present and expected badly overcrowded conditions in the Randolph

TOWN OF RANDOLPH, MASS.

school buildings it would be wisest to ask the town to expend the sum of \$625,000 for the erection of a new Junior-Senior High to house 1000 students and to recondition the present Stetson High School to accommodate 500 grade school pupils. This would be done prior to September 1948. This reconditioned building would eliminate the use of the two Prescott school buildings which the state building inspector is on the verge of permanently condemning.

At the annual Tri-Town Meeting held in Avon in April, the three voting members from Randolph led an unsuccessful move to sever our superintendency union which is the second largest in the state. The attempt was met with failure through the concerted action of the other two committees, either one of which could have begun the necessary state action on the plan by voting with Randolph. We had hoped to influence the others that a superintendent with less schools to administer would be able to serve more efficiently because he could allot more of his time to the individual towns involved. We are still of this opinion and will reopen the matter at the next annual meeting.

We have labored under extreme difficulty to retain the teaching force and replace those who marry or otherwise leave us. It is becoming increasingly difficult to replace a teacher who leaves our system and very often it can only be done by increasing the wage over and above that paid the immediate predecessor. We therefore urge the citizens to support wholeheartedly that portion of our budget (\$33,500) which will entitle every one of our present force to an increase of \$500 over his present stipend. This will raise our present maximums of \$1760 for each teacher in grades 1-6 \$1875 for each in grades 7-8, and high school women \$2105 and high school men \$2450, up to what will be fairly respectable figures. These new maximums should retain for Randolph its best teachers who might otherwise be receptive to better financial offers from surrounding communities. This will assure the pupils of Randolph the continued best efforts from our efficient teaching personnel.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

Your committee feels that this report would not be complete without the expression of appreciation for the faithful service of three teachers who will serve us no longer.

It is with regret that we note the untimely death of Miss Anna L. McGrory, one of our former teachers. Miss McGrory left us in April 1943 to enlist in the Waves. Her few years as a Randolph teacher were marked with success.

Through compulsory retirement the services of Mrs. Elizabeth G. Lyons and Mrs. Emily T. Ricker are denied us. We wish Mrs. Lyons to know we are extremely appreciative of the fine work contributed by her through the years. Mrs. Lyons has been a faithful and successful teacher in this town for over 25 years.

Mrs. Emily Ricker, although with us only a short time, served capably in these trying war years and her service has not gone unnoticed.

Your committee, through contacts with various groups and organizations throughout the town has come to the conclusion that there is a definite movement afoot to better school conditions in Randolph. We hope this is true and earnestly trust the movement meets with success. "Better school conditions" means better school buildings, well paid and efficient teachers and whole-hearted cooperation among parents, teachers and school committee. Your committee recommends any action that achieves these ends.

PHILIP L. BOYLE, Chairman,
ALICE M. MARTIN,
WILLIAM J. FOLEY,
FRANK H. LITCHFIELD

Superintendent of Schools

Mr. Chairman and Members,
School Committee, Randolph:

I have the honor of submitting to you my annual report of the Randolph public schools for the year 1946.

This report in common with all school reports this year cannot refrain from mentioning the difficulty we had in securing the services of competent teachers. Your teacher-salary emergency measure granted me did much in securing the best teachers available. We were fortunate in the selection and doubly so to have such a large percentage of teachers return to key positions.

It is a matter of record, and a shameful one, that our great nation today faces this grave shortage of qualified teachers at a time when the urgency is so great for leadership and hard work. The National Education Association informs us that over 60,000 teaching positions were unfilled during the past year and of those filled, one out of ten teachers held emergency certificates. This picture of reality is all the more out of focus by the fact that our young men and women of ability who should be training for educational work are turning to other fields of service primarily because of salaries offered. In this competitive situation we shall have to pay higher salaries and at the same time seek a way to meet this cost without placing the load on so many communities already tax burdened.

If public school education is a State function, as it is conceded to be, then the cost and quality of that education should be equally distributed throughout the state under a new and more equitable plan of reimbursement and aid. As the salary item is always the highest, it is not enough to observe equal pay for all teachers having the same qualifications and doing the same type of work **LOCALLY** but that

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

that pay or salary should hold for the whole state so that the smaller school systems may profit thereby and not be an eternal training ground for the cities. The State Legislature will undoubtedly act on such a bill this session. The final form of the proposed bill has not been determined but it will definitely aim to promote the equalization of educational opportunity and to equalize among the towns the burden of school cost. It is proposed that this increased State aid be provided largely from income taxes and its distribution be governed by a formula that will give more liberal aid to towns in need. The Mass. Teachers' Federation has prepared a careful study of this proposed bill and estimates that under its provision Randolph would receive something like \$57,000.00 the first year and \$114,000.00 thereafter. The Commonwealth of Mass. has the wealth and means to support its schools under this proposed new bill but the bill must be defended and made into law. It is our immediate duty to urge its adoption in the interest of our schools and tax payers.

I am in accord with your plan to erect a new Senior-Junior high school to accommodate 1000 pupils. The school-house situation has been unsatisfactory for a number of years and although our efforts to adjust and get along as well as we can each year the results have been mere make-shifts. We need a large school unit for upper grade work. Such a project will not only be economical to operate but will eliminate duplication of equipment and place the initial cost where it will serve a greater number of children in town.

The professional and social activities of the high school are wholesome, cooperative and radiate a spirit of seriousness. This is most encouraging at this time for there is under way a plan to reclassify all high schools in the state. We have enjoyed Class A rating for a number of years and hope to hold it under whatever new standards that may be set up.

I pay my tribute to the number of married teachers in

TOWN OF RANDOLPH, MASS.

our classrooms. Were it not for them in this age of teacher shortage some classes would be without instructors. Here, too, I pay tribute to the long and faithful service of Mrs. Elizabeth G. Lyons who retired this year and to Mrs. Emily Ricker of the high school faculty. We lost by death a young and promising teacher, Anna L. McGrory, who had recently returned from war service and was to resume her position as teacher in the Devine school.

I am grateful to you for your cooperation and counsel and to our Principals and Teachers who are giving their best to this the greatest public service, education.

Respectfully submitted,

A. O. CHRISTIANSEN.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

REPORT OF THE HIGH SCHOOL PRINCIPAL

Graduation for the class of 1946 was held on the morning of June 5 in the Randolph Theatre through the courtesy of Mr. Edmund J. Brady, Manager. An early graduation seems to be the best arrangement for the majority concerned and we hope this policy will continue.

We are now back to normal schedule and program; subjects that were programmed to meet war needs and all activities brought on by the emergency have been dropped from the curriculum. Spanish, which was to be a permanent addition to our language facilities is being dropped at the end of this school year for lack of interest. With this exception, our program of studies has returned to normal.

We have at present but one veteran enrolled at Stetson; most of those veterans seeking a high school diploma have enrolled at the Regional High School at Brockton set up by the State Department of Education better to meet the needs of returning veterans.

In the fall of each year, National Education Week is observed all over the country. At Stetson we feel that the best way for the citizens to get acquainted with the work being done is to observe open house during the regular school day when regular routine of the school can be seen just as it goes on day after day. This year, exactly two citizens visited the school during the entire week. We feel that Education Week affords a splendid opportunity for citizens to see the school in operation and to learn first hand just what is going on; that it would be a fine way to get acquainted with the teachers, to understand the problems of the classroom and thereby to enable all of us to work together in sympathetic understanding in the work of all around education of the young people of this school. We believe it would be the quickest way to dispel any doubts or misgivings in the minds of those who through ignorance of the situation or for other reasons, entertain false notions of the various phases of high school education.

TOWN OF RANDOLPH, MASS.

Experts whose business it is to know such things, predict the coming year will see a huge increase in marriages and births. This will obviously affect the schools inasmuch as it will mean an increase in school population and the time to prepare for it is now. The high school building has been outgrown for many years and is not capable of giving to Randolph's teen-agers the modern type of facilities afforded most children elsewhere. The present building was built to accommodate approximately 350 pupils. Although now down to around 400, we have had as many as 533 pupils here in 1938. Depression years and war years lowered the birth rate with the resultant lowering of high school enrollment. That fact could readily be anticipated by watching the enrollment of the lower grades over a period of years until after eight years the high school was reached. The grade schools are overcrowded at the present time and with an increased birth rate in view, the grade schools are going to be in more serious trouble unless relief is obtained. After the regular eight year period that increase will reach the high school and we will be in no better position to absorb it than we have been for years. The Prescott School, as we all know should be abandoned as not fit for use. All this leads to a building proposition that cannot and should not be pushed aside as it was several years ago, thereby merely postponing the issue. As we see it, the logical solution would be a new Junior-Senior High School, housing 1000 pupils. Transfer of the seventh and eighth grade pupils to the new building should relieve the situation in the lower grades by supplying them extra room. The present high school building could easily be converted for use by the Prescott School, thus eliminating the two old buildings currently being used. The main thing is for action of some sort while there is still time to prepare for the future. As far as the high school is concerned, we have had to send our band, music and drawing groups to the town hall for classes because we had no place for them at the school and at the present time the drawing classes still meet in the town hall. We do not like to send the pupils there in all kinds of weather but

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

we have no alternative. There are other features which are a necessary adjunct to high school work which are considered important but which Stetson has had to pass up for lack of room. For example, there should be provision made for shop work for boys, at least wood-working. We haven't the room so we can't provide it. We have come a long way since we illuminated our homes with kerosene lamps, heated them with individual stoves in the necessary rooms, cleaned them with brooms and carpet sweepers until in this day of modern conveniences central heating plants and other efficient devices we expect to educate our young with plants and tools of earlier generations. We do not maintain, either, that good schools mean merely brick walls.

The problem of extracurriculum obligations of teachers can and does prove to be a vexing one at times, a question of how much leisure time is their own and how much they owe the school. We feel that teachers are not paid only for the time when they are actually teaching classes, we believe that such extra time as teachers have as distinguished from other workers should be given over to the preparation of subject matter, study and supervision of extracurricular activities. Some teachers coach athletic teams, some act as class advisors, club advisors, some go on trips with pupils, some supervise games or dances, in short all types of activities need teachers for advice and guidance. Teachers not only teach English, Latin, French or other subjects but they should help young and growing minds to grow in all phases of a complex social environment. If a teacher has special talent we expect it to be utilized for the benefit of the student and whether or not teachers receive extra pay for this should not prevent the pupil from receiving the benefit of this type of training which would ultimately bring out possible hidden talents, develop possibilities possessed by pupils to the extent that they may have a fuller life as a result of extra curricula activities they have pursued while in high school.

For almost a year now, our school lunch has been augmented and enlarged due the assistance of the Community

TOWN OF RANDOLPH, MASS.

School Lunch Program, sponsored by the State Department of Education. This is a program through which, by means of financial as well as gifts of surplus foods, we are able to offer a greater variety of nutritious foods to more of our pupils for less cost than if we operated independently. We are required to furnish menus of high caloric values, with enough variety to give a satisfying meal of meat, potato and two other vegetables together with bread and butter for the minimum cost of twenty cents to the pupils. Milk is sold for four cents. It is a highly satisfactory arrangement for all concerned and under the capable supervision of our lunch room manager, Mrs. Florence Harris, Stetson is doing a good job in this respect.

Athletics at Stetson had an excellent year. A champion football team—first in the history of the school; a basketball team successful enough to receive an invitation to play in the Tech Tournament held at Boston Garden—also a first; a champion in baseball, winning the title in our league division but losing the chance to get into the final game for the league championship due to the weather and an unfair decision of the league officials requiring us to play a five inning game to settle the division winner and then, if we won, immediately to play on the same afternoon, a nine inning game for the league championship. This we figured was asking too much of our boys and so in refusing to go through with this plan we lost an opportunity to make a clean sweep in all our major sports. Credit and thanks go to Coaches Zapustas and Powderly and all the boys who made this athletic year a big success.

A truly preventative health program is important to the physical and mental well-being of any school or system. Our idea of what can be practically done is herein outlined.

1. Immunization of all pupils against small pox, diphtheria and in some instances other diseases such as typhoid. On a voluntary basis far too small a proportion of our pupils are reached.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

2. Protection against exposure to such diseases as tuberculosis by examination of all teachers and other personnel with whom pupils come into contact. Such examination has been made possible for a number of years, also on a voluntary basis.

3. Dental care—examination and treatment of any dental deficiencies. Such examinations have been periodically given but much is left to be done in the way of education along the lines of frequent visits to the dentist. All the school can hope to do is discover and report on deficiencies and then look for the parents to make use of the reports sent home.

4. Screening procedures for vision and hearing. Yearly eye and ear tests are given to all pupils and where trouble is uncovered, reports are sent home. In order more accurately to test the ears, Stetson has recently purchased a Maico Audiometer, a modern instrument for testing ears scientifically without the possibility of external or artificial interference in accurately determining the exact condition of the pupil's hearing. We intend to make this available to all schools. We are searching for a device which will help us make a similar examination of the eyes.

5. Medical care—examination and treatment of any physical or mental disturbance. We believe that a minimum of four physicals should be made of each pupil; first when pupil starts school; second in the intermediate grades; third during the period of adolescence; fourth, before the pupil leaves school. Also, for some, such as athletes, an examination should be given at the start of each season. Parents could be of inestimable value if they would follow up reports made to them by the school nurse or physician and report to the school what action has been taken.

6. Health supervision—while the child is in school

TOWN OF RANDOLPH, MASS.

and watchfulness on the part of the teacher for signs of ill health and protection from injury.

7. Mental health service.

8. Nutrition.

All in all, it is a complex, yet important, work as a pupil not in good physical condition cannot do justice to school work.

A great deal of benefit can be derived by the classroom teacher by interschool visitations. Many teachers are anxious to learn and willing to have others observe and evaluate their teaching methods. In this way teachers can gain in vision and knowledge of newer procedures in education, acquire new perspectives and be encouraged by seeing other teachers put into practice the same basic principles which they themselves are using. Direct visitation into the working field, seeing how others are doing things would, it seems to us, have greater value and bring greater returns than an equal number of so called inspirational talks by those who are paid either to praise or to ridicule the profession.

Respectfully submitted,

HUBERT F. GILGAN

During the past year, under the direction of Mr. Donald Randall of the faculty, the Turner Chapter of the National Honor Society was organized and launched at a public assembly in the Town Hall. Membership in the National Honor Society is granted to students of the Junior and Senior Classes who show outstanding qualities in scholarship, service, leadership and character. This year sixteen members of the Senior class and fourteen members of the Junior class were inducted into the Society, a plan which we expect will do much toward keeping scholarship on a high level.

In last year's report of the colleges to which our graduates have matriculated we failed to list one member of the class of 1940 who enrolled at Northeastern University.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

REPORT OF THE MUSIC SUPERVISOR

Doris M. Johnson

Mr. A. O. Christiansen

Superintendent of Schools:

I am pleased to submit this annual report of the music program in the schools of Randolph for the school term of 1945-1946.

If our country is to become truly musical, it must be through the work of the public schools in the impressionable days of youth. We are convinced that if the people of America have a love of music and an appreciation of it, we will possess the greatest resource for happy and wholesome living. With this in mind we have tried to encourage not only the talented but the less talented children to participate in the music program.

Starting with the first grade we try to improve the child's singing voice, and teach him to read and interpret music. We continue these efforts throughout all the grades.

Bearing in mind that almost every child has an inborn desire to perform, and realizing how helpful this can be in developing a child's poise and self-confidence, we try to plan interesting musical presentations in which as many as possible are allowed to take part.

Last year each school gave a performance to which the public was invited. The appropriate scenery for the various programs was under the direction of the art supervisor, Miss Marguerite Williams.

The pupils of the Devine School gave a performance of the operetta "Grieg's Music Box," and on the same program the small children of the Pauline Street School presented their own operetta called "The Adventures of Goldilocks."

The pupils of the Prescott School presented "The News-boys' and Bootblacks' Minstrel Show."

TOWN OF RANDOLPH, MASS.

Last May the McNeill School presented the operetta "Hansel and Gretel."

The great deal of time and effort given by the pupils, teachers, principals, and parents is what made all of these performances successful.

Preparations are now under way for a pageant in which all schools will take part.

The high school chorus rehearses every Tuesday. They are a fine group of singers who practice musical numbers appropriate for mixed voices.

The high school Girls' Choir, which was a new organization last year, has gone ahead considerably. Last year they were a hit at the band concert and at the high school's annual minstrel show. They were also given the honor of singing at the high school graduation in June. At present there are about thirty-three members who are rehearsing on Thursdays. They are a very talented group doing excellent work.

I wish to take this opportunity to express my sincere thanks to all in the school system who have worked with me and have shown such fine cooperation.

REPORT OF THE ART SUPERVISOR

Marguerite Williams

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph:

I submit herewith my report of the art program in the Randolph schools for the past year.

Children have a natural desire to express themselves through drawing. It is our desire to teach art from grade to grade by timely praise and guidance of each student. We try to help the students to know the joy and satisfaction of worth-while accomplishment in every piece of work they create. Throughout the grades our lessons are planned to develop an appreciation and mastery of the basic art principles. The students learn that art is not a "subject" by itself, but a part of their school, home and community affairs. Some of our more talented students may make a future career in the art field, but all of our young people will carry over into everyday life useful knowledge from their art lessons of today. They learn that art goes beyond drawing and painting and ties in with most of the activities of everyday living. Our older students have created numerous posters for both school and community affairs. This year we again enjoyed the opportunity of designing and creating background scenery for several of the school affairs and operettas.

In the elementary grades, drawing is a required subject. In high school drawing becomes an elective subject and students may choose to study either mechanical or freehand drawing. Students electing mechanical drawing are taught the basic principles and procedures of drafting. Students in freehand drawing are instructed in techniques and the use of various media, with strong emphasis on individual expression.

TOWN OF RANDOLPH, MASS.

The annual exhibition held in Stetson Hall in May was an indication of our young people's enthusiasm and interest in their school work. At this time, all interested parents and friends had the opportunity to see work representing every student in our public schools. The exhibition covers all subjects throughout the schools and is a visible demonstration of a tremendous amount of endeavor by both teachers and students. Every afternoon and evening for an entire week in May the public will again be invited to Stetson Hall to enjoy another exhibition of work created this year by the young people in the schools of Randolph.

Once again, may I take the opportunity to thank all throughout the school system for their untiring cooperation.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

REPORT OF THE SUPERVISOR OF HANDWRITING

W. L. Rinehart, Director

Mr. A. O. Christiansen,
Superintendent of Public Schools, Randolph.

I am pleased to submit the following report on the operation of the Handwriting program in the Randolph schools for the school term of 1945-46.

In the initial handwriting tests administered in September, 1940, 21% of the pupils made a score of "A" (Excellent); 22% made a grade of "B" (Good); and 56% made grades below "B". In tes tests administered in June, 1946, 81% of the pupils made grades of "A" (Excellent); 13.7% of "B" (Good); and 5.3% made grades below "B". Handwriting certificates were awarded to 77% of your graduates. These scores indicate that excellent progress was made and I wish to compliment the pupils and teachers for their achievement.

During the school term we graded approximately 12,-250 formal and 36, 750 informal samples of handwriting. A test was administered at monthly intervals; a detailed report was sent to each teacher monthly giving a diagnosis of the handwriting of each pupil. This report was made the basis for remedial instruction. Our supervisors visited each classroom monthly for the purpose of placing master copies of the assignment on the black-board; also, to give general help.

We furnished the following materials: monthly teacher outlines, pupil folder outlines, monthly diagnostic charts, handedness tests, monthly and yearly envelopes, room motivation certificates, individual handwriting certificates for ninth grade pupils who qualified, seals, etc.

My supervisors join me in expressing our appreciation of the splendid co-operation we have received from you and your teachers at all times.

We are very pleased with the results obtained in your schools.

TOWN OF RANDOLPH, MASS.

We also administer many Stanford Binet Intelligence Tests to many students of the school as a check on scores received on group tests or for individual diagnosis.

I wish to express my sincere appreciation for the aid both direct and indirect in these times of critical vocational problems for all.

REPORT OF THE VOCATIONAL GUIDANCE

Joseph W. Daly, Director

Mr. A. O. Christiansen,

Superintendent of Schools.

Randolph

Guidance requires the evaluation of pupils so that their specific capacities, both strengths and weaknesses, may be determined. As pupils proceed up the educational ladder in elementary school, with its general curriculum providing the common core of skills that everyone in our civilization must acquire, the process of evaluation must operate upon them so as to reveal differences in their aptitudes, abilities, achievements, interests, environmental backgrounds, and all other relevant attributes. It is during this elementary schooling that pupils set off on diverging paths, some toward one set of interest and goals and some toward another. By the time they reach secondary schools, the pupils on the various paths are already far apart from one another in their educational needs and capacities.

These needs and capacities are made much clearer to us by the Boston University Battery of Tests. The particular battery given to the Freshman enabled us to discover the mental maturity, reading comprehension, English Fundamentals, and Mathematical Fundamentals of the pupils. The vocational set helped us to discover the interests and vocational aptitudes of our youth.

Every member of the Freshman and Senior Class was interviewed during the year and as many Sophomores and Juniors as possible. Complete guidance records of all students following the State Department of Education outline are on file. Numerous pamphlets and bulletins are available covering nearly every known occupation. The Bellman Publications are of great assistance in this work.

TOWN OF RANDOLPH, MASS.

REPORT OF THE DIRECTOR OF
INSTRUMENTAL MUSIC

Myron B. Thomas, Director

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph

I herewith submit my annual report.

The progress of the music groups during the past year has been most favorable, the calibre of the instrumental organizations having shown marked improvement over former years.

The Stetson High school band holds weekly rehearsals on Friday in the school auditorium. Material used is selected from a graded repertoire suited to the respective classification of the band. It is my aim and hope that each member may gain a thorough understanding of all types of music and attain some degree of culture through our regular practice periods.

I am proud to report that for the first time in the band's history, two of its members were elected delegates to the three-day concert festival of the New England Music Festival Association, held in New Britain, Connecticut, last March. Each participated in the all-New England Band, an organization of 165 players selected for their ability and excellence in music, from the many high schools in the New England states.

The Festival Association is doing a great deal for the advancement of school music in our section of the country. It is felt that New England is backward in this field in comparison with other regions of the United States, due to the fact that music has not been placed on a par with other subjects. Western United States, realizing the worth of music in the school curriculum, has allotted full-time periods within the regular school hours to music subjects. This has

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

been largely responsible for the splendid development of our Western bands, orchestras and choral groups, many of which are now recognized as being of professional calibre.

The greatest problem of our Eastern Music directors has been the difficulties arising from practice periods of insufficient duration. Short practice sessions greatly retard the development and advancement of any musical group.

Our annual concert last April proved to be a success both financially and musically.

The band and twirling corps attended the Massachusetts State Music Festival held at Needham last Spring, participating in the competition for Class C bands. This class includes bands from Massachusetts high schools whose student bodies number not more than 500.

The Memorial Day parade was augmented by the Stetson High school band and twirling corps, and the Prescott school band and twirlers.

The band provided music for the high school graduation exercises, and the Prescott band likewise furnished the music for the exercises of the Junior high schools.

The chorus, numbering 60, rehearses on Tuesdays. This is an elective subject and is open to any boy or girl who can qualify. Choral music suitable for this size group is practiced at these rehearsals.

The girl's choir, which was organized last year, meets for rehearsal on Thursdays. Three-part music arranged for this type of group is used for practice. This organization in its first appearance at the band concert last Spring, gave a fine performance, and later provided the musical background for the senior high school graduation program.

The Prescott Junior high school band rehearses on Thursdays. Much attention is given the junior band be-

TOWN OF RANDOLPH, MASS.

cause of the fact that its present training and development is so important to the high school band of tomorrow. To give the young bandsmen a more thorough understanding of the rudiments of music, a class is held each Thursday afternoon. Also, throughout the day on Thursday, class and private tutoring in various band instruments is available.

The Devine school band holds its rehearsal on Tuesday. This young band is in its developing stages and of course, increase of personnel is always desirable. At present, its players number seven.

Class and individual instruction is available at the Prescott, Tower Hill, and Belcher schools.

The Prescott Junior band and the Beginners' Band were well received at the Band concert last Spring. The Prescott band also appeared at the Minstrel Show presented by the Prescott School.

A group of selected players from the Devine and Prescott schools played Christmas Carols at the various schools this season. This is the first time that this has been done, but I hope it may become an annual custom, not only for the purpose of adding to the observance of the Christmas season, but also to stimulate interest in the various types of instruments.

In closing, I wish to express my appreciation to Mr. Christiansen, members of the school committee, principals and teachers for their cooperation during the past year.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

REPORT OF THE DIRECTOR OF
PHYSICAL EDUCATION

Joseph J. Zapustas, Director

Mr. A. O. Christiansen

Superintendent of Schools, Randolph

I am submitting the Physical Education program for the past year.

At Stetson High the program for the girls consists of basketball, volley ball, soft ball, field hockey and badminton, while the boys participate in tag football, basketball, soft-ball, foot racing and strenuous exercises.

Because of large classes and inadequate facilities, the indoor program is a problem and much more is accomplished during the good weather when the student is out-doors.

The High School definitely is in dire need of a larger gymnasium as well as locker rooms, supply rooms and shower rooms.

Sports at Stetson High reached a new high when the football team won a state championship, the basketball team received an invitation to play in the "Tech" Tournament in Boston and the baseball team won the championship of their league.

The best available equipment has been purchased for the protection of the girl or boy engaging in any branch of sports at the High School. I want to thank the school committee for including an athletic item in their budget. My next move is to furnish the grade schools with equipment that is necessary to carry on their sports.

Lack of facilities for the grade schools is really a sore spot. Devine, Prescott and Belcher have out-door basketball courts which are available during the good weather as well as the many other games that are instigated by the

TOWN OF RANDOLPH, MASS.

youngsters. However, the bad weather sets and all activities cease. Lack of indoor facilities are prevailing throughout the whole system.

Prescott again defeated Devine for the basketball cup between the two schools. These two teams engaged in six games one ending in a tie. They played in the Town Hall the evenings the High School team played.

A baseball league was formed with teams representing Avon, Holbrook, Brookville, Prescott, and Devine with Prescott emerging as the winner.

The youth of our schools learns initiative early on our field of sports. Out there where the best man wins, they develop the will to win, the never say die spirit, that makes them fight till the last man is out, till the final gun of the last quarter, the last ball of the last round, the last shoot of the last long set, the last stride of the last lap.

Our competitive sports burn this initiative into our boys. While they develop fine strong bodies, and agilities and skills in the use of their bodies, they also develop priceless qualities of self-confidence and determination.

We are taught to believe that nothing is so good that it can't be done or made better. And that same initiative that competitive spirit of free youngsters, that everlasting urge to make the best better, bred in the hearts of millions of school children has made the U. S. the greatest nation on the face of the earth.

REPORT OF SCHOOL PHYSICIAN

George V. Higgins, M.D.

The year 1946 has not differed in much detail from previous years. Our school population may have decreased in numbers during 1946 but it must be remembered that in a period of two or three years from the present time, many children born during the war years will be entering the first grades of our school system. To me this beginning of school life should be the most important period of the whole educational system. Strong teachers in the first grades should be the goal of all schools. Better compensation should be given to teachers in the first three grades than in most of the other grades. These teachers should understand the minds of children in primary grades. They not only have charge of the mental development of their little ones but must tend to their physical needs also. These teachers must help to dress and undress the children during inclement weather, see that their coats and overshoes are properly put on so that the danger of catching cold may be lessened. In other words these primary teachers must act in dual capacity of teacher and mother to little children.

Illness among our school population has not differed greatly from other years. It is quite true that a different type of infection has developed during the war years. A disease known as virus infection has attacked many pupils of all ages. Intestinal virus infection and lung infection due to virus have reached many of our school children. This is easily accounted for by the fact that while children are talking, laughing, or coughing at the time they are coming down with one of these contagious diseases, they may spread the disease to others sitting near them. There is no way to amend this unhappy situation at present. So little is known about virus sickness that no vaccine or medication has yet been found to protect those attacked by it. It would seem to me that the use of penicillin or sulfa drugs is more than a waste of money and at times very uncomfortable

TOWN OF RANDOLPH, MASS.

for the patient so inoculated. In a few isolated cases where the physician in attendance is in doubt whether a second infection by some other germ may come into a lung condition caused by virus, it may be wise to use one of the newer forms of treatment in conjunction with the original treatment. My advice has always been for mothers to keep their children at home, preferably in bed, when a cold first manifests itself with fever, nausea, wakefulness, and cough. I have always felt that health comes first with schooling second in importance. These children are young and the number of days lost from school can be easily made up if teachers and parents will co-operate.

I wish to praise the parents who took the opportunity offered them by the Randolph Board of Health of having booster shots given to so many children in the recent diphtheria scare. So far nearly eleven hundred availed themselves of the chance to further protect their children against this dreaded disease. Many pre-school children have also begun the regular three injections. Let no physician tell you all they need is one injection. The Commonwealth of Massachusetts Health Department advises the giving of three injections, three to four weeks apart. The theory today is that the giving of toxoid injections one week apart may form no immunization at all and the longer the interval the quicker the result. I hope our spring or early summer clinic will be as successful as in previous years. We have had and always will have accidents in school yards while pupils are at play. These children at times are very rough in their games and they should be curbed by principals and teachers as much as possible.

In the higher grades in our school system I have always felt that too much stress has been placed on football and basketball. Parents send their sons and daughters to our schools primarily for an education and sports, second in importance, should be kept in their proper place. I still insist that the procuring of a certificate after being absent

three days, whatever the cause, should be continued. There are a few families who are lax in getting certificates at my office Saturday or Sunday morning for children who have been absent from school with the result that the children miss part of a day on Monday. We have about three families in our town who seem to enjoy having head lice. It is no crime to catch this type of pest but it becomes a crime when mothers will not rid their children of this scourge.

The school committee has designated me as the one to decide when a child is ready to return to school. I ask the physicians in Randolph and surrounding towns to co-operate with me in this matter. Too often I have found that some of our younger physicians have given a certificate of health when the child has not finished a quarantine period especially in scarletina or scarlet fever. The quarantine period is three weeks unless complicated by ear abscess or mastoid. In chicken pox cases all crusts must have disappeared before the child can return to school. Most skin conditions such as scabies or impetigo contagiosa can be cleared up in a few days if the treatment prescribed by the attending physician is followed closely.

I wish to congratulate the Randolph Board of Health for its fine cooperation during the recent mild visit of diphtheria. I also wish to thank the superintendent of schools, members of the school committee, the school nurse, truant officer, and the teachers for their loyal support.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SCHOOL NURSE

Helen F. Conlon, R.N., School Nurse

Mr. A. O. Christiansen,
Superintendent of Schools, Randolph

I submit herewith my annual report for the year 1946:

Schools visited	541
Grades inspected	202
Recommended for exclusion with symptoms of communicable diseases or with evidence of pediculosis	239
Referred to School Physician	105
Referred to School Dentists	174
Office nursing calls including illness, first aid treatments, inspections and weighing	1,027
Home visits	218
Number of children taken to Norfolk County Hospital for X-ray of chest	23
Number of children taken to Child Guidance clinic in Brockton	6

Six new names were added to the Physically Handicapped list in October. Three of these children are able to attend school. During the year three children who were unable to attend school received instructions in their homes from a visiting teacher.

The Diphtheria Prevention clinic under the direction of the Board of Health was conducted in May, with Dr. Higgins, School Physician, giving the injections. 136 children between the ages of six months and twelve years attended. 93 children completed the treatment by having 3 injections of Diphtheria Toxoid; 27 children had 2 injections and 16 children had 1 injection. The children receiving less than 3 injections did not receive enough Toxoid to immunize them against diphtheria. They should go to their family physician or return to the clinic which will be held in the Spring of 1947.

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

Due to the increasing number of cases of diphtheria in the State, another clinic was held in November. A stimulating dose of Toxoid was given to children who had been immunized more than two years ago. 1100 school and pre-school children attended this clinic.

A Pure Tone Audiometer has been purchased recently by the Stetson High School Activities Association. It is hoped that by accurately testing the hearing of the children with this machine those children who have a slight loss of hearing will be found and referred to an Otologist for treatment and advice.

May I take this opportunity to sincerely thank all throughout the school system for their assistance and cooperation during the past year.

TOWN OF RANDOLPH, MASS.

REPORT OF THE ATTENDANCE OFFICER

Stephen J. Hart

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph:

In my report as Attendance Officer I wish to say that it was necessary for me to take six cases to the Quincy Court on school violations. These cases were all informal meetings with the Probation Officer to see if we couldn't correct them without appearing before the Judge. We were successful in five of them and in the other we had to send the boy to the Middlesex County Training School at No. Chelmsford. This boy was in need of medical attention and through the cooperation of the Court, Chief McDonnell and school officials we were able to help him. The general attendance problem I would say at the present time is normal. The boys and girls of Randolph are to be congratulated for their cooperation. My recommendation to the parents is that they never lose sight of their investment in their children and that they cooperate 100% with the school authorities.

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

By courtesy of the Randolph Fire Department three blows repeated three times will be sounded at

7:15 A. M. No session for Senior and Junior High Schools.

8:15 A. M. No morning session for the first six grades.

12:30 P. M. No afternoon session for the first six grades.

By courtesy of the WEEI and WNAC Broadcasting Stations, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall report to school. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

* It is essential that we keep in mind that State Law requires that the High School shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

TOWN OF RANDOLPH, MASS.

State Audit

March 4, 1946

To the Board of Selectmen
Mr. Charles F. Blakely, Chairman
Randolph, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the fiscal year 1945, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts

TNW:CAH

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporation and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Randolph for the fiscal year 1945, and report thereon as follows:

The books and accounts in the town accountant's office were examined, checked and compared with the records of the several departments in which money is collected or bills are committed for collection, and with the records of the town treasurer.

The general and appropriation accounts in the ledger

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

were analyzed, the appropriations being compared with the town clerk's record of financial votes passed in town meetings. The necessary adjusting entries were made, a trial balance was taken off proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town on December 31, 1945, was prepared and is appended to this report.

Overlay deficits aggregating \$2,199.93, as shown on the balance sheet, should be raised by the assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was footed throughout, the recorded receipts were analyzed and compared with the departmental records of payments to the treasurer and with other sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and the treasury warrants.

The treasurer's cash balance on January 15, 1946 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements received from the banks in which town funds are deposited.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The securities and savings Bank books representing the investment of the trust funds in the custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer of the trustees of the Turner Library Funds, were examined and listed. The income as proved and the transfers to the town and the disbursements were verified.

The tax title deeds held by the town were examined

TOWN OF RANDOLPH, MASS.

and listed. The amounts transferred to the tax title account were compared with the tax books, the reported redemptions, foreclosures and disclaimers were verified, and the tax titles on hand were reconciled with the accountant's ledger and checked to the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes outstanding at the time of the previous examination, and all subsequent commitments, were audited and reconciled with the assessor's warrants. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, the transfers to the tax title account were checked, and the outstanding accounts were listed and reconciled with the respective ledger account.

The commitments of departmental and water charges were examined and checked. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The records of the selectmen, town clerk, and the health department for licenses and permits issued were examined and checked. The payments to the State were compared with the receipts on file and the payments to the town treasurer were checked to the treasurer's cash book.

The surety bonds of the officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The records of the sealer of weights and measures, as

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

well as of all other departments collecting money for the town or committing bills for collection, were examined and reconciled with the town treasurer's and the town accountant's records.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts together with tables showing the condition and transactions of the several trust funds.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

HBD:CAH

1947 Town Meeting Warrant

Commonwealth of Massachusetts.

Norfolk, ss.

To either of the Constables of the Town of Randolph, in said County. Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Randolph, qualified to vote in elections therein, to meet at the

**TOWN HALL IN SAID TOWN
ON MONDAY, THE THIRD DAY OF MARCH, 1947**

At 7:45 o'clock in the evening

then and there to act on the articles of this warrant.

You are directed to notify and warn inhabitants qualified to vote as aforesaid, to meet at the polling places in their respective precincts, to wit:

Polling Place in Precinct No. 1

STETSON HALL, IN SAID TOWN

Polling Place in Precinct No. 2

DEVINE SCHOOL, IN SAID TOWN

**ON MONDAY, THE TENTH DAY OF MARCH, 1947
at 8:00 o'clock in the forenoon**

then and there to bring in to the wardens of their respective precincts, their votes on the official ballot for a Town Clerk for one year, Town Treasurer for one year, Moderator for one year, three Selectmen and Overseers of the Public Welfare for one year, one Assessor for three years, one member of the School Committee for three years, one member of the Stetson Trust Fund for three years, one member of the Board of Health for two years, one member of the Board of Health for three years, one Tax Collector

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

for one year, one Water Commissioner for three years, one Highway Surveyor for one year, one Tree Warden for one year, one member of the Planning Board for three years, and to vote YES or NO on the following question:

Article 37. To see if the Town will vote to raise and appropriate money to install a street light at the corner of Woodlawn Road and Payson Avenue.

WATER DEPARTMENT

Article 38. To see if the Town will vote to raise and

TOWN OF RANDOLPH, MASS.

appropriate money to install a water main for a distance of eleven hundred and five (1105) feet on Martin Terrace, from South Main Street, running westerly, as petitioned for.

Article 39. To see if the Town will vote to raise and appropriate money to install a water main for a distance of five hundred (500) feet on Stevens Terrace, from Highland Avenue, running westerly, as petitioned for.

Article 40. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the erection of a work shop and garage for the Water Department as petitioned for by the Board of Water Commissioners.

Article 41. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 to provide for a complete welding of the Randolph standpipe as petitioned for by the Board of Water Commissioners.

(Note: A like amount to be furnished by the Holbrook Water Board for this purpose.)

Article 42. To see if the Town will vote to raise and appropriate money for the installation of a water main a distance of nine hundred and fifty (950) feet, and one hydrant on Wilmarth Road, as petitioned for.

Article 43. To see if the Town will extend the water main on Tileston Road, and appropriate the sum of \$2,500.00 therefor

Article 44. To see if the Town will vote to instruct the Board of Water Commissioners to install a six-inch water main with gates and hydrant on Park Street for a distance of five hundred (500) feet, in place of the one and one-quarter ($1\frac{1}{4}$) inch water main already there, which has proved totally inadequate, and to raise and appropriate money therefor, as petitioned for.

SCHOOL

Article 45. To see if the Town will vote to raise and

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

appropriate the sum of \$1,000.00 to resurface the Devine School Playgrounds, as petitioned for by the School Committee.

Article 46. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 to resurface and repair the roof at the Devine School, as petitioned for by the School Committee.

Article 47. To see if the Town will vote to raise and appropriate the sum of \$600.00 for the erection of a tool house at the Stetson High School, as petitioned for by the School Committee.

Article 48. To see if the Town will vote to raise and appropriate the sum of \$35,000.00 to build an addition of two rooms at the McNeil School, as petitioned for by the School Committee. This sum to be raised on a bond issue over a period of twenty years.

Article 49. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for tuition paid to Trade and Vocational Schools, as petitioned for by the School Committee.

Article 50. To see if the Town will vote to instruct the Board of Selectmen to petition the General Court for authority to borrow outside the limit of indebtedness of the Town for school construction purposes.

Article 51. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be used under the direction of the School Committee in conducting a survey including the hiring of architects or other professional services incident thereto, of the school buildings and school facilities of the Town of Randolph.

Article 52. To see if the Town will vote to effect a transfer of real estate whereby the Town shall acquire for school purposes a certain lot or parcel of land between the west boundary of the Stetson High School property and

TOWN OF RANDOLPH, MASS.

the eastern boundary of Highland Avenue and whereby the Town shall transfer to the owners of the above property and all as a part of the same transaction a certain parcel of land now owned by the said Town of Randolph and lying at the southwest corner of said Stetson High School property in said Randolph, said first mentioned parcel being a certain parcel of land situated in said Randolph and owned by Sallie Ward Crawford and Judith M. Crawford and bounded, measured and described as follows, to-wit:

Northerly by other land of said Sallie Ward Crawford and Judith M. Crawford by the prolongation westerly of the northerly boundary line of land of said Town of Randolph, said last mentioned land being part of Stetson High School Athletic field eight (8) feet more or less;

Easterly by said land of the Town of Randolph four hundred fifty-one (451) feet more or less;

Southerly by other land of said Sallie Ward Crawford and Judith M. Crawford by the prolongation westerly of the northerly boundary line of a certain parcel of land lying at the southwest corner of said Stetson High School property to be conveyed by said Town of Randolph to said Sallie Ward Crawford and Judith M. Crawford as a part of the same transaction as hereinabove set forth twelve (12) feet more or less; and

Westerly by the easterly line of Highland Avenue four hundred fifty-one (451) feet more or less;

Containing four thousand five hundred twenty (4520) square feet more or less;

and said parcel of land at the southwest corner of said Stetson High School property being a certain parcel of land situated in said Randolph bounded, measured and described as follows to-wit:

Northerly by other land of said Town of Randolph, which

ONE HUNDRED AND ELEVENTH ANNUAL REPORT

land is part of Stetson High School Athletic Field, by the prolongation westerly of the boundary line running easterly and westerly between said other land of said Town of Randolph and land of Sallie Ward Crawford forty-six and 5/10ths (46.5) feet more or less;

Easterly by said other land of Sallie Ward Crawford ninety-seven and 5/10ths (97.5) feet more or less;

Southerly by land of Sallie Ward Crawford and Judith M. Crawford forty-six and 5/10ths (46.5) feet more or less; and

Westerly by land of said Sallie Ward Crawford and Judith M. Crawford ninety (90) feet more or less;

Containing four thousand three hundred forty-three (4,343) square feet more or less;

and that the Board of Selectmen be and hereby are authorized as part of the above transaction to sign, seal with the corporate seal, acknowledge and deliver, all in the name and behalf of said Town of Randolph, a good and sufficient quitclaim deed conveying the second hereinabove described parcel of land to Sallie Ward Crawford of said Randolph and Judith M. Crawford, Pasadena, Los Angeles County, California, free and clear of all encumbrances, as petitioned by the School Committee.

STREET CONSTRUCTION

Article 53. To see if the Town will vote to construct a surface water drainage system on Maitland Avenue and raise and appropriate money for same.

Article 54. To see if the Town will vote to raise and appropriate money to resurface Wilmarth Road a distance of nine hundred fifty (950) feet as petitioned for.

Article 55. To see if the Town will vote to resurface Eugenia Street with a tarvia finish and raise and appropriate money therefor as petitioned for.

TOWN OF RANDOLPH, MASS.

Article 56. To see if the Town will vote to raise and appropriate money to resurface Augusta and Rockefeller Streets, for a distance of fifteen hundred (1500) feet with tarvia or other suitable finish, as petitioned for.

Article 57. To see if the Town will vote to build Fencourt Avenue a distance of one thousand (1,000) feet, and raise and appropriate money to construct the same.

Article 58. To see if the Town will vote to widen and rebuild Cross Street and raise and appropriate money therefor.

Article 59. To see if the Town will vote to raise and appropriate money to resurface Bossi Avenue.

Article 60. To see if the Town will vote to raise and appropriate \$300.00 to install a catch basin at the corner of Silver and West Streets, as petitioned for.

Article 61. To see if the Town will vote to raise and appropriate money to resurface Vinton Street, as petitioned for.

STREET LAYOUTS

Article 62. To see if the Town will vote to raise and appropriate the sum of \$100.00 to layout Ely Street.

Article 63. To see if the Town will vote to raise and appropriate the sum of \$75.00 to layout Byron Street, a distance of three hundred (300) feet.

Article 64. To see if the Town will vote to raise and appropriate the sum of \$150.00 to layout Morgan Street from Oliver Street, northeasterly to end, approximately one thousand (1,000) feet.

Article 65. To see if the Town will vote to raise and appropriate money to layout Englewood Avenue.

Article 66. To see if the Town will vote to raise and appropriate the sum of \$75.00 to layout Tilton Street, a distance of three hundred (300) feet.

STREET ACCEPTANCES

Article 67. To see if the Town will vote to accept Englewood Avenue, as laid out by the Board of Selectmen.

Article 68. To see if the Town will vote to accept Adelaide Street, from Pond Street to Charles Street, a distance of about three hundred (300) feet.

And you are directed to serve this Warrant by posting attested copies thereof at the Town Hall, at the Town Clerk's Office, at the Post Office and at six other public places in the Town, seven days at least, before the day and hour for holding said Meeting.

Hereof, fail not, and make return of this Warrant, with your doings thereon, to the Town Clerk, on or before the day and hour appointed for holding said Meeting.

Given under our hands at Randolph, this third day of February A. D. 1947.

Representatives to General Court from Fourth Norfolk Representative District

Josiah Babcock, Milton, Mass.; Roy C. Smith, Holbrook, Mass.

Representative to Congress from Thirteenth Congressional District

Richard B. Wigglesworth, Milton, Mass.

Report of the Selectmen and Overseers of Public Welfare

Randolph is now one of the fastest growing towns in this area. This condition should be encouraged as improved property means greater income and lower taxes. Good Town Government will attract prospective home-builders.

Your Board during the past year has spent every effort to run the affairs of the Town on a business-like basis. We make no claim to be professional politicians who derive their principal source of income from compensation received from the Town. We believe, however, that what we might have lacked in experience has been outweighed by our insistence on efficient government, judicious expenditure of town funds, and a will to make Randolph a better town in which to live.

Large savings have been made during the past year due to the public advertising for bids on supplies and services required by the Town. This practice should be continued.

Much tax-title land has been sold thereby returning that land to a tax bearing status.

Overdrafts by departments have been kept at a minimum.

Center Street, South Street and Tilton Street have been laid out by the County and we have requested the State to rebuild Liberty Street and construct a surface drainage system through the center of the Town in 1948 under the Chapter 90 road building program. Centre Street should be so-built in 1949.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

We regret that due to a severe shortage of materials the Electric Light Company has been unable to install all the street lights voted by the Town but they assure us that as soon as the materials are available these lights will be installed.

Your Board has inserted an Article in the 1948 Warrant for the periodic collection of rubbish. This Article, we believe, should be adopted by the Town as under present conditions rubbish disposal presents an expensive and inconvenient problem to all residents.

We thank the various town officials, department and committee heads for the help which they have given us during the past year.

We wish to remind all citizens of the Town that the obligation to attend the Annual Town Meeting is theirs. It is here that your tax dollars are appropriated and the tax-rate of the Town is determined by these appropriations. Greater interest in Town Government will result in better and more economical Town services.

JOHN T. HANNON, Chairman

ERNEST H. HYLEN, Clerk

PHILIP L. BOYLE,

Board of Selectmen

Report of the Town Clerk

ANNUAL TOWN MEETING, MARCH 3, 1947

Article 1. VOTED UNANIMOUSLY: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1947, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and mid-wives applying therefor, blanks for return of births as required by law.

RAYMOND E. LYONS,

Town Accountant

State Audit

April 21, 1937

To the Board of Selectmen
Mr. John T. Hannon, Chairman
Randolph, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the period from January 1, 1946 to February 8, 1947, and of the tax collector's accounts for the period from February 9 to March 13, 1947, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,

Director of Accounts

FXL:CFB

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Randolph for the period from January 1, 1946 to February 8, 1947, and, in addition, have made an examination of the tax collector's accounts for the period from February 9 to March 13, 1947, preparatory to a recommitment of taxes to a new collector, the following report being submitted thereon:

TOWN OF RANDOLPH, MASS.

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the records of the town accountant.

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were checked with the treasurer's records and with the records of other departments collecting money for the town or committing bills for collection, while the recorded payments were compared with the selectmen's warrants to the treasurer. The appropriations, as listed from the town clerk's record of town meeting proceedings, were checked with the ledger accounts.

The ledger accounts were analyzed, the necessary adjusting entries were made, a trial balance was taken off proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1946.

Overlay deficits aggregating \$3,240.90, as shown on the balance sheet, should be raised by the assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

Attention is also called to Section 4, Chapter 40, General Laws, which provides that contracts for the furnishing of transportation to school children may be made for periods not exceeding three years.

The books and accounts of the town treasurer were examined and checked. The cash book footings were proved and the recorded receipts were analyzed and compared with the town accountant's books, with the records of the departments making payments to the treasurer, and with other sources from which money was paid to the

ONE HUNDRED AND TWELFTH ANNUAL REPORT

town. The payments as recorded were checked with the warrants issued by the selectmen authorizing the treasurer to disburse town funds.

The cash balance on February 8, 1947 was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by verification of the cash in the office.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due and checked with the cancelled securities and coupons on file.

The securities and savings bank books representing the investment of the trust funds in custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer of the trustees of the Turner Library Funds, were examined and listed, the income being proved and the disbursements verified.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts transferred to the tax title account were compared with the collector's records, the tax titles redeemed and the tax titles and tax possessions sold were checked with the receipts as recorded on the treasurer's cash book, the foreclosures and disclaimers were verified, and the tax titles and tax possessions on hand were listed and reconciled with the accountant's ledger.

The books and accounts of the tax collector were examined and checked in detail. The taxes outstanding at the time of the previous examination and all subsequent commitments were audited and compared with the assessor's warrants issued for their collection. The recorded collections were checked with the payments to the treasurer as recorded on the treasurer's cash book, the abate-

TOWN OF RANDOLPH, MASS.

ments were checked with the assessor's records of abatements granted, the taxes transferred to the tax title account were compared with the treasurer's records, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The total amounts outstanding on each of the tax levies were given to the board of assessors for use in preparing the recommitments, and detailed lists of all the outstanding taxes were prepared for the new collector.

The records of departmental accounts receivable were examined and checked in detail. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The books and accounts of the water department were examined and checked. The commitments were proved and compared with the water commissioners' warrants issued for their collection, the collections were compared with the payments to the treasurer, the recorded abatements were checked to the water commissioners' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen and by the police and health departments were examined, and the payments to the treasurer were verified.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

The town clerk's records of dog licenses issued for the county and of sporting licenses issued for the State were examined, and the recorded payments to the State and to the town treasurer were verified.

The surety bonds filed by the officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the departments and accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined and verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, tax possessions, departmental, and water accounts, together with tables showing the transactions and condition of the trust funds.

For the cooperation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

Town Accountant

Respectfully submitted,

WALDO E. MANN,

Town Treasurer

Animal Inspector's Report

January 7, 1948

Board of Selectmen:

I hereby submit my report as Inspector of Animals for the year ending 1947.

There has been 20 dogs quarantined by me.

One head sent in to State Laboratory. There are 98 cows, 65 horses, 6 sheep, 17 goats and 2,497 pigs.

Respectfully submitted,

CHARLES H. TRUELSON,

Inspector of Animals

Tree Warden's Report

January 7, 1948

To the Citizens of the Town of Randolph:

The Webb Worms were very few this fall.

A great number of Tent Caterpillars were found, also the Elm Beetle.

The Town was well sprayed with what help was available.

There are still repairs needed on the spraying machine.

Respectfully yours,

Dorothy C. Moore for

JOHN T. MOORE (Deceased)

Tree Warden

* Resigned March, 1947.

** Elected May 5, to fill vacancy due to resignation of Mr. John M. Pero.

To The Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1947 and being the seventy-second annual report is submitted showing the condition of the Trust consisting of the building, library and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seem to be of general interest.

The Library Committee reports that the books, charts, and furnishings are in good condition and that all books owned by the Library are accounted for by the Librarian.

The Building Committee reports that the south side first floor premises are being occupied by the Bureau of

ONE HUNDRED AND TWELFTH ANNUAL REPORT

Old Age Assistance and Public Welfare Assistance. Of the appropriation of \$1,700.00 made by the Town all but \$3.54 was used during the year.

The Trustees this year request an appropriation of \$2,500.00 to meet the need of general repairs of the building and to the furnishings and fixtures, as such repairs may from time to time be necessary and for the general purposes of the Library. It is felt by the Trustees that the oft deferred painting of the walls and ceilings of the hallway should be accomplished this Spring. A copy of each of the following reports is hereunto subjoined; Report of the Librarian, Report of the Treasurer showing receipts and expenditures of the Library, and Report of the Finance Committee.

The Trustees are pleased with the results outlined in the Librarian's very excellent report and wish also to express their appreciation to all those who have contributed in any manner to the Library during the past year.

Respectfully submitted,

FREDERICK E. KNEBEL,

January 8, 1948

President

REPORT OF THE FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your committee on finances submits the following report:

TOWN OF RANDOLPH, MASS.

The committee has audited the accounts of the Treasurer for the year 1947 and found them to be correct. All moneys have been accounted for as received, and no money has been paid out except on vouchers properly approved. The committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

The reorganization of Denver Rio Grande Railroad has been consummated and in exchange for \$2,000 Rio Grande Western R.R. 4 percent bonds due 1949, we received;

\$ 532.00 Denver & Rio Grande Western Inc. 4 1/2s, A-2018
1,941.80 Denver & Rio Grande Western Conv. 5 % Pfd.
186.20 Denver & Rio Grande Western Common Scrip.

**REPORT OF THE LIBRARIAN OF
TURNER FREE LIBRARY**

To the Trustees of The Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1947.

This past year 301 books have been added to the Library shelves — 272 books purchased and 29 gifts.

Among the gifts were 6 vol of famous composers and their works, from Mrs. Mary Leahy Wren.

Father McCarthy presented us with a Catholic Encyclopedia.

The Rotary Club are sending the Rotarian Magazine.

We have purchased a New Webster's International

ONE HUNDRED AND TWELFTH ANNUAL REPORT

Dictionary and a 19 vol. set of the New Edition of the World Book Encyclopedia.

Total number of borrowers' cards 428, renewals 189, new applicants 239.

The total circulation of books for the year 16,077—Fiction 10,713, Juvenile 2,740, General 2,624. A slight increase over the circulation of 1946.

The number of magazines loaned 325. The Story Hour for the children started July 12. There were 6 sessions with an average attendance of 31 children.

Miss Edith Komich had charge of the children and told the stories.

On Nov. 12, in observance of Children's Book Week we had a Story Hour with 57 children present. The reading room was given over to the children and Miss Komich had a very fine display of her Mother Goose drawings.

We also had books on different subjects displayed. The collection consisted of books on Nature, history, travel, play, animals, science, Christmas and other subjects. We feel that our Story Hour has been instructive as well as entertaining.

It was with regret that we accepted Miss Jean Lynch's resignation as Children's Librarian. She was always willing to help the children in their selection of books and to aid the staff when needed.

At vacation-time Miss Eleanor MacPhail and Miss Edith Komich served as substitutes.

The Librarian takes this opportunity to thank Miss Massie, Miss Komich and Miss MacPhail for their faithfulness and help and the Trustees for their interest and confidence.

EUNICE B. MARTIN,

January 5, 1948

Librarian

Report of Inspector of Slaughtering

To the Board of Health of Randolph,

Dear Sirs:

I hereby submit my report for the official year of 1847 as follows, as Inspector of Slaughtering.

Total number inspected	353
Number of Hogs	303
Number of Cattle	23
Number of Calves	19
Number of Sheep	8
Total	<hr/> 353

Number condemned, 4.

WESTON L. MANN,
Inspector of Slaughtering

Report of Highway Surveyor

To the Citizens of the Town of Randolph:

HIGHWAY GENERAL

In addition to ordinary maintenance of streets, sidewalks, fences, street signs, brooks, catch basins, etc., the following work was done:

Roadway patching was carried on extensively in an attempt to save highway surfaces from permanent damage.

Road oils were applied to sections of some streets and sand covered. Gravel was hauled on some of our dirt roads.

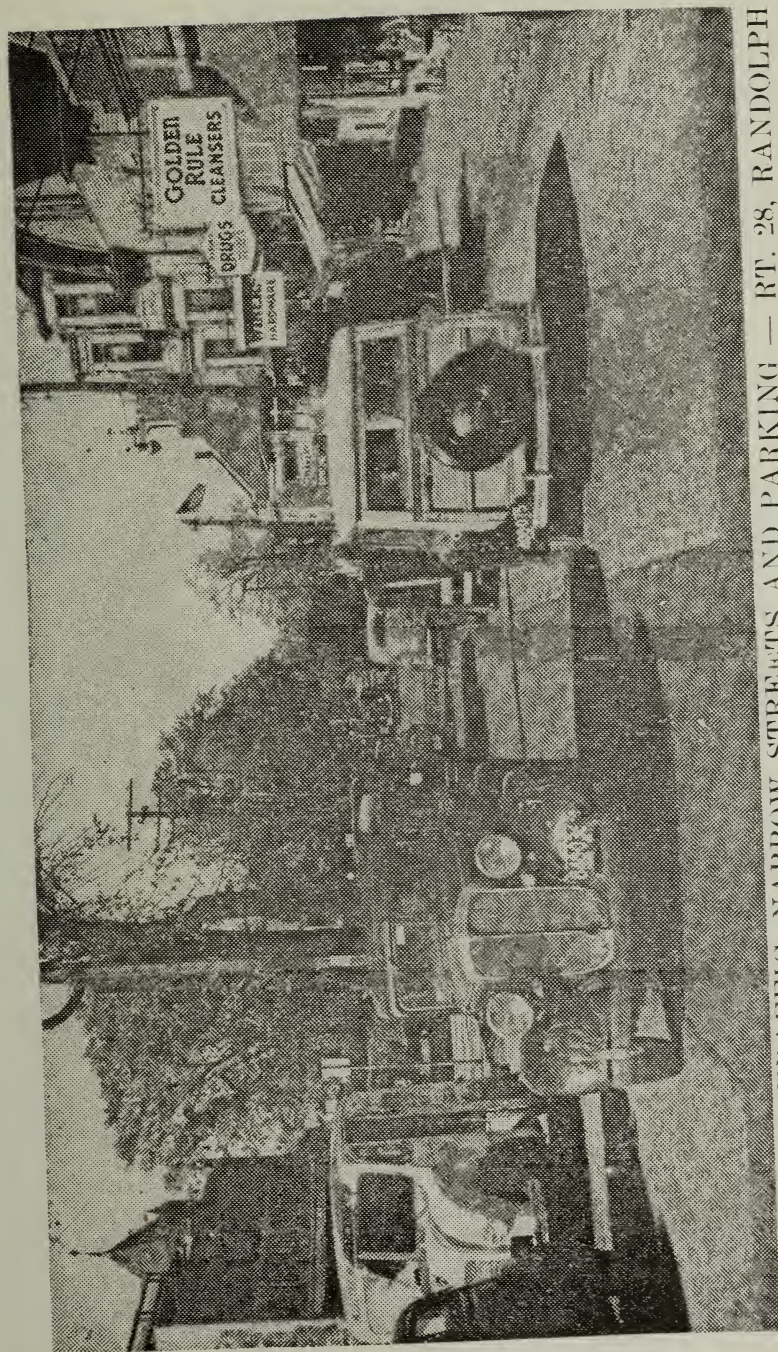

CHAPTER 90

The amount of funds we received from the State and County was \$500.00 each, thereby a cut of 50% of the past years. To maintain our Chapter 90 Highways it became necessary to expend money from the general fund.

The work that was completed during the year was the asphalt treatment of Union Street, West Street from Lafayette to the Stoughton line. All fences, basins and culverts were taken care of. This work was approved by the Department of Public Works.

SNOW REMOVAL

The year of 1947 ended with very severe storms. Abnormal ice conditions resulting from changing weather conditions, including sleet, freezing rains, and compacted

SLOW MOVING TRAFFIC, NARROW STREETS AND PARKING — RT. 28, RANDOLPH

TOWN OF RANDOLPH, MASS.

snow, required frequent treatments over the period of winter months.

It may be of interest, also, to note that during parts of our winter months, that sanding results did not appear to be as effective as usual. It is due to the fact that the abrasives do not anchor to the ice satisfactorily when the weather turns real cold.

On the opposite page of my report, you will note a picture taken by The Post War Highway Commission. This shows one of the bottle-necks on Route 28, Randolph Square.

During a heavy storm it is very difficult to plow or sand this section with good results, the snow is pounded hard by the great amount of traffic and is hard to cope with.

STORMS IN 1947

Start	Type	Care	Fall	Duration
Jan. 2	snow, sleet-ran	plowing, sanding	4"	59 hours
5	snow,	plowing, sanding	4"	15 hours
14	sleet & rain	plowing, sanding	1"	60 hours
20	freezing rain	sanding	1"	15 hours
21	snow	sanding	1"	2 hours
Feb. 7	snow	sanding	1"	2½ hours
8	snow, sleet, rain	sanding	1"	9 hours
16	snow	sanding	1"	3 hours
20	snow	plowing, sanding	10"	26 hours
Mar. 1	snow, sleet, rain	sanding	1"	26 hours
10	snow	sanding	2"	7 hours
Apr. 2	snow, sleet, rain	sanding	1"	16 hours
20	snow, sleet, rain	sanding	1"	33 hours
Nov. 11	snow & rain	sanding	1½"	20 hours
27	snow	sanding	1"	2 hours
Dec. 5	snow, sleet	plowing, sanding	5"	13 hours
7	snow, sleet, rain	plowing, sanding	4"	9 hours
10	snow	plowing, sanding	4"	10 hours
23	snow	plowing, sanding	7"	18 hours
26	snow & sleet	plowing, sanding	12"	31 hours
				63½"

The year of 1947 required a great deal of plowing and sanding.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

I wish to thank the Town Officials and Citizens for the fine co-operation during the past year.

Respectfully submitted,

JOHN A. FREDERICKSON,

Highway Surveyor

Betterment Act Report

December 15, 1947

To The Honorable Board of Selectmen
Town of Randolph, Massachusetts

Gentlemen:

REPORT OF THE COMMITTEE TO INVESTIGATE THE BETTERMENT ACT

Your committee appointed by the Moderator at the Annual Town Meeting of 1947 respectfully submits its report after numerous meetings on the subject matter.

Chapter 80 of the General Laws provides:

“Whenever a limited and determinable area receives benefit or advantage, other than the general advantage to the community, from a public improvement made by or in accordance with the formal vote or order of a board of officers of the commonwealth or of a county, city, town or district, and such order states that betterments are to be assessed for the improvement, such board shall within six months after the completion of the improvement determine the value of such benefit or advantage to the land within such area and assess upon each parcel thereof a proportionate share of the cost of such improvement, and shall include in such cost all damages awarded therefor under chapter seventy-nine; but no such assessment shall exceed the amount of such adjudged benefit or advantage. The board shall in the order of assessment designate as the owner of each parcel the person who was liable to assessment therefor on the preceding April first under the provisions of chapter fifty-nine.”

ONE HUNDRED AND TWELFTH ANNUAL REPORT

Under a vote passed by the Town of Randolph in 1930 the provisions of Chapter 41, Sections 73 to 89, were accepted and the Board of Selectmen now constitute the Board of Survey. The following regulation prevails: No person shall open a private way for public use without first submitting to said Board suitable plans thereof in accordance with such rules and regulations as the Board prescribes. With this authority and with the authority granted to cities and towns by the provisions of Chapter 80 of the General Laws, the power to assess betterments is now vested and no further authority seems to be required. However, it is respectfully recommended that the provisions of Chapter 211 of the Acts of 1936 be accepted by the Town whereby the duties of the Board of Survey would be transferred to the planning Board. This action would relieve the Selectmen of duties which are not in keeping with the time available to them and would place the powers and duties of the Board of Survey within the Planning Board which should be a valuable segment of the town government. Your Committee is unanimous in stating that action should not be delayed of the future of the town is to be protected and orderly development is to obtain. It is further recommended that the provisions of Chapter 80 of the General Laws should apply immediately to the following:

1. New land developments.
2. In the acceptance of all new streets.
3. In the construction of all future sidewalks.

Respectfully submitted,

WALTER R. HEARN, Chairman,

Betterment Act Committee

ALBERT P. WHITAKER,

ADRIAN J. IORIO,

HAROLD W. MACAULEY

ARTHUR J. MURPHY, Secretary

Board of Assessors

Report of the Board of Health

To the Citizens of the Town of Randolph:

The Board of Health respectfully submits its annual Report and the Report of its respective agents for the year ending December 31, 1947.

The Board has answered over one hundred and fifty (150) calls for abatement of nuisances, such as overflowing cesspools, indiscriminate dumping, cleanliness, malevolent odors, etc.: and report settlements believed satisfactory to those concerned, and further commends the general co-operation of the townspeople; only one (1) court action was deemed necessary to the public welfare.

The Board favors the studying of a sewage system for this Town.

The Dental Clinic was conducted by Dr. William Maguire and Dr. Selig Zase, assisted by our School Nurse, Miss Helen Conlon. The Diptheria Clinic was conducted by the late Dr. George V. Higgins and Miss Helen Conlon. Our District Nurses, Miss Beatrice Scannell and Mrs. Signa Heath deserve our commendation for their ready responses during the year.

A new edition of Rules and Regulations was compiled and adopted by the Board during the year, containing an additional chapter to regulate eating and drinking establishments and food dispensaries.

Communicable diseases for the year 1947 were as follows: Scarlet Fever 10; Whooping Cough 3; Chicken Pox 2; Mumps 3; Dog Bites 30; Diptheria 2; Pulmonary Tuberculosis 3; Measels 6.

FREDERICK A. DIAUTO, Chairman
Roger A. Lutz
Seth W. Swain

Report of Plumbing Inspector

To the Board of Health of Randolph:

Sirs:

I hereby submit my report ending on Dec. 15, 1947.

One hundred permits for old and new plumbing installations have been issued during the present year.

Ninety-seven water closets, ninety-two sinks, eighty-nine wash bowls, eighty-six bathtubs, twelve showers, five urinals and forty-seven pressure boilers have been installed.

Building in Randolph has increased almost 100% over the war years and promises to be even greater in the near future.

As a result the work of the Plumbing Inspector has doubled and will probably be trebled in the coming year.

Respectfully submitted,

THOMAS O. RILEY,

Plumbing Inspector

Report of Fire Department

January 8, 1948

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1947.

The department responded to 345 calls classified as follows:

Number of calls	345
Building Fires	57
Automobiles	19
False Alarms	10
Inhalator Calls	2
Miscellaneous	10
Brush and Grass	247
American Legion Ambulance Calls	186
Feet of hose used—6,350-21½, 4,750-11½, 400-1& 1/8, 34,400-Booster	Total 45,900
Feet of ladders used	447
Assessed Value of Property Damaged by Fire	\$22,900.00
Insurance on Property Damaged	40,500.00
Damage to Property	10,143.87
Insurance Paid on Damage	9,443.87
Loss Not Covered	700.00
Value of Contents Involved	\$10,400.00
Insurance on Contents	9,200.00
Damage to contents	4,390.00
Insurance Paid on Contents	3,190.00
Loss Not Covered	1,200.00

TOWN OF RANDOLPH, MASS.

All apparatus, hose and appliances connected with the department are in good condition at the present time.

The death of the late Arthur Anderson was a great loss to the department.

Respectively submitted,

HAROLD L. BAILEY,

Chief of Department

Moth Superintendent's Report

January 7, 1948

To the Board of Selectmen:

The Moth situation was not so good last year.

Spraying was done in most parts of the town.

Large numbers of Tent Caterpillars and Elm Beetles were found.

The sprayers will need some repairs and some new material will have to be purchased

Very truly yours,

Dorothy C. Moore, for
JOHN C. MOORE (Deceased)
Moth Superintendent

Report of School Committee

To the Citizens of the Town of Randolph:

The Randolph School Committee submits herewith the annual report of the year 1947.

The past year saw the overcrowded conditions continuing to exist within our school system to such an extent that there is no longer any available school room in the town of Randolph for future expansion. At the present time we are operating a two-platoon system at the Belcher School for two grades, grades one and three. Until the McNeill School two-room addition is completed, we must continue to operate on the two-platoon system there. We have employed two additional teachers to work in the Belcher School, and one additional teacher at the Tower Hill School. Together with these, we were successful in acquiring a competent special class teacher approved by the State Department of Education. The School Committee, in conjunction with Superintendent Christiansen, unsuccessfully tried to secure the services of a remedial reading supervisor for grades one to six. Due to a scarcity of qualified teachers in this field, it was impossible to acquire such a supervisor. We hope to be able to fill this position this year. These conditions of overcrowdedness will continue to bother us each year from now on until we are able to construct additional rooms, or better still, a new building, centrally located and large enough to house the expected increase in pupils for the next fifteen to twenty years. With the present housing available next year the towns people may expect two-platoon systems to be in use in the Devine School district, the Prescott School district and more classes of this type in the Belcher School district.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

At a special meeting of the tri-town school committees of Avon, Holbrook and Randolph held December 9, 1947, it was voted, at the suggestion of the three voting members from Randolph, to sever the superintendency union, number 35, which is the second largest in the state. Following the annual town meeting in March, it is expected that the State Department of Education, through the office of the Commissioner of Education, following an investigation into the reasons for the breaking of this union, will render us a favorable reply. This will definitely establish Randolph as a single school unit, employing its own Superintendent. It is the intent of the members of this Committee to employ the present Superintendent of Randolph Schools, Mr. A. O. Christiansen. In our opinion, Mr. Christiansen, with the removal of his duties in Avon and Holbrook, will be able to give full time service here to the better scholastic attainment of the pupils of the town of Randolph.

In our attempt to keep within our budget, we were confronted with a repair bill amounting to \$1900, purely unexpected, ordered upon us by the Department of Public Safety of the State of Massachusetts. This bill we had to meet in order to open Stetson High School in September. We took this from other projects which we had in mind to do when we submitted our budget for 1947.

Your Committee feels that to give adequate transportation to outlying districts of our rapidly growing town, that we will need to expend more money for school transportation in 1948. While complementing Mr. Stephen J. Hart and the Eastern Massachusetts Street Railway for their excellent efforts during war time and since, we feel some improvements will be needed in the existing transportation set-up and time schedule.

Your Committee comments with extreme regret on the passing of our beloved School Physician and friend, Dr.

TOWN OF RANDOLPH, MASS.

George V. Higgins. No man has served the town of Randolph in the school with any longer or more meritorious service. Whenever the School Committee had occasion to call upon Dr. Higgins relative to a problem in conjunction with his physician's duties, we found him always eager to cooperate and most forward with his constructive criticism and suggestions. The Committee was fortunate to find in Dr. Higgins' assistant so able a man to carry on in the good doctor's place. We employed Dr. Charles E. Wells to serve at the discretion of the School Committee in the capacity of School Physician.

This year witnessed the beginning of three additional Parent-Teacher organizations, which, added to the McNeill Parent-Teacher group forms a strong unit for cooperative action in the improvement of the physical and educational interests of our school system. These organizations, realizing the need for adequate housing for their sons and daughters, have come forward and made known their willingness to assist the School Committee in attaining a constructive and long-view building program.

The School Committee would like to take this opportunity to thank the entire school personnel for their cooperation during this past school year.

WILLIAM J. FOLEY, Chairman
WILLIAM J. LYNCH, Clerk
PHILIP L. BOYLE
RALPH H. HUTCHINSON
ALICE M. MARTIN

Superintendent of Schools Report

Mr. Chairman and Members of the
School Committee, Randolph:

I have the honor of submitting to you my annual report of the Randolph public schools for the year 1947.

Notwithstanding the anticipated shortage of trained teachers throughout the state and nation, we were most fortunate in procuring a teacher for each classroom in the fall. Two factors were prominent in this achievement, namely, your provision for teachers' salary increase and the return to service of married women teachers, many of whom live in this and neighboring towns. These teachers moreover are trained and have had years of school experience and are far more competent to take over the responsibility of instruction than many single young men and women who, with little or no educational background, have drifted in to the profession due to the emergency.

Our total enrollment of 1786, as of October 1, 1947, shows an increase of ninety-two pupils over that of last year. This increase is noted in the grades. As large classes are often the impediment to good teaching we had to introduce the two-platoon system, one in the McNeill school and the other in the Belcher district. This condition although not ideal will prevail for several years and will get worse rather than better. With the completion of the two-room addition to the McNeill school that district will return to the single session sometime in January, 1948.

In our efforts to enrich and vitalize our school curriculum, to study the needs and abilities of the pupil, his cultural, vocational, social and civic responsibilities, I wish

TOWN OF RANDOLPH, MASS.

to record briefly some results which are worthy of note. Principal Hubert F. Gilgan states that the Stetson high school has achieved excellent results in sending its graduates to college. A total of eight of the 1947 graduates has entered Harvard, Boston College, Fordham, Boston University, Emmanuel, Massachusetts State, Bridgewater Teachers College and Katherine Gibbs. At least three of the above pupils secured scholarships by competitive examinations besides the scholarships earned at Stetson. At present writing it is too early to hear officially from the colleges as to the quality of work these pupils are doing. We have heard from one college however, to the effect that one graduate received no mark lower than a B. We have been notified by Brown University that one of our graduates has again made the Dean's list for high academic standing and has also been made a Francis Wayland Scholar. Another of our graduates at Middlesex County (N. J.) Polio Center is being sent, as a reward for excellent work, to Columbia University for a degree. Still another graduate has been again selected for the Dean's List at Boston University for high academic standing. Another Stetson girl was elected by her classmates at Emmanuel College to represent the school in "Who's Who in American Colleges."

The Vocational Guidance program under Mr. Joseph W. Daly summarizes the results of the Boston University Battery Y Test. These included reading, arithmetic, English and an I. Q. test. This year few more weeks will be needed to give the Juniors the results of their aptitude tests. Included in the tests for Juniors were a mechanical aptitude test, clerical aptitude test, intelligence test and reading. This battery when combined with other information will be a definite aid in selecting a vocation.

The annual exhibition of work done and the achievement of pupils in the subjects of music, band, art and

ONE HUNDRED AND TWELFTH ANNUAL REPORT

classroom activities was given last May. It was an exhibition of outstanding merit attested to by the cooperation of all teachers and large audiences of parents and friends. We are proud to report that four members of the Stetson high school band were selected to participate in the New England Music Festival Concert held at Brattleboro, Vermont.

It is our educational objective this coming year to unify the school work throughout the grades. Teachers and Principals are in accord and have volunteered to cooperate towards this end.

It has been a pleasure to work with the McNeill school building committee under the direction of chairman Mr. Albert P. Whitaker. The school at the time of this writing will soon be turned over to the town. It will exemplify a fine piece of work, well done and a composite illustration of what can be done when cooperation is the key motive. In this connection we owe much praise to the various P.T.A.'s in Randolph for their loyalty and common interest in this our common task to make our schools better.

We acknowledge with grateful thanks each and every scholarship and gift presented to some of our worthy graduates in June. The Knights of Columbus Lyceum Association, Inc. scholarship of \$200.00 was presented for the first time last June. A new scholarship of \$100.00 will be awarded this June to a graduate of the Household Art Dept. by the Ladies Library Ass'n. These with the awards of the Stetson High School Scholarship Fund Committee, the Junior Ladies Library Ass'n and American Legion constitute a pledge of faith in our schools and to us who teach, a trust.

The special class or as we wish to call it "Opportunity Class" was reorganized after a lapse of several years, due to the war and teacher shortage. Under the helpful

TOWN OF RANDOLPH, MASS.

guidance of Mrs. Ina M. Curley, Supervisor of Special Education, Mass. Department of Education, Mrs. Angelica Vorgeas was found and immediately appointed by the School Committee. Mrs. Vorgeas is well trained for this important phase of public school work and has already produced excellent results.

We lost by death our School Physician, Dr. George V. Higgins, who had endeared himself to all connected with our schools. His many years of service have left a deep and lasting influence for good on our boys and girls. They knew him as a friend of wise and direct council always given with kind understanding and sympathy.

I have appreciated fully your counsel and cooperation. Our teachers are loyal and at work. We have every reason to believe that such will produce results for which we are all striving.

Respectfully submitted,

A. O. CHRISTIANSEN,

Superintendent of Schools

REPORT OF THE ORGANIZATION OF THE OPPORTUNITY CLASS

Mrs. Angelica Vorgeas, Instructor

Mr. A. O. Christiansen

Supt. of Schools

The organization of the Opportunity Class began on the first day of school when all schools were visited and blanks given to the principals requesting them to consult with their teachers and recommend: (1) pupils who were three or more years retarded, and, (2) pupils who had not repeated three grades but were in need of special coaching in a particular classroom subject. Each pupil was then observed in his classroom and notes describing his reactions, personality, and quality of work were recorded.

On Mr. Christiansen's recommendation group tests of achievement and intelligence were ordered and administered to those pupils on the principals' lists. The results were carefully tabulated and submitted to the Superintendent who determined from this list the pupils to be tested by the Taunton State Clinic. The home of each pupil-candidate was then visited and to each parent the aims and purposes of the Opportunity Class were described. The Taunton Clinic arrived on October 20th and the class commenced its activities on October 24th with an enrollment of fifteen pupils.

The purposes and aims of this class are twofold; (1) to coach such who have ability in respective subjects and grades and return them to the grades (last week the first pupil was returned to her grade), and (2) to instruct those who may require longer periods of training for whom much or all of the manual arts are intended. In order to fulfill these aims and to give this individual instruction,

TOWN OF RANDOLPH, MASS.

more materials and equipment will be necessary. It is hoped that vocational instruction and domestic arts instruction may be included as soon as possible.

May I extend my appreciation to the principals and to Miss Helen Conlon our school nurse for their kind cooperation and to Mr. Christiansen whose guidance and generous assistance were always graciously available.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

REPORT OF THE SCHOOL NURSE

Helen F. Conlon, R.N.

Mr. A. O. Christiansen,
Superintendent of Schools, Randolph

I submit herewith my report for the year 1947:

Schools Visited	473
Grades Inspected	194
Grades Weighed and Measured	97
Recommended for Exclusion	259
With symptoms of communicable disease or with evidence of pediculosis	
Office Nursing Calls	909
Illness, first aid treatments, individual inspections and weighing	
Referred to School Physician	132
Referred to School Dentists	127
Home Visits	196

All children in grades one, four, eight and twelve were given a physical examination by Dr. Charles Wells, during the school year. Parents were notified of remedial defects found.

The mobile unit from the Norfolk County Hospital came to our High School in January and X-rayed the entire Senior class, also pupils who assist in the lunch room and many of the teaching staff.

Clinics for the prevention of diphtheria were conducted by the Board of Health in April, May and June. Seventy four pre-school children and fifty seven school children were immunized against diphtheria by Dr. George V. Higgins assisted by Dr. Charles Wells.

TOWN OF RANDOLPH, MASS.

In October, eleven children were given psychiatric tests by Dr. Olga Steinecke of the State Department of Mental Health. Recommendations for these children were sent to the office of the Superintendent of Schools.

The Physically Handicapped census was taken in October and four new names were added to the list. Two of these children were able to attend school. Arrangements were made for one child to receive instructions in her home from a visiting teacher. Three other children continued to have the services of a visiting teacher.

May I take this opportunity to thank all in the school system for their assistance and cooperation during the past year.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

REPORT OF THE SCHOOL PHYSICIAN

Charles E. Wells, M.D.

Mr. A. O. Christiansen,
Superintendent of Schools

In March, 1947 Dr. Higgins asked me to assist him by doing the routine physical examinations of pupils in all schools which he was unable to do. With the help of Miss Conlon the pupils in the first, fourth, eighth and twelfth grades were examined before the end of the school year. These examinations are being continued during the present school year, so that approximately half the pupils will have been given physicals by the end of the school year, thus carrying out the recommendation of Mr. Gilgan in his 1946 report. Up to the Christmas vacation, 378 such examinations were made. The results are very gratifying indicating that parents are giving proper attention to the health of their children in most cases.

There were no serious injuries to players during the football season, thanks largely to the excellent supervision by the coach. The candidates for the basket ball teams have recently been examined and found to be in good physical condition.

The check on pupils who have been absent for three school days is being continued and has resulted in bringing to the attention of parents many minor and some more serious conditions requiring medical attention. Certificates giving permission to return to school had been issued in 468 such cases up to Christmas.

I wish to thank the School Committee for the opportunity to carry on the work of school physician; the superintendent of schools, school nurse and teachers for their hearty cooperation.

Respectfully submitted,
CHARLES E. WELLS, M.D.
School Physician

		*Close June 18, 1948 for High School

SUMMER VACATION

Open Sept.	8, 1948	Close Dec. 22, 1948 at noon
Open Jan.	3, 1949	Close Feb. 18, 1949
Open Feb.	28, 1949	Close April 15, 1949
Open Apr.	25, 1949	*Close June 10, 1949 for Grades 1 to 8
		*Close June 22, 1949 for High School

Schools will also close on the following days:

Good Friday, March 26th; Memorial Day, May 31st; Columbus Day, Oct. 12th; Armistice Day, Nov. 11th; and closing at noon, Nov. 24th for Thanksgiving Day and the day following, Nov. 25th and 26th.

NO-SCHOOL SIGNALS

By courtesy of the Randolph Fire Department, three blows repeated three times will be sounded at:

6:45 A. M. No session for Senior and Junior High Schools.

7:15 A. M. No morning session for the first six grades.

11:30 A. M. No afternoon session for the first six grades.

By courtesy of the WNAC, WBET and WJDA Broadcasting Stations, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall report to school. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

*It is essential that we keep in mind that State Law requires that the High School shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

Building Committee Report

McNeill School

December 3, 1947

Progress Report of Building Committee of
the McNeill School

To the Citizens of the Town of Randolph:

Under Article No. 1 of the Special Town Meeting of April 14, 1947, it was voted that the Moderator appoint a committee of ten from the members of the McNeill P. T. A. to work in conjunction with the School Committee to be known as the Building Committee of the McNeill School. Purpose of the committee was to secure a two-room addition to the existing school building. The following committee was notified of their appointment by the Town Clerk on May 2, 1947:

Mr. William J. Foley
Mr. Philip L. Boyle
Mr. William J. Lynch
Mr. Ralph H. Hutchinson
Mrs. Alice M. Martin
Mr. Albert P. Whittaker
Mr. Frank L. Johnson
Mr. John R. Simmons
Mr. Fred Lakey
Mr. Albert F. Dowd
Mr. Warren M. Hudson
Mr. Daniel Elliott
Mr. Thomas O'Riley
Mr. Mark Liebermann
Mr. James E. Gannon

TOWN OF RANDOLPH, MASS.

The committee held its first meeting on May 6, 1947. Advertisements were placed in the local papers for an architect and from six applicants the committee elected Mr. Emery J. LaLiberte, 226 Main Street, Brockton. Plans and specifications were drawn up and the building contract was awarded to Sciaba and Company, 86 Shawmut Avenue, Boston, Massachusetts, who was the lowest of nine bidders.

The project was started around the 1st of August, and except for a few unexpected contingencies, the work has progressed close to schedule. The contractors plan to finish the school by December 30 in order that the pupils may occupy the new rooms after the Christmas holidays. The final report of this committee will be submitted in the 1948 Town Report.

A. P. WHITTAKER, Chairman
F. L. JOHNSON, Vice-Chairman
J. E. GANNON, Secretary

Report of Water Commissioners

To the Citizens of the Town of Randolph:

The sixty-second annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1947.

Organization of the Board was as follows:

Frederick D. Driscoll	Chairman
Martin E. Young	Clerk
William J. Almond	Associate

APPOINTMENTS BY BOARD

Marion L. Bailey	Clerk-Collector
William J. Almond	Superintendent

DEPARTMENT MAINTENANCE

During the calendar year 1947 this department received applications for ninety-nine new services. Eighty-six of these were installed but due to the lateness of the season and weather conditions the balance of these applications were placed on the spring calendar for completion.

Forty-four service leaks were repaired, of which thirty-three were renewed from the main to property line.

During the year the department had five hydrants broken, three by autos. The town has received reimbursement on all three. All hydrants in the system were checked and inspected for proper operation, etc. Three were found to be leaking. These were replaced with new bases. Also, one hydrant was raised eighteen inches to grade.

TOWN OF RANDOLPH, MASS.

Twelve service boxes found broken and filled, were replaced. Eight services were pumped out and cleaned.

The department had four main leaks during the year; one blown joint on a 14" main and three broken 6" mains.

In the meter department fifty-nine meters were removed; five for test, five found frozen and forty-nine not registering. Of these seven were junked, seventy-seven previously removed (for repairs) were replaced on services, and forty-five new meters were added to the system.

Under new construction the department installed 4777 linear feet of six inch mains, twenty-one hundred of which was a carry-over from 1946 construction. The break-down is as follows:

Tileston Road—622 ft. of 6" cast iron main together with two gates and one hydrant. In conjunction, five services were renewed and connected to new main.

High Street—1300 ft. of 6" Keasby-Mattison "Century" pipe with two gates and one hydrant. Three new services were added to system through this extension.

Martin Terrace—1105 ft. of 6" cast iron main with four gates and two hydrants.

Ballard Street—800 ft. of 6" cast iron main with two gates and one hydrant. Five old services were renewed and placed on main and three new services were added.

Wilmarth Rd.—950 ft. of 6" main with two gates and one hydrant. Eleven old services were renewed and connected to this new main.

In addition, 350 ft. of 6" main with two gates and one hydrant was installed on Stevens Terrace under the supervision of the department, the expense of materials, etc. was borne entirely by the developer.

ONE HUNDRED AND TWELFTH ANNUAL REPORT

Although the availability of pipe and materials has eased off somewhat, the increase in cost of same has become alarming. Throughout the water works field the price of materials has increased from 100% to, in some instances, a high of 500%. This is reflected in the rise of department operating expenses and justifies your Water Boards' request for increase in the water department budget.

JOINT ACCOUNT

There has been no serious trouble at the Pumping Station this year. Routine work and improvement has Progressed but here too, operating expenses have increased sharply.

During the year a contract was given to the Palfrey Co. of Riverside, R. I., by the Joint Board of Water Commissioners (Randolph and Holbrook) for a complete welding of the Randolph tank, under the supervision of the Joint Board Superintendent, Mr. McLaughlin, of the Holbrook Water Department. On completion of a "one pass" weld and the application of one coat of aluminum paint it was decided by the Joint Board of Water Commissioners that before any further work was done, to submit the completed work to a winter's test. In furtherance of this plan all work was suspended pending the results of the test in the spring of next year.

In line with a program adopted last year, your Joint Board continues to have a daily analysis of the water and chemicals used at the pumping plant. In the opinion of the Board and the State Department of Public Health this action is more than gratifying in the procurement of a more potable water entering our distribution system. The saving in cost of chemicals used has more than offset the cost of the daily check under competent supervision.

TOWN OF RANDOLPH, MASS.

A complete chart of the water analysis taken by the Department of Public Health follows.

Report of Planning Board

To the Citizens of the Town of Randolph:

During the year 1947 the Randolph Planning Board sat only in its capacity as Park Commissioners.

With the money graciously left to Belcher Park matched by an equal sum voted by the Town, the Park Commissioners were in a position for the first time in many years to make outlays for the benefit of the smaller children.

Shortly after the Town Meeting, the Board met with Mrs. Elizabeth Merrikin, the Reverend Orville White and the Reverend Vincent McCarthy, a committee appointed by the Moderator, to form the Belcher Park Committee. Mrs. Merrikin was elected chairman.

During the summer months ground was cleared and a combination play area and skating rink was constructed in the rear of the Scout House. This proved to be a wise investment as large groups of children used this facility during the year. The committee purchased and erected swings, teeters, jungle-gyms and sand-boxes which were in constant use during the summer months. Mrs. Cederholm was hired by the Committee as playground instructor to teach the children games and crafts.

There is still a large sum of money remaining in the fund and this will be spent from time to time for increasing the facilities.

Many thanks are due Mrs. Merrikin, Reverend White and Reverend McCarthy for the work they put in to make this program possible.

JOHN T. HANNON

Temporary Chairman

1948 Town Meeting Warrant

Commonwealth of Massachusetts

Norfolk, ss.

To either of the Constables of the Town of Randolph, in
said County, Greetings:

In the name of the Commonwealth of Massachusetts,
you are hereby directed to notify and warn the inhabitants
of the Town of Randolph, qualified to vote in elections
therein, to meet at the

TOWN HALL IN SAID TOWN

ON MONDAY, THE FIRST DAY OF MARCH, 1948

At 7:45 O'Clock in the Evening

then and there to act on the articles of this warrant.

You are directed to notify and warn inhabitants qualified to vote as aforesaid, to meet at the polling places in their respective precincts, to wit:

Polling Place in Precinct No. 1

STETSON HALL, IN SAID TOWN

Polling Place in Precinct No. 2

DEVINE SCHOOL, IN SAID TOWN

ON MONDAY, THE EIGHTH DAY OF MARCH, 1948

at 8:00 o'clock in the forenoon

then and there to bring in to the wardens of their respective precincts, their votes on the official ballot for a Town Clerk for one year, Town Treasurer for one year, Moderator for one year, three Selectmen and Overseers of the Public Welfare for one year, one Assessor for three years, one Assessor for two years, two members of the School Committee for three years, one member of the Stetson

ONE HUNDRED AND TWELFTH ANNUAL REPORT

Trust Fund for three years, one member of the Board of Health for three years, one Tax Collector for one year, one Water Commissioner for three years, one Highway Surveyor for one year, one Tree Warden for one year, and two members of the Planning Board for three years, **"and to vote YES or NO on the following question:"**

"Shall an act passed by the general court in the year nineteen hundred and forty-seven, entitled 'An Act establishing in the Town of Randolph representative town government by limited town meetings', be accepted by this town?"

THE POLLS WILL BE OPENED AT EIGHT O'CLOCK IN THE FORENOON AND WILL BE CLOSED AT EIGHT O'CLOCK IN THE EVENING.

Article 1. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1948, and to issue a note or notes therefor, payable within year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. To see if the Town will vote to raise and appropriate money to defray the General Town Expenses for the current year, under the following headings:

Congressional District**

Richard B. Wigglesworth, Milton, Mass.

Report of The Selectmen and Overseers of Public Welfare

The year of 1948 has proved to be one of increasing costs which were reflected in the highest tax rate in the history of the Town. Most of the cities and towns in the Commonwealth showed increases over the previous year, but Randolph had the dubious distinction of having the fourth highest rate in the State. The outlook for 1949 is far from bright; practically every department, due to increased costs of materials and services is going to require additional funds. Capital expenditures long postponed, will have to be made. Unwarranted expenditures will have to be eliminated and each item thoroughly scrutinized before appropriations are made.

During the past year the State resurfaced South Main Street from Crawford Square to the Avon line; this project will be completed in 1949. Reconstruction of Main Street through the center of the town is on the agenda for the coming year.

1949 will bring a change in form of town government. The open type of town meeting will give way to the limited form of town meeting as adopted at the last annual election. The Town has been divided into four precincts (described elsewhere in this report) and each precinct will elect approximately sixty town meeting members. These two hundred and forty town meeting members, together with other elected officers of the Town will vote on all appropriations and other Town business. We urge all responsible citizens of the Town to seek the office of "Town Meeting Member." The greater interest shown in the election of these members, the better town government we will have.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

We wish to thank the various officials, department heads and town employees for the help which they have given us during the past year. Again we wish to remind the citizens that greater interest in Town Government will result in better and more economical Town Services.

JOHN T. HANNON, Chairman,

ERNEST H. HYLEN, Clerk,

THEODORE S. LUDDINGTON,

Board of Selectmen

Report of Town Clerk

ANNUAL TOWN MEETING, MARCH 1, 1948

Article 1. VOTED UNANIMOUSLY: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1948, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. VOTED to raise and appropriate money to defray the General Town Expenses for the current year, under the following headings:

Article 5. VOTED: That the pay of Town Laborers and others hired by the day or hour be \$1.00 per hour.

Article 6. PASSED.

Article 7. VOTED: To authorize the Moderator to appoint a Committee of five (5) to represent the town in

TOWN OF RANDOLPH, MASSACHUSETTS

any official action arising from the decision of the N. Y. New Haven & Hartford Railroad to abandon passenger service on the Old Colony Division.

VOTED: To appoint a committee of three, composed of the Board of Selectmen, to take whatever action necessary to purchase, or take by eminent domain, the land under the No. 2 Engine House.

VOTED: That a committee be appointed by the Moderator that shall include twenty-five (25) citizens, ten (10) of these to be business men between Crawford Square and the Railroad Bridge, and the Planning Board, to be known as the Business Center Parking and Traffic Committee said Committee to study parking and traffic problems in the area of Crawford Square to Depot Street, and to make recommendations to the Board of Selectmen if any changes are desired in the existing Parking Rules.

VOTED: That a Committee composed of the President of the PTA Council, the Presidents of all Parent Teachers Associations in Randolph, the Board of Selectmen, The School Committee, the Superintendent of Schools, the Board of Assessors be appointed to be known as the Public Building Sites Committee to study locations for future new Public Buildings, said Board to submit their recommendations not later than December 15, 1948 so their report may be published in the Annual Town Report for 1948.

VOTED: That a Committee of four (4) composed of the members of the Board of Selectmen and the Highway Surveyor be appointed to petition the Department of Public Works, or the Legislature if necessary, to have the Commonwealth of Massachusetts take over that part of North Main Street from Crawford Square to the Railroad Bridge north of Depot Street, and also to petition that this highway be widened for a distance of twenty (20) feet, at the expense of the Commonwealth.

TOWN OF RANDOLPH, MASSACHUSETTS

VOTED UNANIMOUSLY: That a committee be appointed to be known as the Bus Zone Extension Committee to petition the Trustees of the Eastern Massachusetts Street Railway Company to extend the present fare zone from Pond Street to the Quincy Line, and from Center Street to the Avon Line, and that the Committee be composed of: Theodore S. Luddington.

A true copy, Attest:

WALDO E. MANN,

Town Clerk

ADJOURNED ANNUAL TOWN MEETING

March 22, 1948

Article 8. VOTED UNANIMOUSLY: That action under this article be indefinitely postponed.

Article 9. VOTED: That the town authorize the Board of Water Commissioners to appoint any of their members to another office or position under their control, and fix the salaries in accordance with the provisions of Chapter 36, Acts of 1929.

Article 10. VOTED: That the sum of \$20.00 be raised and appropriated for the maintenance and lighting of the clock in the tower of the First Congregational Church.

Article 11. VOTED: That the sum of \$20.00 be raised and appropriated for the maintenance and lighting of the clock in the tower of the First Baptist Church.

Article 12. VOTED: That the sum of \$2080.00 be raised and appropriated for the maintenance and upkeep of Town Hall, as petitioned for by the Trustees of the Stetson School Fund.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Article 13. VOTED: That the Building Laws be not accepted, and that a committee of ten (10) be appointed by the Moderator to include Mr. Sidney Tucker and Mr. Morton Copeland, and said committee to submit their report and be published in the 1948 Town Report.

Article 14. VOTED: That the sum of \$1000.00 be raised and appropriated to take care of that portion of the work that is necessary this year, and that this amount be transferred from the E. & D. Account.

Article 15. VOTED: That Articles 15 and 16 be considered jointly.

Article 16. VOTED: That the sum of \$5,000.00 be raised and appropriated and used under the direction of the School Committee, the Superintendent of Schools, six members of the Parent Teacher's Associations, and three other persons to be appointed by the Moderator on the recommendation of the School Committee, the Superintendent of Schools and six members of the Parent Teachers Associations for the purpose of making an Educational and Physical survey of the immediate needs of the schools of the town, expense of printing and necessary layout and sketches for future buildings, alterations and additions, and that this amount be transferred from the E. & D. Account.

Article 17. VOTED. No action.

Article 18. VOTED: No action.

Article 19. VOTED: No action.

Article 20. VOTED: That the sum of \$1,622.94 be raised and appropriated for the purpose of establishing a retirement fund, and that this amount be transferred from the E. & D. Account.

Article 21. UNANIMOUSLY VOTED: That the sum of \$2500.00 be raised and appropriated for the pur-

TOWN OF RANDOLPH, MASSACHUSETTS

chase of land and construction of a playground for the children in North Randolph, and that the moderator appoint a committee of five to acquire said land. To be transferred from the E. & D. Account.

Article 22. UNANIMOUSLY VOTED: That the town accept Chapter 211 of the Acts of 1936 of the Massachusetts General Laws transferring the duties of the Board of Survey from the Board of Selectmen to the Planning Board.

Article 23. VOTED. No action.

Article 24. VOTED: No action.

Article 25. VOTED UNANIMOUSLY: No action.

Article 26. VOTED UNANIMOUSLY: No action.

Article 27. VOTED: That the Board of Survey petition the County Commissioners to lay out Soren Street.

Article 28. VOTED: To accept the street as being laid out by the Selectmen.

TOWN OF RANDOLPH, MASSACHUSETTS

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and mid-wives applying therefor, blanks for return of births as required by law.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

JOHN T. HANNON,
 ERNEST H. HYLEN,
 THEODORE S. LUDDINGTON,

Selectmen of Randolph

Report of The Board of Health

The Board of Health respectfully submits this annual report of its activities for the year ending December 31, 1948.

The Board has answered many calls for abatement of nuisances and has found a general willingness of the townspeople to cooperate with the Board and to respect its decisions.

The Dental Clinic was conducted by Dr. William Maguire, assisted by the School Nurse, Miss Helen Conlon and the Diphtheria Clinic by Dr. Charles E. Wells. Our District Nurses, Miss Beatrice Scannell and Mrs. Signa Heath have responded well to the many calls for their service.

Commensurate with the increased amount of new home building in Randolph, our Plumbing Inspector, Thomas O'Riley has shown a great activity and larger revenue from Inspection fees.

Two hearings were conducted to determine the desirability of allowing certain lands to be used for cemeteries. A periodic inspection of all eating and drinking places in the town was started by the Board members to determine the degree of compliance with Chapter III of the Rules and Regulations as adopted last year.

The production of milk in Randolph is now about 93% pasteurized and it is expected to reach 100% in the near future.

Starting in 1949, the Board recommends a regular collection of refuse by the Town and will ask for an appropriation for this purpose to replace the one annual "clean-up week," as known in the past.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

The year 1948 has been quite fortunate for the "Hospitalization Account." Expenditures have been only about \$600.00 in excess of amounts received. The latter receipts are credited to general receipts and will appear as part of the unappropriated balance at the beginning of the new year.

Communicable diseases for the year 1948 were as follows: Measles 40; Dog Bites 32; Mumps 8; Scarlet Fever 6; Typhoid Fever 1; Whooping Cough 24; Meningitis 2; Pulmonary Tuberculosis 1.

ROGER A. LUTZ, Chairman

SETH SWAIN, Secretary

PAUL A. DIAUTO, Associate

Report of The Plumbing Inspector

To the Board of Selectmen of the Town of Randolph:

I hereby submit my report for the year ending Dec. 7. 1948.

One hundred and sixty permits have been issued. Of that number 134 were new jobs and 26 remodeling.

Installations were 157 water closets, 143 sinks, 150 wash basins, 126 bathtubs, 18 shower baths, 2 urinals, 1 drinking fountain, 72 pressure boilers and 1 dish washer.

It has been called to my attention that several partly constructed homes for which permits have been issued by the Building Inspector and for which owners had not filed applications for plumbing installations.

After investigation I find these houses remaining unfinished temporarily will be applied for later.

Complaints are entered at my office of (homeowners) installing plumbing in their homes without a properly issued permit.

Several times in the past year the Board of Health has had published in the local papers a warning to the public that no one but a registered master plumber must obtain a permit for plumbing installation. When investigating complaints I am confronted by owners by the fact that they were unaware that the Town of Randolph had plumbing Laws.

Therefore I call attention to the following paragraph taken from the General Laws on Rules and Regulations for Plumbing.

Section 11.—Upon application of a registered MASTER PLUMBER ONLY, on form furnished by the Board

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

of Health, said board shall grant written permission to do certain plumbing described therein when in conformity with the Law.

Permits for all plumbing, except repairs or leaks must be in the hands of the plumber before beginning work.

Applications may be obtained at my office at 138 Druid Hill Ave. on any week day.

With the increase of building it is no longer possible for me to make several trips to homes informing people of the Law. In the future all persons illegally installing plumbing will be prosecuted.

Respectfully submitted ,

THOMAS O'RILEY,
Plumbing Inspector

Report of The School Committee

To the Citizens of the Town of Randolph:

The Randolph School Committee submits herewith the annual report of the year 1948.

Randolph has finally come into its own as a town free to employ its own superintendent and advance unhindered by any untangling alliances with nearby communities. As of July 1, 1948, Randolph severed its connections with Union No. 35 and your Committee saw the end of a struggle begun many years before but accomplished in the last three years by dint of hard work and convincing arguments on the part of all members of these recent committees.

Our first step on July 1, 1948 was to employ Mr. A. O. Christiansen as our own Superintendent of Schools. This was followed in late summer by the signing of Miss Mildred M. Thomas as Supervisor of Reading. It is the aim of the administration to strengthen our school system in its most vital aspects, and reading is a most essential skill which can render an invaluable service to us all, young and old.

Another plan of the Committee was undertaken by the introduction of adequate testing of the pupils to determine their accomplishments and their shortcomings. When a pupil's inadequacies are determined then he can be assisted to overcome them at an early age. It is the old cry of "teaching to assist individual differences." This work of the administration is being capably carried out by Mr. Irvin D. Reade, the new principal at Prescott School and Director of the Testing Program in Randolph schools, grades one through eight.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Physical accomplishments of note this year include the waterproofing and repair of the headers over the doors and windows at the high school. Some of these were in danger of falling to the ground below. Inside at Stetson High the front lower corridor was covered with rubber tile and the stair treads on south and north sides were made secure with rubber tile and marine deck. A painting project was begun at Stetson with three rooms, No. 21, No. 25 and No. 27 being refinished this summer. It is planned to do about three rooms each year until all are redecorated. At the older Prescott building the two flights of stairs were treated as at Stetson. The Belcher School is resplendent in two new coats of white paint. At the Devine School the cement steps at the entrances were repaired, the asbestos on the boiler replaced, repairs to the hot water system completed, and a new hot water tank was installed, while outside the stone wall around the yard was repaired and rebuilt. At the Pauline Street School a new cement walk and water wash were built together with new steps. The roof and gutters required extensive repairs caused from damage by ice and snow.

The Committee at the request of your teachers has adopted a cumulative sick-leave plan which went into effect in September, 1948 permitting the teachers to retain their present ten-day sick leave and to accumulate the unused portion each year until thirty days are reached. Another plan submitted to us by the instructors and under favorable consideration at this time is a new salary schedule. This schedule, if fully approved, will provide a \$2,000.00 minimum salary and a \$3,200.00 salary to one with a bachelor's degree while the holder of a master's degree may rise to \$3,400.00. Extra remuneration will be offered those who acquire a number of credits beyond the master's degree. This is a single salary schedule for all teachers grades one through twelve.

A diligent and industrious worker found it necessary to leave the Committee toward the close of 1948 and we

TOWN OF RANDOLPH, MASSACHUSETTS

feel his loss very keenly. Mr. William J. Lynch who served with us for one year and eight months, certainly did his share of the work and more before he found it necessary to resign.

The Committee extends to all a hearty welcome to your schools. Visit them at your convenience to see for yourself what efforts are being made to educate your children. We congratulate all teachers, administrators and custodians on the quality of their work during 1948.

ALICE M. MARTIN, Chairman
MURRAY LEWIS, Clerk
WILLIAM J. FOLEY
RALPH H. HUTCHINSON

Report of The Tree Warden

To the Citizens of the Town of Randolph:

I submit the following report of the work of the Tree Department for the year 1948.

Much work has been accomplished this year, the largest part with town labor.

Several heavy wind storms caused damage to many of our trees, necessitating much work and the removal of several trees.

In all, a total of twenty-four trees were removed.

I feel that part of my report should be devoted to the Dutch Elm Disease. Several samples were submitted to laboratory at Amherst College and two trees were found to be infected, one on North Street and the other on Warren Street. On orders from the State Dept. of Forestry, these trees will have to be taken down.

I cannot too strongly urge the property owners to cut and burn all useless elms and to remove and burn dead wood from all others.

Experiments will be carried out this year through spraying with D.D.T. for the Bark Beetle, and it is hoped that some measure of control will be attained. So far this is the only known remedy except the removal and burning of diseased trees.

A great deal of shrubbery and dead trees will have to be removed from the sides of woods this year to prevent damage to passing automobiles.

TOWN OF RANDOLPH, MASSACHUSETTS

To take care of the usual work, the tree removals and the Dutch Elm Disease, an increase in the appropriation will be necessary for the coming year and I recommend an increase over last year of \$659.25.

Appropriation 1948	\$1800.00
Expended	1797.50
	<hr/>
Balance	\$ 2.50

Requested for 1949 — \$2,459.25.

Respectfully submitted,

JOSEPH J. HART,
Tree Warden

Report of Moth Superintendent

To the Citizens of the Town of Randolph:

I submit the following report of the Moth Department for the year 1948.

Moth condition was very bad in the north end of town, but this has been corrected through spraying with D.D.T.

Japanese Beetle was found in locations all over town. You may expect them anywhere this coming season. Remedies: Lead Arsenate spray or powder; D.D.T. spray or dust.

Creosoting of egg clusters in street trees and residential sections was continued.

Weather conditions this year caused a blight in the White Oaks throughout the town. Nothing could be done to eliminate blight conditions according to laboratory advice.

D.D.T. in both liquid and soluble powder forms, were used on several colonies of Gypsy Moths as a spray with excellent results and it is probable that very little lead will be used in moth control in the future.

Heavy concentration of web-worms was found during the months of September and October. Lack of money prevented proper spraying at this time but provision has been made in the coming budget to remedy this condition.

Sprayer is in very bad condition and repairs are necessary at this time so that proper work can be done during the coming year.

TOWN OF RANDOLPH, MASSACHUSETTS

Cost of repairs to pump, tank, and sprayer is estimated at \$350.00. This will necessitate an increase in the budget for 1949.

For a detailed account of expenses see Town Accountants reports.

Appropriation 1948	\$800.00
Expended	799,12
	<hr/>
Balance	\$.88
Requested for 1949	\$1250.00

Respectfully submitted,

JOSEPH J. HART

Moth Superintendent

Final Building Committee Report of The McNeill School

Under Article No. 1 of the Special Town Meeting of April 14, 1947, \$35,000 was appropriated for a two-room addition to the McNeill school. Ten members from the McNeill P.T.A. were appointed by the Moderator to work with the School Committee as the Building Committee.

The first meeting of the Committee was held at the Town Hall May 6, 1947. Officers elected were as follows: Albert P. Whittaker, Chairman; Frank L. Johnson, Vice Chairman; James E. Gannon, Secretary.

Mr. Emery J. LaLiberte A.I.A., 226 Main Street, Brockton was selected as the architect. The building contract was awarded to Sciaba & Company, Contractors, 86 Shawmut Avenue, Boston, lowest of nine bidders on the project.

Ground was broken August first and project was substantially completed by December 31 as per contract.

Dedicatory exercises were held in the new addition on January 20, 1948 and the rooms were occupied in February 1948, thus eliminating the two-platoon system at the McNeill school and relieving the congested conditions.

EXPENDITURES

Contractor	\$31,366.00
Architect	2,195.62
Advertising	50.67
Surveying	35.00
Furniture	1,098.00
Electric Exit Signs	107.85
Painting Basement Walls	140.00
	<hr/>
	\$34,993.14

TOWN OF RANDOLPH, MASSACHUSETTS

Bal. to E. & D. Fund	6.86
----------------------	------

Total	<hr/> \$35,000.00
-------	-------------------

The Committee wishes to thank Supt. of Schools Adolph Christiansen for his guiding counsel and cooperation; also the teachers at the McNeill school and the citizens of Randolph who made this worthy project possible.

A complete set of plans and specifications and the secretary's reports and file is being placed on file with the Town Clerk, and a set of plans is on file with the School Committee. The Committee hopes that this report will be approved and accepted at the 1949 Town Meeting.

Respectfully submitted,

The Building Committee of the
McNeill School,

ALBERT P. WHITTAKER,
ALICE M. MARTIN,

Report of The Sealer of Weights and Measures

Salary of Sealer	250.00
Transportation of Weights	25.21
Purchase of equipment and supplies	34.79
	<hr/>
	\$310.00
Appropriation	\$310.00

Respectfully submitted,

VINCENT L. DUFFY,
Sealer of Weights & Measures

Report of The Randolph School Survey Committee

To the Citizens of the Town of Randolph:

The following members were appointed to the survey committee by the Moderator, as voted by the March, 1948 Town Meeting:

James V. Donovan, Clark Freeman, James E. Gannon, Adolph O. Christiansen, C. Lloyd Claff, Dorothy Driscoll, Emery Erickson, William J. Foley, Ralph H. Hutchinson, Maurice Lewis, William J. Lynch, Culbert Macy, Roland E. Marden, Alice M. Martin, and John Simmons.

The committee held its first meeting July 13, 1948. Approximately 10 firms were contacted and from them Griffenhagen & Associates Consultants in Public Administration & Finance, Boston Office, 11 Beacon St. was selected to conduct the survey for \$3,700.00.

The results and recommendations of the survey have been reported to the survey committee by Dr. Charles E. Reeves, Ph.D., Director of the Division of Education Studies of Griffenhagen & Associates. The survey consumed four months of diligent study by Dr. Reeves and his assistants and many meetings of the survey committee. The completed report will be in the hands of the committee by December 31, 1948. This report will cover twenty-one chapters and will be too voluminous to print in its entirety for distribution to the citizens of Randolph. Dr. Reeves is suggesting a condensation of the report and recommendations suitable for printing in pamphlet form for town-wide distribution. The committee hopes that the condensed report will have been printed and distributed far enough in advance of the March town meeting to have been well

TOWN OF RANDOLPH, MASSACHUSETTS

studied by every citizen and tax payer of the town of Randolph.

Bound copies of the complete report will be kept in the Town Hall and the Turner Free Library for future reference.

The committee has done its part and urges immediate and concerted action on the recommendations of the survey. We owe it to our children, to ourselves, and to the future population of the town.

Respectfully submitted,

JAMES V. DONOVAN, Chairman
CLARK W. FREEMAN, Vice-Chairman
JAMES E. GANNON, Secretary

Report of The By-Laws Committee

TOWN OF RANDOLPH

To see if the Town will adopt the following By-Laws regulating the Erection, Alteration and Repair of Buildings in the Town of Randolph.

ARTICLE I

GENERAL PROVISIONS

Except as hereinafter provided, no person shall erect, alter or repair any building except in conformity with the provisions of these By-Laws, or without having first obtained a building permit from the building commissioner. Plan and specifications shall be submitted to the building commissioner together with such structural detail as he may require.

These By-Laws shall be deemed to present minimum requirements for residential construction. In the case of apartment buildings, stores, places of assembly and industrial buildings the building commissioner may make such requirements in addition to these regulations as may be deemed necessary to public safety.

ARTICLE II

EXEMPTIONS

(a) All repairs to buildings which do not include the removal or replacement of any wall, column, post, floor timber, rafter, chimney, pier or any foundation which would tend to weaken the structure.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

(b) Farm buildings and other non-residential buildings except garages permitted under the zoning law in residential areas.

(c) Buildings owned or occupied by the United States or the Commonwealth of Massachusetts.

ARTICLE III

GENERAL REQUIREMENTS

Section 1.

It is not the intent of these By-Laws to prohibit new or unconventional methods of construction which are not detrimental to the public safety and in keeping with the general appearance of other buildings in a locality.

Section 2. **FOUNDATIONS**

Buildings having finished interior walls shall rest on continuous foundations. Concrete foundations to be not less than eight inches thick. Stone foundations laid in mortar to be not less than twenty inches thick. Posts or piers supporting buildings shall be of concrete or masonry, and not more than eight feet apart. Seven feet apart where a 6"x6" girder is used; six feet apart where a 4"x6" girder is used. Lally columns shall be used for interior supports. A cement or stone footing of at least 6" in thickness and 18"x18" square must be used under these supports. Space between sills and ground to be enclosed. Foundations to extend at least three and one-half feet below finished grade unless they rest on ledge. On meadow or other land where firm soil is more than four feet below grade, the building commissioner shall determine what the foundation shall be. In no case shall foundations rest on loam.

Section 3. **CHIMNEYS**

No tile or metal chimneys shall be allowed. All masonry chimneys shall rest on a concrete footing six inches

TOWN OF RANDOLPH, MASSACHUSETTS

thick and except those with solid brick walls eight inches thick, shall be lined throughout with vitreous flue lining and shall be topped at least 2'3" above the highest point of contact with the roof. No chimney shall be supported on wood. No wood closer than 1" to any chimney. Space between chimneys and floor joists to be firestopped.

Every smoke pipe hole into a chimney shall be provided with a metal thimble. Masonry walls at the back and sides of every fireplace shall be at least 8" thick if of brick and 12" thick if of stone. All fireplaces shall have dampers. Hearths shall be at least 16" in front of the fireplace openings, and at least 8" wider than the fireplace opening. Wood centers under fireplace hearth arches shall be removed before finishing thereunder. No wood work shall be within 5" of any smoke pipe.

Section 4

All lumber sizes given herein are nominal dimension.

(a) Residences

SILLS: shall not be less than 4"x6" and must be on edge unless resting on continuous foundations.

GIRDERS: Shall be not less than 6"x8" where they carry floor timbers 11'6" or longer; 6"x6" where floor timbers are 8' up to 11' 6" and 4"x6" on edge where floor timbers are less than 8' and shall be joined over a support.

FLOOR JOISTS: Shall be not less than 2"x6" up to an 8' span, 2"x8" up to a 13'4" span, 2"x10" up to a 17'4" span or of material of equal strength. Where these maximum spans are used joists shall be set not more than 16" on centers. Spans of more than 8' shall be bridged once, of more than 12' twice. Ends of joists shall not be notched more than one-third of their depth. (The rule for bridging includes Platforms and Piazzas.) Joists under partitions running parallel to them shall be doubled. All floors shall be double boarded. All walls and partitions going through floors shall be firestopped with masonry or wood

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

not less than 2" thick nominal dimension. Studding of outside walls and bearing partitions shall be not less than 2"x4", not over 16" on centers. Balloon frame shall not be used on walls more than fourteen feet high, measured from the sill. Balloon frame shall have ledger boards not less than 1"x6" set into the studs, and shall be thoroughly firestopped at each floor level. Studding or non-bearing partitions shall rest on a shoe of not less than 2" thick. Corner posts shall be not less than 4"x6" and may be built up.

All corners shall be braced with diagonal braces extending out at least two bays of studding. All exterior walls and roofs shall be sheathed with sheathing of not less than 11/16" thick. If further covering is used, then sheathing shall be covered with building paper before applying shingles, clap-boards or other siding.

RAFTERS: (Except platforms and piazzas). Rafters shall not be less than 2"x4" up to 6' horizontal span, 2"x5" up to a 9' horizontal span, 2"x6" up to 14' horizontal span, 2"x8" up to 20' horizontal span, placed no more than 24" on centers.

All dwellings shall have at least two (2) outside doorways.

(b) PLATFORMS AND PIAZZAS

Floor joists on porches or platforms shall be not less than 2"x6" on span up to 8' and 2"x8" on spans up to 14'. Girders of 4"x6", laid on edge, shall be used where span is more than 8'. Floor timbers may be framed flush. Ends of joists shall not be notched more than one-third from their depth; the same being well spiked to said girders and 1"x2" must be nailed to a girder flush with the underside floor timbers to rest upon.

TOWN OF RANDOLPH, MASSACHUSETTS

(c) **GARAGES**

Garages allowed in a residential area may use 2"x4" sills where they rest upon a continuous foundation; otherwise they must be 4"x6" laid on edge. Studding for outside walls shall be at least 2"x4" and not more than 24" on centers. All exterior walls and roof shall be sheathed with sheathing not less than 11/16" thick.

Any non-residential building that is to be later converted into a residence must conform to requirements of residential construction.

Section 5. **ELECTRIC WIRING**

Electric wiring and installations shall be in accordance with the National Electric Code and amendments thereto, and no installation equipment shall be made except in conformity thereto.

ARTICLE IV

BUILDING COMMISSIONER

The Board of Selectmen shall appoint a Building Commissioner to serve for a term of one year, and shall fix his compensation. The building commissioner shall be charged with the enforcement of these By-Laws. He shall issue permits, collect the fees for them and inspect all building operation within the town. He shall have the right of entry at reasonable hours. In case of violation of these By-Laws he shall order, in writing, the suspension of the work.

No person shall be appointed building commissioner who has not had at least ten years experience as a Builder, Civil Engineer or Architect.

ARTICLE V

BOARD OF APPEALS

A Board of Appeals consisting of three voters of the town who shall serve without pay, shall be appointed by

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

the selectmen. One of these shall be an architect, construction engineer or master builder of ten years or more experience in building construction. Any person aggrieved by a decision of the building commissioner may appeal to the board who shall grant a hearing to the aggrieved and shall render a decision within seven days from the date of the appeal. Decision shall require the assent of two members of the Board. The Board of Appeals may, in cases where manifest injustice is done or in cases which appear to them not to have been contemplated by the By-Laws, suspend or vary them. The decision shall specify the variations allowed.

ARTICLE VI

FEEES

For each building permit issued there shall be paid to the building commissioner, for the use of the town, a fee according to the following schedule:

1. For dwelling of 5 rooms or less	\$3.00
2. For dwelling of more than 5 rooms	5.00
3. Alterations of up to \$1,000 estimated cost	1.00
For each additional \$1,000	1.00
4. Other building projects for the first	
\$1,000 estimated cost	1.00
For each additional \$1,000	1.00

ARTICLE VII

PENALTIES

Whoever violates any provision of this by-law shall pay a fine of not exceeding \$50.00.

TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE VIII

The invalidity of any section or provision shall not affect the validity of the remaining sections or provisions of these By-Laws.

Fire Department Report

January 4, 1949

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1948.

The department responded to 179 calls classified as follows:

Number of calls	179
Building Fires	49
Automobiles	15
False Alarms	9
Inhalator Calls	3
Miscellaneous	10
Brush and Grass	93
American Legion Ambulance Calls	238

Feet of Hose Used—3100-2½; 3150-1½; 150-1¼;

18,755-Booster	Total	25,155
Feet of Ladders Used		142

Assessed value of property dam'g'd by fire	\$74,400.00
Insurance on property damaged	125,750.00
Damage to property	7,921.00
Insurance paid on damage	4,571.00
Loss not covered	3,350.00

Value of contents involved	\$12,400.00
Insurance on contents	10,000.00
Damage to contents	2,682.00
Insurance paid on contents	2,632.00
Loss not covered	50.00

All apparatus, hose and appliances connected with the department are in good condition at the present time.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Chapter 337 of the Acts of 1948 requires that the department equip each truck with two gas masks. This will necessitate the purchase of five masks which will be taken care of by an article in the Annual Town Warrant.

In Conclusion I wish to extend my thanks to the Board of Selectmen for their cooperation and interest in the welfare of the Department.

Respectfully submitted,

HAROLD L. BAILEY,

Chief of Fire Department

Inspector of Animals

January 10, 1949

I hereby submit my annual report of "Inspector of Animals" for the year of 1948.

There has been 21 dogs quarintened by me, and all barns were inspected and there are in this town at present:

146 cows; 2,020 swine; 58 horses; 5 sheep and 5 goats.

Sincerely,

CHARLES H. TRUELSON,

Inspector of Animals

Highway Surveyor Report

To the Citizens of the Town of Randolph:

GENERAL

The Spring of 1948 brought on a great deal of damage to our Highways. This condition was due to the very heavy snow and many storms.

Patching work was started as soon as the snow was off the street. Other work completed during the year was as follows: sweeping, grading, graveling dirt roads, cleaning brooks, catch basins and manholes. Asphalt and Tar was applied to many streets that were in need of surface treatment.

CHAPTER 90 — HIGHWAYS

The following was completed under Chapter 90:

Drainage systems were cleaned, patching, brush cutting and cleaning gutters. A section of Pond Street was treated with asphalt and sand. North Street from Crawford Square to Mill Street was treated with asphalt and crushed stone. All work completed under Chapter 90 was approved by the State Department of Public Works.

SNOW REMOVAL

The fall of snow during the winter of 1947-1948 was the worst that we have ever seen. The Highway Department, without any let up had continuous plowing, sanding and hauling snow.

A complete list of storms are shown on next page.

TOWN OF RANDOLPH, MASSACHUSETTS

You will note that the record here shows the 1948 winter starting Nov. 11, 1947:

The fall of snow Nov. 11, 1947 to Dec. 31, 1947 34½ inches; Jan. 1, 1948 to Mar. 11, 1948 107½ inches; Nov. 19, 1948 to Dec. 31, 1948 12 inches — Total 154 inches.

I wish to thank the Town Officials and Citizens for the fine cooperation during the past year.

Respectfully yours,

JOHN A. FREDERICKSON,

Highway Surveyor

Finance Committee Report

To the Trustees of the Turner Free Library:

Your committee on finances submits the following report:

The committee has audited the accounts of the Treasurer for the year 1948 and found them to be correct. All moneys have been accounted for as received, and vouchers for all payments have been properly approved. The committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

There have been no changes in the security port-folio this year.

Respectfully submitted,

RAYMOND L. MASON,

Chairman

January 7, 1949.

Trustees Report

Frederick E. Knebel	President
Benjamin P. Crowell	Vice-President
Joseph D. Wales	Secretary-Treasurer
John T. Hannon, Ernest H. Hylen, Theodore S. Luddington (Selectmen of Randolph Ex-Officii)	
Mrs. Sallie W. Crawford	Roland H. Marden
Carl S. Gove	Raymond L. Mason
Arthur H. Holbrook	Lawrence Shurtleff
Mrs. Mollie F. Howard	Albert C. Wilde
Frank P. Yundt	

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1948 and being the seventy-third annual report is submitted showing the condition of the Trust consisting of the building, library and funds, together with the reports of the Librarian and Treasurer, and so much of the reports submitted to the Trustees by the various committees as seem to be of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books owned by the Library are accounted for by the Librarian.

The Building Committee reports the completion of the redecorating of the hallway, reference and reading rooms which together with certain other repairs cost \$1,206.27.

Of the total appropriation of \$2,500.00 by the Town all but \$14.22 was expended during the year. The north-east storm of November caused considerable damage to the roof of the building resulting in a number of leaks in ceilings and walls. Necessary emergency repairs were

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

made at an approximate cost of \$200.00. A survey of the roof, gutters, conductor pipes, flashings, etc. has convinced the Trustees of the immediate necessity of further replacements and repairs. In view of the fact that 1949 is the 75th anniversary of the Library the expenditures for repairs over the years have been very low.

In view of the foregoing the Trustees this year request an appropriation of \$3,500.00 from the Town to meet the general repairs of the building, furnishings and fixtures and for the general purposes of the Library.

The Trustees announce the generous gift and loan to the Library from Mrs. Sallie W. Crawford of a number of oil paintings, steel engravings, bronzes, fireplace equipment, etc. which has met with general approbation from the Townspeople as well as adding to the beauty of the reading and reference rooms.

A copy of each of the following reports is hereunto subjoined; Report of the Librarian, Report of the Treasurer showing receipts and expenditures of the Library and report of the Finance Committee.

The Trustees wish to express their appreciation to all those who have contributed in any manner to the Library during the past year.

Respectfully submitted

FREDERICK E. KNEBEL,

President

January 10, 1948

REPORT OF THE TREASURER

To the Trustees of the Turner Free Library:

In compliance with the requirements of the By-Laws, I hereby submit the annual report of the Treasurer of the

REPORT OF THE LIBRARIAN

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1948.

The Library has been open to the public every evening from 7:00 to 9:00 and Monday, Wednesday and Saturday afternoons from 2:00 to 4:30 except Sundays and holidays.

The circulation of books has been lower owing, partly to the severe weather last winter and to the fact that fewer books have been desired by students.

Circulation for 1948 — 14,556

Circulation for 1947 — 16,077

Books added 370; 342 purchased, 28 gifts, making the accession number 37,454.

Borrower's cards issued—Total 519; New applicants 222; renewals 115.

Two new magazines have been added to our list, McCall's and Boy's Life.

List of magazines available to the public in the Reading Room:

American Home	Our Dumb Animals
American Magazine	Popular Mechanics
Atlantic	Popular Science
Cosmopolitan	Reader's Digest
Country Gentleman	Reader's Guide
Flower Grower	Red Book
Flying	Rotarian
Good Housekeeping	Saturday Evening Post
Life	Time
McCalls	Woman's Home Companion
Nature	Salesmanship

TOWN OF RANDOLPH, MASSACHUSETTS

National Geographic Living Tissue
National Parent-Teacher

On the Children's Table are:

Boy's Life American Girl
Child Life Open Road for Boys

Magazines loaned 380.

After the current month magazines may be borrowed for one week.

The Children's Story Hour was very successful. There were 8 sessions from July 10 to August 28.

Mrs. Alberta Komich was in charge and told the stories which were educational as well as entertaining.

The children were interested in the stories and those who cared to borrowed books and magazines.

Average attendance $34\frac{3}{4}$.

The Library has received from Mrs. Sallie W. Crawford a gift of approximately 500 books which are being sorted and classified as time permits.

Among the books are sets of Shakespeare Poetry, Art, Travel, Nature, Biography, Science, Fiction and Foreign Languages.

I wish to extend our sincere thanks to Mrs. Crawford and feel sure the gift will be appreciated by the public.

At vacation time Mrs. Alberta Komich and Miss Kathleen Kempton substituted for Miss Massie and myself.

The Librarian wishes to thank Miss Massie, Mrs. Komich and Miss Kempton for their helpful services and the Trustees for their cooperation.

EUNICE B. MARTIN,

Librarian

Jan. 10, 1949

Police Department Report

January 7, 1949

To the Board of Selectman, Randolph, Mass.:

— 255

1 Cattle Condemned T.B. 4 Hogs—11 unfit for food.

WESTON L. MANN,

Inspector of Slaughtering

Report of The Superintendent of Schools

To the School Committee of Randolph,

Madam Chairman and Members:

I have the honor of submitting to you my twenty-seventh annual school report, twenty-six of which as superintendent of Union No. 35 composed of the towns of Avon, Holbrook and Randolph and this the twenty-seventh and first report for Randolph as a single town employing its own superintendent. It was with full cooperation and good will on the part of the School Committees of the three towns that the Commissioner of Education finally granted the separation.

In lieu of the recent school survey it would seem quite proper at this time not to introduce or recommend school policies and expansion particularly as the full report is not yet submitted and the School Survey Committee and Town's people have not as yet studied and acted on its findings. I wish to state, however, that I have filed with the State Department the proposed legislative act for school aid if and when the town so votes. No sum of money was stated.

Our school enrolment shows an annual steady increase. Our present enrolment of eighteen hundred forty pupils is fifty-four over last year or a seating demand that calls for two more rooms which we do not have. This load therefor, was distributed in class rooms throughout the town irrespective of school districts and added further to our transportation problem.

Your approval of our reading and testing programs is an outstanding achievement both as an administrative measure and sound practical value for educational re-

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

sults. Both supervisors are at work; they are patient and sympathetic and should prove of great value to our school children.

The general upkeep-cost of our school buildings is always heavy. Much has been done this year. Even if a building program is adopted in the near future our school houses must be kept in proper condition and safe for occupancy. To replace old and obsolete desks and chairs we are adding each year new furniture for at least one classroom at a time. This is in line with our policy—to add to, repair or replace some needed equipment each year as our budget will permit.

Aside from the high school, where there was no resignation, the teacher-turn-over was normal. We lost by resignation Mr. Frank K. Dillon, principal and teacher at the Prescott School, who resigned to enter business after fourteen years of faithful service to the youth of our town. The qualification and experience of our new teachers are, on the whole, satisfactory. It is a pleasure to state that they are cooperative and enthusiastically at work. As the salary schedule becomes higher, replacements become easier particularly for specialized work and instruction.

It is a pleasure to acknowledge gifts and awards presented to our pupils and schools by the Stetson High School Scholarship Committee, local banks, American Legion, Auxiliary, Parent-Teachers Ass'n., Knights of Columbus, Ladies Library Ass'n and others.

The reports which follow are worthy of reading for they show basically the problems and ideals sought and the educational means to achieve results.

Your help, cooperation and trust in this our common

TOWN OF RANDOLPH, MASSACHUSETTS

task is highly appreciated by our teachers, pupils and by me.

Respectfully submitted,

A. O. CHRISTIANSEN,
Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

HUBERT F. GILGAN, Principal

Please accept my report as principal of Stetson High School for the year 1948. As requested it will be brief.

All teachers returned to their posts in September so we were not required to seek new teachers.

Nine of our 1948 graduates have continued their education in degree granting schools of higher learning. This number includes two boys who passed college entrance examinations for Massachusetts Institute of Technology and are now enrolled. There are others who are not listed among the nine but who are now attending vocational schools such as nursing, business colleges and the like.

Our lunch room, with the assistance of the Federal School Lunch Program continues to provide an excellent lunch daily for the price of twenty-five cents. We wish we could sell this lunch to the pupils for even less but it is necessary to defray all operating expenses from the money that comes in over the counter and therefore it is not possible to lower the pupil cost. This could be done if the salaries of the personnel were paid for by the town.

We are pleased that a sum of money was made available to us for use in renting films for use in our visual education work. It is our hope to expand this department greatly so as to augment our other learning processes. We are at present shopping around for a 16 inch record player and a filmstrip projector.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Mr. Daly, our vocational guidance director, is doing as well as he can be expected to in the very limited time available to him for proper guidance of the pupils. We thought we could free him of more classes this year but the enrolment in his subjects was too heavy to permit it.

During the past year the Stetson Parent-Teacher Association was formed but because of the apparent indifference on the part of the public, this newly activated group has had a difficult time keeping itself alive. If parents could appreciate what a help to the school their membership in this Parent-Teacher group could be, we are sure that many more parents would join.

Our school library is badly in need of new books. We believe that if a set sum of money were set aside each year for the purchase of library books, especially of the reference type, our present facilities could be enlarged gradually to a point where the library would be of practical service to more students and teachers for programme enrichment. In this respect there should be a part time teacher, relieved of some of her classes assigned to the library for proper supervision of the library and its books.

We wish to pay passing tribute to the boys and girls in our schools. By and large they are a fine group—not differing greatly from past generations. Of course there are some who have not yet learned to face the crisis in their own personal character, those who have not yet learned what they believe or how strongly they believe. These must be helped, by whatever educating process is the best one for influencing character. Frequent mention is made of the Triumvirate, the Church, the Home and the School. It is very easy to say “Provide the children with the right kind of education and the right kind of character will be the result. Teach the pupil to be honest, unselfish and hard working, and the job of character building is done.” Unfortunately, it isn’t as simple as that. Not until all of us, teachers, parents and clergy realize that the

TOWN OF RANDOLPH, MASSACHUSETTS

problem is a complex one, a cooperative one, can any real progress be made. All of us should appreciate that education is not merely informing but the training of the whole child, mind, and heart, and soul. But if the child is taught what is right in school and sees what is wrong at home and elsewhere, to what avail? Schooling is only one part of education for character. There are dozens of other influences shaping young peoples' characters as well. Children are born imitators—just listen to their talk after any movie. If they hear profanity in the home it will come rolling off the tiniest tongue in a way that will stand one's hair on end. The movies these children see, the comic books they read, the kind of radio program they listen to, the patterns of conduct and values in their own group, the type of preaching they hear, the behavior they see rewarded in their community, admired in their family—all these things are character forming, too. Schooling must be on an extremely high level to hold its own, even, especially since the child is in school only a relatively short period of the day or year. Let all agencies realize the part they have to play in this complex situation and cooperatively do something about it.

REPORT OF THE SUPERVISOR OF TESTING

IRVIN D. READE, Supervisor

It is with pleasure that I submit to you and to the citizens of Randolph my first report as Supervisor of Testing for grades 1 to 8.

It is a major responsibility of every educator to be able to answer the question, "Are our schools accomplishing what they are supposed to accomplish?" To be able to answer this question, however, it is necessary first to have established goals for education and secondly, to assemble all the essential information in terms of which to evaluate the efforts to reach these goals. This evaluation

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

process is many-faceted, continuous, inclusive and never ending. In the process as a whole, testing occupies a subordinate but important role—namely, that of providing objective, systematic and continuous evidence of the extent to which pupils are developing the skills and knowledges which are the most direct outcomes of schooling.

The objective standardized test is a measuring instrument designed for the purpose of helping the teacher, principal, supervisor and superintendent provide optimum instructional conditions, by revealing in a valid and reliable way the pupil's general level of accomplishment and his proficiencies and deficiencies in the fundamental areas of school achievement.

The rate at which instruction can be absorbed is determined by pupil capacity to learn which is measured most successfully by a sound intelligence test. Hence, before judgment is passed on individual or group accomplishment, it is necessary to know to some degree of exactness the quality of pupil ability in the group.

Through intelligence tests it is possible to discover the potential ability of every individual, the general level of the group, and the range of ability in the group.

A testing program to be successful and have real meaning must be extended over a period of years.

The chief function of the testing program this year will be to give each child in grades 1-8 a general intelligence test and a standardized achievement test as a point of departure for continuing study and evaluation in the next three to five years.

To date, all pupils in grades 2-8, except a few absent cases, have received a general intelligence test. In January all pupils in grade 1 will be given an intelligence test. Also in January the achievement testing will get under way.

TOWN OF RANDOLPH, MASSACHUSETTS

The success of a testing program depends on the co-operation of the superintendent, the supervisor, the principal, the teacher, and to a considerable extent the pupil himself.

It gives me pleasure to be able to state that all who have had any connection with the testing program to date, have given me their undivided cooperation and assistance.

REPORT OF THE SUPERVISOR OF REMEDIAL READING

MILDRED M. THOMAS, Supervisor

Each teacher in the Elementary system submitted a list of children who, in her opinion, were doing unsatisfactory reading. These children were tested. The result of the tests were evaluated and are being used constructively to produce better reading. At the end of the school year these same children will be retested and the improvement recorded.

Teachers' Meetings have been conducted where teaching devices and aides were on display, methods and teaching helps explained, and suggestions for making reading more vital, meaningful and purposeful were presented.

Demonstrations of effective teaching methods have been given in many class rooms.

More time is now given to reading than was previously used for that subject.

Interviews with individual children regarding their particular problems have been many and some already have proved beneficial.

Counsel has been gladly given to a number of parents who expressed desire to cooperate and help their children at home.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

I welcome this opportunity to express my sincere appreciation to the Superintendent, School Committee, and all those who are connected with this department for their interest and cooperation.

A MESSAGE FROM THE ART SUPERVISOR

ETHEL B. ATWOOD, Supervisor

It is the right of the parent, the taxpayer and the interested citizen, to understand the work of the supervisor; what her work is, what her objectives are and what she has achieved.

Since your present Supervisor of Art began her term of service in the Randolph School System only last September, she is unable to point to achievements.

The objectives are stated herewith. Through the Art Program she will endeavor to (1) increase the child's ability to work more skillfully with his hands; (2) develop his powers of observation and arouse in him an awareness of the things about him; (3) give him a means of expressing himself through creative effort.

No longer is drawing a matter of disappointment for one child while his neighbor across the aisle succeeds in obtaining an admirable result. Today's art lesson holds a satisfactory result within the range of every child.

Recently at the end of an Art Period in the High School a boy showed surprise that the session was over. "I must have been enjoying my work", said he, "to have time go so fast." He had discovered that drawing can be a practical and an enjoyable adventure.

There are 34 Elementary Classes and 9 Junior High Classes in Randolph. Your Supervisor has visited these classes regularly on alternate weeks and has left work with the grade teacher for the intervening week.

TOWN OF RANDOLPH, MASSACHUSETTS

Two entire days each week are spent at the High School where special instruction is given to the boys who elect mechanical drawing; classes are held in freehand drawing, also.

Randolph is a very pleasant field in which to work and the spirit of friendliness and co-operation has been exceedingly helpful. When the yearly Exhibition of Art is held again, the latter part of May, may we be justly proud of what we have achieved.

REPORT OF THE MUSIC SUPERVISOR

DORIS J. NYQUIST, Supervisor

It is with pleasure that I submit this report of the vocal music in the public schools of Randolph.

Along with the usual work in the grade schools of voice culture, interpretation and music reading, each school presented a musical program during art exhibition week. Belcher school presented Gilbert and Sullivan's operetta, "The Pirates of Penzance", in costume, with appropriate scenery by the art teacher, Mrs. Martin. Devine school presented an original radio broadcast designed to create good will amongst the various countries. There were songs and dances by the children in native costumes of many foreign lands, introduced by the narrator, who spoke of the characteristics of each country represented. Pauline school children appeared on this program also, dressed in costumes of various occupations of people in America, such as bakers, policemen, and many others, singing and acting appropriate songs.

Prescott school presented a comedy radio broadcast in costume with songs and dances and original commercials.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

McNeill and Tower Hill schools each presented an original radio broadcast of songs and dances in costume on their night at the art exhibition.

All of these programs demanded a great deal of time and effort by both teachers and parents. It is through their cooperation that these programs are made possible.

Both the high school mixed chorus and the "All Girls' Choir" did some fine work this year. They are talented young people and show a great desire to make their organizations successful. Each organization sang at the band concert this year. The "All Girls' Choir" was honored by being asked to sing at the high school graduation. They also were heard over station WBET in Brockton this fall singing two selections.

We feel a great need of having another piano at the high school to rehearse with these groups. As it is now, there is usually one group of either boys or girls rehearsing without a piano, which does slow up their progress. The high school should have two pianos. The piano which is in the high school now is in poor condition.

May I take this opportunity to thank all in the school system for their friendliness and cooperation.

REPORT OF THE DIRECTOR OF BAND AND CHORAL MUSIC

MYRON B. THOMAS, Director

Herewith is submitted my annual report as Director of Music:

The Stetson high school band rehearses during the seventh period on Tuesdays and Fridays in the high school auditorium. The rehearsal period is devoted to the playing of standard band literature suitable for concert and

TOWN OF RANDOLPH, MASSACHUSETTS

parade programs. The present instrumentation of the high school band is the most proficient it has been since its beginning. This is the reward of the constant development of interested players and their desire to participate in the making of better music. The band and twirling corps presented its seventh annual concert to a capacity audience in Town Hall last May. A "dress rehearsal" performance was given for the grade school pupils the afternoon before the concert. The following day the high school band and twirlers took part in the Massachusetts Music Festival at Brockton, where they received a highly commendable rating for their audition from the judge, Mr. Walter M. Smith, Jr., of Boston. Following the morning program the band marched in the colorful parade and field program. Due to inclement weather the bands were prevented from marching as usual in the Memorial Day parade. The band did, however, escort the American Legion delegation to services at St. Mary's church on Memorial Sunday. The final activity of the year was the playing of the processional and recessional at the high school graduation.

Five of the high school bandsmen were accepted for participation in the All-New England Concert Festival held this year in South Portland, Maine. Members of the band and orchestra at these festivals are selected from the music organizations of all the high schools in New England for their talent and playing experience, and to be chosen to participate is a great honor.

The Stetson high school band now numbers 35 and the Twirling Corps, 10.

The Prescott school band practices once weekly, on Thursday during first period. They participated in the annual Spring concert, and for the first time in their career attended the Mass. State Music Festival performing a required selection for criticism by the judge, Miss Helen

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Ladd of Fall River, who rated their performance "Excellent." The band played for the graduation exercises of the Devine and Prescott schools.

This Fall the junior band has played for several P.T.A. meetings at the various schools in town. Invitations of this sort are gratefully received, since they afford the band an opportunity to gain experience through actual performance which is indispensable to players of this age group.

Instruction in all band instruments and theory is available at all schools. Thirty beginners in band instruments were started this year, the largest class to date. In addition to this, instruction in theory is given to students who are already members of the band.

As in the past, I am giving much attention to the development of the instrumental program in the grades. It is here that the material for the junior and senior bands is produced and one must work diligently to produce musicians of the calibre that keeps the standard of our bands at a high level. The development is slow and tedious and it is necessary to constantly employ methods to maintain the student's interest. This is time-consuming but most important in a program such as this.

The chorus meets during the seventh period on Thursdays in the high school auditorium. A large group of boys joined this year, which is most encouraging. I should recommend another day for chorus, as not much can be accomplished in one period per week. Due to so many activities falling in the seventh period it is impossible to get complete attendance at chorus. We have found that a period at the beginning and end of the week is more suitable. Another piano would be a help to the chorus program as the one now in use is needed elsewhere, and an additional piano would also provide for simultaneous rehearsals in different practice halls. The chorus made

TOWN OF RANDOLPH, MASSACHUSETTS

a dramatic appearance at the annual Spring concert, singing the famous "Battle Hymn of the Republic" with band accompaniment.

Many new selections are being worked out for future use, and the additional male voices have made possible a much more interesting and diversified choral program.

As always, I am most grateful to the Superintendent, principals, teachers and the School Committee for their continued cooperation, without which the carrying out of my program would be impossible.

REPORT OF THE SCHOOL NURSE

HELEN F. CONLON, R. N.

I submit herewith my report for the year 1948:

Schools visited	468
Grades inspected	203
Recommended for exclusion	276
With symptoms of communicable disease	83
Infection of eyes	14
Impetigo	38
Ringworm	10
Trench Mouth	1
Pediculosis	130
Children taken home ill or after injuries	80
Office nursing calls	1154
First-aid treatments, illness, inspections after exclusion, weighing and measuring	
Referred to School Physician	135
Referred to School Dentists	59
Interviews with parents	267
Home visits	170
Telephone calls	69
In school	28

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Children in Grades 1-8 weighed twice during year.

Pupils in Stetson High School were weighed once during year.

Diphtheria Prevention clinics were held on April 14, May 5 and May 26. 109 children attended the clinics.

73 children had 3 injections and completed the series.

26 children had 2 injections.

10 children had 1 injection.

152 children who had had the injections more than three years ago had a Booster shot at this time.

In October the census of Physically Handicapped children was taken. Three new names were added to the list. One child has had Poliomyelitis, one child has spastic paralysis and one has rheumatoid arthritis. Two of these children are able to attend school. A visiting teacher has been provided for the third child. During the year five children who were unable to attend school had Home Instructions from visiting teachers.

Health examinations by Dr. Wells the School Physician, were completed in grades one, four, eight and twelve. Defects found were recorded on Physical Record cards and parents notified of defects needing attention.

Early in December the Senior class had a chest X-Ray when the Norfolk County Mobile Unit came to Stetson High School. Many of the teaching staff availed themselves of the opportunity to have an X-Ray at this time.

May I take this opportunity to thank the School Board, the Superintendent, the Principals and Teachers and the School Physician for their sincere cooperation during the year.

TOWN OF RANDOLPH, MASSACHUSETTS

REPORT OF THE SCHOOL PHYSICIAN

CHARLES E. WELLS, M. D.

The routine examination of pupils in the first, fourth, eighth and twelfth grades is being done with the assistance of Miss Conlon. One morning a week is reserved for this purpose. The physical condition of the pupils is excellent. The fine condition of most pupils' teeth is especially noted. There have been fewer absences on account of sickness than last year.

The rule governing "absence because of illness" has been modified by the School Committee to permit teachers to accept certificates from the attending physician that the danger of conveying disease has passed. In many cases this allows an earlier return to school and relieves the parents from the inconvenience of a visit to the school physician's office, so that the change has been very satisfactory to all concerned.

My thanks are due to the school nurse and the teachers for their assistance at all times.

		*Close June	22, 1949 for High School

SUMMER VACATION

Open Sept. 7, 1949 Close Dec. 21, 1949 at noon
Open Jan. 3, 1950 Close Feb. 17, 1950
Open Feb. 27, 1950 Close Apr. 14, 1950
Open Apr. 24, 1950 *Close June 9, 1950 for Grades
1 to 8
- *Close June 21, 1950 for High
School

Schools will also close on the following days:

Memorial Day, May 30th; Columbus Day, Oct. 12th; Armistice Day, Nov. 11th; and closing at noon, Nov. 23rd for Thanksgiving Day and the day following, Nov. 24th and 25th.

*On next page under No-School Signals.

NO-SCHOOL SIGNALS

By courtesy of the Randolph Fire Department, three blows repeated three times will be sounded at:

6:45 A. M. No session for Senior and Junior High Schools.

7:15 A. M. No morning session for the first six grades.

11:30 A. M. No afternoon session for the first six grades.

TOWN OF RANDOLPH, MASSACHUSETTS

By courtesy of the WNAC, WBET and WJDA Broadcasting Stations, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall report to school. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

*It is essential that we keep in mind that State Law requires that the High School shall be in session at least 180 days of each school year, and for the grade schools, 160 days

Water Commissioners Report

To the Citizens of the Town of Randolph:

The sixty-third annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1948.

Organization of the Board was as follows:

Frederick D. Driscoll	Chairman
Martin E. Young	Clerk
William J. Almond	Associate

APPOINTMENTS BY BOARD

Marion L. Bailey	Clerk-Collector
William J. Almond	Superintendent

DEPARTMENT MAINTENANCE

During the calendar year 1948 the department received one hundred thirty-three applications for new services. One hundred twenty-three of these have been installed and the department expects to complete the balance at an early date—dependent upon weather conditions. This is by far the greatest number of services installed in any one year and is directly indicative of the rate at which the town and the Department is growing.

In the meter department a total of one hundred seventeen meters were removed. Of these eighty-three were not registering, two for test and seven found frozen and burst. One hundred and eight previously removed were repaired and reset. Seventy-five new meter settings were also made.

TOWN OF RANDOLPH, MASSACHUSETTS

Forty-nine service leaks were repaired; twenty-five of these were renewed from main to property line. Three services were lowered, five were relocated and seven were pumped out and cleaned. One service was discontinued and twelve frozen services were thawed by electricity. One new 6" fire service was installed.

The department had three hydrants broken during the year; one of them by an automobile, for which the department has recovered in full. During routine inspection one hydrant was found to be leaking and a new base has been installed.

Twenty-five gate boxes were raised to grade; twenty of these in conjunction with the resurfacing of South Main Street. Ten service boxes were also raised for the same job. Seven service boxes found broken and filled, were replaced.

The department had but one service main break during the year, this on the 12" main on South Main Street.

Due to the incompleteness of the Annual Town Meeting no water main extensions were made this year with the exception of 700 ft. of 2" copper mains installed to service a part of the new housing development on South Main Street.

JOINT ACCOUNT

The Pumping Station has had no serious trouble this year. Much of the equipment has been overhauled under the direction and supervision of Mr. McKiernan, the Chief Engineer. All accessories to the centrifugal stand-by pump have been checked and replacements made where required. We have the assurance of the Engineer that it is now in first-class operating condition.

Your Joint Board continues its policy of a daily analysis of the water, the results of which are more than grati-

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

fying not only in the quality of the final effluent but in savings in poundage of the chemicals used. Analysis by the State Department of Public Health also report all tests negative from the presence of harmful bacteria throughout the year.

A complete chart of these analyses follows.

WILLIAM J. ALMOND,
Superintendent

State Auditors Report

State House, Boston, May 20, 1948

To the Board of Selectmen,
Mr. John T. Hannon, Chairman
Randolph, Mass.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the fiscal year 1947, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts

Very truly yours,

FRANCIS X. LANG,

Director of Accounts

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Randolph for the fiscal year 1947, and report thereon as follows:

The books and accounts in the town accountant's office were examined, checked, and compared with the records of the several departments in which money is collected or bills are committed for collection and with the records of the town treasurer.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

The general and appropriation accounts in the ledger were analyzed, the appropriations being compared with the town clerk's record of financial votes passed in town meetings. The necessary adjusting entries were made, a trial balance was taken off proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town on December 31, 1947, was prepared and is appended to this report.

Overlay deficits aggregating \$2,122.68, as shown on the balance sheet, should be raised by the assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was footed throughout, the recorded receipts were analyzed and compared with the departmental records of payments to the treasurer and with other sources from which money was paid into the town treasury, while the disbursements were compared with the accountant's books and the treasury warrants.

The treasurer's cash balance on January 28, 1948 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements received from the banks in which town funds are deposited.

It is recommended that all checks drawn by the treasurer be either distributed by him to the payees or mailed by him whenever personal delivery is impracticable, since no person other than the treasurer or his duly appointed assistant has the legal authority to make payments in behalf of the town.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

TOWN OF RANDOLPH, MASSACHUSETTS

The securities and savings bank books representing the investment of the trust funds in the custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer and trustees of the Turner Library Funds were examined and listed. The income was proved and the disbursements were verified.

The records of tax titles held by the town were examined and reconciled with the tax collector's books and with the accountant's ledger, while the redemptions were checked with the treasurer's cash book. The tax possessions were examined and listed, the additions as a result of tax title foreclosures being proved and the sales being compared with the treasurer's recorded receipts. The tax title and tax possession transactions were further verified by comparison with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The tax and motor vehicle and trailer excise accounts outstanding at the time of the previous examination and all subsequent commitment lists were proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the treasurer and with the accountant's books, the abatements as recorded were compared with the assessors' record of abatements granted, and after the necessary adjusting entries had been made, the outstanding accounts were listed and reconciled with the accountant's ledger accounts.

Verification of the outstanding accounts was made by mailing notices to a large number of persons whose names appeared on the books as owing money to the town, and in response thereto replies were received from three persons who claimed payment of the accounts shown as outstanding on the books of the town. Investigation of these three claims of payment disclosed the fact that payments

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

amounting to \$330.95 had been made to the collector but had not been posted to the commitment books by him.

The audit further disclosed that the collector had in his possession unidentified cash of \$413.40 against which the above-mentioned items of \$330.95 were charged, leaving a balance of unidentified cash in the amount of \$82.45.

Due to many errors in the clerical work of the tax collector's office, it was necessary to check postings in detail, in which connection it is recommended that all collections be entered in the cash books promptly from the stubs of receipted tax bills with sufficient information thereon, in order that the commitment books may be posted from the cash books. Periodically the commitment book entries should be checked with the tax stubs.

The commitments of departmental and water charges were examined and checked. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The outstanding departmental and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The records of the selectmen, the town clerk, and the police and health departments for licenses and permits issued were examined and checked. The payments to the State were compared with the receipts on file and the payments to the town treasurer were checked to the treasurer's cash book.

The surety bonds of the officials bonded for the faithful performance of their duties were examined and found to be in proper form.

TOWN OF RANDOLPH, MASSACHUSETTS

The records of the sealer of weights and measures, as well as of all other departments collecting money for the town or committing bills for collection, were examined and reconciled with the town treasurer's and the town accountant's records.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's cash, summaries of the tax, motor vehicle and trailer excise, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the several trust funds.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

Respectfully submitted,

RAYMOND E. LYONS,
Town Accountant

Warrant For 1949 Town Meeting

Commonwealth of Massachusetts

Nov:ok, ss.

To either of the Constables of the Town of Randolph, in
said County, Greeting :

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Randolph, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit:

**Polling Place in Precinct No. 1
STETSON HALL, IN SAID TOWN**

**Polling Place in Precinct No. 2
STETSON HALL, IN SAID TOWN**

**Polling Place in Precinct No. 3
BELCHER SCHOOL, IN SAID TOWN**

**Polling Place in Precinct No. 4
DEVINE SCHOOL, IN SAID TOWN**

ON MONDAY, THE SEVENTH DAY OF MARCH, 1949
at 8:00 o'clock in the forenoon

then and there to bring in to the wardens of their respective precincts, their votes on the official ballot for a Town Clerk for one year, Town Treasurer for one year, Moderator for one year, three Selectmen and Overseers of the Public Welfare for one year, one Assessor for three years, one Assessor for one year, two members of the School Committee for three years, one member of the School Committee for one year, one member of the Stetson Trust

TOWN OF RANDOLPH, MASSACHUSETTS

Fund for three years, one member of the Board of Health for three years, one Tax Collector for one year, one Water Commissioner for three years, one Highway Surveyor for one year, one Tree Warden for one year, two members of the Planning Board for three years, eighty Town Meeting Members for three years, eighty Town Meeting Members for two years, and eighty Town Meeting Members for one year.

THE POLLS WILL BE OPENED AT EIGHT O'CLOCK IN THE FORENOON AND WILL BE CLOSED AT EIGHT O'CLOCK IN THE EVENING.

You are directed to notify and warn the inhabitants qualified to vote as aforesaid to meet at the Town Hall in said Randolph on Monday, the 21st day of March, 1949, at 7:45 o'clock in the evening, and then and there to act on the following articles:

Article 1. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949, and to issue a note or notes therefor, payable within year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. To see if the Town will vote to raise and appropriate money for Unpaid Bills of previous years in various departments.

Article 3. To see what action the Town will take in regard to raising and appropriating money for the employment of district nurses, as provided for by Section 5, Chapter 40, General Laws, as amended by Section 1, Chapter 371, Acts 1921, as petitioned for.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Article 4. To see what action the Town will take in regard to the pay of Town Laborers and others hired by the day or hour.

Article 5. To hear and act on report of Town Officers.

Article 6. To hear and act on the report of any Committee and choose any Committee the Town may think proper.

Article 7. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929, or take any other action relative thereto.

Article 8. To see if the Town will appropriate the sum of \$20.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church.

Article 9. To see if the Town will appropriate the sum of \$20.00 for the maintenance and lighting of the clock in the tower of the First Baptist Church.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$1630.00 for Maintenance and UP-keep of Town Hall, as petitioned for by the Trustees of the Stetson School Fund.

Article 11. To see if the Town will vote to accept the Building Laws as published in the Town Report of 1948.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$255.00 to install toilet facilities in the Town Lock-up as required by the Massachusetts Department of Public Health.

TOWN OF RANDOLPH. MASSACHUSETTS

Article 13. To see if the Town will vote to authorize the Selectmen to petition the Legislature for a Non-Partisan Town Election, as petitioned for.

Article 14. To see if the Town will vote to have the section North Main Street on the East, Chestnut Street on the South, Canton Street on the North and as far West to the Canton Line to be named RANDOLPH HEIGHTS, as petitioned for.

Article 15. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area, title for which is in the name of JOSEPH MIRAGLIA and CARMELA MIRAGLIA with a frontage of 200 feet on the westerly side of South Main Street, be included as a Business District, as petitioned for.

Article 16. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area zoned on the east side of North Main Street between Thornton Street and Hildegarde Street be included in the Business District, as petitioned for.

Article 17. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area 75 feet from the north side-line of Short Street and the area 75 feet from the south side-line of Short Street from North Main Street to North Street be included in the Business District.

Article 18. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area at the junction of Lafayette and High Streets, title for which is in the name of Thomas H. Wrigley and Arlene V. Wrigley, be included in the Business District.

ONE HUNDRED AND THIRTEENTH ANNUAL REPORT

Article 19. To see if the Town will vote to permit, "in compliance with Chapter No. 114 of the General Laws of Massachusetts", the Jewish War Veterans Memorial Park Cemetery Corporation, a corporation within the organization of Boston Post No. 22, Jewish War Veterans of the United States, to establish a cemetery in the Town of Randolph for Jewish War Veterans and their families and to be a last resting place for repatriated Jewish members of the Armed Forces and to be known as "The Jewish War Veterans Memorial Park", as petitioned for.

Article 20. To see if the Town will vote to instruct the Selectmen to sell the building known as the Girl Scout House in Belcher Park, including contents, to the Girl Scout Council of Randolph, Inc., for the sum of \$1.00.

Article 21. To see if the Town will vote to adopt the following by-law: No officer, department head, board or committee authorized to expend money shall make purchases of supplies or materials or contract for service to be rendered to the town without issuing a written purchase order therefor on prescribed forms; provided however, that the provisions of this Section shall not apply to the salaries or wages of part-time or regularly employed officers, clerks and wage earners of any department of the town. All purchase orders shall be in triplicate, one to be designated for the vendor, one to be designated for and delivered to the town accountant, and one to be designated for the files of the officer, department head, board or committee issuing order. The order designated for the vendor shall be submitted to the town accountant and shall not be delivered to the vendor until the town accountant shall have certified thereon that there is sufficient unencumbered balance of the appropriation to be charged to pay the amount due under the order; provided however, that verbal orders for supplies, materials or services rendered may be given for an amount not to exceed twenty-five dollars. All verbal orders shall be confirmed in writing

TOWN OF RANDOLPH, MASSACHUSETTS

on prescribed purchase order forms on the day orders are given and immediately transmitted to the town accountant and shall be subject to his certification as aforesaid.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$18,000.00 to be expended under the direction of a committee composed of the Board of Assessors, Chairman of the Finance Committee and five (5) Citizens appointed by the Moderator. The purpose of this Committee is to secure the services of a competent Survey Company to conduct a profesional survey of Real Estate Values in the Town. This company to establish adequate maps and an up to date card index system.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$755.00 to be used under the direction of the Fire Department for the purchase of gas masks as required by Chapter 337 of the Acts of 1948.

Article 24. To see if the Town of Randolph will vote to raise and appropriate or transfer funds for the erection of bleachers at the Stetson High School Athletic Field, as petitioned for.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$800.00 to paint and otherwise improve the exterior of the former Town Infirmary now used as quarters by the Randolph Post 51 of Amvets.

Thomas O'Riley, Dennis Connelly, Charles W. Russell, William J. McGrath.

Representative to General Court from Fourth Norfolk Representative District

Josiah Babcock, Milton, Mass., Roy C. Smith, Holbrook, Mass.

Representative to Congress from Thirteenth Congressional District

Richard B. Wigglesworth, Milton, Mass.

Report of the Selectmen and Overseers of Public Welfare

The more than substantial reduction of \$9.00 in the 1949 tax rate attracted considerable home building and commercial construction in the town and this will increase the 1950 tax revenue.

Because of Randolph's favorable geographical location, it is evident that home building will continue at an increased tempo. Therefore it is urged that the Town Departments make preparation for the problems which will confront us as the result of this growth.

Your Selectmen have had several conferences with Commissioner William F. Callahan of the Massachusetts Department of Public Works with the result that the State has agreed to widen North Main Street from Crawford Square to a point beyond the railroad bridge. The Commonwealth will expend over \$100,000.00 on this much-needed project. Randolph's only expense will be the payment for the land damages. At a hearing held by your Board of Selectmen many of the abutters agreed to sell their frontage to the Town for the sum of \$1.00 each. At the Annual Town Meeting it will be necessary to appropriate funds for these payments. The widening of this main thoroughfare is essential to the progress and growth of Randolph and we urge favorable action for this measure which will eliminate a serious traffic problem.

Several traffic rules have been adopted during the year and these have greatly improved traffic conditions. The new location of a bus stop at the corner of North Main and School Streets permits the uninterrupted flow of traffic through our town. Reducing the area allotted for bus stops has provided much needed parking facilities. At the request of the Tower Hill Improvement Association several traffic signs have been erected in the Tower Hill district. On the recommendation of the Prescott Parent-Teachers'

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Association a police officer has been assigned to traffic duty at North and Cottage Streets. We appreciate the interest shown by these organizations in the civic problems of our community.

As instructed by vote of the 1949 Town Meeting, a bill has been prepared and filed at the State House on the question of the adoption of non-partisan town elections. This bill will come before the legislation now in session.

With regard to the legislative proposals which would benefit Randolph, your selectmen have contacted the Senator and Representatives from this district and informed them of our approval and views on these measures.

In accordance with the vote of the Town Meeting, your Board of Selectmen and the Town Treasurer have purchased the Crawford Estate in behalf of the town.

Your Board feels that the Town Meeting Members should be commended for the adoption of building by-laws which prevents erection of poorly constructed buildings. In compliance with these by-laws a Building Commissioner and Board of Appeals have been appointed. A new State law has made it mandatory that an Inspector of Wires be appointed and this has been done.

Randolph is fortunate in having many active, progressive civic organizations which have contributed so much to our growth. The Board of Selectmen have found the interest and cooperation of the parent-teachers groups, veterans organizations and improvement associations of great value and it has been a pleasure to work with them.

We wish to take this opportunity to thank the members of all committees, department heads, and town officials for the splendid cooperation they have given us during the year.

RALPH H. HUTCHINSON,

Chairman,

ORRIN B. WHITE, Clerk,

THEODORE S. LUDDINGTON.

TOWN OF RANDOLPH, MASS.

ADJOURNED ANNUAL TOWN MEETING

March 21, 1949

Article 1. VOTED UNANIMOUSLY: That the Town Treasurer. with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949, and to issue a note or notes therefor, payable within year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. VOTED: That the following sums be raised and appropriated for Unpaid Bills of previous years in various departments:

Maintenance account of Water Department	\$886.91
Joint Account of Water Department	216.57
Street Lights	343.89
	<hr/>
	\$1,447.37

Article 3. VOTED: That the sum of \$3500.00 be raised and appropriated for the employment of district nurses, as provided for by Section 5, Chapter 40, General Laws, as amended by Section 1, Chapter 371, Acts 1921. as petitioned for.

Article 4. VOTED: That the sum of \$1.00 an hour be paid to Town Laborers and others hired by the day or hour.

Article 5. Passed.

Article 6. VOTED: To accept the report of the Bus Zone Extension Committee and that the committee be discharged.

VOTED: That a committee of five (5) be appointed

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

by the Moderator to consider the advisability of having a Town Manager Form of Government in this Town. Committee to report back at the next annual town meeting.

Voted: That the School Survey Committee be discharged after acceptance of report and that a new committee be appointed immediately to be known as the School Planning Committee to consist of twenty-five (25) members, thirteen (13) of whom are the present Survey Committee of 1948, namely:

James V. Donovan
James E. Gannon
C. Lloyd Claff
William J. Foley
William J. Lynch
Roland Marden
John Simmons

Clark Freeman
Adolph O. Christiansen
Emery Erickson
Maurice Lewis
Culbert Macy
Alice M. Martin

plus the following twelve (12) new members:

Theodore S. Luddington
Charles E. Preble
Irwin T. Dorch
Walter J. Good
Dr. William F. Maguire
Harold White

Edward J. Roycroft
George A. Frankenberger
Francis J. Leahy
Martin E. Young
Joseph J. Semensi
Mrs. Louis Courtney

The purpose of this committee is to report at a Special Town Meeting the Ways and Means of carrying out the building recommendations of the School Survey. Mr. Clark Freeman reported that Dr. Charles E. Reeves of Griffenhagen & Associates had completed his survey of Randolph Public Schools. This report is so lengthy that a brief summary of the findings were made up in pamphlet form, and distributed with Annual Town Reports, and six bound, unabridged editions were made up. These full reports can be seen at the Turner Free Library, The School Department. and the Town Clerk's Office. There is also

TOWN OF RANDOLPH, MASS.

a copy for safe-keeping at the Randolph Trust Company. It is also reported that sometime in the future a Special Town Meeting is planned to go over the full report.

Report Accepted.

VOTED UNANIMOUSLY: That the Report of the committee appointed to petition the Department of Public Works or the Legislature if necessary, to have the Commonwealth of Massachusetts take over the part of North Main Street from Crawford Square to the Railroad Bridge north of Depot Street, and also to petition that this highway be widened for a distance of twenty (20) feet, at the expense of the Commonwealth be accepted.

VOTED UNANIMOUSLY: That as a committee has not already been appointed, a committee of ten (10) be appointed by the Moderator to look into Sites of Public Buildings.

VOTED UNANIMOUSLY: That the Board of Selectmen be instructed to take some action on obtaining land under No. 2 Fire Engine House and report at an early date.

VOTED: That a committee of five (5) be appointed by the Moderator to make necessary investigation to see what action can be taken to abolish the manufacture of fireworks in Canton on the Randolph Line.

Vote: Yes: 136

No: 22

Article 7. VOTED UNANIMOUSLY: That the Water Commissioners be authorized to appoint any of their members to another office or position under their control and fix the salary of each office or position in accordance with Chapter 36, Acts of 1929. All as appropriated under Article 87.

Article 8. VOTED UNANIMOUSLY: That the sum of \$20.00 be raised and appropriated for the maintenance

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

and lighting of the clock in the tower of the First Congregational Church.

Article 9. VOTED UNANIMOUSLY: That the sum of \$20.00 be raised and appropriated for the maintenance and lighting of the clock in the tower of the First Baptist Church.

Article 10. VOTED UNANIMOUSLY: That the sum of \$1630.00 be raised and appropriated for the maintenance and up-keep of the Town Hall, as petitioned for by the Trustees of the Stetson School Fund.

Article 11. VOTED UNANIMOUSLY: To accept the Building Laws as published in the Town Report of 1948, and that the salary of the Building Commissioner be fixed by the Board of Selectmen. All fees collected to be turned in to the town.

Article 12. VOTED UNANIMOUSLY: That the sum of \$255.00 be raised and appropriated to install toilet facilities in the Town Lock-Up as required by the Massachusetts Department of Public Health.

Article 13. VOTED UNANIMOUSLY: To authorize the Selectmen to petition the Legislature for a Non-Partisan Town Election, as petitioned for.

Article 14. VOTED: To have the section North Main Street on the East, Chestnut Street on the South, Canton Street on the North and as far West to the Canton Line to be named RANDOLPH HEIGHTS.

Article 15. VOTED: That this article be referred to the Planning Board for report back to the Finance Committee prior to May 17, 1949, and to be reconsidered at an Adjourned Annual Town Meeting.

Article 16. VOTED: That the same action taken on Article 15 be taken on Article 16.

Article 17. VOTED: That the same action taken on

TOWN OF RANDOLPH, MASS.

Article 15 be taken on Article 17.

Article 18. VOTED: That the same action taken on Article 15 be taken on Article 18.

Article 19. VOTED: That no action be taken because of the adverse report of the Board of Health.

Article 20. VOTED: To instruct the Board of Selectmen to sell the building known as the Girl Scout House, including contents, to the Girl Scout Council of Randolph, Inc., for the sum of one dollar (\$1.00).

Article 21. VOTED: That no action be taken on Article 21, provided that departmental salaries and expenses be passed on item by item and not as lump sum appropriations.

Article 22. VOTED: Defeated.

A true copy, Attest:

WALDO E. MANN,
Town Clerk.

ADJOURNED ANNUAL TOWN MEETING

March 28, 1949

Article 23. VOTED: That the sum of \$325.00 be raised and appropriated to be used under the direction of the Fire Department for the purchase of gas masks as required by Chapter 337 of the Acts of 1948.

Article 24. VOTED: That the sum of \$5,000.00 be raised and appropriated for the erection of bleachers and that the School Committee be charged with the care and maintenance thereof.

Article 25. VOTED: That the sum of \$800.00 be raised and appropriated to paint and otherwise improve the exterior of the building formerly known as the Town Infirmary.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Article 26. VOTED: That the action on Articles 26 to 70 inclusive be postponed to a Special Town Meeting to be held not later than May 17th. The Planning Board to be directed to consider all articles for street construction and drainage under the Betterment Act as adopted by this town, to consider water extensions as to priority and as to volume of use. Street layouts and street acceptances shall also be considered by said Board. A report of recommendations shall be made to the Finance Committee by the Planning Board prior to said Special Town Meeting.

Article 71. VOTED: That the sum of \$36.00 be raised and appropriated to install two additional street lights on Hill Street.

Article 72. VOTED: That the sum of \$144.00 be raised and appropriated to install Street lights on the following streets:

- 2 on Dorr Street (1 at Rand Street—1 opposite Dawe residence).
- 1 on Rand Street at Howard Avenue.
- 1 on Hammond Street.
- 1 on Shade Street.
- 2 on Wilson Street.
- 1 on Hickory Street.

Article 73. VOTED: That the sum of \$18.00 be raised and appropriated for the installation of a street light on Pleasant Street between North Main Street and the railroad track.

Article 74. VOTED: That the sum of \$18.00 be raised and appropriated to install a street light on West Street, location at the discretion of the Board of Selectmen.

Article 75. VOTED: That the sum of \$18.00 be raised and appropriated for the installation of a street light at the Corner of Patterson Avenue and Center Street.

TOWN OF RANDOLPH, MASS.

Article 76. VOTED: That the sum of \$18.00 be raised and appropriated for the installation of a street light on Wordsworth Street, opposite the residence of Mrs. Ward.

Article 77. VOTED: That the sum of \$18.00 be raised and appropriated to install a street light on West Street, between North Main Street and Claff's Box Factory.

Article 78. VOTED: That the sum of \$36.00 be raised and appropriated to install two street lights on Edwin Street.

Article 79. VOTED: That the sum of \$90.00 be raised and appropriated to install five (5) street lights on Soren Street from North Main Street to High Street.

Article 80. VOTED: That the sum of \$54.00 be raised and appropriated to instal 3 street lights on Eugenia Street from Mitchell Street to High Street.

Article 81. VOTED: That the sum of \$54.00 be raised and appropriated for the installation of three street lights on Ballard Street.

Article 82. VOTED: That the sum of \$18.00 be raised and appropriated for the installation of a street light on Fairview Lane.

Article 83. VOTED: That the sum of \$18.00 be raised and appropriated to install a street light on Himoor Lane.

Article 84. VOTED: That the sum of \$18.00 be raised and appropriated to install a street light on Fairfield Road, near the residence of Richard L. Carmody.

Article 85. VOTED: That the sum of \$18.00 be raised and appropriated to install a street light on Wyman Road, near the residence of Mrs. Alice M. Sullivan.

Article 86. VOTED: That the sum of \$2,308.70 be

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

raised and appropriated for the purpose of a retirement fund.

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

• Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and mid-wives applying therefor, blanks for return of births as required by law.

 Selectmen of Randolph.

Report of Board of Health

The Board of Health respectfully submits this Annual Report of its activities for the year ending December 31, 1949.

The Board has answered a great many calls for abatement of nuisances, such as overflowing cesspools, indiscriminate dumping, etc., and commends the general co-operation of the townspeople.

The Dental Clinic was conducted by Dr. William Maguire, assisted by Miss Helen Conlon, School Nurse. The Diphtheria Clinic was conducted by Dr. Charles E. Wells, School Physician. Our District Nurses, Miss Beatrice Scannell and Mrs. Signa Heath, deserve our commendation for their ready responses during the year.

During the year the Board has had several hearings pertaining to the advisability of Trailer Camps in Randolph. The Board recommended that no Trailer Camps be permitted in the Town. At a special Town Meeting held October 24, 1949, the Moderator, Mr. William S. Condon, appointed the following committee to act with the Board of Health: Mr. Thomas O'Riley, Chairman; Dennis Connelly, Secretary; Charles W. Russell and William J. McGrath, associate members, to look into the advisability of a Trailer Camp or Camps in this Town. This committee is to report back at the next Annual Town Meeting.

Through the efforts of the Board of Health, the Town voted at the last Annual Town Meeting to have a weekly collection of rubbish which has proved to be very successful.

Communicable diseases for the year 1949 were as follows: Measles, 10; Dog Bites, 26; Mumps, 10; Whooping Cough, 1; Scarlet Fever, 10; Typhoid Fever, 1; Chicken Pox, 18; Pulmonary Tuberculosis, 5; Poliomyelitis, 5.

FREDERICK A. DIAUTO, Chairman,
SETH W. SWAIN, Secretary
RALPH W. CARTWRIGHT, Jr., Associate

Report of Committee on Trailer Camp or Camps in Randolph

After discussing the various points concerning the installation of Trailer Camps with the Board of Health, visiting installations in adjacent towns and interviewing applicants for a Trailer Camp in North Randolph, your Committee recommends that the existing zoning laws be amended so that no Trailer Camp or Camps be permitted in Randolph.

T. O'RILEY, Chairman

DENNIS J. CONNELLY, Secretary

WILLIAM J. McGRATH, Associate

C. W. RUSSELL, Associate

Report of Inspector of Plumbing

To the Board of Health of the
Town of Randolph:

Gentlemen:

I hereby submit my report for the year ending December 15, 1949.

One hundred and sixty-three permits for old and new plumbing have been issued during the present year.

The following fixtures have been installed:

One hundred and seventy-one water closets, one hundred and fifty-five sinks, one hundred and sixty wash bowls, one hundred and forty-seven bathtubs, ten shower baths, twenty wash trays, four slop sinks, five urinals, one floor drain, one stall drain, one drinking fountain, eighty-five pressure boilers and thirty-eight tankless heaters. Fees collected for permits, \$815.00.

Respectfully submitted,

THOMAS O'RILEY,
Plumbing Inspector.

Report of Tree Warden

To the Citizens of the Town of Randolph:

I hereby submit the following report of the work of your Tree Department for the year 1949.

The regular program of trimming and the removal of dead and dangerous trees was carried on during the year. As this work is spread over seventy-four miles of accepted roads it, therefore, limits the amount of work to any one street.

I have every reason to believe that most of our ornamental elms not infected with Dutch Elm Disease will be saved by efficient and thorough spraying with DDT and other insecticides. I cannot too strongly urge the property owners to cut down and burn all useless elms and to remove and burn all dead wood from all others. This will help to stop the spread of Dutch Elm Disease and save the town thousands of dollars. I feel that part of my report should be devoted to the Dutch Elm Disease. Samples of all Elm trees were submitted to shade tree laboratory at Amherst College. Five trees were found to be infected with Dutch Elm Disease, all on Warren Street. On orders from the State Department of Forestry, these trees will have to be taken down and all branches and bark burned.

Next year, we can anticipate many more trees to be infected with the Dutch Elm Disease than were discovered this past year.

Hingham lost 141 trees in 1949 with Dutch Elm Disease.

Stoughton lost 27 trees in 1949 with Dutch Elm Disease.

Quincy lost 98 trees in 1949 with Dutch Elm Disease.

TOWN OF RANDOLPH, MASS.

Weymouth lost 43 trees in 1949 with Dutch Elm Disease.

These figures show how severe the Dutch Elm Disease is and must be counteracted instantly.

In all, a total of twenty-one dead trees were removed last year. These trees that were removed should be replaced with new trees. A great deal of shrubbery and bushes will have to be removed from the sides of the roads this year to prevent damage to citizens who must walk and damage to passing vehicles.

Poison Ivy should be controlled along sides of town roads for protection of its citizens. Many youngsters were needlessly the victims of this menace in 1949. We should strive to eliminate it as much as possible in 1950.

To take care of this usual work, the removals of trees and the pruning of branches around street lights, an increase in the appropriation will be necessary for the coming year, and I recommend an increase over last year of \$668.00.

Appropriation, 1949	\$2,632.00
Expended	2,612.00
	<hr/>
Balance	\$20.00
Requested for 1950	3,300.00

At this time, I wish to express my thanks to the citizens and officials of the town for their kind co-operation given me throughout the past year. Also, to feel free to call upon me at any time about any matter concerning the Tree Department.

Respectfully submitted,

JOSEPH J. HART,
Tree Warden.

Report of Moth Superintendent

To the Honorable Board of Selectmen
Citizens of the Town of Randolph

I submit the following report of the Moth Department for the year 1949:

Moth conditions in the wooded areas of the town show an improvement, and in only five or six sections of the town are there many egg clusters showing. No defoliation or partial defoliation was noted. Creosoting of egg clusters in street trees and residential and wooded sections must be continued. The Japanese Beetle is becoming a menace in most sections of the town, and unless taken care of, adequately will prove an even greater pest than the Gypsy Moth. Property owners who are not familiar with methods of treatment should contact their Moth Superintendent who is ever anxious and willing to help taxpayers of the town to conserve the beauty of their property and save them money.

The very dry season of the past summer had its effect on the trees and many are in a weakened condition at the present time and must be watched cautiously. The Elm Leaf Beetle is quite widely scattered throughout the town, and will definitely require a very heavy, thorough spraying in 1950.

Poison Ivy in all parts of the town has caused considerable damage to trees, and should be controlled along sides of town roads for protection of its citizens.

In conformance with Section 11, Chapter 660, Acts of 1948, you are hereby notified that your liability for gypsy moth work in 1950 is \$3,372.85. Based upon the present degree of infectation we recommend that your voters ap-

TOWN OF RANDOLPH, MASS.

appropriate the sum of \$3,372.85, to be expended solely for control work on the insects specified as public nuisances in Section 11.

Appropriation, 1949	\$1,850.00
Expended	1,835.00
	<hr/>
Balance	\$15.00
Requested in 1950	\$2,200.00

Respectfully submitted,

JOSEPH J. HART,
Moth Superintendent.

Sealer of Weights and Measures

December 27, 1949.

TOWN OF RANDOLPH, MASS.

The apparatus and equipment connected with the Department is in good condition at the present time. The apparatus has been inspected by an Auto-Motive Engineer.

I wish to thank the officials and citizens who have assisted the Department in any way throughout the year.

Respectfully submitted,

HAROLD L. BAILEY,
Chief of Department.

Report of Inspector of Animals

December 27, 1949

Honorable Board of Selectmen:

I hereby submit my report for the year ending December 31, 1949.

I have quarantined 26 dogs and have inspected 30 barns.

Cattle	135
Horses	56
Sheep	11
Goats	6
Swine	1641

Respectfully submitted,

JAMES J. TRUELSON,
Inspector of Animals.

Report of Inspector of Slaughtering FOR THE YEAR OF 1949

January 14, 1950

To the Board of Health of Randolph:

Gentlemen:

I hereby submit my report for 1949.

Total number inspected and passed	264
Condemned	1

One Hog condemned—unfit for food.

Respectfully submitted,

WESTON L. MANN,
Inspector of Slaughtering.

Report of Highway Surveyor

To the Citizens of the Town of Randolph:

GENERAL MAINTENANCE

The usual type of work was completed during 1949, such as sweeping, patching, grading, gravel hauled on dirt roads, cleaning brooks, catch basins and manholes. A great deal of surface treatment also was completed on our black roads.

CHAPTER "90"

The following work was completed under Chapter "90"—Sections of North Street were resurfaced with asphalt and oil treated crushed stone; two catch basins were constructed on Canton Street and a black top gutter on Warren Street. The work under Chapter "90" was approved by the State Department of Public Works.

DRAINAGE AND CONSTRUCTION

The serious drainage condition that existed on Stacy Street has been completed and is functioning satisfactorily.

SNOW REMOVAL

The fall of snow during 1949 was about normal, a great deal of sanding was required due to freezing rain and wet snow. A list of storms that required sanding, plowing and hauling are listed below:

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Date of Storm	Type of Storm	Work Required	Depth in	Duration
			Inches	of Storms
Jan. 21	Snow & freezing rain	Sanding & plowing	4	21
26	Snow	Sanding & plowing	5	14
31	Snow & freezing rain	Sanding & plowing	5	10
Feb. 4	Snow & freezing rain	Sanding & plowing	3	12
7	Snow & freezing rain		0	8
16	Snow	Sanding & plowing	4	7
28	Snow	Sanding & plowing	10	20
Mar. 6	Snow	Sanding	1	3
10	Snow & freezing rain	Sanding	2	16
18	Snow	Sanding & plowing	8	12
Nov. 27	Snow	Sanding	2	6
Dec. 2	Snow & rain	Sanding & plowing	3	14
7	Snow & rain	Sanding	2	6
<hr/> 13 storms			<hr/> 49 inches	<hr/>

I wish to thank the Town Officials and Citizens for the fine cooperation during the past year.

JOHN A. FREDERICKSON,
Highway Surveyor.

TOWN OF RANDOLPH, MASS.

Report of Inspector of Milk

To the Town of Randolph.

Report of the Milk Inspector for the year ending December 31, 1949:

2 Pasteurization Permits	\$20.00
30 Store Licenses	15.00
24 Vehicle Licenses	12.00
10 Oleomargarine Registrations	5.00
9 Permits to Produce and sell Milk	
<hr/>	
Total	\$52.00

Number of Butterfat Tests Made.

HENRY MERRILL,
Milk Inspector.

Report of the Building Inspector

To the Board of Selectmen of the Town of Randolph:

I hereby submit my report from July 1, 1949 to December 31, 1949.

Permits issued:

New Buildings	78
New garages	4
Alterations	5

Total permits issued	87
----------------------	----

Total Inspections made	94
------------------------	----

Mileage (by auto)	471
-------------------	-----

Present building laws require that every job must have a permit stamped by the Plumbing, Wire and Building Inspectors before any work is covered up by laths, sheetrock, etc.

When a job is ready for lathing, sheetrock, etc., permits should be stamped by the Plumbing and Wiring Inspectors, and then call your Building Inspector.

Respectfully submitted,

FRANK F. TEED,
Building Inspector.

Report of Police Department

January 12, 1950

To the Board of Selectmen
Randolph, Mass.

*Some arrests and summons were served for out of town police.

**Of the 16 cases dismissed for want of prosecution the police were complaint on 6.

***Of the 9 cases released, 8 were juveniles and were turned over to their parents.

I wish to take this opportunity to thank the Town Officials, the Finance Committee and the citizens of the town for their assistance and cooperation during the past year, and to express my appreciation to the members of the regular police department and the Special Officers for their fine work and cooperation in the affairs of the department.

Respectfully submitted,

PATRICK T. McDONNELL,
Chief of Police.

Report of Trustees of Turner Free Library

TRUSTEES

Frederick E. Knebel	President
Benjamin P. Crowell	Vice-President
Joseph D. Wales	Secretary-Treasurer
Ralph H. Hutchinson,	Theodore S. Luddington,	
Orrin B. White		

(Selectmen of Randolph, Ex-Officiis)

Mrs. Sallie W. Crawford	Roland H. Marden
Carl S. Gove	Raymond L. Mason
Arthur H. Holbrook	Lawrence Shurtleff
Mrs. Mollie F. Howard	Albert C. Wilde
Frank P. Yundt	

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this Report for the calendar year 1949 and being the seventy-fourth report is submitted, showing the condition of the Trust consisting of the building, library and funds, together with the reports of the Librarian and Treasurer, and so much of reports submitted to the Trustees by the various committees as seem to be of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books owned by the Library are accounted for by the Librarian.

The Building Committee reports considerable progress made in repairs and replacements on the roof and the addition of four new conductor pipes. The flat portion of the roof has been entirely rebuilt, new flashing installed wherever needed, new slates put in place of those cracked on

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

the several towers. The large flag pole that extended from the attic window was found to be defective and was removed.

The entire appropriation voted by the Town, in the amount of \$3,500 was expended. Our previous estimate of \$1000 for the work on the roof was short of the actual cost by approximately \$200, which latter amount was paid out of Library funds. In November one of the sections of the boiler cracked necessitating repairs costing \$100.

The contractor, who did the work on the roof, has brought to our attention the poor condition of the three chimneys which are badly in need of repairs. The incinerator in the cellar will definitely have to be replaced with a new one. The trim on the exterior of the building, the doors, window sash, etc., require painting. The installation of a light over the outside door of Dr. Hickey's office is urgently needed.

The Library Committee is making an intensive study into the cost of repairing and rebinding a considerable number of bound and unbound volumes of The Randolph Transcript, Norfolk County Register, Randolph Register and Holbrook News and Randolph Herald. These records date back to 1857, are much in demand, particularly for vital statistics and as such are readily accepted in Court as valid evidence. The Trustees feel this matter should be done even though the entire project would take several years to complete.

The Trustees have deemed it advisable from a standpoint of economy to remove entirely two of the three Chimneys down to the roof line and then capped over. The remaining chimney, being the only one being used, to be repaired. We have received an estimate for this job of \$450.00 The painting of trim, etc., will require about \$480. The Trustees, therefor, are requesting an appropriation from the Town of \$2,650 to meet the above-mentioned expenses

TOWN OF RANDOLPH, MASS.

as well as other general repairs of the building, furnishings and fixtures and for the general purposes of the Library.

A copy of each of the following reports is hereunto subjoined: Report of the Librarian, Report of the Treasurer showing receipts and expenditures of the Library and the Report of the Finance Committee.

The Trustees again wish to express their appreciation to all those who have contributed in any manner to the Library during the past year.

Respectfully submitted,

FREDERICK E. KNEBEL,
President.

January 14, 1950.

REPORT OF THE TREASURER

REPORT OF LIBRARIAN

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1949.

The Library hours are: Monday, Wednesday and Saturday afternoons, from 2:00 to 4:30; every evening from 7:00 to 9:00, except Sundays and holidays. During July and August we are open evenings only.

Books added the past year 296, making the accession number 37,750.

TOWN OF RANDOLPH, MASS.

Number of books loaned, 15,420. Fiction, 9,647; Juvenile, 3,153; General, 2620. March had the largest circulation—1,503 books having been loaned.

Magazines loaned—409.

Borrowers cards issued—556. New applicants, 333; renewals—223. The Children's Story Hour attendance for the Summer was very satisfactory. There were eight sessions. On July 9th the attendance was 17; July 16th, 26; July 23rd, 23; July 30th, 15; August 6th, 28; August 13th, 24; August 20th, 17; August 27th, 5.

November 19th, in observance of Children's Book Week, we had a Story Hour with an attendance of 67 and on December 17 there was a Christmas Story Hour with 73 children present.

Mrs. Alberta Komich was in charge of the children and told many interesting stories.

Books have been borrowed through the Inter-Library Loan for students and teachers.

The reference room has been used for study by Junior High, Stetson High and college students. We are glad and willing to help everyone in their reference work and in their selection of books.

The Librarian wishes to thank Mrs. Komich for her story-telling and her help at vacation time; also Miss Massie and the Trustees for their cooperation.

EUNICE B. MARTIN,

January 9, 1950

Librarian.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

REPORT OF THE FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your committee on Finances submits the following report:

The committee has audited the accounts of the Treasurer for the year 1949 and found them to be correct. All moneys have been accounted for as received, and no money has been paid out except on vouchers properly approved.

The committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

There have been no changes in our investment portfolio this year.

Respectfully submitted,

RAYMOND L. MASON,
Chairman.

January 15, 1949

Report of Committee on a Manager Form of Town Government

To the Citizens of Randolph:

The Committee appointed by the Moderator to report on a Manager form of town government have devoted a considerable amount of study to the five forms of special legislation passed by the Legislature on the subject, and adopted by the towns of Norwood, Mansfield, Middleborough, Stoughton and Saugus.

The Committee in its deliberations, secured valuable advice from Mr. Clarence A. Bingham, a former Manager of the Town of Norwood and the City of Waltham, and who has had long experience in the field of city and town government.

Due to the fact that there is no standard form of charter for towns as there is for cities, it is, therefore, important that the issue of Manager administration for the town be given the fullest possible consideration as to its detail before a final report is given. The Committee, in this, its interim report, requests that it be continued for another year, and further supplemented by the addition of ten interested citizens to be named by the Moderator from the various sections of the Town.

Respectfully submitted,

GEORGE F. CULLEN, Chairman
PERLEY R. EVANS, Clerk
JOHN E. KELLEY
JOHN E. SCANNELL
HAROLD W. MACAULEY

Report of Randolph Planning Board

To the Town of Randolph:

Your Planning Board makes the following report for the year ending December 31, 1949:

Your Board has worked diligently throughout the year.

The first meeting was held after the Annual Town Meeting taking into consideration the many Articles that were not acted upon by the Town Meeting Members.

Zoning has been before us constantly. Some changes may be justified, while others are not, and would only cause much trouble.

In your Town Report your Planning Board has made recommendations to the Finance Committee.

One subject that has had a lot of thoughtful work is the Betterment Act. We have searched the town records for information on this subject. Much to our surprise, after having the town counsel give us a ruling that the Betterment Act was accepted, we find that there is nothing written giving the Planning Board the authority to enforce and have betterments assessed. You will find an Article in the Town Warrant giving your Board the authority for the use of the Betterment Act.

We have visited other towns and found the Town of Milton to have, in our estimation, the best procedure in operation. There is considerable work to be done on the Rules and Regulations for the Act which should be carried on with the town engineer.

We have met with the School Building and Planning Committee for the Junior and Senior High Schools at all their meetings. We hope we have been of some assistance to this committee.

TOWN OF RANDOLPH, MASS.

Your new Board can be of real assistance to this Committee. The Board has met with the Building Sites Committee. On our recommendations the site for the new Fire Station in North Randolph, was accepted.

In your report you will find an Article in reference to the property directly beside the Devine School, going south. We are taking into consideration the possibility of the extension of the Devine School. We feel the property in question should be acquired before it is sold for house lots.

We have also taken into consideration the possibility that in the near future the town will have to set up a sewage system of its own. We find that it would be too expensive to tie into the Metropolitan Sewage System. In your Town Warrant you will find an Article in reference to the land for this project. This is the proposed site recommended at the time the W. P. A. drew up the plans for the system.

Your present Board feels a lot of consideration should be given to the candidates for the new Planning Board. We should have men who are willing to give the very best of their abilities to the most important committee in the town.

Our town has grown fast in the past few years and will expand more rapidly. It is hoped that anyone in the town who has any knowledge of town planning will help this Board to more success in the future.

Respectfully submitted,

ALSON B. ALDEN,
Chairman.

Report of Randolph Visiting Nurse Association

The Randolph Visiting Nurse Association, now in its thirty-sixth year, is pleased to present, on request, a summary of its work for The Annual Town Report:

When our organization was founded—on January 1, 1914—Randolph's population numbered less than 5,000 persons, and one nurse made her calls to the sick on foot. Our work has increased with the growth of the Town to twice its above-named population, necessitating two nurses, an automobile and its maintenance, an office, and other vital equipment. Today, as in the old days, our services are cheerfully, skillfully, and promptly given to all of the Town's people, under the care of a doctor, regardless of race, color, or creed. Those who are able to do so pay \$1.00 for each visit of the nurse, except in the case of the initial visit to those who have donated \$1.00 to the yearly campaign for funds, when this first visit is free to the giver, or to some member of his family. Those not able to pay the above-named fee are expected to give some stipend, however small. But whether or not a person can pay, he is never neglected. Many calls are necessarily made where no money is available, but as we operate on a strictly professional basis SERVICE comes first.

Our Public Health Program has been greatly expanded in recent years and in that connection, we act as "The Agents" of the Town to supplement the work of Randolph's Department of Public Health. Our two Nurses, Beatrice Scannell, R. N., and Signa Heath, R. N., are also Public Health Nurses, having both received the P. H. N. Degree through a Course in Public Health Nursing taken in the recent past. Together they carry on an educational health program. For instance, they teach some mem-

TOWN OF RANDOLPH, MASS.

ber of the homes which they visit how to care for the chronically ill; they instruct and help mothers for the coming of the baby; they instruct in formula making and in the feeding of the new baby; they help each month in the conduct of the Well-Child Conferences—a feature started many years ago by the Association; they assisted during the 1949 Chest X-Ray Survey, at the Blood Bank, and at all of the other health features held in the Town; they give careful attention to T. B. cases, especially in follow-up work, and do all of the general and bedside nursing of the Old Age and Welfare patients, as directed by The Randolph Board of Health. And for the further protection of public health, the nurses do not engage in bedside nursing of contagious cases.

For many years now, the Townspeople have voted at each Annual Meeting to give us an appropriation. The amount voted at the 1949 Town Meeting of \$3,500 was used EXCLUSIVELY, as with appropriations in the past as SALARIES to our two nurses for the public health work done for the Town. Miss Beatrice Scannell, Supervising Nurse, received \$1,900; Mrs. Signa Heath received \$1600. To further comment on the Public Health Work of the R.V.N.A. in connection with the Town's Annual appropriation, may we state that the Town does not have a Public Health Nursing Service of its own, but prefers, as a matter of economy, to use the services of an old, established Nurse Association to do this work, through two registered and public health nurses. The expense of the Association's automobile, the auto's maintenance, and incidental expenses in connection with this Public Health Service is borne by the RVNA.

May we further report that the members of the RVNA, its officers and directors, have worked willingly in 1949, as they and others of our personnel have labored during the past, solely for the love of the work—our Nurses being the only ones receiving any financial compensation. We

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

have appreciated the splendid co-operation which we have received from the Townspeople, not only in 1949, but throughout all of RVNA's history. We wish here to extend our sincere thanks to our two excellent Nurses, Miss Beatrice Scannell and Mrs. Signa Heath, for their untiring efforts in our behalf. Our Association holds in loving remembrance its past co-workers and generous givers of their time and money.

Thoughts of this co-operation give us renewed courage and inspiration to make further progress along the high road of "Better Health for Our Community."

1924 — 1949

Report of the School Committee

To the Citizens of the Town of Randolph:

The Randolph School Committee submits herewith the annual report of the year 1949.

This is the second year in which Randolph has employed its own Superintendent of the school system and it is felt that this move, made in 1948, has proven, and will continue to prove, beneficial in the administration of our school system.

Your Committee adopted a salary schedule which went into effect in September, 1949, and the results of this progressive move has indicated itself in part by the interest taken by your teachers to secure further in-service training and additional courses to benefit their chosen profession. The various reports by the heads of the various departments including the annual report of the Superintendent of Schools will give the citizens of the town a complete picture of the activities and progress made in your schools.

The passing of Miss Margaret L. Donovan, principal and teacher for a quarter of a century, was felt keenly by all who knew her. Her loyalty, devotion and high character will forever be an inspiration.

A review of the reports of the School Committees for the past years will reveal the cognizance of the need of additional facilities for the future educational needs of our school children.

Your present committee acknowledges with sincere gratification the progressive action taken by the citizens of Randolph in the procuring of land for a proposed junior and senior high school and for the formation of an active and determined School Building Committee.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Your School Committee extends to all a hearty welcome to visit the schools at your convenience and welcomes any suggestions or criticisms that may in the end serve as a guide for better education for our children.

Your Committee congratulates all teachers, administrators and custodians for their fine work during the past year.

MAURICE LEWIS, Chairman
JOSEPH J. SEMENSI, Secretary
ALICE M. MARTIN
DR. WILLIAM F. MAGUIRE
HAROLD L. WHITE

TOWN OF RANDOLPH, MASS.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Randolph School Committee
Chairman and Members:

I have the honor of submitting to you my annual school report which is the second in line for Randolph employing its own superintendent.

Your cooperation has been greatly appreciated. Your interest and efforts have been for better schools, particularly so at this time when Randolph, in common with most communities, is facing a complex school situation with an ever increasing school population, cost of materials and the problem of school financing.

CROWDED CONDITION OF CLASS ROOMS

When schools resumed sessions last September it was necessary to provide two more classrooms on the lower floor in the Tower Hill School. One room was furnished and ready for occupancy during the summer but the added enrolment of some fifty-five pupils made it necessary to install old furniture in the other room and to employ an extra teacher. This situation moreover greatly added to the bus problem and to the inconvenience of parents and pupils alike. Mention may well be made here of the wonderful patience and cooperation of the parents in solving this problem of adjustment. In addition to these rooms we are now operating four classes on half sessions and maybe forced next year to increase the two platoon system elsewhere in schools as needed. Such curtailment of school time is most undesirable for it is bound to have its ill effect on many pupils.

IN-SERVICE TRAINING

This year a beginning was made to assist our teachers with in-service training. With the help of the State Department of Education, Miss Loretta McHugh was selected

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

to give a course for elementary teachers on the subject of classroom methods and procedures and the newer phases and interpretations of the modern trends in education. The class meets in the Stetson High School once a week and has an enrolment of thirty teachers, twenty-five of whom are from Randolph, listed as follows:

PRESCOTT SCHOOL: Mr. Irvin D. Reade, Misses Rachael McMahon, Mary McLaughlin, Anna Ginnetty, Mary O'Brien, Mary Dunphy, Mrs. Grace Lynch, Mrs. Elizabeth Tierney and Mrs. Grace Welch.

BELCHER SCHOOL: Mrs. Ethel Chatfield, Misses Bernice Francis, Patricia Murphy, Beatrice Butler and Barbara Cullinane.

TOWER HILL SCHOOL: Mrs. Marie Cormey, Mrs. Elizabeth McDonald, Mrs. Eleanor McLucas, Mrs. Marion Getchell, Miss Grace Kelly, Miss Monica Cotter and Mrs. Alyce Johnston.

DEVINE SCHOOL: Mr. Charles Haley.

PAULINE STREET SCHOOL: Mrs. G. Lillian Kane and Mrs. Ida Currie. Also in line with in-service training we had two school custodians, Mr. Ernest Chatfield and Mr. William Hawkins complete a course given in Hingham on the responsibility and care of school buildings.

McNEILL SCHOOL: Miss Mary Baudanza.

OUR JUNIOR - SENIOR HIGH SCHOOL PROJECT

Much time has been given to the meetings and special work pursuance to the study made by the Randolph Planning and Building Committee and the sub-committee on the School Curriculum. The interest and cooperation shown by members of these two groups are outstanding in every respect. It is a rare treat to sit in with these men and women, to exchange ideas, evolve plans and procedures

TOWN OF RANDOLPH, MASS.

for a common objective. The feeling prevails that this proposed school with its equipment for public service is not only an educational investment for our school children but an institution of service for and by all the citizens of the town.

The newly appointed educational consultant, Dr. Jesse Davis of Boston University, has already begun his work with the Curriculum group. He comes to us professionally trained and qualified by years of experience for just this type of educational work and organization.

It is a cherished hope based on necessity for present and future school needs that the citizens will finally vote sufficient funds for the construction and equipment of a school building worthy of this town.

TEACHING STAFF

We lost by death, Miss Margaret L. Donovan, principal and teacher for many years in the Devine School. This loss came to us as a heavy blow for it was thought that she was improving and would soon return to her duties. Her absence is keenly felt but her long service, devoted to her school, her character, her loyalty and faith in her pupils, teachers and daily tasks are abiding qualities—these are her endowment to the schools.

Mr. Charles Haley was transferred from the Prescott School to fill the vacancy in the Devine School, where he is now serving as principal and teacher in a most satisfactory manner. In recognition of the excellent work of Miss Anna Good, who served as principal during the remaining months of the school year, the principalship vacancy was proposed to her, but she declined the offer.

SPECIAL NOTES OF PROGRESS

We note with pride your purchase of a dual control Ford car so essential to our driver-education program mentioned in Mr. Gilgan's report.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Systematic painting and care of our school buildings and grounds. New equipment for better service by custodians and the purchase of new desks and chairs for one classroom a year.

The purchase of high school bleachers for field events.

Increase in 4-H classes in the Belcher, Devine and Prescott Schools.

Evening vocational classes is on the increase. We now offer six classes for women; four in dressmaking, one in hooked rugs and one in braided rugs.

The transportation of school children was greatly improved by the addition of a new bus. Mr. Hart now furnishes the service of three school buses besides the special trips for senior and junior high school pupils by the Eastern Mass. Street Railway Co.

A study is being made by principals and teachers for curriculum coordination and adaptation of present subject matter to fit the new proposed six-year high school curriculum.

We are most grateful to Col. Leslie Claff and to Mr. John Lynch for their efficient and successful management of the free X-ray service rendered the people of this town. This availability and convenience made it possible for every one to accept this vital health service including teachers and my own family.

GIFTS AND AWARDS

The following organizations are to be commended for their contribution for outstanding effort and achievements on the part of our student body:

The Stetson High School Scholarship Fund Committee.

Knights of Columbus, Lyceum Association, Inc.
American Legion and Auxiliary.

TOWN OF RANDOLPH, MASS.

Parent-Teachers' Associations.
Ladies' Library Association.
Randolph Grange, P. of H.
Junior Ladies' Library Association.

RECOMMENDATIONS

I should like to recommend for your approval that beginning next September, 1950, the entering age to grade one be, as in previous years, five years and five months on or before September 1, 1950, and that no child shall enter below that age even by way of intelligence or maturity tests. This is proposed to reduce the crowded enrolment in general but in Grade I, in particular.

In closing my report, I speak for my principals, teachers and supervisors, as well as for myself, that whatever achievements we may humbly boast of this year, whether singly or in groups, has had its stimulus and growth in your committee.

Respectfully submitted,

A. O. CHRISTIANSEN,
Superintendent of Schools.

REPORT OF PRINCIPAL OF STETSON HIGH SCHOOL HUBERT F. GILGAN

In the brief space allotted to us, it is possible to do little more than to touch briefly upon a few items affecting the High School.

Perhaps the major consideration is the culmination of years of effort on the part of the School Department to interest the public in the need for more adequate housing of our school population. In 1946, the School Committee, Superintendent, and High School principal, after careful study, suggested a 1000-pupil Junior-Senior High School.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

It was gratifying to note that one of the results of a later professional survey of the school system was the same recommendation. Since then, a Building and Planning Committee has been appointed. This committee has worked hard and long to make plans for a suitable building to present to the town for action. Although the writer is not a member of this committee, he has worked in cooperation with it and together with the principals of the Junior High Schools, a program of studies for the use in the new building has been drawn up and submitted to the building committee. It is the ardent hope of the writer that, keeping in mind the cost of the building and the cost to the taxpayer, a building will materialize which will adequately house the pupils of grades seven to twelve for many years to come and at the same time give these pupils all the details and facilities which are required by the modern trends of education of today.

In our report of 1946 we stressed some phases of a preventative health program and we are pleased to report that some of these ideas have been put into practice. We would like to touch briefly at this time on the dental clinic. We would like to suggest that this clinical endeavor be expanded, particularly in the grade schools, so that all children be examined at regular intervals by a practicing dentist; that if needs be, a larger amount of money be set aside for this work, and the dental clinic to be the responsibility of one dentist, to be designated by the School Committee.

Our visual aids department is gradually building up with the latest acquisition of a slide film machine and a record player, capable of using records especially designed for classroom use. These items, together with the machines we already have give us a fine start on equipment which will enable us to bring the latest types of teaching devices to our pupils. To help us in this work, we arranged for a

TOWN OF RANDOLPH, MASS.

demonstration of the audio-visual education program to the teachers of Randolph on October 24, 1949, with the cooperation of Mr. Kelsey B. Sweatt of the State Department of Education.

A fond hope we had cherished for some time was brought to realization on September 27, 1949, when a new dual control Ford car was presented at impressive ceremonies to the high school for use of our driver-education program. This car was presented through the cooperation of the School Committee and the Good Brothers, and was sold to the Town of Randolph for one dollar and will be turned back to the dealer for the same sum at the end of the school year. During this school year some forty pupils will have been given driver-training by our certified instructor, Mr. Paul J. Lehtinen. To date, six of our pupils have been given the road test by a registry inspector. All six received their licenses and our instructor was praised for the thoroughness with which our pupils were taught.

Such reports as we have received from colleges during the past year on our graduates who were currently attending Brown, M. I. T., State Teachers College, Northeastern, Harvard, Holy Cross, Wheaton indicate that our graduates are doing well in college. There are other boys in other colleges such as Stone Hill and St. Anselms from whom no reports have been received from the college, as yet.

Other routine activities and details have been conducted successfully during the past year which we feel has been a productive one.

REPORT OF THE SUPERVISOR OF TESTING

IRVIN D. READE, Jr.

A fundamental assumption underlying all education is that changes take place in the pupils' learning. This assumption holds true whether the school is progressive by design or old line by nature. Basically, all educational programs rest on their ability to secure pupil changes in learning. What these changes are and how they are to be accomplished are problems for the educator to solve. There hover in the background two questions that must be answered sooner or later by the proponents of any educational policy. These questions are:

- (A) How much learning, if any, has taken place in the minds of the pupils?
- (B) Is this learning in the desired direction?

The chief purpose of the testing program for this year will be to measure this change, and to determine if it is satisfactory.

With the completion of the first two years of the testing program, it should be possible to start work on the correction of any general subject weaknesses that have been uncovered.

The next step will be to provide for the special needs of each individual in terms of his abilities and interests in relation to environment, and in so far as possible to provide the individual with information for making wise decisions as to his future.

REPORT OF THE SUPERVISOR OF REMEDIAL READING

MARY CHRISTINE GAUGHEN

It is with pleasure that I submit this report on Remedial Reading in the Public Schools in Randolph.

The reading process is so complex and influenced by so

TOWN OF RANDOLPH, MASS.

many factors that many intelligent children have difficulty in learning to read. This may be due to some physical defect, emotional disturbance, insufficient background of experience or one of many other factors.

The aim of Remedial work is to bring the pupil up to his capacity of learning. This can only be accomplished by starting him at his present level of achievement. Consequently, teachers have several reading groups in one grade.

I have an opportunity to work with each group of slow learners one day each week. In this way I can see pupil progress and make the necessary recommendations to the class room teacher.

There are approximately 250 pupils receiving special attention in reading. Due to the splendid co-operation of the teachers many of these pupils have shown remarkable improvement since September.

REPORT OF THE VOCATIONAL GUIDANCE DIRECTOR JOSEPH W. DALY

All Freshmen and Juniors were interviewed during the course of the school year. Also members of these classes were given the results of their Boston University Battery of Tests which are of the vocational type for Juniors and general diagnostic for Freshmen. This is done at a private conference and includes results of their mechanical, clerical, reading, interest and intelligence tests.

An annual career day was held with nearly all occupations being covered. These include hairdresser, telephone operator, secretary, military occupations, airline hostess, forestry, mechanic, teacher, medicine, engineer, etc. Special appointments were made as needed to supplement these services.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

DRIVER - EDUCATION REPORT

P. J. LEHTINEN, Instructor

For several years a course in safe driving has been offered by the high school. In September, 1949, a car was made available so that it is now possible to give the pupils actual training in driving an automobile.

The first part of the course is a non-technical explanation of the functions of various parts of the automobile. At the same time they are taught the rules of the road as set forth by the Registry of Motor Vehicles in their booklet. After a test on laws and their observance is passed, actual driver training is begun in the automobile.

This year to date, six pupils have taken the test for their drivers licenses and all passed. More pupils are now being prepared for this test and when judged ready will be allowed to take it.

It is hoped that during the year approximately fifty pupils will have passed the course and received their licenses.

REPORT OF THE DIRECTOR OF BAND AND CHORAL MUSIC

MYRON B. THOMAS

I should like to begin my annual report by expressing my sincere appreciation to you and the School Committee for granting me an additional half-day in which to further develop our rapidly-growing instrumental program.

The instrumental department has made tremendous strides in the past few years. This year's class of beginners alone numbers 44, more than twice the average for a system of this size.

Instruction on the various instruments is given in all the grades from the fourth on.

TOWN OF RANDOLPH, MASS.

The High School band rehearses during the seventh period on Tuesdays and Fridays in the auditorium. Marches, overtures and selections are practiced in preparation for the Spring Festival, parades, and the annual concert in May which is the culmination of our year's efforts. The Junior band rehearses on Thursdays during first period at the Prescott school. The routine is practically the same as the high school band, except that the material is graded to suit their particular needs and abilities. Both bands paraded on Memorial Day and each band participated in the graduation exercises of its respective school.

The eighth annual concert by the Senior and Junior bands was presented in Town Hall on May 5th. The following day the bands participated in the State Music Festival at New Bedford. Both bands received ratings of "Superior" and "above average". Special comment was made on the fine tone and musicianship shown by the young people of our bands.

Special events for the high school band included playing for the Police Association Amateur show and Hawkins Bros. anniversary celebration. The band also furnished music for "Safe Driving Day" at the high school.

The 50-voice high school chorus holds weekly rehearsals on Thursdays during seventh period. Secular, sacred and popular selections are practiced.

I wish to thank you and the School Committee, the principals, and the teachers of all schools for the splendid cooperation I receive each year.

REPORT OF THE MUSIC SUPERVISOR

DORIS M. NYQUIST

Mr. Adolph O. Christiansen
Superintendent of Schools

I submit with pleasure this report of the vocal music in the public schools of Randolph.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

We are continually striving to improve the ability of the elementary school child to read music, to sing with a sweet and easy tone and with expression and clear diction. Above all, we want to create a love of good music on the part of the child.

A new Junior High Glee Club of eighth graders has been organized at Prescott Junior High School this year. This club of forty-five members meets every Tuesday morning. They are practicing several choral selections.

During art exhibition week, Belcher School children presented Gilbert and Sullivan's operetta "H. M. S. Pinafore" in costume with appropriate stage scenery under the direction of the art supervisor, Mrs. Atwood.

The high school mixed chorus, which is comprised of interested and talented young people, did some fine work this year. They sang at the band concert and also had the honor of singing at the high school graduation.

The Girls' Choir sang selections at the band concert again this year, and are rehearsing now to sing over Radio Station WBET in Brockton.

May I take this opportunity to thank all in the school system for their fine co-operation and friendliness.

REPORT OF THE ART SUPERVISOR ETHEL B. ATWOOD

Your Supervisor of Art submits the following report:

Regular routine visits have been made to all grades in all schools during the year.

Three days of each week have been spent in the Elementary and Junior High School grades where a drawing lesson has been given in each room visited and suggestions for further study left with the grade teacher.

TOWN OF RANDOLPH, MASS.

The Supervisor has been at the Stetson High School two days of each week. Here she instructed classes in both Freehand and Mechanical Drawing and arranged such courses of study as were workable under existing conditions.

Other activities in the Art program included making the back-drop and stage settings by High School Art students for the Belcher School production of the operetta "H. M. S. Pinafore". The preparation of posters for the Chest X-Ray Drive and accompanying Poster Contest for Grade 6 through Grade 12. Recognition of American Education Week and the Christmas season when examples of creative art work were placed in several of the shop windows along the local Main Street. This was done to encourage the children and to interest others in their efforts. Much appreciation is hereby extended to the owners and managers of these stores for so generously allowing window space for this purpose.

Arrangement of the Annual Exhibit of general school work, including drawing, was carried out by the Supervisor, who served as hostess during the time the exhibit was open to the public.

An overview of the Art Program shows greater progress in the High School and elementary schools than in the Junior High School. Work is necessarily impeded in these grades because the classes are too large for the kind of work best suited to the age-level, and, because there is insufficient time and material for the need.

Art is a vital factor in the life of every individual. The buildings that shelter us, the cars in which we ride, the movies we see, our books, magazines and innumerable things essential to our existence, are dependent upon art effort of some kind.

The purpose of art instruction in the school is to help the child do all work in a better way; to help him under-

stand all subjects better because of art correlation; to increase his powers of observation and his ability to discriminate; and to provide him with certain reasonable skills in the use of color, pencil, crayon, ruler, etc.

That it requires a certain amount of "doing" to cover the art field in all grades from grade 1 through grade 12, no one will deny. However, the friendly attitude and willingness to cooperate shown by all with whom I have worked has made the year a pleasant one. I am grateful to those who have helped make it so. Through continued co-operative effort we can create and maintain a good art program for the schools of Randolph.

REPORT OF THE SCHOOL NURSE

HELEN F. CONLON, R. N.

I herewith submit my report for year 1949:

Number of grades inspected	169
Number of exclusions recommended	231
Number of children referred to school dental clinic	93
Number of children given Diphtheria Toxoid	168
Number of children given a Booster shot	88
Number of home visits	214

Pupils in Grades 1, 4, 8 and 12 were given a health examination by School Physician Dr. Charles E. Wells. The findings were noted on the child's Physical Record card and the remedial defects brought to the attention of the parent.

The daily inspection by the classroom teacher is a most valuable aid in the control of communicable diseases.

Children in the first eight grades were weighed and measured in the Fall and again in the Spring. The High School pupils were weighed and measured once during the year.

TOWN OF RANDOLPH, MASS.

Three children who were physically unable to attend school, because of illness for two months or longer, received instructions in their home from a visiting teacher.

Arrangements were made for two children to attend the Child Guidance Clinic held at the Brockton High School. This clinic is conducted by the Massachusetts Department of Public Health, Division of Mental Hygiene.

In May the Patch test for Tuberculosis was given to 96 children whose parents requested it. Two children who showed a positive reaction to the test were x-rayed at the Mobile Unit.

Through the generosity of James J. Kelleher, Optometrist, and the Local Salvation Army Fund, many children have been provided with glasses. Several children have had Tonsilectomies. Clothing and footwear have been provided in many cases through this fund.

I wish to thank the School Board Superintendent, Teachers and School Physician for their kindness and co-operation during the year.

REPORT OF THE SCHOOL PHYSICIAN

CHARLES E. WELLS, M. D.

A study of school reports shows very little difference in the amount of illness among the pupils from year to year, although some difference in the type of diseases has been seen. The disease known as virus infection, which seems to have made its appearance during the war years, has persisted, and has been responsible for a large amount of absence from school, especially in the lower grades. Last spring we had an unusually large number of cases of mumps and chicken pox, as was also the experience of many neighboring towns, but most cases were so mild as to cause only the minimum days absence from school required by state health regulations

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

As in other years, numerous minor injuries occurring in the school playgrounds have been brought to me by the school nurse. Physical examinations of all candidates for athletic teams have been made and all have been found to be in suitable condition for the teams. As usual, some injuries have occurred in the football and basketball games, none very serious, however. Apparently they are to be expected as a part of the game and occasion no comment.

Examination of the pupils in the first, fourth, eighth and twelfth grades has been done and the attention of parents called to any conditions that require medical attention.

The diphtheria immunization clinics were held under the sponsorship of the Board of Health with the assistance of the school nurse, the district nurses and some volunteers.

The hours for issuing school certificates are:

2:00 to 3:00 and 7:00 to 8:00 P. M.

Saturdays from 2:00 to 3:00 P. M.

No office hours on Sunday.

REPORT OF THE ATTENDANCE OFFICER STEPHEN J. HART

My report for the past year is that the attendance problem is under control.

I have had to make numerous calls at various homes and am happy to report that no out and out truancy cases were found that required court proceedings.

At the present time, however, I have two cases that need constant attention and will bear watching in order to correct and improve the attendance records of these two pupils.

I appreciate the cooperation of all the school personnel during the past year.

TOWN OF RANDOLPH, MASS.

SCHOOL CALENDAR, 1950 - 1951

Open Jan. 3, 1950	Close Feb. 17, 1950
Open Feb. 27, 1950	Close Apr. 14, 1950
Open Apr. 24, 1950	*Close June 9, 1950 for Grades 1 to 8
	*Close June 21, 1950 for High School

SUMMER VACATION

Open Sept. 5, 1950	Close Dec. 20, 1950 at noon
Open Jan. 2, 1951	Close Feb. 16, 1951
Open Feb. 26, 1951	Close Apr. 13, 1951
Open Apr. 23, 1951	*Close June 8, 1951 for Grades 1 to 8
	*Close June 20, 1951 for High School

Schools will also close on the following days: Good Friday, April 7th; Memorial Day, May 30th; Columbus Day, October 12th; and Closing at noon November 22nd for Thanksgiving Day and the day following, November 23rd and 24th.

NO - SCHOOL SIGNALS

By courtesy of the Randolph Fire Department, three blows repeated three times will be sounded at:

6:45 A. M.—No session for Senior and Junior High Schools.

7:15 A. M.—No morning session for the first six grades.

11:30 A. M.—No afternoon session for the first six grades.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

By courtesy of the WNAC, WBET and WJDA Broadcasting Stations, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because conditions are not severe enough to cause complete shut-dokn of all activities. On such days, parents, as in former years, determine whether their children shall report to school. No excuse will be required of pupils for absence on such days, unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

* It is essential that we keep in mind that State Law requires that the High School shall be in session at least 180 days of each school year and for the grade schools, 160 days.

Report of Water Commissioners

To the Citizens of the Town of Randolph:

The sixty-fourth annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1949.

Organization of the Board was as follows:

Frederick D. Driscoll.....	Chairman
Martin E. Young.....	Clerk
William J. Almond.....	Associate

APPOINTMENTS BY BOARD

Marion L. Bailey.....	Clerk-Collector
William J. Almond.....	Superintendent

DEPARTMENT MAINTENANCE

For the third consecutive year the Department showed a marked increase in new service work—one hundred sixty-two (162) applications were filed and they have all been installed.

Thirty service leaks were repaired—two being renewed throughout—eleven from main to line—eight from main to stop and nine from stop to line. Twenty-six additional services also received lesser repairs. Three services were pumped out and cleaned—two services were discontinued and three others were relocated. Sixteen service boxes found broken were replaced.

During the year seven hydrants were broken—all but one by automobiles. The town has been reimbursed for cost of repairs, etc., on most of them. All the hydrants of the system were inspected—one found with leaking base was repaired and one other was raised to grade in conjunction with new road work—two new hydrants were also installed.

TOWN OF RANDOLPH, MASS.

The Department had little trouble with the distribution mains this year—only three leaks—all blown joints on the 14" main.

In the meter department, one hundred and seven meters were removed: thirty-seven not registering—two were frozen and burst and sixty-eight for various other reasons—of these twelve were junked. Ninety meters previously removed were reset and forty-six new meter settings were made.

As a result of the Special Town Meeting action, eight hundred linear feet of 6" C. I. pipe together with gates and hydrants were installed on Edwin St. to replace the totally inadequate 1¼" line already in service.

The town continues to lag behind in new main extensions. These requests, in most instances, are sorely needed and it is the hope of this Department that serious consideration will be given to the articles relative to main extensions and renewals as they are petitioned for in the Town Warrant.

JOINT ACCOUNT

There has been very little trouble with the equipment at the Pumping Station this year. Thanks to the careful inspection and supervision it receives from the Chief Engineer, Mr. McKiernan. Breakdowns have been at an absolute minimum, and repair work has been more or less routine.

The policy of repairing and improving the Departments physical property was continued again this year. Some work was done on the Pumping Station itself, and part of the building was reroofed. Also, the grounds and shrubbery around the Station have received close attention. We believe attractive property is an outward evidence of a well run utility.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

The water continues to receive a daily analysis which aids greatly in the Departments efforts to deliver to its takers a final effluent comparable to any.

A complete chart of the water analysis taken by the State Department of Public Health follows.

WILLIAM J. ALMOND,
Superintendent.

Report of State Audit

May 18, 1949

To the Board of Selectmen
Mr. Ralph H. Hutchinson, Chairman
Randolph, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the year ending December 31, 1948 in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

FXL:ELD

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Randolph for the year ending December 31, 1948, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the records of the town accountant.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were checked with the treasurer's records and with the records of other departments collecting money for the town or committing bills for collection, while the recorded payments were compared with the selectmen's warrants to the treasurer. The appropriations, as listed from the town clerk's record of town meeting proceedings, were checked with the ledger accounts.

The ledger accounts were analyzed, the necessary adjusting entries were made, a trial balance was taken off proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1948.

Overlay deficits aggregating \$4,098.01, as shown on the balance sheet, should be raised by the assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were examined and checked. The cash book footings were proved and the recorded receipts were analyzed and compared with the town accountant's books, with the records of the departments making payments to the treasurer, and with the other sources from which money was paid to the town. The payments as recorded were checked with the warrants issued by the selectmen authorizing the treasurer to disburse town funds.

The cash balance on February 14, 1949 was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by verification of the cash in the office.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due and checked with the cancelled securities and coupons on file.

TOWN OF RANDOLPH, MASS.

The securities and savings bank books representing the investment of the trust funds in the custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer of the trustees of the Turner Library Funds, were examined and listed, the income being proved and the disbursements being verified.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts transferred to the tax title account were compared with the collector's records, the tax titles redeemed and the tax titles and tax possessions sold were checked with the receipts as recorded on the treasurer's cash books, the foreclosures and disclaimers were verified, and the tax titles and tax possessions on hand were listed, reconciled with the accountant's ledger and checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The taxes and motor vehicle and trailer excise outstanding at the time of the previous examination and all subsequent commitments were audited and compared with the assessors' warrants issued for their collection. The recorded collections were checked with the payments to the treasurer as recorded on the treasurer's cash book, the abatements were checked with the assessors' records of abatements granted, the taxes transferred to the tax title account were compared with the treasurer's records, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The records of departmental accounts receivable were examined and checked in detail. The commitments were proved, the payments to the treasurer were compared with the treasurer's cash book, and the outstanding accounts were listed and reconciled with the accountant's ledger.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

The books and accounts of the water department were examined and checked. The commitments were proved and compared with the water commissioners' warrants issued for their collection, the collections were compared with the payments to the treasurer, the recorded abatements were checked to the water commissioners' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The outstanding tax, motor vehicle and trailer excise, departmental, and water accounts were verified by mailing notices to a large number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen and by the police and health departments were examined and the payments to the treasurer were verified.

The town clerk's records of dog licenses issued for the county and of sporting licenses issued for the State were examined, and the recorded payments to the State and to the town treasurer were verified.

The surety bonds filed by the officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the departments and accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined and verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, departmental and water accounts; together with tables showing the transactions and conditions of the trust funds.

TOWN OF RANDOLPH, MASS.

For the cooperation extended by the several town officials during the progress of the audit I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:ELD

Report of Town Accountant

Randolph, Massachusetts,
January 20, 1950.

To the Honorable Board of Selectmen and
to the Citizens of Randolph:

In accordance with Section 61 of Chapter 41 of the General Laws I herewith submit my report for the year ending December 31, 1949, showing in detail the appropriations, expenditures and the receipts from each source of income, a table showing the town debt, a statement of the condition of all trust funds, a list of indebtedness incurred and unpaid at the end of the fiscal year and a balance sheet.

I recommend that the unexpended balances of the following appropriations be transferred to the surplus in the Treasury as the purpose for which they were made has been completed:

Stetson Hall Plumbing	\$125.00
Stetson Hall Chairs	1.10
Lockup Toilet	15.00
Fire Gas Masks	16.69
Tree Dept., Power Saw	5.00
Cole Terrace Drain	6.55
Cross St. Repairs	59.48
Silver St. Catch Basin	65.35
Stetson School Waterproofing	135.20
Stetson Field Bleachers	12.75
Edwin St. Water Extension	10.74

The following departments report unpaid bills as follows:

Tree Department, Equipment Repairs	\$67.34
School Department, Books and Supplies	632.83
School Department, Maint. Bldgs.	442.00

TOWN OF RANDOLPH, MASS.

School Department, Vocational Schools	286.37
School Department, General Expense	187.37
Police Department, Gas and Oil	219.71
Veterans' Benefits	824.39
	<hr/>
	\$2,660.01

Respectfully submitted,

RAYMOND E. LYONS,
Town Accountant.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Warden for three years, one member of the Planning Board for three years, eighty Town Meeting Members for three years, and to fill vacancies, two Town Meeting Members for two years and three Town Meeting Members for one year; and the following questions:

QUESTION 1

(Part 1)

Shall the Town of Randolph vote that the office of Superintendent of Water Works be placed within the Classified Civil Service List? Yes..... No.....

(Part 2)

If it is voted to place the office of Superintendent of Water Works within the classified Civil Service shall the Town of Randolph vote to provide for the continuance in Office of William J. Almond, the present incumbent thereof, after passing a qualifying examination? Yes No.....

THE POLLS WILL BE OPENED AT EIGHT O'CLOCK IN THE FORENOON AND WILL BE CLOSED AT EIGHT O'CLOCK IN THE EVENING.

You are directed to notify and warn the inhabitants qualified to vote as aforesaid to meet at the Town Hall in said Randolph on

MONDAY, THE TWENTIETH DAY OF MARCH, 1950

At 7:45 o'clock in the evening,

and then and there to act on the following articles:

Article 1. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1950, and to issue a note of notes therefor, payable within year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

TOWN OF RANDOLPH, MASS.

Article 2. To see if the Town will vote to raise and appropriate money for Unpaid Bills of previous years in various departments.

Article 3. To see what action the Town will take in regard to raising and appropriating money for the employment of district nurses, as provided for by Section 5, Chapter 40, General Laws, as amended by Section 1, Chapter 371, Acts 1921, as petitioned for.

Article 4. To see what action the Town will take in regard to the pay of Town Laborers and others hired by the day or hour.

Article 5. To hear and act on report of Town Officers.

Article 6. To hear and act on the report of any Committee and choose any Committee the Town may think proper.

Article 7. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36 Acts of 1929, or take any other action relative thereto.

Article 8. To see if the Town will appropriate the sum of \$20.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church.

Article 9. To see if the Town will appropriate the sum of \$20.00 for the maintenance and lighting of the clock in the tower of the First Baptist Church.

Article 10. To see if the Town will vote to raise and appropriate a sum of money for the maintenance and up-keep of the Town Hall, as petitioned for by the Trustees of the Stetson School Fund.

Article 11. To see what action the Town will take to amend the By-Laws of the Town so that the Annual Town Meeting for the transaction of business shall be held on the evening of the third Monday of March at 7:30, and the Annual Meeting for the election of officers shall be held on the first Monday of March at 8:00 A. M. and shall close at 8:00 P. M.

Article 12. To see if the Moderator will appoint a Committee to act in the name and behalf of the Town to

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

purchase or take by eminent domain under General Laws, Chapter 79, for the purpose of any proposed addition to the Devine School, a parcel of land (Lots 97 and 98) on Old Street, Randolph, bounded and described as follows:

Lot 98 1.3 Acres owned by one Cripps:

NORTH by right of way bordering present School Property;

EAST by Old Street;

SOUTH by land of Albert and Margaret Cripps;

WEST by land of Mattie and Antonio Ferraro;

Containing approximately 14,250 feet (about 5 acres altogether).

Article 13. To see if the Moderator will appoint a committee to act in the name and behalf of the Town to purchase or take by eminent domain under General Laws, Chapter 79, for the purpose of Sewage Land (Plant and Disposal) a parcel of land known as Broad Meadows, off North Street, Randolph, bounded and described as follows:

EAST by Cochato River;

WEST by Trout Brook and land of John Collins, North Street;

SOUTH by land of Mabel and Horace Mann, heirs of Mann Estate;

NORTH by land owned by St. Mary's Catholic Church;

Containing approximately 28 acres of land.

Article 14. To see what action the Town Meeting Members will take in accepting the first nine (9) sections of Chapter 80, General Laws.

Article 15. To see what action the Town will take relative to the Election of Selectmen for terms of three years, pursuant to the provisions of the General Laws.

Article 16. To see if the Town will vote to accept the provisions of Section 97A of Chapter 41 of the General Laws (Ter. ED.) as inserted by Chapter 595 of the Acts of 1948, which provides generally for the establishment of a police department to be under the supervision of a chief of police who shall be in immediate control of property used by said department and of the police officers whom he shall assign to their respective duties and who shall obey his orders, as petitioned for.

Article 17. To see if the Town will vote to authorize the Selectmen to execute and deliver to Jesse E. Taber and/or

TOWN OF RANDOLPH, MASS.

Mildred B. Taber a deed of a parcel of land situated on the westerly side of North Main Street, in said Randolph, measuring thirty feet in width by approximately 150 feet in depth, being the northerly thirty feet of the land recently conveyed by the said Tabers to the Town, IN EXCHANGE for a parcel of the same width and depth adjoining the southerly side of the land so conveyed, or take any other action relative thereto.

Article 18. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area at the junction of North, Liberty and Allen Streets, title for which is in the name of Ralph P. and Ruth M. Condlin, be included in the Business District, as petitioned for.

Article 19 To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area at the junction of Lafayette and High Streets, title for which is in the name of Thomas H. and Arlene V. Wrigley, be included in the Business District.

Article 20. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area, title for which is in the name of Jesse E. and Mildred Taber, on the west side of North Main Street, between the fire station lot owned by the town and the business zone at the corner of Canton Street and North Main Street, with a frontage of about two hundred and ninety-five (295) feet, be included as a business district, as petitioned for.

Article 21. To see if the Town will vote to permit the operation of a trailer camp at 1201 North Main Street, said camp to house approximately fifteen (15) trailers on a monthly basis.

Article 22. To see if the Town will vote to permit the establishment of one Trailer Camp on the property of Richard A. Gottsman, High Street, as petitioned for by Harry Wilson and Paul E. Maxham and others.

Article 23. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area, title for which is in the name of Norman Jacobsen, with a frontage of approximate-

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

ly 125 feet facing north and 250 feet south on the southerly side of Billings Street, between the property of the Braeburn Club, and property of one Mr. Pontuso, be included in the business district, for the purpose of erecting a roller skating rink.

Article 24. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the area at 388 South Main Street title for which is in the name of Otto H. Stein be included in the Business District

Article 25. To see if the Town will vote to amend the Zoning Laws as provided for in Chapter 40 of the General Laws as follows: That the existing Zoning Laws be amended so that no Trailer Camp or Camps be permitted in Randolph. A Trailer Camp or Court is defined as more than (1) Trailer.

Article 26. To see if the Town will vote to authorize the Selectmen to acquire by gift or purchase or take by right of eminent domain in fee or otherwise for the purpose of public street or highway such portions of land on the westerly side of North Main Street between Crawford Square and West Street and abutting the present location and lay-out of North Main Street, as may be necessary to widen said street in accordance with its new lay-out, and raise and appropriate or transfer such sum or sums of money as may be necessary for that purpose.

Article 27. To see if the Town will vote to raise and appropriate or transfer from the E. and D. Account the sum of \$3,375.00 for the water construction program in conjunction with the widening of North Main Street.

Article 28 To see if the Town will vote to raise and appropriate \$200.00 for a Playground Supervisor at Belcher Park during July and August 1950

Article 29 To see if the Town will vote to raise and appropriate a sum of money to erect and equip a new fire station in North Randolph on land owned by the Town of Randolph situated adjacent to the Capeway Clothing Company and to determine if the money shall be raised by taxation, by borrowing or by transfer from available funds, or take any other action in relation thereto.

TOWN OF RANDOLPH, MASS.

Article 30. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the control, care and eradication of the Dutch Elm Disease in the Town of Randolph under Chapter 761 General Laws, Acts of 1949 (effective August 27, 1949). This appropriation must be voted on as a special item at the annual Town Meeting, and a reimbursement of \$300.00 is made to the Town of Randolph by the State of Massachusetts.

Article 31. To see if the Town will vote to raise and appropriate the sum of \$18,000.00 to be expended under the direction of a committee composed of the Board of Assessors Chairman of the Finance Committee and five (5) Citizens appointed by the Moderator. The purpose of this committee is to secure the services of a competent Survey Company to conduct a professional survey of Real Estate Values in the Town. This company to establish adequate maps and an up to date card index system.

Article 32. To see if the Town will vote to raise and appropriate a sum of money to publish the history of the Town of Randolph as already compiled.

STREET LAYOUTS

Article 33. To see if the Town will vote to layout Powdrell Avenue as petitioned for.

Article 34. To see if the Town will vote to layout Forest Avenue, as petitioned for.

Article 35. To see if the Town will vote to layout Fuller Street from Pond Street to Morgan Street, 400 feet, and to raise and appropriate money for same.

Article 36. To see if the Town will vote to raise and appropriate a sum of money to layout Waldo Street from present layout to High Street.

Article 37. To see if the Town will vote to layout Bossi Avenue from the present layout for a distance of 300 feet, running easterly.

STREET ACCEPTANCES

Article 38. To see if the Town will vote to accept Forest Avenue as laid out by the Board of Selectmen, as petitioned for.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Article 39. To see if the Town will vote to accept Powdrell Avenue as laid out by the Board of Selectmen, as petitioned for.

STREET CONSTRUCTION

Article 40. To see if the Town will vote to raise and appropriate a sum of money in conjunction with the State Department of Public Works, under Chapter "90" to build Liberty Street from North Main Street to North Street.

Article 41. To see if the Town will vote to raise and appropriate the sum of \$2400.00 to resurface Wilmarth Road, a distance of 950 feet as petitioned for.

Article 42. To see if the Town will vote to raise and appropriate a sum of money to re-construct South Street under Chapter "90" or otherwise.

Article 43. To see if the Town will vote to raise and appropriate funds for the construction of a sidewalk on the entire length on Lafayette Street.

Article 44. To see if the Town will vote to raise and appropriate funds for the construction of a sidewalk on the north side of Warren Street from its present terminus at Toomey's Store to West Street.

Article 45. To see if the Town will vote to raise and appropriate a sum of money to construct two sections of bituminous sidewalk - one on the north side of Warren Street from the present sidewalk to West Street a distance of approximately 760 feet-- the other on the west side of Lafayette Street a distance of 3200 feet.

Article 46. To see if the Town will vote to raise and appropriate the sum of \$1200.00 to build Orchard Street from the Cemetery to Oak Street.

Article 47. To see if the Town will vote to raise and appropriate the sum of \$1600.00 to build Martin Terrace a distance of 700 feet.

Article 48. To see if the Town will vote to raise and appropriate a sum of money to put a black tar road on Grove Street.

Article 49. To see if the Town will vote to raise and appropriate the sum of \$300.00 to point up the Town stone wall in front of No. 295 Center Street.

TOWN OF RANDOLPH, MASS.

Article 50. To see if the Town will acquire by purchase or by Eminent Domain for School Building and Play Ground purposes, the land and buildings thereon in North Randolph described as follows: Beginning at the southwest corner of land of one Edward Kinney; thence northerly approximately 500 feet to Dow Street, so-called; thence in an easterly direction by Dow Street about 360 feet; thence southerly by lands of Teed, and land of the Town of Randolph occupied as the "Devine School" about 560 feet; thence westerly 340 feet to the point of beginning.

Article 51. To see if the Town will acquire by purchase or by Eminent Domain for Playground purposes the land in North Randolph described as follows: Beginning at the southwest corner of land of one Edward Kinney; thence northerly approximately 500 feet to Dow Street so-called; thence in an easterly direction by Dow street about 360 feet; thence southerly by lands of Teed and land of the Town of Randolph occupied as the "Devine School" about 325 feet; thence westerly 150 feet; thence southerly 235 feet to land of owners unknown; thence westerly 190 feet to the point of beginning, as petitioned for by North Randolph Playground Committee appointed at the Annual Town Meeting of March 1948, and to raise and appropriate money therefor.

Article 52. To see if the Town will vote to establish a Planning Board under the provisions of Chapter 41, Section 81-A of the General Laws.

DRAINAGE

Article 53. To see if the Town will vote to raise and appropriate the sum of \$3600.00 for gravel and grading, and drainage system on Woodlawn Road, as petitioned for.

Article 54. To see if the Town will vote to raise and appropriate the sum of \$1000.00 to construct a surface water drainage system on Highland Avenue between Norfolk Road and Fairmount Street.

Article 55. To see if the Town will vote to raise and appropriate a sum of money in conjunction with the State Department of Public Works, under Chapter "90" to pipe the drainage system of Canton Street, beginning near the corner of Old Street and running to North Main Street.

ONE HUNDRED AND FOURTEENTH ANNUAL REPORT

Article 56. To see if the Town will vote to raise and appropriate the sum of \$1000.00 to construct a drainage system on Wales Avenue for a distance of 300 feet.

Article 57 To see if the Town will vote to raise and appropriate the sum of \$1400.00 to construct a drainage system on Fowler Street for an approximate distance of 300 feet.

Article 58. To see if the Town will vote to raise and appropriate the sum of \$1000.00 to complete the drainage system on Cole Terrace.

Article 59. To see if the Town will vote to raise and appropriate a sum of money in conjunction with the State, under Chapter "90" to eliminate two dangerous corners - on the south side of Warren Street opposite West Street and on the south side of West Street opposite Lafayette Street.

WATER MAINS

Article 60. To see if the Town will vote to instruct the Board of Water Commissioners to install a six-inch water main with gates and hydrant on Park Street for a distance of 450 feet in place of the one and one-quarter ($1\frac{1}{4}$) inch water main already there, which has proved inadequate, and to raise and appropriate money therefor, this appropriation to include sufficient funds to put street in same condition, as petitioned for.

Article 61. To see if the Town will vote to instruct the Board of Water Commissioners to install a six-inch water main with gates and hydrant on Maitland Avenue for a distance of 600 feet in place of a one inch water main already there, which has proved inadequate, and to raise and appropriate money therefor.

Article 62. To see if the Town will vote to extend the six-inch (6") water main with the necessary gates and hydrants for a distance of 250' on High Street, and to raise and appropriate a sum of money to cover the cost of same.

Article 63. To see if the Town will vote to continue the present water main with the necessary gates and hydrants to the end of Cole Terrace as laid-out and accepted by the Town of Randolph, approximately 300 feet, and to raise and appropriate the necessary money for same.

TOWN OF RANDOLPH, MASS.

Article 64. To see if the Town will vote to instruct the Board of Water Commissioners to install a water main with gates and hydrants for the remainder of Grove Street, and up to Lafayette Street, as petitioned for.

Article 65. To see if the Town will vote to instruct the Board of Water Commssioners to install a six inch (6") water main on Saratoga Street to replace the existing one and one-quarter ($1\frac{1}{4}$) inch main for a distance of 300 feet and raise and appropriate money therefor.

Article 66. To see if the Town will vote to instruct the Water Commissioners to install a six inch (6") water main, with gates and hydrant, from the existing water main on Vine Street (the line is now dead-end requiring flushing several times a year) to Lafayette Street, a distance of 1650 feet, and to raise and appropriate money therefor, this appropriation to include sufficient funds to put street in same condition as now existing.

Article 67. To see if the town will vote to instruct the Board of Water Commissioners to install a six-inch (6") water main with gates and hydrants on Cedar Drive and Cedar Circle for a distance of 1000 feet, and to raise and appropriate money therefor.

Article 68. To see if the Town will vote to instruct the Water Commissioners to install a six-inch (6") water main with gates and hydrant on Reed Street, in place of the one and one-quarter ($1\frac{1}{4}$) inch main already there.

STREET LIGHTS

Article 69. To see if the Town will vote to install three street lights on Selwyn Road and to raise and appropriate the sum of \$54.00 for same as petitioned for.

Article 70. To see if the Town will vote to raise and appropriate the sum of \$72.00 to install four street lights on Grove Street, as petitioned for.

Article 71. To see if the Town will vote to raise and appropriate money to defray the General Town Expenses for the current year, under the following headings:
